Care by Volvo	27

[www.volvocars.us](http://www.volvocars.us)

At Volvo, we have protected and celebrated life since 1927. During this time we've learned a lot about people and cars. One of the things we've discovered is that although safety is enhanced through the interaction of sophisticated systems, it is most importantly the product of the relationship between car and driver. This bond is where dynamic driving begins. This insight has helped us to develop cars that are exhilarating to drive, yet safer than ever before.

The Volvo S60 R and V70 R are two such cars – each designed to provide the world's most demanding drivers with a vehicle worthy of their attention. In both instances, performance, safety and luxury are opportunities – not impositions. Capability is ready and waiting, realized by the technology and your driving desire. Volvo R is about making great performance possible, and everyday motoring more enjoyable. Maybe that's why, even after all these years, we still find safety so exciting.

## R - FOR HIGH PERFORMANCE CAPABILITY

## VOLVO S60 R

Imagine sports car performance, poised for action – ready for the moment you feel the urge to use it. This is the Volvo S60 R, a powerful yet refined vehicle to fulfill every aspect of your driving desire.

**VOLVO V70 R**

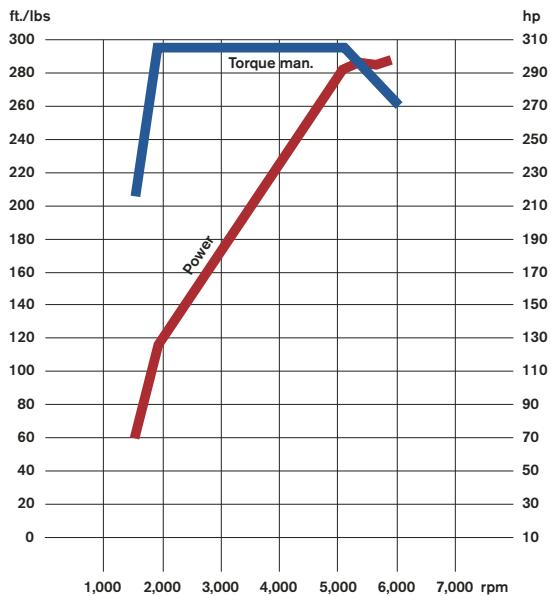

This is the original high performance wagon – the car that's created a category of its own. The Volvo V70 R provides thoroughbred performance while sacrificing none of the lifestyle embracing qualities you expect from a Volvo.

## R-POWER

Three hundred horsepower. Two-hundred ninety-five foot pounds of torque. Zero to sixty in less than six seconds\*. These are some of the numbers that will get your pulse racing when sitting at the wheel of a Volvo R model. Now for some details ...

\* With 6-speed manual.

#### ENGINE

The five-cylinder 2.5-liter turbocharged engine produces 300 hp at 5500 rpm and offers 295 ft lbs of torque at 1950–5250 rpm. Using the manual transmission, this is enough to take you from 0 to 60 mph in 5.4 seconds in the Volvo S60 R, or 5.6 seconds in the Volvo V70 R. Continuously variable intake and exhaust valve timing (Dual CVVT) contribute to exhilarating performance throughout the entire range of engine speeds, without compromising on exhaust emission controls. Dual charge air coolers, dual fuel pumps, a two-section fuel tank and a racing-type oil pan round off a highly potent powerplant designed to handle the demands of serious driving. The engine is also highly refined – its stunning performance and willing surge of power provide a thrill in any driving situation.

#### TRANSMISSION

The close-ratio six-speed manual gearbox offers fast and precise shifting. Or, there's a six-speed automatic with Geartronic that also offers high-performance shifting, especially if you select the Sport shifting mode. And because Geartronic allows you to shift gears manually, you can stay in a lower gear to rev the engine higher, or to provide added braking capacity.

## R-CONTROL

The Volvo S60 R and V70 R are the fastest cars we've ever built. Advanced technologies interact to help put this power safely in your hands. Sophisticated suspension systems, AWD with Instant Traction™, close ratio steering and Brembo brakes all combine for an awe-inspiring drive.

### **BRAKES >**

Brembo aluminum four-cylinder brake calipers grip the 13 inch ventilated discs to provide high-performance braking in a wide range of driving conditions. Light alloy calipers aid heat dissipation to help maintain performance even after repeated braking. This, together with lightweight aluminum wheels, results in low unsprung weight – enhancing the car's crisp and precise driving manners. For added security, EBA (Emergency Brake Assistance) detects emergency braking and steps in to help reduce stopping distance.

### **AWD WITH INSTANT TRACTION™**

Power is continuously distributed between the front and rear wheels by Volvo's new pre-charged, electronically controlled, all-wheel drive system – AWD with Instant Traction™. The difference is noticeable the moment you take off – constant hydraulic pressure ensures that power is promptly directed to the wheels with the best traction. Wheel spin is minimized to provide immediate acceleration and reassuring stability in slippery conditions.

During normal driving on straight and dry roads, the front wheels receive up to 95% of the power for optimum stability and fuel economy. As the situation dictates, up to 70% of the power is instantly distributed to the rear wheels if necessary, to provide maximum stability and traction. And when cornering, the AWD system instantly channels power where it's needed most to provide confident handling throughout the curve.

### **< STEERING**

Quick and responsive steering is perhaps the most important link between road, car, and driver. Behind the wheel, you can enjoy communicative yet firm steering that provides progressively less power assistance as your speed increases, for optimal highway stability. Exceptionally precise steering and balanced feedback from the road are benefits you'll always appreciate.

Behind the handling characteristics of a Volvo R model, the Four-C chassis system plays an integral role. This technology is designed to utilize the car's advanced chassis and AWD system to their greatest potential. Whatever the road or the weather may have in store, an R model makes every drive a pleasure. At the touch of a button the car's character will instantly change from taut, race-inspired handling to all-day comfort – and back again. But regardless of the chassis mode you choose, Four-C will continually adapt to your driving situation.

## R-HANDLING

### COMFORT

When the road is slippery or uneven, when driving in town, or when you just want a relaxed ride. The Comfort chassis mode insulates the car's occupants from bumps in the road. The system prioritizes flexible shock absorption for smooth and gentle body movement and exceptional ride comfort.

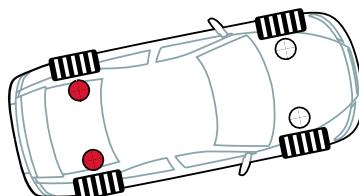

### SPORT

For a firm but supple sports car feel. The system prioritizes somewhat stiffer shock absorption and reacts faster than in Comfort mode. This results in reduced body movement and precise road behavior, combined with good riding comfort.

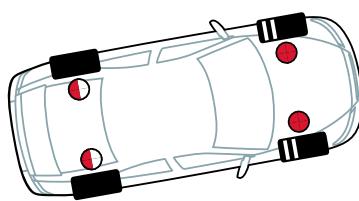

### ADVANCED

The uncompromising chassis mode for maximum performance, control, and traction on smooth roads. The chassis no longer irons out bumps, but conveys all road surface information directly to the driver. The system stiffens the shock absorbers to ensure maximum contact between tire and road. Providing maximum road-holding, this setting is ideal for highway driving, or perhaps even on a track, for situations when road grip has the highest priority. And when you've had your fun, comfort is only a click away.

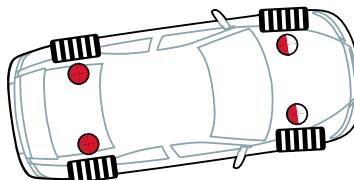

### ACCELERATION

Instantly, more power is transferred to the rear wheels and the rear shock absorbers stiffen to ensure optimal take-off performance. This means 0 to 60 within 5.4 seconds for the Volvo S60 R, and 5.6 seconds for the Volvo V70 R.

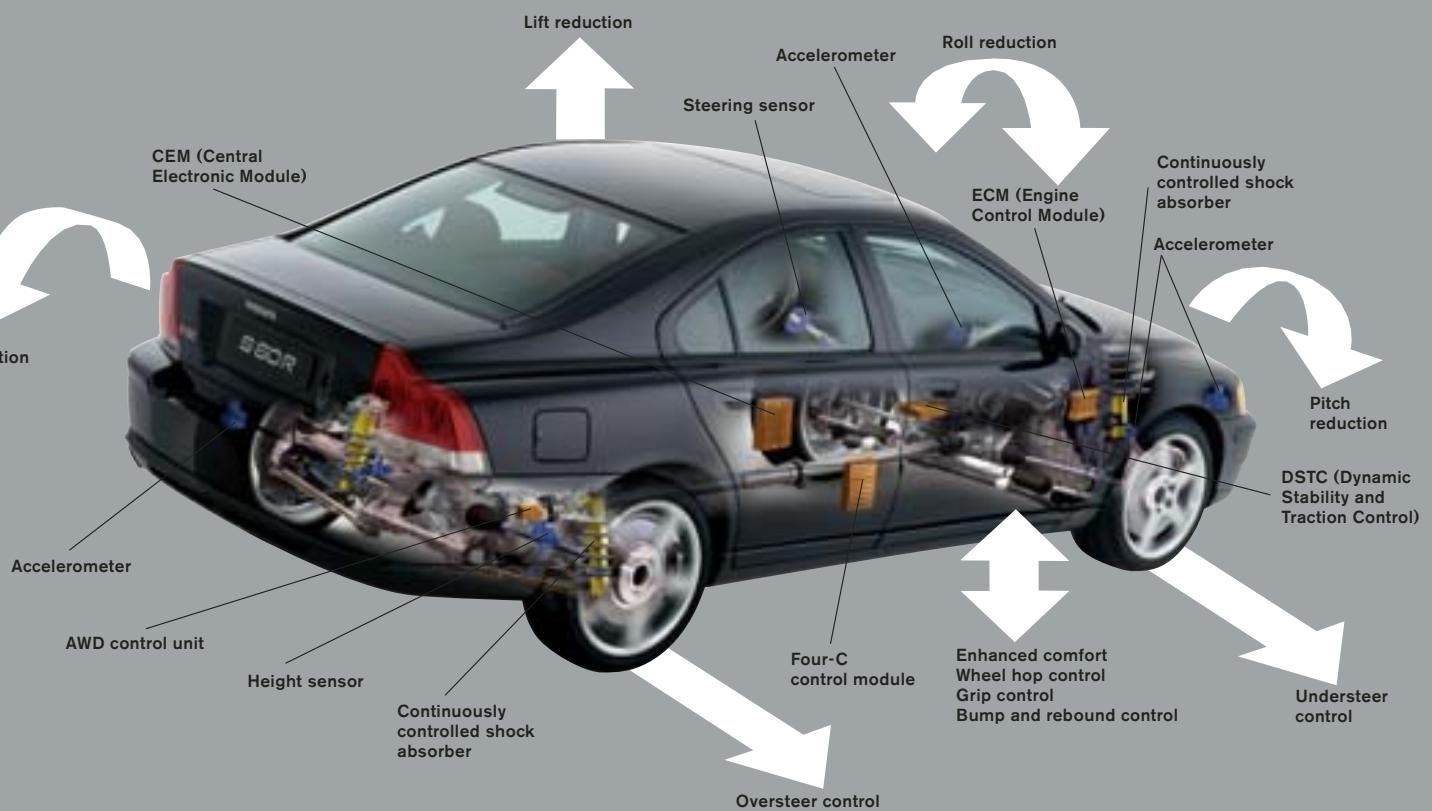

### BRAKING

The moment you touch the brake pedal, power to the rear wheels is reduced and the shock absorbers on all four wheels are adjusted to prepare for optimal braking performance, minimum pitch, and firm road-holding to help bring you quickly and safely to a stop.

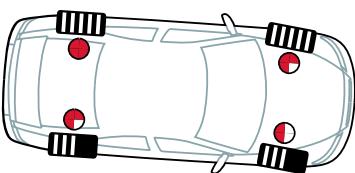

### ENTERING A CURVE

As the car enters a curve, the Active Performance Chassis responds by increasing the shock absorbers' stiffness on both sets of wheels to enhance body control. In order to keep your pace, the shock absorbers reconfigure to create a slight degree of oversteer. At the same time, more power is transferred to the rear wheels. As the car moves further into the curve, the stiffness of the front wheel shock absorbers is reduced. This helps compensate for any tendency to understeer and assists the driver in maintaining a balanced course throughout the curve.

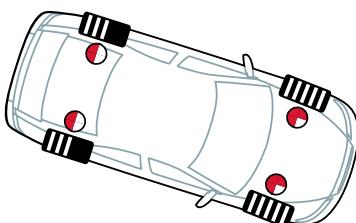

#### R-SCIENCE

As you build up momentum, a number of natural forces take effect. The Four-C system analyzes body movement, speed, wheel movement, steering wheel position and other parameters 500 times per second. Simultaneously, it adjusts each shock absorber for optimal handling and comfort. At the heart of the system is Volvo's semi-active suspension with continuously controlled Monroe-Öhlins shock absorbers and the three dynamic chassis modes: Comfort, Sport and Advanced. The shock absorbers, AWD system, DSTC system, engine, brakes and steering all synthesize in an electronically controlled system – in response to your style of driving.

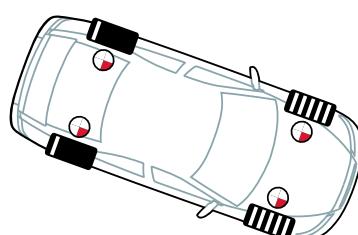

#### MID-CURVE

At the apex of a curve, when the lateral forces are at their greatest and you want the car to pull you out of the bend, power is fed to all four wheels – according to their level of traction – while the chassis minimizes roll and compensates for any tendencies to under or oversteer.

#### EXITING A CURVE

When you drive out of the curve, the system increases both shock absorber stiffness and power to the front wheels – increasing stability.

#### DRIVING STRAIGHT AHEAD

Four-C continuously analyses the car, road and driver – instantly adjusting each shock absorber to suit current conditions and prepare for what's ahead.

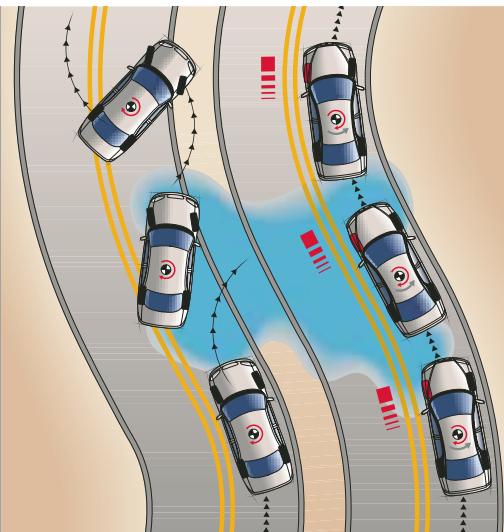

The chassis is a rigid structure that's designed to resist the torsion caused by an active drive down a winding road. Then there's DSTC and the other chassis technologies – all configured to help keep the car on track. In the event of an accident, you and your passengers will have the benefit of Volvo's world-renowned protection. The safety cage is designed to provide a protective barrier around the occupants, while deformation zones and numerous interactive safety systems react to the impact of a collision.

## R- SAFETY

### BI-XENON

As darkness falls, you will appreciate the powerful and effective low and high beams. Bi-Xenon headlights offer you exceptionally broad, long, and pleasant beam of light in all conditions. Low beam height is automatically adjusted to provide the best possible light pattern even when the car is heavily loaded. Integrated front and rear side-marker lights make it easier for other road-users approaching from the side to see your car.

### DSTC (DYNAMIC STABILITY AND TRACTION CONTROL)

DSTC enhances driving stability on winding roads and in slippery situations. By braking one or more of the wheels and temporarily reducing the engine's power, the system instantly helps to correct any tendency to skid – smoothly and efficiently.

### WHIPS (WHIPLASH PROTECTION SYSTEM)

Whiplash is one of the most common traffic injuries, often resulting from low-speed rear impacts. WHIPS helps reduce the risk of long-term whiplash injuries. Integrated into the front seat backrests, WHIPS supports the spine and neck in a controlled manner, and is triggered by impacts of sufficient force from behind.

Not surprisingly, the design of the R model is an integral part of its performance. For instance: a deeper front spoiler provides 25% more downward thrust, the air duct is enlarged to cool the 300 hp engine, and bi-xenon headlights improve night vision. Furthermore, R-design aluminum wheels help cool the brakes and maintain crisp handling, and double sport tailpipes in stainless steel are an effective finish for the free-flow parallel exhaust system. And on the Volvo S60 R, there's a subtle rear spoiler to reduce lift by 20%. No fuss, just efficient design for road and track.

## R-DESIGN

**“GOOD DESIGN** IS NOT ONLY A MATTER OF STYLING THE SURFACE.  
IT IS JUST AS IMPORTANT TO MAKE THE PRODUCT EASY TO UNDERSTAND  
AND USE. IF THE PRODUCT IS NOT FUNCTIONAL, IT CAN'T BE BEAUTIFUL.”  
(THE VOLVO DESIGN PHILOSOPHY)

**R-COMFORT**

By the time you've gotten your hands around the leather-trimmed steering wheel, the experience has begun. Relax in the ambience of a luxurious interior. Feel the firm yet supple support of the sculpted full-leather sports seat. See the chronograph-inspired instrumentation and interior trim in leather and aluminum. On a long drive, a host of cup holders and storage spaces serve as refreshing details. R model hospitality includes space for five with ample legroom in the front and rear. And the passenger compartment air filter combines with ECC for a clean and consistently pleasant cabin climate.

#### **SOUND**

The optional Premium Sound system is specially configured for the acoustics of your Volvo R model. Its eleven or thirteen speakers and latest generation Dolby® Surround provide a powerful listening experience. An optional integrated 6-CD changer and an optional 20 Gb digital jukebox are conveniently controlled without taking your hands off the wheel.

## R-LEATHER

R-design seating boasts deep-sculpted and supportive sides; leather is the ultimate layer. Topping the all-leather interiors is Atacama, made from the finest natural material, with distinctive seams and a truly luxurious feel. Alternatively, there are exclusive soft leather upholsteries with metallic effect. What's more, leather is tanned using only natural vegetable substances – compliant with Oeko-Tex ecological standards.

Depending on your choice of upholstery, the interior door panels are upholstered in natural hide or soft leather. The hood above the instrument panel is trimmed in black leather with blue stitching. The rest of the instrument panel and the door panels are always in Offblack with aluminum inlays. The textile mats are color-coordinated with the leather upholstery.

Nordkap soft leather upholstery Blue metallic (S60 R: 9576/V70 R: A576)

Gobi soft leather upholstery Beige metallic (S60 R: 9577/V70 R: A577)

Atacama natural hide upholstery (S60 R: 9675/V70 R: A675)

## R-OPTIONS

To ensure that the final specifications of your Volvo R model suit the way you live, customize it with a wide range of options and accessories. Tested to meet Volvo's demands on safety, quality and environmental impact, we're confident that the extras you choose here will bring plenty of satisfaction. For more options, see the Volvo Accessory brochure, or visit [www.volvocars.us](http://www.volvocars.us)

### PREMIUM PACKAGE

A Volvo offers you long, relaxed drives and a more spirited everyday life. The Premium Package will provide you with some necessities for that extra ambience and convenience.

- Power glass moonroof
- Premium Sound system

### CLIMATE PACKAGE

In a Volvo you're always prepared to deal with the ever-changing forces of nature. And to increase comfort when driving in cold, rain or snow – simply add the Climate Package.

- Heated front seats
- Rain sensor

### CONVENIENCE PACKAGE S60 R

The wide range of considerate and practical features makes life with your Volvo a truly enjoyable experience. And by adding the Convenience Package, you expand your freedom even more.

- Grocery bag holder
- Laminated side windows (water repellent glass)
- Park assist, Rear
- Sunglass holder

### TOURING PACKAGE V70R

The wide range of considerate and practical features makes life with your Volvo a truly enjoyable experience. And by adding the Touring Package, you expand your freedom even more.

• Cargo protection net	• Power child locks
• Grocery bag holder	• Sunglass holder
• Park assist, Rear	• 12 volt outlet, cargo area

#### INTEGRATED BOOSTER CUSHIONS\*

The outboard rear seats can be equipped with integrated booster cushions so the child always sits at the right height and enjoys a perfect view. And when not in use, they are easily folded down in the rear seat.

\*Only available for V70 R.

#### VOLVO NAVIGATION SYSTEM\*\*

The Volvo Navigation System can guide you anywhere with precise audio and visual directions. Using the global positioning satellite system, a liquid crystal 6.5-inch display shows your location on a map and plots the best route. Controls are conveniently located on the steering wheel. When not in use, the screen retracts into the dashboard. All map-based information is stored on DVD.

#### POWER GLASS MOONROOF

Makes the interior feel extra light and airy. Touch a button – and you open or close the moonroof. And if the sun is too strong, you can always close the built-in sun shade.

#### ACTIVE SUB-WOOFER

For exceptional bass response in the Volvo V70 R, the 12-inch sub-woofer – with built-in 150 W amplifier – provides superb reproduction of the deep register at all volumes. It's secured under the floor of the cargo compartment.

#### DIGITAL JUKEBOX

Allows you to take almost 400 of your albums on tour. Simply download your choices with a PC, or copy your CDs directly. The 20-Gb hard disk can hold over 500 hours of music using mp3 format. Easily connected in the back of your Volvo, the jukebox can be controlled from the steering wheel. Voice guidance helps you choose artist, album and song. (Retailer installed accessory.)

#### PREMIUM SOUND SYSTEM

Experience a world-class audio system. Premium Sound speakers and Dolby Surround Pro Logic offer the discerning music lover a truly moving listening experience. HU-850 in-dash RDBS radio with an integrated 6-CD changer, Dolby Surround Pro Logic II®, 13\* Premium Sound speakers and a separate 300 W Premium Sound amplifier plus 25 W for the center speaker. Remote control from the steering wheel.

\*11 speakers in V70 R

The Dolby and Pro Logic trademarks are the property of Dolby Laboratories Licensing Corporation.

#### VOLVO IPOD® ADAPTER

This feature lets you take all of your favorite artists along for the ride. Simply plug your iPod® into a cable in the front center armrest and the choice of music is yours. Tracks can be selected by using the controls on the car's audio system, or by using the optional steering wheel keypad. Your iPod® is also recharged for as long as it's plugged in. (Retailer installed accessory.)

\* iPod is a trademark of Apple Computer, Inc.

#### VOLVO HANDS-FREE CELLULAR ADAPTER

The Bluetooth Hands-free phone system makes it easy to drive and have a telephone conversation at the same time. This advanced technology will allow your car to recognize your phone as soon as the vehicle is started. The phone can even remain in your pocket while you make or receive phone calls by voice activation.

## R-FACTS

### ENGINE

Five-cylinder turbocharged engine with continuously variable intake and exhaust valve timing (Dual CVVT). Double overhead camshafts, 20 valves. Dual charge air coolers (Intercoolers). Three-way catalytic converter with heated oxygen sensor. Max power output: 300 hp at 5500 rpm. Max torque: 295 ft./lbs at 1,950–5,250 rpm. Acceleration 0–60 mph, man/auto: 5.4/6.4 sec (S60 R), 5.6/6.5 sec (V70 R). Top speed: 155 mph (electronically governed). Environmental classification: ULEV.

### DRIVELINE

Pre-charged electronically controlled AWD with Instant Traction™ all-wheel drive system. Six-speed manual close-ratio gearbox (Sport shifter, aluminum with leather-trimmed gearlever knob). Also available with a six-speed Geartronic automatic allowing manual shifting (leather-trimmed gearlever knob).

### CHASSIS

Four-C (Continuously Controlled Chassis Concept) semi-active chassis with three driving modes (Comfort, Sport and Advanced Sport). Front suspension with spring struts. Multi-link independent rear suspension with aluminum subframe. Stabilizer bars front 0.9 inches and rear (S60 R: 0.82 inches, V70 R: 0.86 inches). DSTC (Dynamic Stability and Traction Control) anti-skid system that can be partially or fully disengaged.

### BRAKES

Power-assisted ABS brakes, ventilated 13"/1.3" discs front and ventilated 13"/1.1" discs rear. Brembo four-piston aluminum calipers. Featuring EBA (Emergency Brake Assistance) and EBD (Electronic Brake Distribution) between front and rear brakes. Stopping distance at 60 mph: 118 ft.

### STEERING

ZF Servotronic speed-dependent power-assisted rack and pinion steering. Tilt and telescopic steering wheel. 2.5 turns lock to lock. Turning circle 42.7 ft – S60 R, or 43.3 ft – V70 R.

### WHEELS

Pegasus 8x17" 5-spoke aluminum wheels, Pirelli P-Zero Rosso 235/45-17" tires. Also available with Pegasus 8x18" 5-spoke aluminum wheels, Pirelli P-Zero Rosso 235/40-18" tires. The Volvo R Concept models come standard with an Ultra High Performance tire and wheel combination with a low sidewall aspect ratio. The design and tire compounds are engineered to provide maximum dry pavement performance with consideration for hydroplaning resistance. As such, they may be more susceptible to road hazard damage and, depending on driving conditions, may achieve a tread life of less than 20,000 miles. If the vehicle is to be driven in cold, snowy, or icy weather conditions, Volvo recommends the use of a suitable winter tire and wheel combination which will offer better traction under those circumstances. It is also important to note that, because they are designed for responsive handling, the tires may deliver lower overall ride comfort. It is important to regularly check inflation pressure to assure all tires meet Volvo's specifications, and to help reduce the chance of tire rim or vehicle damage.

### HEADLIGHTS

Bi-Xenon headlamps, matt silver bezels. Projector-type front fog lights.

### DRAG COEFFICIENT

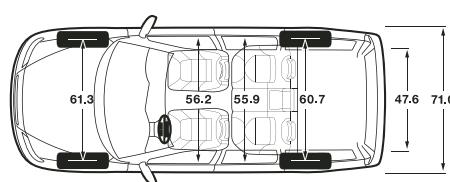

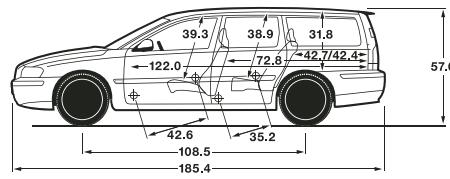

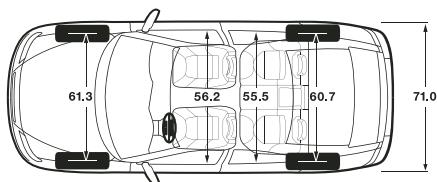

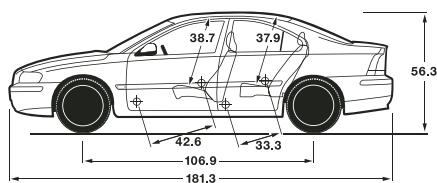

S60 R: Cd 0.29, V70 R: Cd 0.32

### SAFETY

Three-point safety belts with pre-tensioners for all five seats. Dual-stage adaptive front airbags (front passenger's side airbag is monitored by the Occupant Weight Sensor, and is disengaged if a person weighing less than approximately 55 lbs is in this seat). SIPS (Side-Impact Protection System) with side-impact airbags and IC (Inflatable Curtain). WHIPS (Whiplash Protection System). Factory-installed ISOFIX/LATCH anchors for child safety seats.

### SECURITY

Electronic immobilizer. Remote-controlled central locking with an alarm. Approach and Home Safe lighting. Laminated side windows (water-repellent) are available as options.

**VOLVO S60 R SPORT STYLING PACKAGE** Designed to enhance the racing stance and look of the Volvo S60 R. This package comprises a front spoiler, side-skirts, rear lower spoiler and spoiler wing – all color-coordinated with the rest of the car.

612 Passion Red\*

467 Magic Blue metallic\*

452 Black Sapphire metallic\*

470 Sonic Blue metallic

455 Titanium Grey metallic\*

477 Electric Silver metallic

\* Available on optional Sport Styling Package for S60 R.

Pegasus 8x17"  
Pirelli P-Zero Rosso  
235/45-17" tires

Pegasus 8x18"  
Pirelli P-Zero Rosso  
235/40-18" tires (S60 R)

Pegasus 8x18" Titanium Grey  
Pirelli P-Zero Rosso  
235/40-18" tires (S60 R)

# WELCOME TO OUR FAMILY

Being a Volvo owner is about more than just owning an automobile. It's about being treated in a caring, responsive and respectful manner every time you interact with our company. All of us are committed to making every aspect of your Volvo experience a rewarding one. So after the new car smell begins to fade, you'll still be excited about owning a Volvo.

**CARE**  
BY VOLVO

## VOLVO CAR FINANCE NORTH AMERICA

If you purchase or lease your Volvo through Volvo Car Finance North America, you can take advantage of services designed to make financing simple and convenient. Quick Debit, for instance, enables you to have your monthly payment automatically debited from a designated bank account. For more information, call 1-800-770-8234 or visit [www.volvofinance.com](http://www.volvofinance.com)

## CARE BY VOLVO® ON CALL ROADSIDE ASSISTANCE

Whenever you need us, we're just a phone call away. Our nationwide network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, refer to your Care By Volvo® On Call Card and dial 1-800-63-VOLVO – anytime, day or night. Your complimentary four-year membership activates the moment you become a Volvo owner.

## CARE BY VOLVO INSURANCE SERVICES

This exclusive Care by Volvo Insurance Services program\* is designed to help you secure automobile insurance coverage at preferred rates available to Volvo owners. Our highly experienced, licensed insurance agents are ready to help you find the right coverage from a broad selection of top insurance providers – providers who recognize what makes you unique as a Volvo driver. Best of all, you get all the advantages of shopping around for special rates with one simple call to 1-877-VOLVO-05 or one simple form at [www.volvcars.us/insurance](http://www.volvcars.us/insurance)

## VOLVO NEW CAR WARRANTY

Your new car warranty provides comprehensive coverage for four years or 50,000 miles, whichever occurs first. Additional warranties cover corrosion, seat belts, the supplemental restraint system, emission systems, genuine Volvo replacement parts and genuine Volvo accessories. Should you encounter any problem with your Volvo, simply contact the nearest retailer for assistance. Where your warranty ends, Volvo Increased Protection (VIP) plans begin. To purchase the additional protection of a VIP plan, contact your local retailer.

## THE VOLVO OWNERS' CIRCLE

Driving is not the only rewarding part of owning a Volvo. As a member of the Volvo Owners' Circle, you'll have access to information designed exclusively for Volvo owners. This unique online resource includes frequently asked questions, special offers, a resale value wizard, and your own Virtual Glove Box – complete with an owner's manual and more.

## VOLVO GENUINE SERVICE

The best way to ensure superior performance year after year is to bring your Volvo to your authorized retailer for regular maintenance. Our service advisors and factory-trained technicians are uniquely qualified to maintain your automobile. With the aid of advanced Volvo diagnostics, they follow all prescribed factory maintenance outlined in your service interval manual. Genuine Volvo Service is our ongoing commitment to you: to keep your Volvo performing smoothly long after other cars have given up.

## VOLVO MOBILITY PROGRAM

The goal of the Volvo Mobility Program is to assist persons with physical disabilities or hearing impairment achieve independence. For those with exceptional transportation needs, freedom can be facilitated within the extraordinary comfort and safety of a specially adapted Volvo. For additional information on this program, please contact the Volvo Mobility Program Headquarters at (800) 803-5222 or visit [www.volvcars.us/mobility](http://www.volvcars.us/mobility). TTY users are invited to call 1-800-833-0312.

## PERSONAL SHOPPER

The Volvo Personal Shopper is dedicated to providing you with a whole new level of shopping convenience. Whether you'd like help identifying the Volvo model that best fits your lifestyle, detailed information on any Volvo model, or a comparison against the competition, Volvo is there to help. We can arrange a Guest Drive for you at your nearest Volvo Retailer. So make the most of your shopping time and call the Volvo Personal Shopper at 1-800-550-5658. (U.S. only)

\*Volvo Cars of North America, LLC is not an insurance company or agent. Its affiliate, American Road Services Company ("AMRO") and InsLogic Corporation ("InsLogic"), licensed insurance agencies provide all information regarding available insurance products. Insurance products are provided by non-affiliated participating insurance companies. Not all customers may qualify. In California, AMRO does business as American Road Insurance Agency and InsLogic does business as InsLogic Marketing Services Company.

# VOLVO OVERSEAS DELIVERY

Volvo Overseas Delivery offers a unique way to buy your new custom-built car as well as a unique way to see more of Europe. And when you're done traveling, bring the pleasure of driving a Volvo back home. Purchase any new Volvo as part of the Volvo Overseas Delivery Program and enjoy all this – and more:

- Attractive pricing on US models.
- Two complimentary round-trip tickets with Scandinavian Airlines.
- One free hotel night in Gothenburg, Sweden, the home of Volvo.
- An exciting Volvo Factory Tour or a visit to the new Volvo Cars Safety Center.
- An exclusive VIP delivery experience at the Volvo Factory Delivery Center.
- The opportunity to explore Europe in the comfort and safety of your own Volvo, either with one of our spectacular tours or on your own.
- Extensive complimentary home shipment services. Just leave your car with us. We'll ship it to you the convenient way while you relax and enjoy your complimentary flight back home.

Can you think of a better way of traveling overseas and making your souvenir part of an unforgettable experience?

If you would like to know more, contact your local Volvo retailer, our Customer Care Center (800) 631-1667, or visit [www.volvcars.us/mybagsarepacked](http://www.volvcars.us/mybagsarepacked)
