# FINALLY, LIFE AND LUXURY ARE ON THE SAME PAGE

Only something stunning and breakthrough could bring life and luxury together. Something like the 2020 INFINITI QX50, where next-generation performance technology and uncompromising design form a vibrant collaboration. This is performance that anticipates future scenarios and it's like nothing you've ever driven. An INFINITI world's first production variable compression turbo engine<sup>2</sup> delivers what many thought was impossible: optimal power and efficiency in one engine. INFINITI drive assist technologies complement your natural abilities, letting you drive with less stress so you can do more than you could alone. A flagship interior embodies the perfect fit of color, contrast and premium materials, while a sliding second-row seat accommodates changing needs.<sup>3</sup> When a premium crossover is as useful as it is progressive, you're at your best. Because it's not about luxury, but what you do with it that counts.

LUXURY SHOULD BE LIVED IN

**^ ROLL WITH DISTINCTION** ① 19 x 7.5-inch Silver-Painted Aluminum-Alloy Wheels ② 20 x 8.5-inch Silver-Painted and Machine-Finished Aluminum-Alloy Wheels\*\* ③ 20 x 8.5-inch Dark-Painted Aluminum-Alloy Wheels\*\*

**^ A BALANCE OF ENERGY AND PURPOSE**  
At a glance, the QX50 appears seamless and sculptural, but upon closer inspection, you'll see a blend of distinctive proportions and innovation. A clamshell hood design, that wraps over the fenders, creates a feeling of flowing power. A large wheel-to-body ratio translates into an athletic stance,<sup>1</sup> while eye-inspired LED headlights on the ProASSIST Package look to the future through an angled cube design.<sup>1</sup>

**^ EVOLVE YOUR DRIVE** Autonomous vehicles are coming to our highways. ProPILOT Assist,<sup>1,4</sup> available on QX50 SENSORY, supports drivers with the same drive assist technologies that will inspire and empower you in the future. When activated, these innovations help you stay centered in the lane, navigate stop-and-go highway traffic,<sup>4</sup> set vehicle speed and keep a set distance to the vehicle ahead.<sup>5</sup> To help minimize stress and increase awareness of posted speed limits, Traffic Sign Recognition<sup>6</sup> gives you a reminder on your instrument panel, Head-Up Display<sup>1</sup> and top navigation screen.<sup>1,7</sup>

To live authentically, you have to free yourself from self-limiting beliefs. Enter the QX50, which lets you be as expressive as you desire. High-quality materials, contrasting textures and a multi-tone color combination tap into your creative instincts. Quilted white semi-aniline leather-appointed seats on QX50 AUTOGRAPH heighten your sense of beauty and artistry as they support you from one adventure to the next.<sup>3</sup> An interior that's revealing, flexible and generous enough to make room for your true nature welcomes the many ways you share yourself with the world.

**▼ POWER OR EFFICIENCY? YES.**  
The INFINITI VC-Turbo™ is the first production variable compression turbo to continually transform for optimal power and efficiency.<sup>2</sup> The secret is

its unique multi-link system that varies the engine compression ratio between 8:1 for more power to 14:1 for greater mileage. Today, the choice between a powerful engine or an efficient one is over. Have both.

INFINITI InTouch™ featuring Apple CarPlay® integration<sup>9,10</sup>

**ADAPTING TO CHANGE** A sliding and reclining second-row seat can give you the room – and flexibility – you need by moving forward and back almost six inches.<sup>3,8</sup> For help opening the trunk, opt for the Motion-Activated Liftgate<sup>1</sup> on QX50 AUTOGRAPH.

**IN SYNC WITH YOUR LIFE** The INFINITI InTouch™ system allows you to use your compatible iPhone® with Apple CarPlay.® Or make your Android Auto™ compatible phone your preferred driving companion. Navigation provides real-time traffic information and turn-by-turn directions while enhanced Wi-Fi transforms QX50 into a high-speed hotspot.<sup>1,7,9,10</sup>

Forward Emergency Braking with Pedestrian Detection<sup>14</sup>

**TECH THAT HELPS LOOK OUT FOR YOU** As automotive technology becomes more advanced, we are striving to find new ways to anticipate the dangers around you. Many are INFINITI world's first technologies like Predictive Forward Collision Warning,<sup>5</sup> which can alert you to a potential collision two cars ahead. Around View® Monitor with Moving Object Detection,<sup>10</sup> on QX50 ESSENTIAL, which uses four cameras and one virtual composite 360° view to elevate parking.<sup>11</sup> Finally, Blind Spot Intervention® on the ProASSIST Package helps detect cars in your blind spot area and can intervene to help avoid a collision.<sup>12</sup>

## FEED YOUR INDIVIDUALITY

### QX50 AUTOGRAPH WITH PREMIUM WHITE LEATHER

#### CELEBRATE THE DIFFERENCES

One of the most compelling interiors to date, the QX50 AUTOGRAPH features exquisite craftsmanship, fine detail from stitching to surface finishes, and a tailored cabin brought to life with the Bose® Performance Series 16-speaker Premium Audio System.<sup>1</sup>

Inspiration can come from anywhere. Our designers went to the beach and were not only moved by its sheer beauty but also by the realization of how nature could impact design. Step inside the QX50 and a sense of wonder will nourish your spirit. You'll be greeted with a creamy off-white reminiscent of soft white-sand beaches, a chocolate brown as deep and rich as driftwood, and a dark blue evocative of ocean water. Together all three materials strike an inviting balance between warm and cool, creating an invigorating environment that is finished in semi-aniline leather appointments, contrast stitching and genuine open-pore wood. Sometimes the most inspirational places are intensely personal.
