

2006 CHRYSLER
PACIFICA

You will see our vision reflected in the design, feel
our resolve with each turn of the wheel, and know,
with every passing mile, exactly what it means to
carry the name

CHRYSLER.

For Pacifica, exceeding expectations is the rule.
A wide stance, an exquisitely modeled front end,
and an interior with available premium leather-
trimmed seats, silky woodgrain accents and more,
give Pacifica an intriguing, sophisticated style.
With available all-wheel drive among its many
handling innovations, Pacifica excels in road
manners as well. Pacifica is also a leader in safety,
receiving the U.S. Government's ★★★★★ Five-
Star front and side crash test ratings. But its finest
attribute may lie in the fact that, despite its ability
to leave all competitors far behind, it is a vehicle
which remains surprisingly within reach. It is, after
all, a Chrysler, born of values that place equal
emphasis on accessibility and on accolades. In that,
each of our offerings provides you with proof that
INSPIRATION COMES STANDARD.

Luxury abounds in Chrysler Pacifica. The well-appointed interior of Pacifica Limited features a leather-wrapped shift knob and steering wheel with genuine wood accents. The woodgrain accents extend to the door trim panels, too, for a rich look. Sunshine, fresh air and inspiring views are all available to Pacifica drivers, courtesy of a one-touch-open moonroof.

LIMITED

The well-built stance of an SUV, the grand style of a Chrysler automobile and the spaciousness of a minivan all merge beautifully in Chrysler Pacifica Limited. The Limited model is unique with its monochromatic exterior styling, large 19-inch chrome-clad wheels and integrated fog lamps. Standard all-wheel drive makes Pacifica Limited a confident year-round performer. On the inside you will instantly appreciate over 143 cubic feet of passenger room. The upscale, comfortable feeling is conveyed by an assortment of luxury features, including premium leather-trimmed seats, a 10-way power driver's seat, power moonroof, and a multi-format in-dash six-disc CD/DVD changer with an MP3 jack, just to name a few. Woodgrain accents on the steering wheel and door panels give a rich and refined look to the interior. For those with discriminating taste, welcome home to Pacifica Limited.

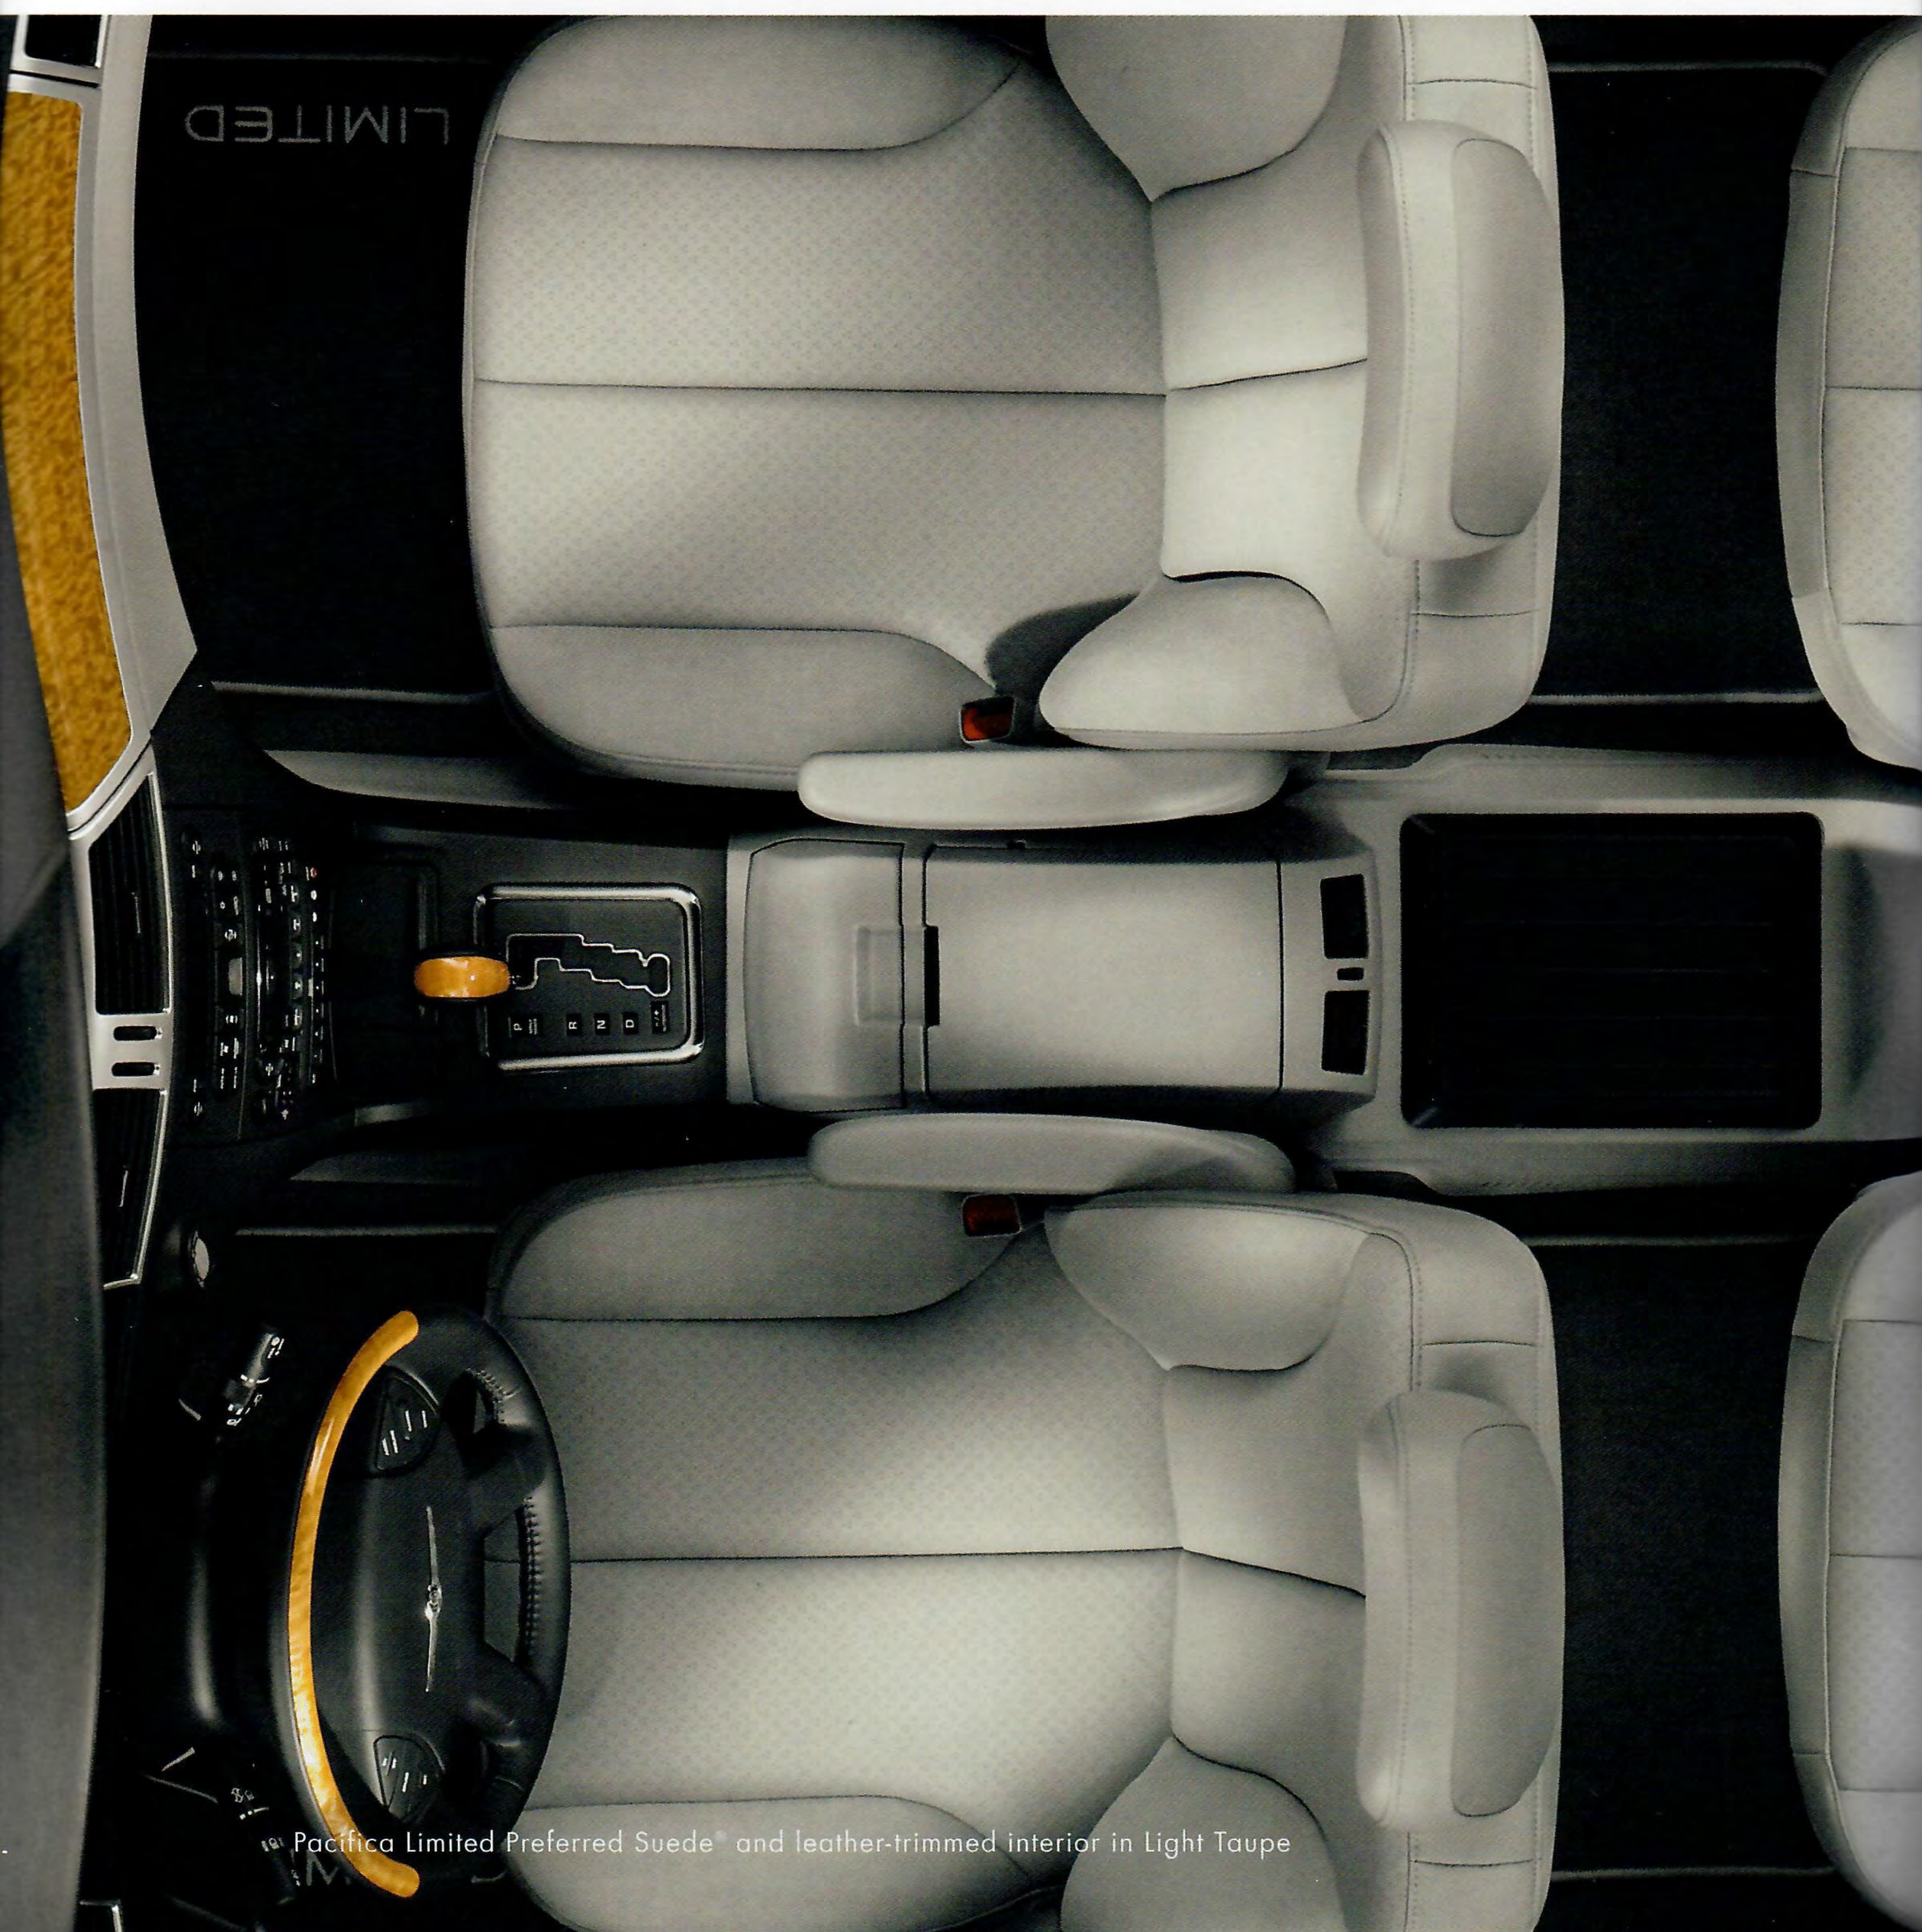

Pacifica Limited in Bright Silver Metallic

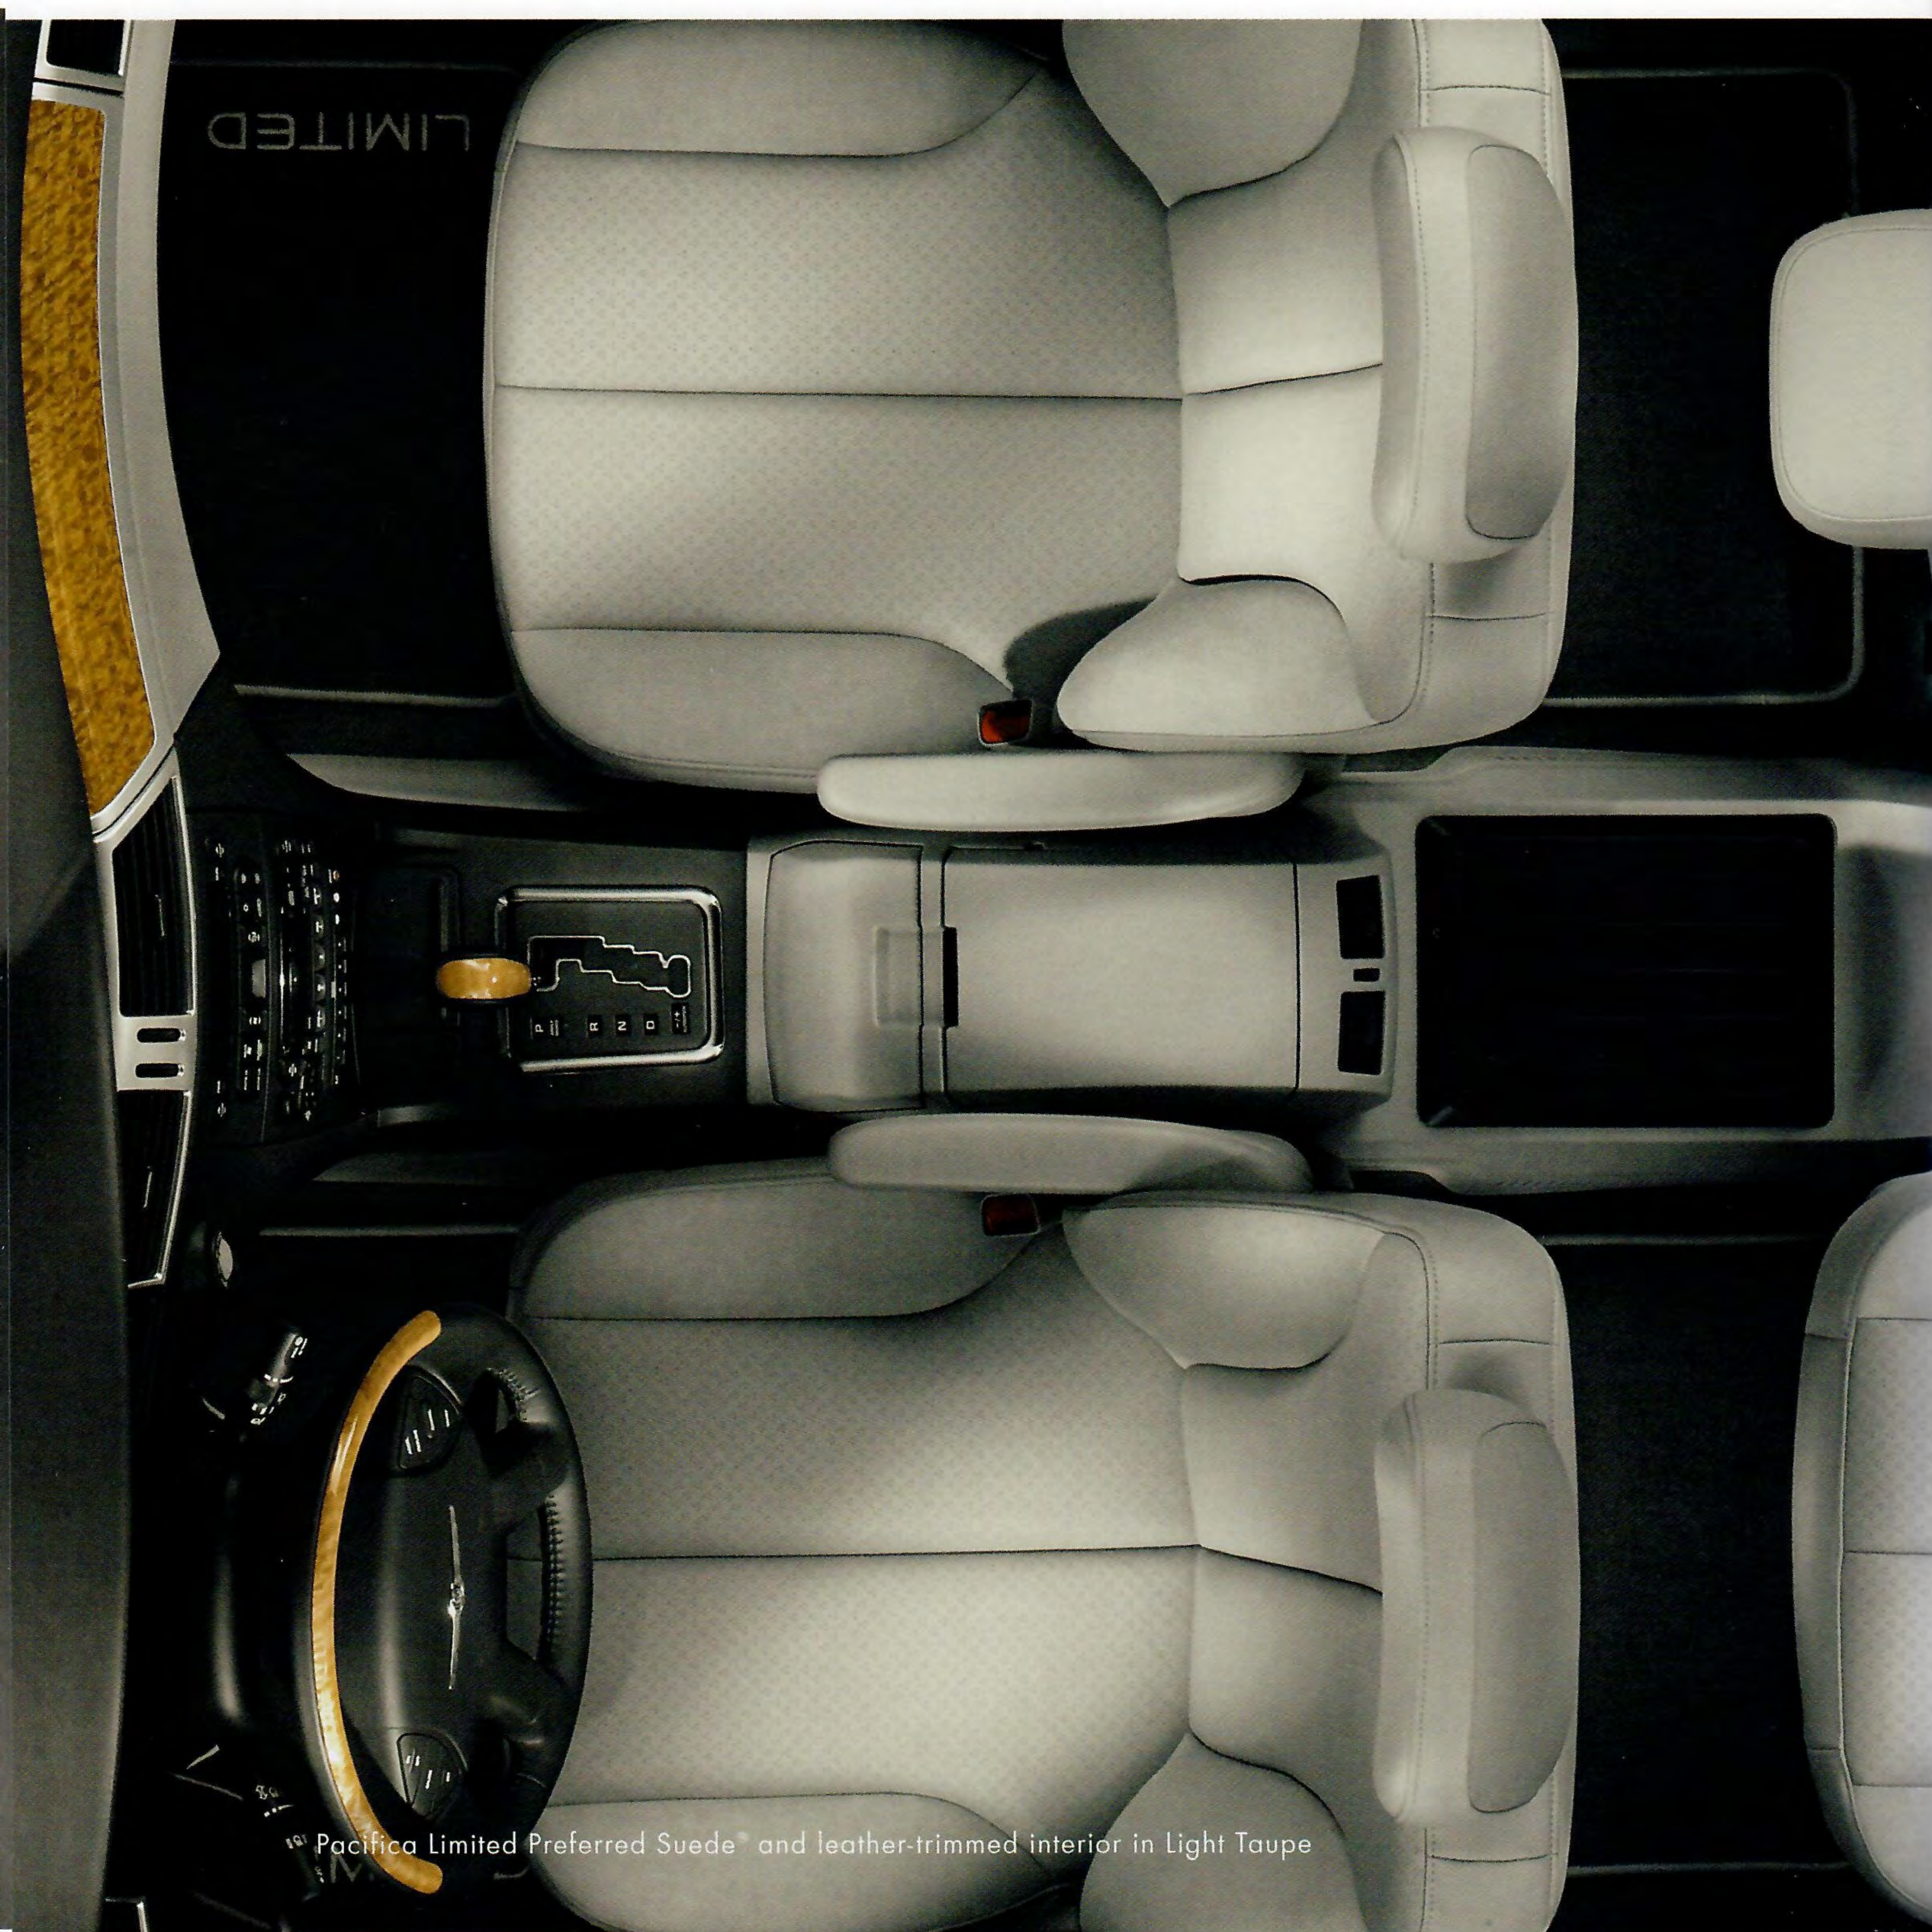

All-wheel drive provides Pacifica Limited with increased stability and steering control in inclement weather, as well as on dirt and gravel roads. A sophisticated five-link rear suspension, self-leveling rear shock absorbers, and 19-inch tires provide Pacifica with unique handling capabilities.

Pacifica Limited Preferred Suede® and leather-trimmed interior in Light Taupe

What makes Pacific Limited so comfortable? Three words: first-class seats. Limited's first- and second-row heated bucket seats are upholstered in soft perforated leather-trim and Preferred Suede®. Add to that, movable armrests for optimum traveling comfort. A 10-way power driver's seat and four-way power front-passenger seat provide extra comfort, with memory control for the driver's seat position. The Memory System also stores two unique driver settings for the driver-side exterior auto-dimming mirror, adjustable pedals, and radio presets:

Pacifica Limited Preferred Suede™ and leather-trimmed interior in Light Taupe

Properly secure all cargo.

With over 143 cubic feet of passenger room, Pacifica offers impressive versatility, allowing you to carry both passengers and cargo. Folding the second- and third-row seats creates an expansive flat load floor, and transforms the interior from elegant, six-passenger seating to an upscale cargo-carrying machine. The power liftgate opens wide, allowing access to nearly 80 cubic feet of cargo room.

Pacifica Limited instrument panel in Light Taupe

The thoughtfully designed instrument panel is replete with eucalyptus woodgrain accents that extend to the doors. Power switches for the moonroof, liftgate and HomeLink® system are close at hand, located on the overhead storage console. A GPS Navigation System is conveniently integrated in the instrument cluster, allowing for quick and easy viewing. For your enjoyment, Limited comes with a standard multi-format in-dash six-disc CD/DVD/MP3 changer.

Pacifica Touring comes with a unique second-row console that provides cup holders, covered storage space and controls to activate the available second-row heated seats. Third-row passengers also benefit from this console, with its integrated climate control vents. Conveniently located on the driver's door panel are controls to activate the standard, 10-way power driver's seat, available Memory System, heated seats and power adjustable pedals.

TOURING

In Touring, you will enjoy spacious six-passenger seating which allows you to carry the entire family, or all your closest friends. One certainty is that everyone will enjoy Touring's generously equipped interior. Available leather-trimmed seats, standard Automatic Dual Zone Temperature Control, CD player with seven ∞Infinity™ speakers and 10-way power driver's seat are some of its most exceptional features. Standard fold-flat second-row bucket seats and a 50/50 split-folding third-row seat offer a multitude of arrangements — as well as 79.5 cubic feet of cargo space — letting you carry both passengers and cargo with ease. And when it comes to safety, Pacifica has more available safety and security features than any other vehicle in its class*. In fact, Pacifica achieved ★★★★★ Five Stars for the U.S. Government's front- and side-impact crash test ratings†. Stylish, comfortable, versatile, with recognized safety. These are the benefits of Pacifica Touring.

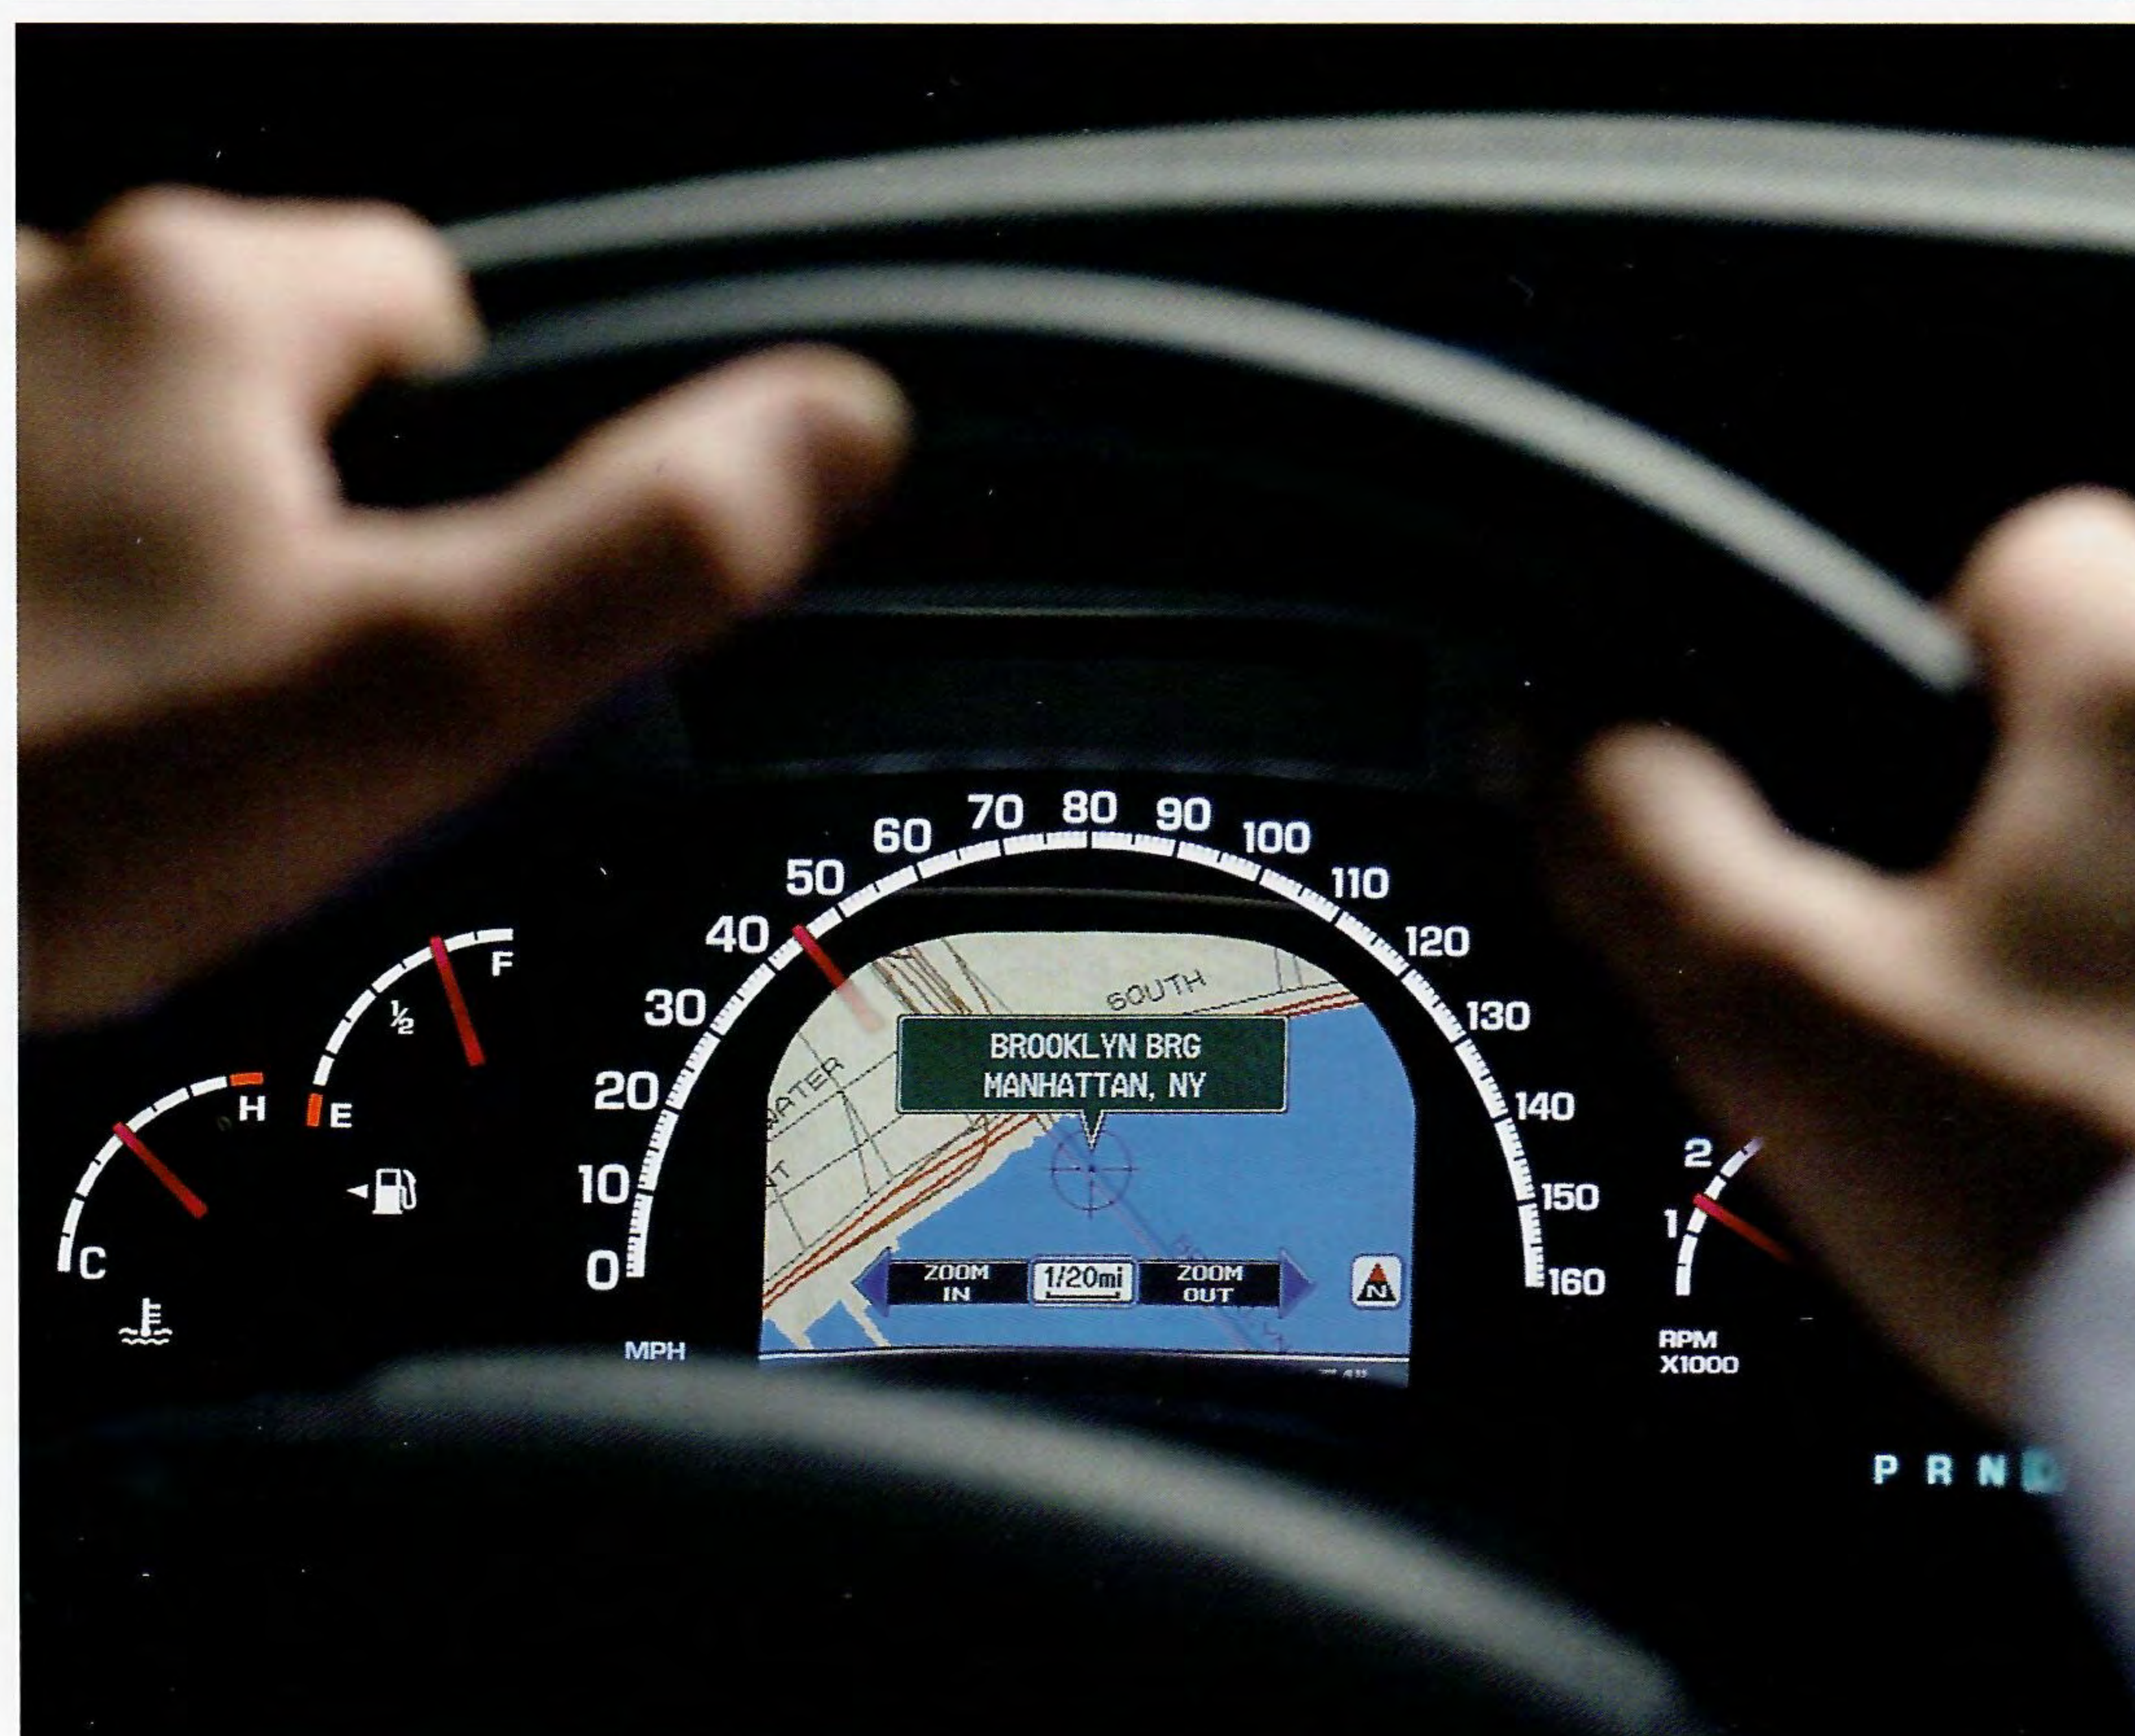

*Based on *Automotive News* mid-range sport wagon and 2005 competitive information.
†When equipped with optional side-curtain air bags.

Pacifica Touring in Brilliant Black Crystal Pearl

With Pacifica Touring's load-leveling rear suspension, you can fill the vehicle with passengers or cargo and still enjoy a comfortable, stable ride. Thanks to an AutoStick® transmission, Pacifica can be driven with the ease of an automatic or the hands-on fun of a clutchless manual transmission. Standard 17-inch wheels with four-wheel disc antilock brakes conquer every curve in the road.

Pacifica Touring's Electronic Vehicle Information Center (EVIC) lets you cycle through a range of different informational driving displays as well as provides custom-programmable functions. Leading-edge technology is seen in the available GPS Navigation System centrally located in the instrument cluster, facilitating quick, easy viewing for the driver. Pacifica's technology contrasts beautifully with elegant woodgrain trim on the door and instrument panels.

Pacifica's contemporary instrument panel is ergonomically designed with easy-to-use, logically placed controls. To give your Pacifica a more pronounced sense of luxury, consider the optional Leather Value Group that includes leather-trimmed seats, heated front seats, a 10-way power driver's seat and a multi-format in-dash six-disc CD/DVD/MP3 changer. A 65/35 split-folding second-row bench seat allows you to easily carry both cargo and passengers.

PACIFICA

With its outstanding level of standard equipment and ★★★★★ Five-Star crash test ratings*, Chrysler Pacifica is a great choice for you and your family. Standard five-passenger cloth seating, a split-folding rear bench seat, and cavernous 92.2 cubic feet of cargo space facilitates easy cargo or passenger-carrying capabilities. Enjoy premium standard features, such as an eight-way power driver's seat, power locks, windows, heated exterior mirrors, Dual Zone Temperature Control, and an overhead console. Add a standard AM/FM stereo with CD player with steering wheel-mounted controls, and the family road trip is off to a great start. A 250-horsepower 3.5-liter V6 engine gets you off and running. When you encounter heavy weather and rough roads, available all-wheel drive helps provide extra-effective handling. In short, Chrysler Pacifica has it all — in one stylish, value-rich package.

*When equipped with optional side-curtain air bags.

Pacifica in Midnight Blue Pearl

Pacifica AWD in Linen Gold Pearl

Chrysler Pacifica is designed to accommodate the most active life. Spacious, comfortable, and safe, from carpooling to landscaping to nights out with friends, Pacifica is as versatile as you are.

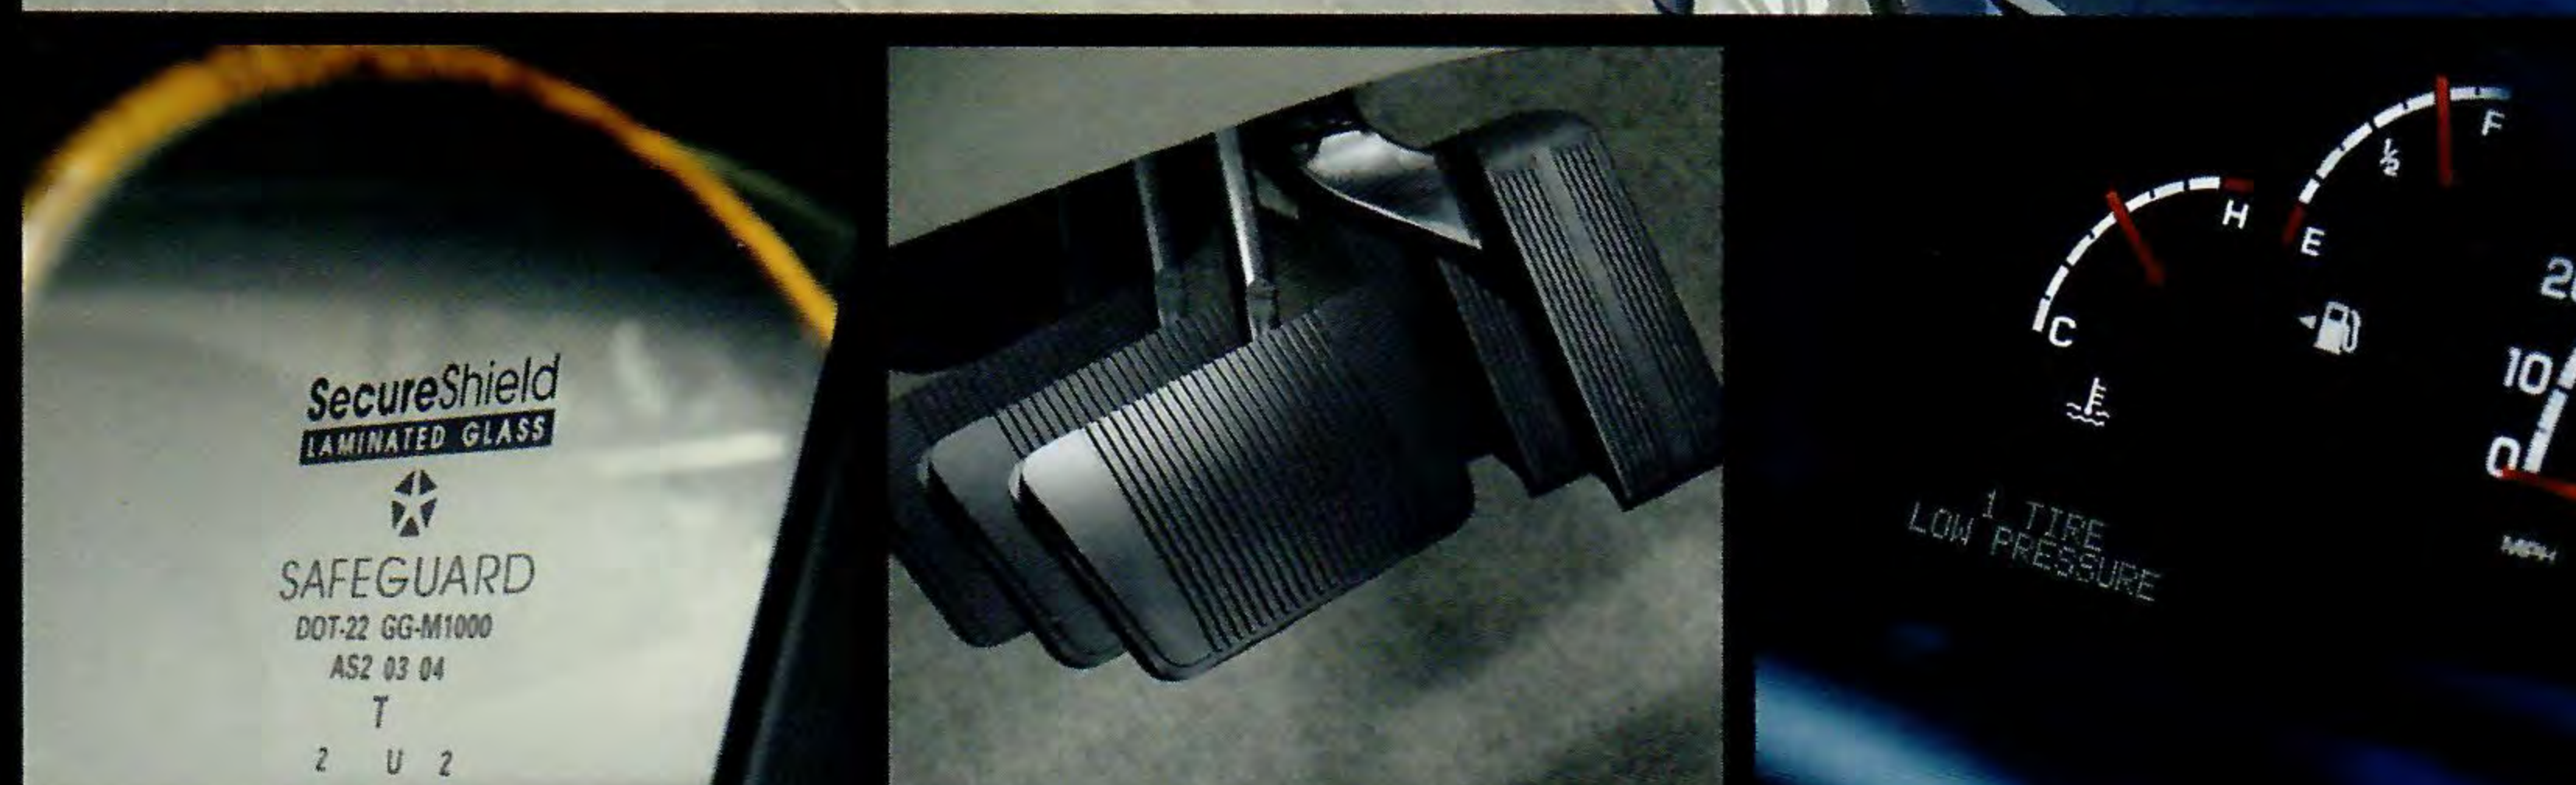

Pacifica interior in Light Taupe cloth

Properly secure all cargo.

The moment you enter Pacifica, relaxation will abound. Pacifica just has that effect on people. Perhaps it is the sleek, contemporary design or the well-chosen conveniences. Or perhaps it is the independent suspension that provides the smooth, exceptionally quiet ride. One thing is absolutely clear — the combination is most inspiring.

Pacifica's level of protection is the sum of systems working together. Standard multistage front air bags⁽¹⁾, a driver-side inflatable knee blocker, and available side-curtain air bags⁽¹⁾ offer additional protection in the event of a collision. An available ParkSense™ Rear Park Assist System,⁽²⁾ SecureShield® laminated side window glass, available power adjustable pedals and Tire Pressure Monitoring System extend additional protection and security to Pacifica.

SAFETY

Chrysler has created Pacifica with some of the industry's most advanced safety features and it is no surprise that Pacifica has received ★★★★★ Five Stars, the highest front- and side-impact crash test ratings,⁽³⁾ and has achieved the highest rollover resistance rating of SUVs tested⁽⁴⁾ by the National Highway Traffic and Safety Administration (NHTSA). In addition, Chrysler Pacifica is a "Best Pick" by the Insurance Institute of Highway Safety (IIHS), in frontal offset crash tests.⁽⁵⁾

➤ **Advanced multistage** driver and front-passenger air bags⁽¹⁾ with Occupant Classification System inflate with a force that is appropriate to the impact. The **Occupant Classification System**⁽⁶⁾ adjusts the front-passenger air bag deployment based on the weight in the front-passenger seat.

➤ **Side-curtain air bags**⁽¹⁾ are available to extend the level of protection to all passenger rows.

SECURITY

Pacifica comes with a balance of both personal and vehicle security features. Consider the following items.

➤ Available **all-wheel drive** delivers the pulling power of front-wheel drive and the pushing power of rear-wheel drive for superior traction, control and cornering. No driver input is required.

➤ Available **low-speed traction control** helps maintain overall traction on slippery road surfaces.

➤ Standard **four-wheel disc antilock brakes** maintain stability in extreme braking situations.

➤ Available **power adjustable pedals** allow drivers to establish a safe and comfortable driving position.

➤ **UConnect™** is an exclusive, voice-activated, hands-free, in-vehicle communication system. UConnect allows you to dial your cell phone through simple voice commands. All that is required is a Bluetooth® Hands-Free Profile cellular phone from any wireless carrier.

➤ Available **SecureShield® laminated side window glass** is intrusion resistant, and contributes to a quieter cabin.

⁽¹⁾Certified to the Federal Regulation for automatic passenger occupant classification. Always use seat belts. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and weight.

⁽²⁾Always check entire surroundings before backing up.

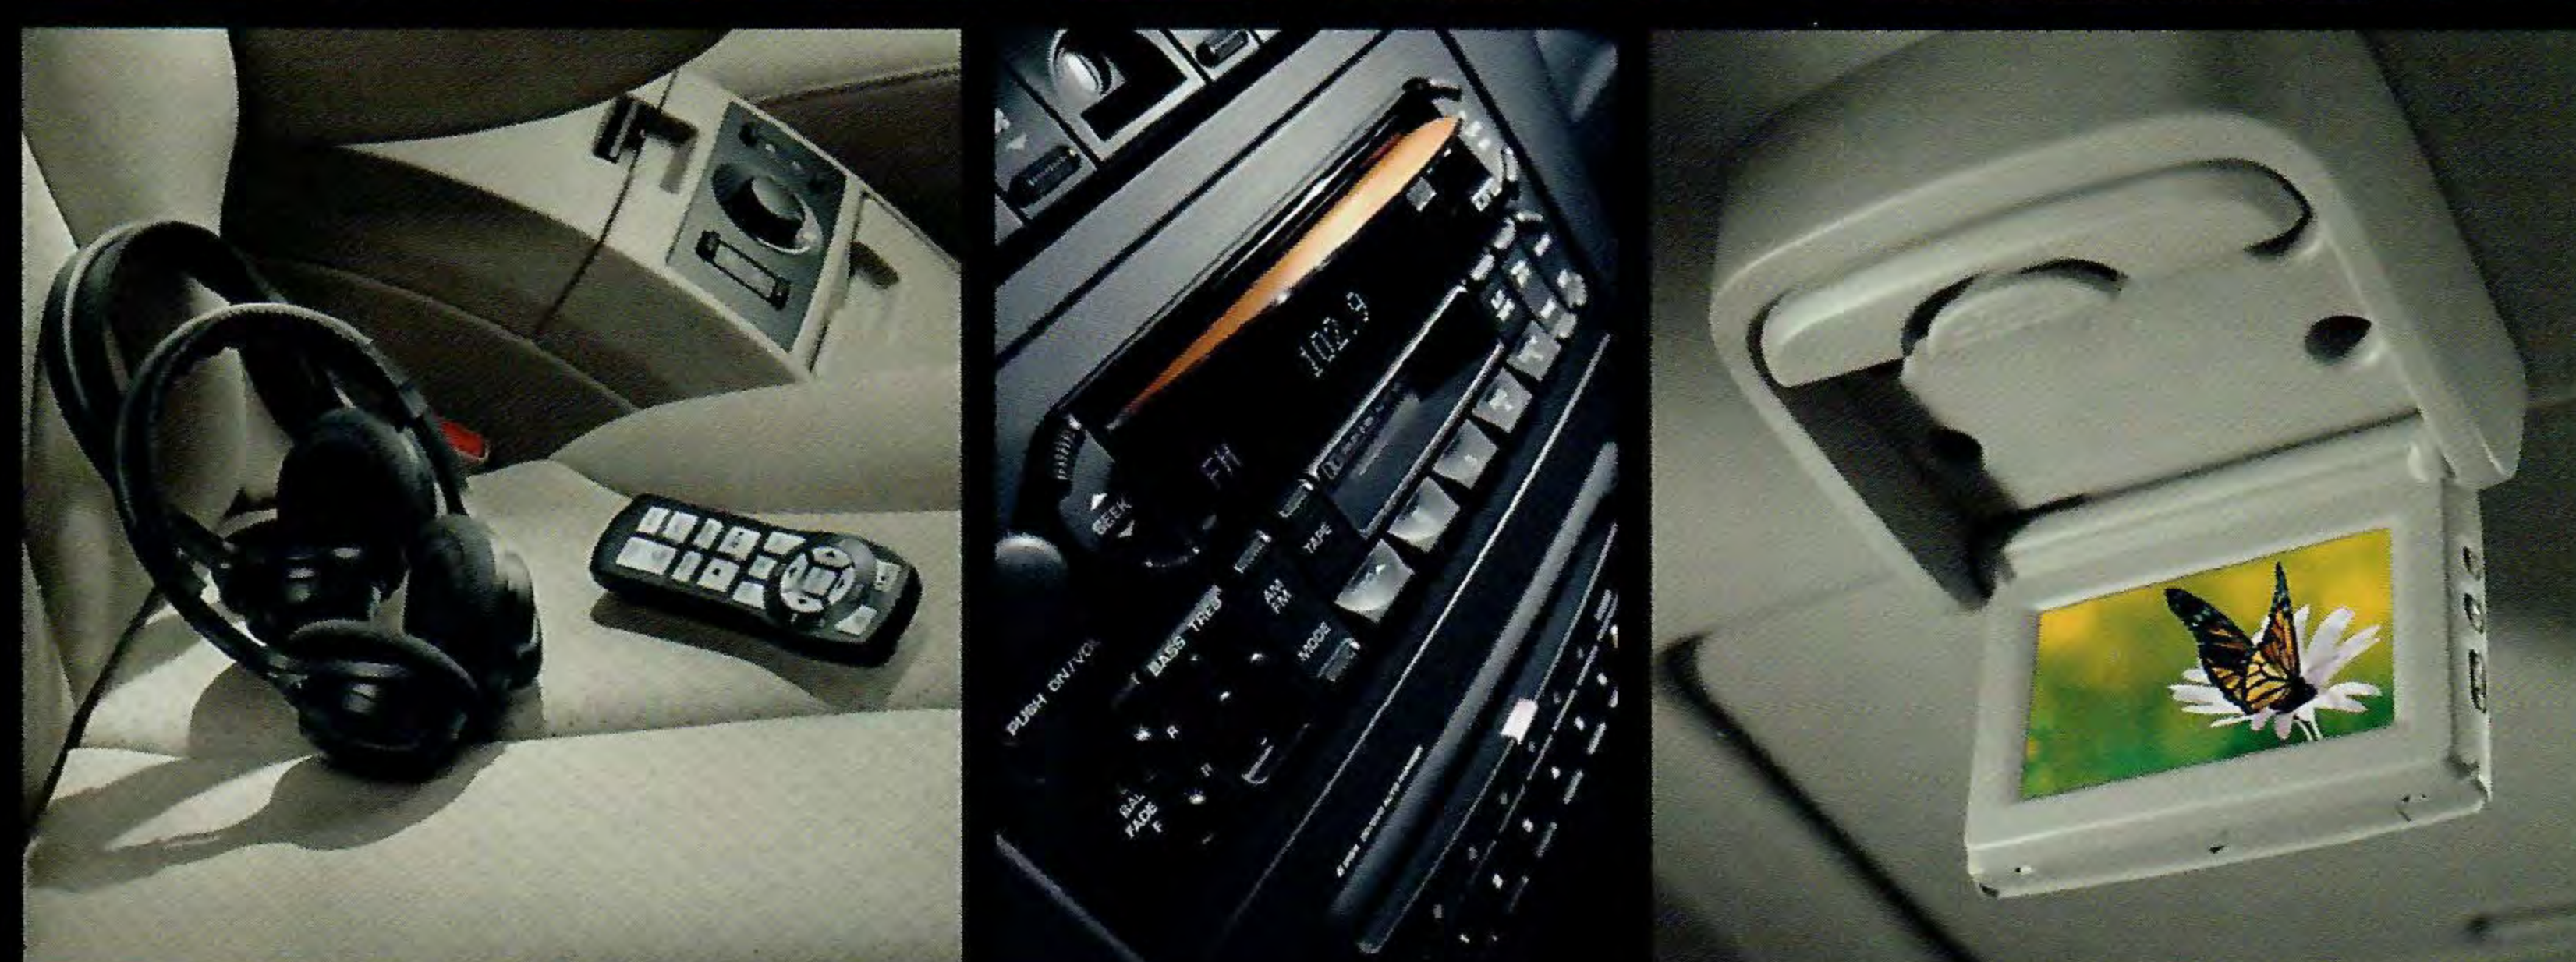

⁽³⁾When equipped with optional side-curtain air bags.

⁽⁴⁾Based on SUV models tested by NHTSA. Pacifica received a four- out of a five-star rating.

⁽⁵⁾Best Pick rating based on a frontal offset crash at a nominal speed of 40 mph.

⁽⁶⁾The OCS determines the conditions for activation or deactivation of the passenger-side front air bag based upon the weight of the occupant. It may not activate the air bag if the occupant has incorrect seating posture or is moving in the seat. You should observe the air bag light to determine if the OCS is deciding properly. Passengers should sit properly in the seat with the seat belt fastened at all times.

An available power liftgate makes loading items easier, giving immediate access to nearly 80 cubic feet of flat-loading cargo space. A carpeted rear storage bin, standard on Limited and Touring, lets you store items under the load floor. For traveling entertainment, Pacifica offers wireless headphones and an available multi-format in-dash six-disc CD/DVD/MP3 changer and a DVD Rear Seat Video™ System with remote control.

STORAGE

With Chrysler Pacifica, you do not have to make any compromises in carrying passengers and cargo. For instance, in Limited and Touring models, you can fold the third-row seat and still carry four passengers while enjoying 43.5 cubic feet of cargo space. On five-passenger Pacifica, you can fold the rear bench seat, carry two passengers and benefit from 92.2 cubic feet of cargo space. On top of this flexibility, a host of thoughtful storage features help keep the cabin neat, organized and clutter-free.

- A **full-length, first-row center console** is large enough for both the driver and front passenger to share. There are integrated dual cup holders, and copious storage for mobile phones, sunglasses, CDs and more. A **second-row console**, standard on Limited and Touring, includes dual cup holders, covered storage and heating/cooling vents that the third-row passengers can adjust for their comfort.
- Standard **map pockets** in the front and rear doors offer extra storage.
- Standard **grocery bag hooks**, located on the front seatbacks, hold full shopping bags.
- Standard on Limited and Touring models, an **overhead console** includes switches for the available power moonroof, liftgate and HomeLink® system, as well as a storage compartment to hold sunglasses and the like.

ENTERTAINMENT

When it comes to in-car entertainment, Pacifica has several outstanding choices that will make any trip more pleasurable.

- **SIRIUS Satellite Radio** has 120-plus channels of digital entertainment. Enjoy 65 channels of commercial-free music, over 50 channels of sports, news, talk and round-the-clock traffic and weather. Available on Limited and Touring models.
- **Infinity™ Intermezzo™ Digital 5.1 Surround Sound** system includes AM/FM cassette/CD/equalizer/changer controls, and eight speakers with subwoofer for exceptional audio performance. Optional on Limited and Touring models.
- The multi-format in-dash **six-disc CD/DVD/MP3 changer** is operated through the radio controls. Input jacks for video devices, game consoles and an MP3 player are included. Available on all Pacifica models.
- **DVD Rear Seat Video™ System** offers hours of enjoyable entertainment for second- and third-row passengers and includes a seven-inch LCD screen and six-disc CD/DVD player. Two wireless headphones and an infrared remote are included. Optional on Limited and Touring models.

S = Standard. P = Included in package noted in parentheses. O = Optional.

⁽¹⁾ Always check entire surroundings before backing up.

⁽²⁾ Certified to the Federal Regulation for automatic passenger occupant classification. Always use seat belts. Children 12 and under should always be in a backseat correctly using an infant or child restraint system, or the seat belt positioned correctly for the child's age and weight. The OCS determines the conditions for activation or deactivation of the passenger-side front air bag based upon the weight of the occupant. It may not activate the air bag if the occupant has incorrect seating posture or is moving in the seat. You should observe the air bag light to determine if the OCS is deciding properly. Passenger should sit properly in the seat with the seat belt fastened at all times.

⁽³⁾ Requires Bluetooth® enabled mobile phone.

⁽⁴⁾ Rear fascia scuff pad not included on Limited models.
