

ACCESSORIES FOR 1975 CHEVROLET TRUCKS

ACCESSORIES FOR 1975 CHEVROLET TRUCKS

This colorful new catalog for 1975 is designed to indicate to you, the new truck buyer, the many Accessories that can be purchased from your friendly Chevrolet dealer. Most items either add protection, appearance or comfort to your new truck and can be installed quickly and easily by owner or dealer. Some items require no installation at all. All items listed will not fit every model truck. Let your Chevrolet dealer help you with your individual requirements.

All illustrations and specifications in this brochure are based on the latest product information available at time of printing. The right is reserved to make changes at any time without notice in colors, materials, equipment, specifications, and models. Also to discontinue items or models.

Citizens Band Radio

23 channel usage, most helpful in case of emergency and business communications.

AM Solid State and Stereo Tape Player Combination

This is a solid state six transistor radio with three diodes and five push buttons that can be set to favorite local stations for quick accurate tuning. It incorporates all the latest advancements in modern radio circuitry. All of the other fine features associated with stereo radio tape combinations are included.

AM-FM Radio

A solid state transistor radio for outstanding performance. The FM band is virtually free of atmospheric disturbances.

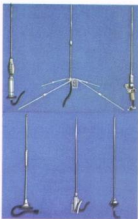

AM Push-Button Radio

A solid state transistor radio with five push buttons that can be set to your favorite local stations for quick accurate tuning.

Antennas

Designed to match your truck radio for superb performance. Four types are available for the Citizens Band Radio. A gutter clamp mount, a bumper mount, a rear deck lid mount and a base station antenna.

Below Eye Level Mirrors

These mirrors have vertical and horizontal adjusting features to permit vehicle maneuverability in a limited space. Reflecting surfaces are first surface chrome, which afford undistorted vision and will not fog or discolor.

Reflector Mirror

The diminishing lens in the mirror provides wide-angle vision in any direction through a ball adjustment. The reverse side of the mirror has an amber reflector lens.

LUV Mirror

Similar to the passenger car outside rearview mirror. Will not fog or discolor.

Rearview Mirror – Head Replacements

The mirror heads are exact duplicates of the original mirrors, including first surface, chrome-coated glass. The mirror heads are galvanized and finished in the same white paint or stainless steel as the original, and can be changed quickly and easily with no additional parts needed.

Side Rails

Side rails serve as tie-downs for large cartons or cargo to prevent shifting and adds to the appearance of the truck.

Chevrolet Truck Grille Guard

Steel straps are welded into a rigid, one-piece guard securely fastened to the bumper.

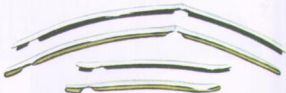

High-Rise Front Bumper Guards

Steel guards that attach to the bumper face bar.

Door Edge Guards

Door edge guards are stamped from stainless steel and formed to fit and remain on the door edge contour without screws or cement. The guards protect paint and prevent nicks and chips. Vans only.

Trailer Wiring Harness

Designed to be adapted to main wiring harness and extend to front of trailer for lighting needs.

Weight Distribution Platform

Used for better load distribution for trailer towing.

Truck Floor Mat

Made of heavy rubber, full width. Can be cut to fit models with consoles.

Camper Tie-Down

Turnbuckles are included to help stabilize camper to truck for firm steady travel.

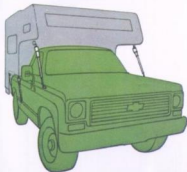

Shock Absorber Package

Increases high wind stability when traveling at higher speeds or in gusty winds. Helps eliminate jerky camper motion.

Camper Stabilizer

Helps to reduce sway and bounce to assure a smoother and more comfortable ride. Best used in conjunction with camper tie-down and shock absorber package.

Interior Car Warmer

A portable or permanently mounted heater that can be most useful in keeping car interior warm and windows clear on cold winter nights simply by plugging into household current. Mounting brackets are supplied in package.

Engine Block Heater

A new item to keep coolant warm for easier starting during cold weather.

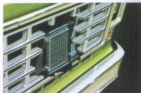

Auxiliary Rear Seat Heater

An ideal heater for additional heat in the rear of the Suburban Carryall, Chevy-Van and Sportvan.

Engine Oil and Cooler Pipe Unit

Designed to help keep engine oil cooler even when pulling trailers or on long hauls.

Frame Mounted Trailer Hitch

The hitch is designed to work with the regular production equipment on the vehicle and provide a good stable hitch for light utility or boat trailers.

Luggage Carriers

The carriers are permanently attached to the roof with special self-sealing well nuts, making the installation leakproof. The carriers add considerably to the luggage cargo capacity.

CHEVY VAN LUGGAGE CARRIER

BLAZER TOP CARRIER

SUBURBAN CARRYALL CARRIER

Saddle Type Tissue Dispenser and Litter Container

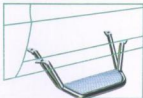

This combination unit is quite handy and can be used in all passenger cars; comes in blue, green or beige.

Auxiliary Steps

For easier entrance and exit. Designed to aid in firmer footing and easier loading and unloading of vehicle. Steps are available for Blazer Pick-Up, G Van Front and G Van Sliding Side Door.

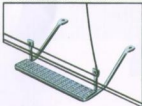

BLAZER

VAN

VAN WITH SLIDING DOOR

PICK-UP AND SUBURBAN

Rear Bumper Step

The bumper step affords ease of loading and unloading over a closed tailgate. It is an ideal bumper for contractors and builders as the trailer hitch provisions make it easy to attach many types of equipment.

Ventshades

Prevent window logging on rainy days by providing additional ventilation.

Wheel Covers

The covers are stainless steel, finished with a chrome flash that will resist rust and corrosion, retains a bright finish indefinitely.

15" TRUCK WHEEL COVER

BLAZER WHEEL COVER

Cab Assist Handle

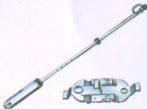

A chrome handle that can be installed on either the right- or left-hand side of the cab. Provides easy entrance or exit from the cab.

Hose Tenna

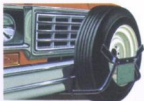

A fully adjustable unit that bends in any direction except towards the cab. Prevents air-brake hoses and electrical cables from dragging on any tractor-trailer job.

An air hose holder is also available to hold the air hoses when they are not coupled to a trailer.

Front Bumper Tire Carrier

Heavy steel brackets hold spare tire and wheel in handy position for quick easy use.

Locking Gasoline Tank Cap

Prevents gasoline from being contaminated or siphoned from the tank.

Glide Out Tire Carrier

On the pick-up truck the tire and wheel is stored up tight under the truck bed at the rear. The easy operation of a lever allows the tire and wheel to drop down and swing out to the right side for easy accessibility. The spring loaded mechanism returns this unit to its storage location with a minimum of effort.

Spare Tire and Wheel Locks

Provides locked security for the spare tire and wheel. The truck unit is a tempered chain with vinyl covering and a high quality padlock.

Swing Away Tire Carrier

Allows extra space inside vehicle; also swings away from traffic to facilitate tire changing.

Rear Seat Shoulder Harness

For added protection to rear seat passengers in addition to seat belts.

Hand Portable Spotlight

A handy trouble lamp with a 12 foot cord that can be used in any 12 volt cigarette lighter socket.

Cigarette Lighter

This automatic release lighter has a lamp attached to the lighter housing. The lighter includes an ash shield to help prevent live ashes and sparks from dropping.

Chevrolet Truck Air Horns and Compressor

A pleasant strong horn warning for highway driving. The horns are mounted on the left hand side of the cab roof. A vacuum operated compressor builds up pressure in a reserve tank, both of these units are mounted under the hood on the left front fender skirt.

Auto Compass

A dependable compass that attaches to the windshield glass.

Truck Cab Clearance Light

Streamlined lamps that can be installed on the cab roof in most any desired location on the corners of the cab.

Sliding Rear Window

Replaces standard window on 10-20-30 series trucks for thru ventilation. Also can be used for communication when camper with a corresponding front window is being pulled.

Tonneau Cover

Keeps the truck bed and cargo dry and clean, easily put on or taken off, made of heavy vinyl in black or white.

Folding Top For Blazer

The Blazer convertible folding top with rear side curtain and tailgate curtain is a good looking and very useful accessory. It is made of pre-shrunk vinyl coated material which is water and stain resistant.

Cargo Hooks

Helps prevent cargo shifting, easily installed in stake pockets. (No Drilling).

Blazer Rear Window Air Deflector

Designed to help keep back window clean in inclement weather. Also helps to minimize dust from entering rear compartment in dry weather.

Tape Cartridge Unit

Replacement for 1975 unit in case original is lost or destroyed.

TRUCK ROOF MOUNTED AIR CONDITIONER

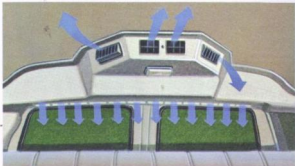

This unit mounts inside the suburban on upper inner roof and supplements cooling to the front air conditioner. Even though this roof mounted unit has cooling power, it can be installed by the dealer only if the vehicle has the regular C-60 installed at the factory before delivery.

Features of Chevrolet Truck Air Conditioning:

- Quieter ride with less wind roar

as you ride with all windows closed.

- Conditioned air with excess moisture and 98% of the irritating pollen removed from the air.
- Your favorite radio program in a quiet atmosphere with the windows closed.
- Helps reduce fatigue on hot and high humidity days.
- General Motors proven quality, reliability and dependable low maintenance and operating costs.

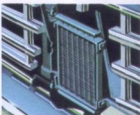

Cruise-Master Speed Control

The Cruise-Master is an automatic road speed control unit. Its operation is simple and convenient. You accelerate to the desired speed, press the management button and the Cruise-Master takes over, maintaining that speed until the brake pedal is depressed.

Transmission Oil Cooler

Easily installed, reduces engine heating and prolongs transmission life.
