1967 MOLDING AND ATTACHING PARTS

This publication is issued for the model year of 1967. It is prepared to provide a fast and accurate method for locating part numbers for all exterior moldings and their attaching parts. To insure all information is current and up-to-date, consult the MASTER PARTS CATALOG and PRICE SCHEDULE. Any suggestions or discrepancies that you may find in this booklet should be forwarded to this department.

The body illustrations are keyed to the moldings and like numbers are to be found in the text. In the event an attaching part is shown, the molding is of a snap-on type.

See illustration below for interpretation of abbreviations.
