OPTIONAL EQUIPMENT			
• F41 Suspension System, Heavy-Duty V8—For strenuous service: trailer towing and continuous heavy truck loads. Includes higher rate front torsion bars, rear springs, and front and rear shock absorbers, and larger front stabilizer bar, G55 shock absorbers available......\$ 21.00 • G66 Shock Absorbers, Superlift Rear—For trailer towing or heavy truck loads.....\$ 41.00 • U89 Wiring Harness, Trailer Electrical, 5 wire, Recommended for Light Trailers.....\$ 10.00 • U94 Wiring Harness, Trailer Electrical, 7 wire, Recommended for Medium and Heavy Trailers.....\$ 23.00 • Y72 Engine-Cooling Equipment, Heavy-Duty—includes heavy-duty radiator (with increased-capacity transmission oil cooler), water pump, Thermo-Cool engine fan and 61-ampere Delcotron: With C60 or C61.....\$ 5.00 Without C60 or C61.....\$ 56.00			
STANDARD EQUIPMENT			
Std. V-8, Turbo Hydra-matic Transmission and 2.73 Axle Ratio (G93), 3.07 Axle Ratio (G90) for Performance and Trailer Towing: (Axle Ratios listed above available at no extra cost.)			

TRAILER-TOWING EQUIPMENT FOR SPECIFIC MODELS AND TRAILER WEIGHTS

Trailer Hitch—The attachment for towing a trailer requires careful consideration. While a bumper hitch may be satisfactory for lightweight types of trailers, the hitch for heavier trailers must not attach to the rear bumper or frame rear crossmembers only, but must be designed to distribute the load to suitable structural members of the vehicle. Since there are many types, weights, and uses of trailers, and numerous trailer hitch designs, each having its individual performance characteristics, it is not practical for Oldsmobile to thoroughly test and evaluate the merits of each. Oldsmobile is therefore unable to offer specific recommendations or assume responsibility for the operation of trailer hitches —which are not manufactured or supplied by Oldsmobile.

a—No special equipment is usually required for trailers weighing less than 1000 pounds. **b**—Required for unusually high temperatures, heavy traffic, hilly terrain, or towing trailer wider than the frontal area of the car. When a trailer is attached to a car, the car becomes not only a load-carrying vehicle, but a load-pulling vehicle. The demands of this type of operation are exceptional. However, careful driving practices and the use of factory-recommended equipment will better satisfy the requirements of trailer towing.

PAINT STRIPE COLOR CODE

A = White D = Blue G = Green R = Brown
B = Black F = Chamels H = Maroon T = Beige

PAINT STRIPE

Available on Coupe models. It is recommended that Stripes match top color or interior color whenever possible.

VINYL ROOF COVER CODE

AA = White BB = Black DD = Blue GG = Green
HH = Maroon RR = Brown TT = Beige

CONVERTIBLE TOP CODE

AA = White BB = Black HH = Maroon TT = Beige
(N67 Delta 88 Royale only)

NOTE: VINYL ROOF COVER should match lower body color or interior trim color whenever possible.

Door Handles, Safety-Styled . . . with smooth contours, low profiles
Door Locks, Passenger-Guard . . . with locks at all doors
Fender Inner Panels, Thermo-plastic Front- (except Omega)
Hood, Counterbalanced Dual-Paneled . . . with dual-action safety latches
Hood Insulation, Full Fiberglass (except Omega 6-cylinder models)
Keys, Two, Car . . . in multiple combinations
Keyless Door Locking, Simple . . . by depressing inside pushbuttons
Key Warning Buzzer, Anti-Theft

Lamps, Twin Parking . . . illuminate with headlamps
Mirror, Left-Hand Outside Rearview (Remote on Ninety-Eight and Toronado)
Molding, Windshield

INTERIOR

Armrests, Comfortable Safety-Styled
Ashtray(s), Instrument-Panel
Cigar Lighter(s), Fusible-Link
Coat Hooks, Soft, Low-Profile
Floor Coverings, Seamless Preshaped
Fuel Gauge, Electric
Glove Compartment with Rotary Latch, Spacious Key-Locked
Heater and Defroster, Air-Mix
Ignition Switch, 4-Position
Instrument Panel, Energy-Absorbing
Instrument-Panel Controls, Labeled
Low-Profile
Instrument-Panel Lighting, Indirect, Variable-Intensity
Interior, Color-Keyed
Lamps, Highly Visible Indicator
Lamps, Low-Profile Interior

Engine-Cooling System, Special Toronado . . . with Venturi Shroud for cooler engine operation (with Air Conditioning only)
Engine Combustion Control System
Engine Fuel System . . . with dual filters, air-cooled fuel line
Engine Ignition System, All-Weather . . . with insulator type spark plugs
Engine Lubrication System, Full-Pressure . . . with full-flow filter
Engine Power System, Rocket-Action . . . with Fire-Swirl Combustion Chambers, aluminum pistons, forged connecting rods, precision-balanced crankshaft (V-8 engines)
Engine Structure, Precision-Cast . . . with lightweight blocks, heads, manifolds; 3-point rubber engine mounting (V-8 engines)
Engine Valve Trains, Individual Overhead . . . with hydraulic valve lifters (V-8 engines)
Exhaust System, Aluminized
Transmission, Fully Synchronized

Top, Power (for Convertible) . . . with electric-powered mechanism, invisibly fastened boot, glass window
Trunk Lid, Counterbalanced Dual-Paneled
Window Glass, Curved
Window Regulator Handles, Smooth-Contoured . . . with soft low-profile knobs
Windshield, High-Strength Laminate
Windshield Defroster Outlets, Dual
Windshield Radio Antenna
Windshield Washer/Wiper, 2-Speed . . . with low-glare wiper arms and blades

EXTERIOR

Bumpers, Tri-nickel-Plated
Bumpers, Built-in Finger-Slot, Jack Positioning
Finish, Magic-Mirror Acrylic Lacquer
Flasher, 4-Way Hazard Warning
Grilles, Twin (hinged except Omega and Toronado)
Headlamps, Single (Omega, Intermediates)
Headlamps, Four Sealed-Beam (Full-Size and Toronado)
Lamps, Reflectorized Side-Marker . . .

Lamp Switches, Automatic Interior-
Mirror, Wide-View Inside Day/Night
