

04 MERCURY MONTEREY

IT HAS POWER. IT HAS PURPOSE. IT HAS PRESENCE.

IN OTHER WORDS, IT'S THE VISION OF WHERE MERCURY IS HEADED...

INTRODUCING THE ALL-NEW MONTEREY.

Mercury Monterey Premier in Gold Ash Clearcoat Metallic. Shown with available equipment.

With the all-new Monterey,<sup>1</sup> Mercury introduces the modern activity vehicle. Designed with your highest expectations in mind, Monterey will surround you with style, safety, comfort and technology while providing you with innovative cargo management solutions and overall versatility. Equally pleasing is Monterey's ride and handling. Beginning with the 201-hp 4.2-liter V6 (which produces 265 lb.-ft. of torque), coupled with the "fast hydraulic" technology in the 4-speed automatic transmission, Monterey provides smooth power and effortless shifting. Monterey combines 4-wheel disc brakes, an Anti-lock Brake System (ABS), and available Panic Brake Assist and AdvanceTrac™ to give the driver a more complete sense of control. Whether your journey is near or far, Monterey will help ensure that you will arrive safely, confidently and in style.

#### FOLD-FLAT 3RD-ROW SEAT

When your cargo shifts from people to packages, Monterey's 3rd-row seat folds flat into the floor and completely out of the way quickly and easily.

They're a moving testament to the purposeful design of the new Monterey: Available dual-power sliding doors allow passengers in and out at the touch of a button.

#### DUAL-POWER SLIDING DOORS

#### REAR SEAT ENTERTAINMENT SYSTEM

Monterey offers you the finest form of in-vehicle entertainment with an available DVD player and a large, flip-down LCD screen mounted in the ceiling. It's easy for all your rear seat passengers to see the screen. And the wireless headphones help keep the peace between the driver and passengers.

<sup>1</sup> Available Fall 2003.
