1966 MOLDING AND ATTACHING PARTS

This publication is issued for the model year of 1966. It is prepared to provide a fast and accurate method for locating part numbers for all exterior moldings and their attaching parts. To insure all information is current and up to date consult the MASTER PARTS CATALOG and PRICE SCHEDULE. Any suggestions or discrepancies that you may find in this booklet should be forwarded to this department.

The body illustrations are keyed to the moldings and like numbers are to be found in the text. In the event no attaching parts are shown, the molding is of a snap-on type.

See illustration below for interpretation of nomenclature.

Note "A"—Molding only, requires all listed attaching parts for installation.

Note "B"—Molding & Clip Packages contain the Molding and all attaching parts for one side only.

Note "C"—Clip Package is not required when Molding & Clip Package issued.
