

AN AMERICAN REVOLUTION

## FAST ON ITS FEET.

The 2008 Corvette. • One institution. Three models – coupe, convertible and Z06. • Now with even higher performance for coupe and convertible, thanks to a standard 6.2 Liter 430-hp V8. • Now with even higher refinement, thanks to an available Custom Leather-wrapped interior or a new, elegant console surface with contrasting stitching on the standard interior. • Still sporting a standard coupe removable roof for open-air driving. • And still holding trump with the Z06, developed in parallel with the C6.R that has five wins in seven years at Le Mans.

Corvette coupe shown in Atomic Orange Metallic, an extra-cost color, with available features.
