

**THE BIG FALCON NEWS ISN'T UNDER
THE BONNET. IT'S UNDER THE BOOT LID.**

HAVE YOU DRIVEN A FORD...LATELY?

LPG IS NOW AVAILABLE AS AN OPTION.

If you like the idea of LPG economy but have been a little unsure about vehicle conversion, Ford has the perfect answer: LPG fitted by Tickford Vehicle Engineering, now available as an option on Falcon GLi automatic sedans.

This LPG option is just the latest from the Ford-TVE joint venture.

It's an advanced, well thought out digital closed-loop system developed jointly by Ford and Tickford Vehicle Engineering.

The TVE boot-mounted system complies fully with Australian Design Rules and has passed all standard durability tests, including crash-worthiness.

TVE's advanced design technology offers several advantages over other LPG conversions:

- Fast, reliable "intelligent" starting system - engine starts with petrol injection, even when LPG is selected.

Factory-fitted LPG tank fuel lines are located to help avoid damage from loose luggage.

Fully integrated dash mounted fuel changeover switch.

- Fuel changeover switch is fully integrated into the dash, not simply "added on."

- LPG system maintenance is carried out at normal Ford service intervals by authorised Ford dealers.
- Boot mounted LPG tank lines are located to help avoid damage from loose luggage.
- By using the standard Ford EEC IV system, LPG engine ignition is distributed to avoid the risk of damage due to backfire - a problem experienced by some other systems.

Because of the fully integrated nature of the TVE LPG system, complete compatibility with Falcon GLi's standard Smartlock security system is achieved.

And every new LPG-equipped Falcon GLi provides the security of the Ford 24 month/50,000 km Express  New Vehicle Warranty.

If you've been thinking LPG, Australia's most advanced solution is at your Ford dealer now.

HAVE YOU DRIVEN A FORD...LATELY?

This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Because of changes in conditions and circumstances Ford* reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of their products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchaser. The latest specification sheet should be referred to for information on the availability, ordering and use of optional equipment. Always consult an Authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order. *FORD MOTOR COMPANY OF AUSTRALIA LIMITED.
