Porsche Driving Experience

Porsche Driving Experience

Embark upon a journey of discovery
and find out about yourself and your Porsche.

The Porsche Driving Experience offers a wide selection of unforgettable tours and driving activities. You can select from two main elements: the Porsche Travel Club and the Porsche Sportfahrschule (Porsche Sport Driving School). The Porsche Travel Club organises a range of Behind the Scenes with Porsche tours and Porsche Weekends, as well as Porsche Camps and Porsche Adventure Holidays that will open up a whole new world for you – both on and off-road. On almost all of the packages, you will have the use of a Porsche for the duration. At the Porsche Sportfahrschule, experienced Porsche instructors will show you how to improve your driving skills. Choose between numerous international circuits and the FIA-compliant test track at the Porsche facility in Leipzig.

Contents

This catalogue presents the detailed programme of the Porsche Travel Club's busy year ahead and provides a brief insight into the activities of the Sportfahrschule. The full Porsche Sportfahrschule programme will be published in a separate catalogue.

Porsche Travel Club

There's more to a holiday than sun, sand and sea:

Boxster, Cayman, 911, Cayenne.

The Porsche Travel Club offers no less than you would expect from a Porsche, namely fascinating and exhilarating experiences. We design our tours with the greatest attention to detail to provide maximum pleasure for you. Whether you are looking for a weekend break or a longer holiday, our tours will take you to select destinations offering adventure, culture, relaxation and plenty of memories to cherish. In addition, almost all Porsche Travel Club holidays can be booked as a group or incentive tour for corporate clients. We can adapt the itinerary to create just the right package for you. If you require additional services, alternative arrangements can be made on request. Your ideas and comments are always welcome.

Information about Porsche Travel Club Tours

**You don't have to be a member to enjoy
our fantastic travel offers.**

The services offered by the Porsche Travel Club differ significantly from the usual type of tours available. After all, we believe that who you are travelling with can be just as important as delightful destinations and interesting itineraries.

The Porsche Travel Club was established more than ten years ago to give Porsche enthusiasts the chance to drive a Porsche in some of the most beautiful places in the world in the company of other people who share their passion.

However, this is not an elite club with obligatory membership. We simply offer you the chance to participate in a range of high-quality driving experiences. Our tours are as varied as the Porsche models themselves. Whichever package you opt for, we take responsibility for all organisational aspects from accommodation in first-rate hotels to dining in exquisite restaurants.

To ensure that you don't get lost along the way, we provide you with a roadbook prior to departure showing the exact route and all the important features of the itinerary. To help make your Porsche tour even more enjoyable, you travel in convoy with the group. Whichever package you choose, you will also be accompanied by experienced guides.

For groups of ten or more, we are happy to customise our itineraries even further and provide a range of additional services such as arranging accommodation the night before an event.

Treat your friends and family by introducing them to this new and exciting way to travel. Our Porsche Travel Club gift vouchers are the ideal gift for any Porsche enthusiast.

Incentives

Never has mixing business with pleasure been so appealing.

Incentives packages from Porsche Driving Experience.

Porsche Travel Club holidays can also be booked as incentives. Take the opportunity to experience some unforgettable moments with your colleagues and business partners, while exploring some of the most beautiful places in the world in a number of different Porsche models.

Whichever package you choose – Porsche Weekends, Porsche Adventure Holidays or one of our Porsche Camps – we guarantee plenty of excitement and unadulterated driving pleasure along the way. Porsche Travel Club takes care of all the arrangements for you – from preparing delightful itineraries and booking hotels and restaurants to providing the vehicles.

You can offer your employees or customers one of our holidays as part of a company conference, presentation, training course or seminar. They are also an ideal way to show your appreciation to an outstanding member of staff or to help develop that all-important business relationship.

We will do our utmost to create a package that suits your individual requirements and are able to customise the itinerary still further for groups of ten or more. We pride ourselves on being able to turn almost all of your ideas into reality. Why not combine one of our tours with a visit to your offices or production site? Alternatively, you can use the trip as an opportunity to celebrate a company anniversary.

We are happy to provide you with ideas for tailor-made events or to put together additional programmes in line with your particular needs. Porsche Travel Club has a wealth of experience in designing specific itineraries and driver training courses – all of which include the use of your chosen Porsche model.

If you would like us to book rooms or special pamper packages for your guests in a hotel of your choice, we will be happy to do so. We also provide a range of other services including organising transfers or accommodation the night before an event.

Behind the Scenes with Porsche

There's more to Porsche than meets the eye.

Discover exactly what that is.

The Porsche Travel Club offers you an insight into the Porsche world, enabling you to take a glimpse behind the scenes at Porsche, the company. At our Zuffenhausen and Leipzig plants, you can see how the Porsche idea has developed into a legend of sportscar engineering.

On a tour of the factory, you learn about the origin, development and technology of our vehicles. You can visit the Research & Development Centre in Weissach, where every new Porsche model is conceived, or take a trip down memory lane at the Porsche Museum.

Frankfurt International Motor Show (IAA)

Frankfurt's 'Festhalle' (festival hall) opened its gates to the public for the very first time in 1909. Once the largest self-supporting dome construction in Europe, the 'Grande Dame' is now part of Frankfurt's modern exhibition complex. The IAA International

Motor Show has been held here every two years since 1951. However, the first ever show, at which an astounded public were introduced to a total of eight 'motorcars', was held at the Hotel Bristol in Berlin in 1897. Today, the IAA is one of the largest and most important motor shows in the world. The show presents the latest models, innovative technologies and progressive designs from the automotive industry and, every year, the Porsche stand welcomes a record number of visitors. Porsche Travel Club offers

you the chance to take a look behind the scenes of the Porsche presentation at this prestigious motoring exhibition, even before the show actually starts.

Your itinerary

After individual arrival at the exhibition centre in Frankfurt, you will be greeted in person by our stand manager before enjoying an exclusive guided tour of the Porsche presentation featuring the latest models. Afterwards, you can discuss the show over

refreshments in the Porsche VIP lounge. Before leaving, you will receive a special IAA gift pack as a souvenir of this truly remarkable day.

Day Tour of Zuffenhausen/Löwenstein Mountains

What makes a Porsche so appealing? Is it the history of the marque characterised by the continual quest for technical perfection? Or is it the people who produce the Porsche models, professionals who love every aspect of their work? Whatever the answer, you'll certainly enjoy finding out during every stage of this unique tour.

The Porsche Travel Club invites you to visit the heart of Porsche: the production facilities in Zuffenhausen. Afterwards you are invited to take to the wheel

and experience the unique driving dynamics of a Porsche sportscar for yourself.

Your itinerary

Arrive in Ludwigsburg before taking a trip down memory lane with a visit to the legendary Porsche models on display at the Porsche Museum. Enjoy a guided tour lasting around 1.5 hours to see how a Porsche is built, from construction of the engine through to upholstery and finishing, and the absolute highlight – the opportunity to witness the perfect

'marriage' between body and engine.

Travel by shuttle bus to Porsche AG in Ludwigsburg for yet another highlight: taking to the wheel of a Porsche sportscar. The first leg of the journey takes you mainly along the A81 motorway to Neckarzimmern, stopping for lunch at Hornberg Castle – the largest and oldest castle on the River Neckar.

Explore the driving dynamics of the Porsche sportscar for yourself on the return journey along the winding country roads through the

Löwenstein Mountains. Arrival in Ludwigsburg followed by individual departure.

Porsche Museum in Zuffenhausen

Porsche Backstage

Wind tunnel at the R&D Centre in Weissach

'backstage' pass to both the Porsche factory in Zuffenhausen and the Porsche Research & Development Centre in Weissach that is guaranteed to set your heart racing.

Your itinerary

After a reception at the Zuffenhausen plant on the outskirts of Stuttgart, you make your way to the Porsche Museum for a journey through the history of the Porsche marque. After uncovering the past, it's on to the future, and a guided tour of the

Porsche factory. Honoured as Company of the Year 2000, Porsche has one of the most advanced manufacturing facilities in the world, with the Zuffenhausen plant named Factory of the Year. Take the short trip to the R&D Centre in Weissach, where you will accompany a Porsche instructor on the famous Weissach test track to experience the full potential of Porsche engineering. At the end of the day, there's plenty of time to share your experiences over dinner at the Restaurant Empore in Stuttgart's Markthalle (market hall) before individual departure.

Who could ever forget the youthful thrill of being backstage and the experience of meeting one's idols in person. However, this excitement is not the exclusive preserve of teenage fans: the Porsche Travel Club offers you a

Vehicle production in Zuffenhausen

Cayenne in Leipzig

The Cayenne is an extraordinary car built in an extraordinary location: Leipzig. The city has undergone major changes throughout its more than 800-year-long history, and it is still changing today. The charming cosmopolitan city and trade fair venue offers a remarkable

spectrum of historic and cultural attractions including lovingly restored merchants' buildings and arcades. Leipzig was also the site of the peaceful uprising by citizens of former East Germany in 1989. Since the reunification, this flourishing city has experienced a

continuing boom in development. That is why it was chosen as the site for our ever expanding state-of-the-art manufacturing facility – Porsche Leipzig.

Porsche Leipzig offers a comprehensive Porsche experience. It includes the manufacturing

facility for the Cayenne, on and off-road circuits and a unique FIA-compliant test track modelled on sections of famous international racetracks. Discover the world of Porsche in the Porsche Customer Centre that houses a vehicle exhibition and museum, offering an extensive calendar

of events and spectacular views of the 200-hectare Porsche Leipzig site.

Your itinerary

Make your own way to the Porsche complex in Leipzig where you will spend the day discovering the next generation of Porsche vehicles. On a tour of the factory, you will have the opportunity to learn about the whole production process for the Cayenne. After a general introduction by an experienced Porsche instructor, you can test the uncompromising handling and performance of the Cayenne on the tarmac test track, which measures

3.7 km (2.3 miles) in length. Experience the thrills on its sequences, many of which are inspired by some of the world's legendary corners such as the Bus Stop at Spa-Francorchamps, the Loews curve at Monaco or the Corkscrew at Laguna Seca. Accompany a Porsche instructor in a race taxi around the circuit to explore the full potential of the Cayenne Turbo under the safest conditions.

Take to the wheel again on the approx. 6-km (3.7-mile) off-road circuit where you'll discover some of the secrets of all-terrain driving on a number of demanding modules, including a wading trough, a torsion track and a boulder track. You'll also witness how the Cayenne handles challenging ramps and bunkers.

Afterwards, you can share your experiences over lunch, while enjoying

spectacular panoramic views of the proving ground. You can also explore the other attractions at the customer centre, including the Porsche vehicle exhibition covering an area of almost 2,000 m², cinema, conference facilities, test track control centre, VIP lounge, Porsche Design Driver's Selection shop and museum of historic Porsche models. An opportunity to experience automotive passion and the fascination of Porsche in a totally unique way.

Porsche Weekends

Porsche weekends offer you an unforgettable break. Savour some of the most enjoyable and picturesque roads behind the wheel of a Boxster, Cayman or 911.

Explore the beautiful countryside in the heart of Switzerland or around Lake Constance. Discover Germany by Porsche on a tour of the Allgäu, Palatinate, Black Forest or Bavarian Alps. Experience a wealth of cultural highlights on the unforgettable journey from Leipzig to Dresden on our Porsche Weekend: Dresden/Sächsische Schweiz.

Perhaps you'll choose the charming landscapes and the epicurean delights of the Rheingau, or maybe you'd prefer to hone your driving skills in the heart of the Austrian Alps.

Whichever Porsche weekend you choose, it is guaranteed to be a memorable one.

Porsche Weekend: Central Switzerland

If you're dreaming of mountains and Alpine passes, then our new tour is the one for you. After all, Switzerland has so much more to offer than just chocolate and cuckoo clocks. Explore the heart of the country with its fjord-like

lakes and Alpine scenery in a mid-engined Porsche. This delightful tour takes you along the motorway and winding country roads to Lake Zurich and on to Vitznau on the Lucerne Riviera. Enjoy a memorable weekend driving through some of the most spectacular scenery.

Your itinerary

Day 1

Arrive at Porsche AG to collect your car for the weekend, a Porsche Boxster or Cayman, before setting off towards Central Switzerland. Stop off for lunch at the Öschberghof in Donaueschingen and enjoy views of the magnificent golf course nearby. In the afternoon, the tour continues along small country roads towards Lake Zurich. Cross the lake at Pfäffikon, then head for Lake

Lucerne on whose shores the Swiss Confederation was founded in 1291 with the swearing of the Rütli Oath. Arrive at your destination for the night, the Park Hotel Vitznau, where a welcome drink awaits you.

Day 2

What better way to start the day than to enjoy an exquisite breakfast with breathtaking views of the lake, and then to take to the wheel of a Porsche? Set off along the shores of Lake Lucerne to Weggis and then on to Lake Zuger, a very special oasis set against a stunning mountain backdrop, savouring every mile in one of our Porsche sportscars. Stop for lunch at the Hotel Restaurant Adler in the Black Forest before taking the winding roads back to the A81 motorway. Arrival in Ludwigsburg followed by individual departure.

Porsche 911 Weekend: Allgäu

Travel to one of the most beautiful regions of Germany. Take in the incomparable scenery of the Allgäu with its flowering valleys, waterfalls and, last but not least, meandering country roads. Enjoy an unforgettable drive in a Porsche 911, a car that became a legend on this very type of road.

The tour takes you on an interesting route through the Bodensee region to Bregenz, the capital of Vorarlberg in Austria, and on through narrow valleys and high mountains to Oberstaufen in the Allgäu.

The second leg of the tour takes you over the narrow, winding mountain passes of the Allgäu Alps. Savour every last mile in the Porsche 911 on the return journey to Ludwigsburg along the twisting roads through the Schwäbische Alb mountains. An unforgettable weekend full

of unadulterated driving pleasure.

Your itinerary

Day 1

Paying homage to this iconic sports-car, the day begins at 9.11am in Ludwigsburg when you collect your car for the weekend, a Porsche 911. Set off along the winding country roads through the Schwäbische Alb mountains towards Münsingen. Break for a traditional lunch at the Gasthof Herrmann inn before continuing along the meandering route to Bregenz. This town on the shores

of Lake Constance is famous as the home of the largest lakeside theatre in Europe. Continue along the twisting roads back towards Allgäu and your destination for the night, the five-star Hotel Allgäu Sonne in Oberstaufen, where a welcome drink awaits you.

Day 2

Today, the tour takes you to the Tyrol. Enjoy spectacular views of the foothills of the Alps from behind the wheel of the Porsche 911, passing picturesque villages such as Sonthofen and Oberjoch on the way to Pfronten. This idyllic village is situated on a mountain plateau surrounded by towering peaks. Stop for lunch at the

'Schlossanger Alp' restaurant, before taking the motorway back to Porsche AG in Ludwigsburg in preparation for your individual departure.

Dates:

Hotel Allgäu Sonne

Porsche Weekend: Dresden/Sächsische Schweiz

This new tour offers an impressive blend of driving pleasure and cultural highlights. Start out from Leipzig on a drive through the beautiful wine-growing region of the Elbe Valley to Dresden, often referred to as 'Florence on the Elbe' or the 'Venice of the East'. Visit the Church of Our Lady, the

Semper Opera House and the Residenz Palace, or simply relax on the banks of the river Elbe in preparation for the day ahead. On the second day of the tour, you set off from Dresden through the Elbe valley to the 'Sächsische Schweiz' region. Continue along the twisting roads past impressive rock formations, mills and the Königstein Fortress towards the Erzgebirge mountains. The return journey takes you through Glashütte, a town known for producing a very different kind of precision machine – one with cogs instead of wheels.

Your itinerary

Day 1

The day begins with a tour of the Porsche facility in Leipzig where the Cayenne is produced. After collecting your vehicle for the weekend, you set off along the German Avenues Route and Saxon Wine Route through the picturesque Elbe valley to the 1,000-year-old town of Meissen. In the afternoon, after stopping for lunch, the tour continues along the River Elbe to Dresden. After checking in at the Hotel Taschenbergpalais Kempinski, you are free to

explore the city at your leisure. In the evening, enjoy a sumptuous dinner in the stylish 'Alte Meister' restaurant.

Day 2

On day two, you drive towards the Elbe Sandstone Massif, an impressive landscape to the southeast of Dresden which the River Elbe meanders through. In addition to sheer cliffs, unspoilt vantage points and sleepy villages, it also features a number of bends, making it the ideal location for a Porsche driving experience. The journey continues through Königstein, past the clock-making town of Glashütte, and back to Dresden. Stop for lunch in the wine-growing region around Dresden before setting off along the motorway for the return journey to Leipzig, followed by individual departure.

Porsche 911 Weekend: Bavaria

Discover the versatility of the Porsche 911 on a thrilling weekend drive through the splendour of Bavaria's Alpine landscapes. The tour takes you through an enchanting region with magnificent lakes and the Ettal Benedictine monastery before turning onto the famous German

Alpine Road. Enjoy the spectacular views of the foothills of the Alps and breathtaking scenery along the route through the Achen Pass to Walgau, the Sylvenstein reservoir and Tegernsee. The second leg of the tour takes you through the typical Bavarian towns of Bad Tölz and Oberammergau, as well as past the Walchensee and Kochelsee lakes.

Winding roads lead across the Schwäbische Alb mountains before your unforgettable weekend journey in the 911 finally

nears its end on small, picturesque country roads.

Your itinerary

Day 1

Arrive in Ludwigsburg to collect your car for the weekend, a Porsche 911.

After putting your vehicle through its paces on the motorway travelling via Reutte to Garmisch, continue past the Upper Bavarian lakes and the historic Ettal Benedictine monastery and boarding school. Small alpine roads lead the way towards Reutte and Austria. Continue back to Germany via Garmisch,

Entrance to the Dorint Seehotel

Dorint Seehotel Überfahrt

passing through the Bavarian forests on the German Alpine Road and savouring the spectacular views of the foothills of the Alps. The route then leads through the Achen Pass, continuing along small roads with panoramic views to the Sylvenstein reservoir. Arrive at Tegernsee and the Dorint Seehotel Überfahrt, where a welcome drink awaits you. Relax in the hotel's spa facilities before enjoying a sumptuous dinner consisting of several courses.

Day 2

After breakfast, head off in the Porsche 911 towards Bad Tölz. The winding road is lined with magnificent forests. Pass the Walchensee and, once you reach Kochelsee, the route takes you first along demanding country roads towards Oberammergau, then continues

north to the Schwäbische Alb mountains and on to Weiler. Stop here for an exquisite lunch at the unique Forellfischer Restaurant, which farms its own trout. After lunch, head north-west on the small country roads across the Schwäbische Alb mountains back to Ludwigsburg for individual departure.

Porsche Cayenne Tour of South Africa

Enjoy this superb driving tour of South Africa, a captivating country of dramatic mountains and endless sandy beaches. Its dreamy vineyards give way to vibrant, modern cities. It is also famous as a meeting place for

some of the most diverse cultures in the world. Western Cape province is a land of fascinating extremes. It also provides the perfect setting for an adventure tour featuring a car that incorporates some extremes

of its own: the Porsche Cayenne. Cape Town is an ideal base from which to explore this unspoilt wilderness. Before crossing the Baviaanskloof ('Baboon's Gorge') nature reserve, you can learn all about off-road driving –

sometimes on stretches of road used by the Porsche test drivers themselves. Continue along the legendary wine route to Cape Agulhas, where the Atlantic and Indian Oceans meet, before returning to the inviting city

of Cape Town set against the backdrop of the majestic Table Mountain.

Your itinerary

Day 1

Early morning arrival in Cape Town, followed by an approx. 40-minute journey by shuttle bus to Stellenbosch. This remote town on the banks of the River Eerste was founded by Dutch settlers in around 1680. After arrival at the Lanzerac Hotel set in a 300-year-old converted manor house, you will be introduced to your vehicle for the tour, the Porsche Cayenne, and given a brief introduction to the days ahead.

Day 2

Today, you will explore the exceptional off-road capability of the Cayenne with an intensive practice session at the nearby Klipbokkop Mountain Resort, home to one of the most demanding off-road trails in South Africa. Break for lunch before putting everything you have learned into practice in the breathtaking surroundings of the Stettyn Mountains. Spend the night out in the wilds at Camp Klipbokkop.

Day 3

On the third day, you'll leave the wilderness behind and follow Route 62 through a diverse landscape of mountain passes, fruit farms and vineyards. In the evening, sample

some of the exquisite port and Muscat wines for which the region is famous before retiring to your room at the Alte Landhaus Schoemanshoek on the wine route.

Day 4

The whole day is dedicated to exploring South Africa's beautiful scenery. The trip over the Swartberg Pass takes you through a number of rugged rock formations. After a day in the mountains, head for Plettenberg Bay and your hotel for the night, the Tsala Treetop

Lodge. It was not far from here that Vasco da Gama found land in 1497, although his journey here was no doubt slightly less enjoyable.

Day 5

As well as satisfying your taste for adventure, the day tour to Baviaanskloof ('Baboon's Gorge') is an opportunity to demonstrate your skills in the Cayenne. The route runs along narrow mountain tracks through the Baviaanskloof Mountains. Part of a nature reserve covering an area of approx. 218,000 hectares, this is the ideal terrain for the Cayenne and a chance to experience South Africa's rich flora and fauna close-up. Arrive in Plettenberg Bay, where you will spend the night.

Day 6

Travel to Cape Agulhas (Africa's southernmost tip and the official point of division between the Atlantic and Indian Oceans) and then on to Hermanus where it is sometimes possible to spot whales at this time of year. In the evening, you are free to relax on the picturesque beach or visit one of the famous wine taverns.

Day 7

Spend the day relaxing and enjoying the incredible combination of mountains and secluded beaches. Leave Hermanus in the Cayenne, driving along the panoramic coastal road through Pringle Bay and Gordonsbay to the starting point of your tour, the Lanzerac Hotel in Stellenbosch. In the evening, a shuttle bus will take you back to Cape Town where you are invited to a formal dinner before spending your final night at a hotel in the city.

Day 8 (optional)

Explore the many facets of Cape Town – a glorious blend of Cape-Dutch, Victorian, Gregorian and Art Deco architecture – on a guided tour. Stop off at the Cape of Good Hope to visit a penguin colony before spending the night at Ellerman House in Bantry Bay,

Porsche Tour of Chile/Argentina

The longest mountain range on earth, the Andes stretch for 7,500 km (approx. 4,660 miles) to be precise. The highest peak is the Aconcagua, which stands at 6,959 metres. Explore the

region's fantastic formations and far-stretching plateaux in a

Porsche sportscar. Drive along barren mountain passes and flower-filled valleys until you reach

another superlative: the longest road running from north to south, the Panamericana covers a total distance of 25,750 km (approx. 16,000 miles) and has been the

site of many a spectacular race. After so much adventure, you can sit back and savour some of the best wines that Argentina and Chile have to offer.

Your itinerary

Day 1

Individual travel to San Carlos de Bariloche Airport in Argentina, where you will be greeted and transferred to your hotel in a Porsche Cayenne.

Day 2

Take to the wheel of a Porsche for the drive along the Lago Nahuelhuapi and over the Cardenal Antonio Samoré Pass in the Puyehue National Park to Chile.

Grand Hyatt Santiago

Arrive at the Termas de Puyehue Hotel, situated on the shores of Lago Puyehue in the heart of this 117,000-hectare nature reserve.

Day 3

Set off for San José de la Mariquina in one of our Porsche sportscars, passing through Osorno along the way. Explore the picturesque lake-land scenery in the heart of the sprawling national park on the drive to Temuco, a town in Southern Chile that is home to many German-speaking Chileans. After enjoying dinner at the Villarrica Park Lake Hotel, you can relax and recharge your batteries in preparation for the day ahead.

Day 4

Today, you will drive along the major valley that runs along the total length of Chile. Stop for lunch in Los Angeles, the capital of the Bío-Bío region. In the afternoon, the tour takes you to Chillán where you will spend the night.

Day 5

This leg of the tour takes you along a road that is shrouded in legend: the Panamericana. After stopping off in Talca, you continue along magnificent country roads

into the Colchagua Valley, a famous wine-growing region. After check-in at the Santa Cruz Plaza Hotel, you can sample the quality of the local wines for yourself at a wine tasting session, followed by dinner at the Vina Bisquert winery.

Day 6

Set off for Santiago de Chile, the Chilean capital situated in a basin surrounded by the Andes Mountains. Stop for lunch en route at the Hacienda los Lingues before visiting the cathedral on Plaza de Armas or the Presidential Palace. Arrival at the Grand Hyatt Santiago, followed by dinner at one of the city's most popular restaurants.

Day 7

The final leg of this action-packed tour takes you along the Río Aconcagua through the Andes and up to Paso Sisterna Cristo Redentor, which stands at around 3,200 metres. From here, you can enjoy breathtaking views of the Cerro Aconcagua – the highest peak in America at 6,962 metres. Stop for a picnic before continuing on through Uspallata to Mendoza in Argentina, a region famous throughout the world for its outstanding wines. After arriving at

the Cavas Wine Lodge Hotel, you have the opportunity to sample these for yourself at the Pulenta Estate winery. In the evening, dinner at the hotel offers a chance to relax and share the unforgettable experiences of the tour.

Day 8

Return transfer to Mendoza Airport in a Porsche Cayenne for individual departure.

Dates:

11.01. – 18.01.2007
20.01. – 27.01.2007

Porsche Tour of Bavaria/the Black Forest/Heidelberg

Explore some of Germany's most beautiful regions on this new seven-day tour in one of our Porsche sportscars. Offering a combination of meandering country roads and long stretches of motorway, an exhilarating

drive is guaranteed. Head south from Ludwigsburg, stopping off to visit the famous Neuschwanstein Castle and the Bavarian capital, Munich, along the way. Admire the panoramic Alpine scenery at Lake Constance before

continuing on to another impressive highlight: the Black Forest Ridgeway. Pass through some stunning scenery on your journey through the historic towns of Heidelberg, Rothenburg ob der Tauber and Nuremberg.

Savour every mile behind the wheel of one of the remarkable sportscars that has written automotive history for more than half a century.

Your itinerary

Day 1

Arrive in Ludwigsburg to collect your Porsche sportscar before setting off along the motorway to Munich. Check-in at the Hotel Bayerischer Hof, followed by lunch. In the afternoon, you have some free time to explore Munich at your leisure. In the evening, visit the Hofbräuhaus beer hall (in July) or the Oktoberfest (in September).

Day 2

Drive around Lake Starnberg to Murnau on Lake Staffelsee, where you break for lunch and enjoy spectacular views of the mountains and the Murnauer Moos nature conservation area. Drive along the German Alpine Road to the fairytale Neuschwanstein Castle built by

King Ludwig II before spending the night in a nearby hotel.

Day 3

Drive through the Allgäu towards the mighty Alps, heralded by the sight of the Hahntennjoch Pass at a height of 1,894 metres. Savour the impressive scenery and charming route on the journey to your destination for the night, the Hotel Bayerischer Hof in the island town of Lindau on Lake Constance.

Soak up the atmosphere of one of Europe's most idyllic border regions on a boat trip with dinner on board.

Day 4

After the twisting mountain roads of the previous day, this leg of the tour offers a mix of country roads and fast stretches of motorway.

Stop for lunch at the Traube Tonbach restaurant in Baiersbronn before heading along the idyllic Black Forest Ridgeway to Baden-Baden. Continue along the motorway to the venerable university town of Heidelberg. Enjoy dinner in the town centre before retiring to your well-appointed room at the Europäischer Hof Hotel.

Day 5

Spend the day exploring Heidelberg. Home to Germany's oldest university, the town is also famous for its romantic castle ruins. After visiting Heidelberg Castle in the morning, you are free to spend the rest of the day as you please – browsing through the shops or strolling around the winding lanes of the old town.

The island town of Lindau on Lake Constance

Day 6

Take a journey back in time in one of our Porsche sportscars, driving through the magnificent Neckar Valley and along the Swabian Wine Route to the medieval town of Rothenburg ob der Tauber. Camp Dolomites

The unique and magnificent Dolomite region spans the Reschen Pass, the Trentino mountains and the Bellunese Dolomites. Trentino is famous for its sun-drenched valleys while the impressive rocky

crags of the Dolomites are a striking symbol of South Tyrol. Put your Cayman through its paces during the four-day Camp Dolomites and experience an unforgettable journey into the outstanding mountain landscapes, taking in high roads

affording breathtaking views of the mountains. Pass through small farming villages, discover enchanting secluded roads and stop for well-earned breaks at charming taverns offering a range of local specialities.

Your journey in the Cayman will be a feast for the eyes with blossoming hillsides and deep-blue mountain lakes overlooked by majestic rocks. Enjoy sights such as Brixen, Meran, Bozen, the Grödner Joch, the Valparola

Pass and the Jaufen Pass. Put the Cayman to the test on this spectacular course covering several thousand metres in altitude.

Your itinerary

Day 1

Arrive at Ludwigsburg to collect your car, a Cayman, and then embark upon the first leg of your journey to South Tyrol. You will be accompanied throughout the four-day tour by a trained Porsche guide. Look forward to a first-class stay at the Vital Stadthotel Goldene Krone in Brixen, south of the Brenner Pass near Bozen, which will serve as your base for the next few days. In the evening, you are invited to attend a briefing about the days ahead. This is followed by a delicious dinner at the hotel.

Day 2

Straight after breakfast, set off from Brixen for the drive out into the mountains in the Cayman. The route takes you across the Grödner Joch, Valparola Pass and Pordojoch, and back to Brixen, stopping for lunch in a stylish restaurant along the way. The mountain peaks tower above the surrounding landscape, reaching a dizzy height of 3,181 metres.

This is certainly not a tour for the faint-hearted. Return to Brixen in the evening before enjoying dinner at the Fink Restaurant, which is famous for its regional specialities.

Day 3

The next day promises to be just as exciting. The route winds its way from Brixen to Bozen, continuing on through the Mendel Pass, Fondo, Castelfondo, Laurein and Proveis to Meran. And that's just in the morning! Stop for lunch at the Fragsburg Restaurant where you can share your experiences with your fellow travellers. In the afternoon, head off through the Passeier Valley to the Jaufen Pass that, at 2,099 metres high, links the Passeier Valley to the Wipp Valley near Sterzing. Return to Brixen where this exhilarating day draws to a close with a first-rate dinner.

Day 4

Enjoy breakfast in the hotel, before setting off along the motorway in the Cayman for the return journey to Ludwigsburg followed by individual departure.

Desert Camp/Desert CampS Dubai

Once a humble Bedouin fishing village, Dubai has developed into a fascinating and cosmopolitan centre of commerce within the space of just a few decades. With

its striking skyline, magnificent boulevards, shopping centres and marinas, it has become a symbol of 21st century modernity. With all the accoutrements of

a world-class metropolis including the world's tallest hotel, an indoor skiing centre, golf courses and a Formula One racetrack, it presents a vision

of the future that arises like a mirage from the desert. Experience real adventure behind the wheel of the Cayenne at Desert Camp or finely hone

your off-road driving skills on even steeper dunes and even more demanding off-road sections at Desert CampS.

Your itinerary

Day 1

Individual travel to Dubai International Airport, where you will be greeted by your tour guide and transferred by Porsche Cayenne to the Bab Al Shams Hotel. Spend the rest of the day at your leisure.

Day 2

Top-class breakfast at the hotel, after which you take to the wheel

take your first desert excursion through the dunes and back to the Bab Al Shams Hotel where you can relax over dinner in preparation for the following day.

Day 3

After breakfast at the hotel, today's adventure begins with driver training in the impressive dunes near Al Madam. After stopping off for lunch in the desert, enjoy an exciting quad bike tour to the Sunset Bar, where

Dar Al Masyaf Hotel in Dubai with your instructor in the Porsche Cayenne.

Day 4

Enjoy breakfast at the hotel, before driving to Al Shwaib where the adventure continues over sand dunes and through dry riverbeds. You will be served lunch in the desert before taking the desert highway back to Dubai in the late afternoon. In the evening, you will be taken in the Cayenne to the world-famous Burj Al Arab Hotel. Relax over a cocktail in the Juna Lounge before dining in the only underwater restaurant in Dubai. After the exclusive dinner, you will be transferred back to the Dar Al Masyaf Hotel by Cayenne.

Day 5

Your tour guide will take you to Dubai International Airport for individual departure.

Desert CampS

Desert CampS participants must have already completed the Desert Camp course. At Desert CampS, the specially designed training sections are even more demanding. The course also includes a half-day

driving course at the Dubai Autodrome Formula One racetrack.

of a Porsche Cayenne for the 15-minute drive to Desert Camp. After a brief introduction, you will then put the Cayenne through its paces on three different driving sections under the guidance of Porsche instructors. Later in the afternoon,

you can sip champagne while watching the sun setting over the dunes and a falconry display. Afterwards, you make your way by camel to a typical Arabian Bedouin tent for a traditional-style evening with dinner. Travel to the

Camp4/Camp4S Finland

Test facility at the Arctic Driving Center

There's no better location for winter driver training than the Arctic Circle, or more precisely the Arctic Driving Center in Finland. Take to the wheel of a 911 Carrera 4, 911 Carrera 4S or Cayenne S and hone your car control skills on ice and snow. Experience all types of conditions

including a black-ice slalom and the off-road circuit with the benefit of expert guidance from Porsche Sportfahrschule instructors.

After the training, you'll also get the opportunity to explore the endless expanse of Lapland's countryside on snowmobiles, quad bikes, go-karts and snow-cross machines.

Camp4

The test facility at the Arctic Driving Center is an ideal location for safely practising your driving skills under some of the most challenging winter conditions. First, the Porsche instructors will teach you the basics of safety-conscious driving and driving dynamics. Under controlled conditions, you will learn how to brake effectively, change direction and approach a slippery ascent. The course will also enable you to understand – and drive within – the limits of your car, practise various drift techniques and complete a reverse turn on ice and

snow. During the theory seminar, our instructors also carry out an individual assessment of your driving style.

Camp4S

Once you have mastered Camp4, you're ready for the challenges of Camp4S. Specially designed training sections enable you to experience a new dimension in driving dynamics. As safe driving on snow and ice is something that requires a great deal of practice, you will spend as much time as possible behind the wheel. You will also learn special drift techniques such as downhill drift, double 8 drift, reverse turns and handbrake turns. At the end of each day of training, the Porsche instructors will assess you to see how much you have learned.

Ticket Service

At Porsche, sporting excellence doesn't stop at the wheel of our cars. The Porsche Travel Club can also offer you some of the best tickets to various top sporting events.

We provide a ticket service giving access to exciting highlights of the motor racing season, such as the Porsche Carrera Cup and the Porsche Supercup, as well as to one of the most established events on the WTA calendar: the Porsche Tennis Grand Prix. If you don't wish to take up the challenge yourself, it can be just as exciting being a spectator – provided you've got the right seat.

Porsche Carrera Cup 2007

The Porsche Carrera Cup is one of the most popular events in the German motor racing calendar, offering you the chance to see both experienced drivers and young, amateur racers fighting it

out to the last hundredth of a second. The tension is heightened by the fact that all the cars have exactly the same specifications, placing the emphasis on the skills of the drivers and their teams.

You can also gain an insight into life in the pit lanes and the drivers' paddock and maybe even get a few insider tips. In addition, the racing weekend package includes refreshments, between races, at the Porsche hospitality stand, which is located directly within the drivers' paddock. Savour the

thrilling atmosphere, hospitality and entertainment, while learning all about motor racing from the commentary and interviews.

Our visitor package offers you the chance to experience the Porsche Carrera Cup first-hand with access to the Porsche stand and drivers' paddock, as well as refreshments at the Porsche hospitality stand on Saturday and Sunday.

Porsche Supercup 2007

As every year, the Porsche Supercup 2007 will be held in conjunction with the Formula One World Championship. Each Supercup package includes five-star Porsche hospitality at the Formula One Paddock Club. The package also includes a scheduled tour of the Formula One pits, as well as refreshments and a race programme. Dates and prices for the Porsche Travel Club will be available from February/March 2007.

For details, please contact the Porsche Travel Club on tel. +49 (0) 711 911-78155, e-mail us at travel.club@porsche.de, or visit us online at www.porsche.com.

Porsche Tennis Grand Prix

For tennis enthusiasts, the Porsche Travel Club also offers tickets to this popular women's tournament which has been held at the new Porsche Arena since 2006. So whether you have time for just a single match, a day's live tennis or even a whole

week's play, contact the Porsche Travel Club to enjoy a perfect view of the action as well as refreshments in the Porsche VIP area.

For more information, please contact +49 (0) 711 911-27713 or visit us online at www.porsche.com.

Porsche Sportfahrschule

At Porsche, evolution does not stop at our sportscars.

It extends to the whole driving experience.

Hone your driving skills both on and off-road and on ice as part of a truly unique driving experience. Porsche Sportfahrschule offers you training courses that comply with international standards and our highly trained instructors enable safety-conscious drivers to take their skills to another level.

All courses offered by the Porsche Sportfahrschule can also be booked as an incentive package. The following pages provide an insight into our training content and the various venues located throughout the world.

For further details, visit us online at www.porsche.com or refer to the Porsche Sportfahrschule catalogue.

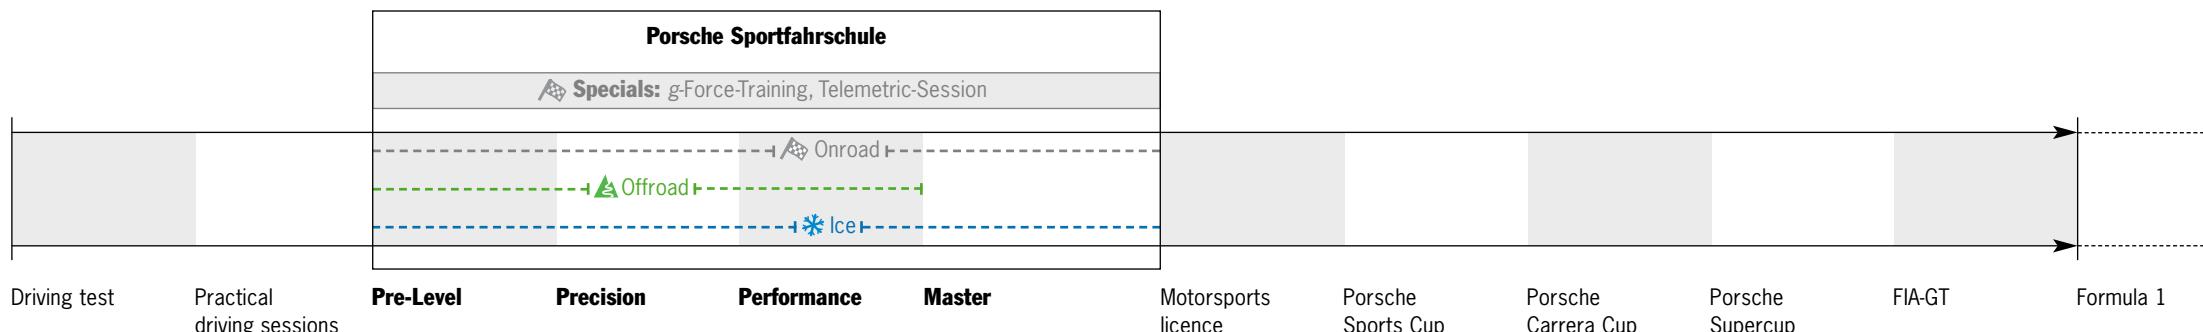

Training Offer

Porsche Sportfahrschule offers a vast range of training courses to suit all levels and requirements. Take to the wheel and experience the excitement of on-road training on some of the world's most famous circuits

or in dedicated safety driving centres. If you prefer a different kind of challenge, leave the tarmac behind and opt for a course on the off-road circuit at the Porsche site in Leipzig or in the desert of Dubai.

The Ice training courses in Austria, Sweden and Finland will enable you to practise driving in some of the most challenging winter conditions.

We help you to achieve more than you ever thought possible.

Once you've got the introductory Porsche training course, the so-called Pre-Level, under your belt, you're ready to hone your skills in the advanced courses, namely Precision, Performance and Master. You have to get the precision right before you can enhance your performance, and once you've done that there's nothing to stop you from becoming a master. As illustrated above, the training levels offer you the option of Onroad, Offroad or Ice training, enabling you to test your driving skills under different track conditions. The

one-day Pre-Level courses teach the basics of safety driver training. However, participation in these courses is not a prerequisite for the next level up, the two-day Precision training. First-time participants can start straight away with the Precision training. Porsche courses offer a uniform training content at international level and are recognised around the world, which means you can switch between courses at all of our training venues. Professionally trained Porsche instructors are at hand throughout. In some countries, you can use your own vehicle, regardless of its make, or hire a Porsche for the duration

of the course. In other countries, Porsche vehicles are provided as part of the package. We also offer some special courses that deal with topics such as controlled drift or innovative measurement techniques lifted directly from the world of motorsport (telemetry). In some countries, Porsche offers drivers who like to live life in the fast lane other interesting driving programmes, such as the Porsche Sports Cup in Germany.

The following pages provide a brief overview of what is included in the training courses.

Training Levels

Pre-Level

The Pre-Level training course provides first-time participants at the Porsche Sportfahrschule with a useful introduction to the principles of car control. Skills include effective braking techniques and how to correct understeer and oversteer, approaching and entering blind corners, throttle control and taking evasive action. Participants will also have the opportunity to test a Porsche sportscar

when practising individual skills on specific sections of the circuit, and learn about reducing fuel consumption when driving dynamically. The Offroad Pre-Level course is aimed at participants who have little or no previous knowledge. You will learn how to correctly assess a range of different terrains and gradually understand the potential of an off-road vehicle. In short, you'll learn all you need to know about cross-country driving, including how to use wheel articulation and handle ascents and descents. The Pre-Level course also includes an

Ice training option that teaches safe vehicle control, even under wintry conditions.

Precision

Precision training is also available for first-time participants at the Porsche Sportfahrschule. The entire training course is built around the principle of precision. In addition to detailed communication of the basics, the driving style of all participants is assessed individually. The course is much more in-depth

than the Pre-Level and also includes an unforgettable module where drivers can complete full laps of the circuit. Completion of this course is a prerequisite for participation in the Performance training course at the Porsche Sportfahrschule. The off-road training course in Leipzig offers the same content as the Pre-Level course. However, it also includes an additional day's driving during which you can explore the full potential of your vehicle on a range of different sections. The Ice training course at this level

is held on the test track of the Arctic Driving Center at Camp4 in Rovaniemi, Finland, or in Lungau in the Austrian Alps.

Performance

First precision, then performance: the Performance level is for advanced participants who have completed the Precision training. This course is designed to develop your car control skills further, with advanced tuition on steering and cornering on some extremely

challenging circuits. Out on the racetrack, our instructors will show you how to find the racing line and the correct braking techniques when approaching a corner. This level continues to develop the various cornering techniques taught in the Precision training, but concentrates more on lapping. All applicants must have completed the Performance training course at the Porsche Sportfahrschule before they can participate in the Master training.

The Ice training at Performance level communicates driving skills under difficult weather conditions, for example, at Camp4S in Rovaniemi, Finland, where the Arctic Driving Center provides the ultimate challenge.

**Master**

Once you have completed the Performance training at the Porsche Sportfahrschule, you can move on to the challenges of the Master training. Alongside the intensive safety-related content already touched upon in the Performance training course, it includes a range of other motorsport-oriented features, such as heel-and-toeing and safe overtaking manoeuvres. After successfully completing the Master training, you can turn your attention to motorsports. Participants may apply for an

international A licence from the German Motor Sport Association (DMSB) within six months of successfully finishing the course

(available to German residents only). For further details on motorsport-oriented licence programmes in your country, please contact your local Porsche partner (see pages 112–115).

The Ice training course is held in Åre/Kall in Sweden. With specially designed training sections, the course teaches you safe vehicle control, even in extreme conditions.

Special training*

Special training courses are available for first-time participants at the Porsche Sportfahrschule, although applicants must demonstrate a basic knowledge of driving dynamics and vehicle control.

g-force training

If you have a high-performance car that is either not equipped with an electronic stability programme or on which this system can be disabled, and you wish to discover

your true potential as a sportscar driver with no intervention from electronic aids, then this is the training course for you. You will learn how to apply the throttle more effectively, successfully bring your vehicle back under control, manage load changes to achieve a smoother ride and maintain a controlled slide through corners.

The second day of the course consists largely of unrestricted circuit driving, giving you the opportunity to put what you have learned into practice.

Telemetric session

They say that the camera never lies. Nor do data recordings. Polish your driving style with the measuring techniques used by professional racing drivers. Sharpen your racing line and use the data log to chart your success. Porsche professionals from the world of motorsport and measuring technology are on hand to help with tips for improving your driving style and vehicle setup. The number of

training places is limited to ensure you get maximum benefit from the course.

* Not all national partners offer all the special training courses described in the above. The training content may vary from country to country.

International Racetrack Highlights

Mt. Cotton (AUS)

The Porsche Sportfahrschule offers an extraordinary driving experience allowing you to follow in the tracks of professional racing drivers at the venues of some of the most thrilling events on the motor racing calendar. Our courses are designed to teach you how to handle your vehicle safely in dynamic driving situations, at high speeds and on a variety of curves. If you are ready for the challenge, all that remains is to choose which of the courses is for you. The following should help you with this decision.

Nürburgring 'Nordschleife' (D)

The 'Nordschleife' is the most attractive section of the track between Hatzenbach and Döttinger Höhe. The courses at this superlative racetrack covering 20.8 km (12.9 miles) are designed to teach you what driving discipline is all about, while at the same time ensuring that you enjoy every minute. The name alone is sufficient to inspire the respect and admiration of any racing enthusiast.

Hockenheimring (D)

This circuit offers the ideal conditions in which to develop a whole range of different driving skills. Safety zones and realistic

road conditions, such as tight and blind corners, make the Hockenheimring an absolute must. Take to the wheel and learn optimum cornering at high speeds and experience the thrill of the 'Motodrome' first-hand.

Imola (I)

The Rivazza approach at Imola is simply an unforgettable experience. Spanning a distance of 4.933 km (3.066 miles), the technically demanding track communicates the sheer thrill of the race and conveys the 'dolce vita' of Emilia-Romagna.

Magny-Cours (F)

This Formula-1 circuit with its tight corners and acceleration and braking zones offers an unforgettable combination of high speed and the beautiful surroundings of the Loire Valley.

Spa-Francorchamps (B)

Spa-Francorchamps is one of the world's most fascinating racetracks. Much of its fearsome reputation comes from the fast uphill and downhill stretches, as well as from the Eau Rouge, La Source and Blanchimont corners.

Barber Motorsports Park (USA)

The Barber Motorsports Park in Alabama is one of the newest tracks in the USA. Spanning a distance of 3.8 km (2.4 miles), it features varied curves and the very latest racetrack technology, all set against the glorious backdrop of the southern states.

Mt. Cotton (AUS)

A 50-minute drive north of the Gold Coast, this training area with its own road network covers 45 hectares of bush land. The course features all important road conditions, as well as an off-road

terrain with sections that represent a challenge for first-time participants and experts alike.

Suzuka (J)

This highly diverse racetrack is 5.8 km (3.6 miles) long and boasts almost every type of conceivable curve. As either the last or the penultimate event in the Formula-1 calendar is held here, it has seen many a world championship come to a thrilling conclusion.

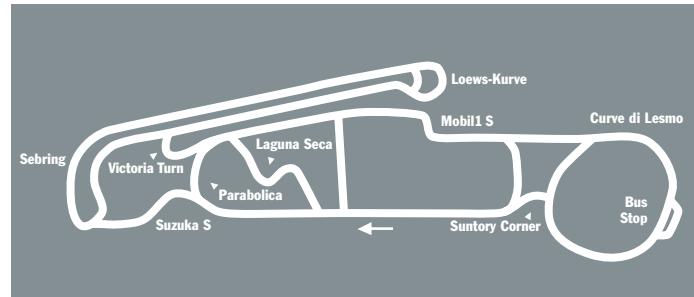

Magny-Cours (F)

Porsche Sportfahrsschule in Leipzig

- **No. of corners:** 10
- **Track length:** 3.7 km (2.3 miles)
- **Difference in altitude:** 12 m
- **Track width:** 12 m

Measuring exactly 3,707.109 m in length, the Porsche test track in Leipzig features ten spectacular sequences inspired by some of the world's most challenging corners. Discover the thrill of driving through sections reminiscent of legendary circuits where racing history has been written. The first bend, based on the S Curve at Suzuka, requires the highest levels of concentration, while the next right-hand corner generates the same lateral acceleration you'd experience at Sebring. The following section is modelled on the difficult Loews curve at Monaco. Then it's time to master another hairpin bend similar to the Victoria Turn, before taking the ideal racing line through the Mobil1 S chicane as if you were at the Nürburgring. After the corner reminiscent of the Curve di Lesmo, you'll accelerate out of the tough left/right sequence

The corners shown were directly inspired by some of the world's legendary racetracks.

as if you were at the Bus Stop at Spa-Francorchamps. After a curve based on the Suntory Corner, you'll find yourself in the finishing straight ready to start the next lap with a 10 metre-high serpentine followed by a steep chicane similar

to the Corkscrew at Laguna Seca. Alternatively, you can take the 180-degree bend based on the Parabolica at Monza or have another go at the corner modelled on the S Curve at Suzuka.

While featuring sections based on some of the world's most historic corners, the rest of the Porsche test track in Leipzig is extremely modern. It boasts state-of-the-art technology, generous run-off and safety zones, and 30 cameras for

accurately capturing your best lap. Our test track is FIA-compliant and has been fully approved for professional competition use. Participants on on-road training courses at the Porsche

Sportfahrsschule in Leipzig are given the opportunity to complete an off-road section, while all off-road courses include an on-road section on the FIA-compliant test track.

Terms and Conditions

In association with Porsche, max.sense Marketing GmbH, the tour operator, offers the tour packages described in this catalogue as part of the Porsche Travel Club programme. The terms and conditions of travel hereinafter set forth shall apply to the travel and as such will be deemed as binding by the customer upon booking. We shall endeavour whenever and wherever possible to spare you any unnecessary inconvenience during your tour with Porsche Travel Club. In setting the frame for the scope of our liability, our intention is to ensure you have a clear picture of what you can expect and what we are responsible for. Furthermore, the 'General Conditions of Transport', available from us upon request, shall apply to all flights with scheduled services provided by international airlines.

1. Registration, Tour Confirmation

1.1 Your travel registration represents your consent to a binding contract with the tour operator. The travel contract is effective upon confirmation of the travel package tour by the tour operator.

1.2 Insofar as the person making the travel tour reservation expressly stipulates that he or she will be held liable for any and all contractual obligations on the part of other persons stated in the reservation, he or she will be held liable for any and all claims addressed to these persons in addition to these other persons' liability.

1.3 Insofar as the tour confirmation deviates from the registration made at a prior date, we shall make express reference to such changes in the confirmation document. We shall be bound by this new offer for a period of 10 days. The contract shall be effective based on this new offer upon receipt of your consent or payment within 10 days.

1.4 Advance registrations are registrations for travel tours in the coming season not yet advertised. They shall be processed in order of receipt by post and converted into actual reservations as soon as the catalogue for the relevant season is published. Reservations may only be considered within the limits of tour and space availability. Your rights under clause 1.3 of these terms and conditions shall not be affected.

2. Payment

2.1 A deposit payment of 30% of the tour price must be made upon receipt of the tour confirmation and reservation guarantee voucher. The balance must be paid 30 days before the beginning of your holiday. Please note that a reminder will not be issued. Special conditions shall apply to the following holidays:

Frankfurt International Motor Show (IAA), Porsche Backstage, Cayenne in Leipzig, Porsche Alpine Tour, Porsche Tour of Burgundy and Alsace, Porsche Tour of Bavaria/the Black Forest/Heidelberg, Camp Portofino and Camp Dolomites:

deposit payment of 50% with balance to be paid two months prior to departure;

Porsche Tour of Provence/Côte d'Azur, Porsche Tour of Chile/Argentina, Porsche 911 Tour of the Pyrenees/Barcelona, Porsche 911 Tour of Scotland, Desert Camp/Desert CampS Dubai:

deposit payment of 50% with balance to be paid one month prior to departure;

Porsche Cayenne Tour of South Africa:

deposit payment of 30% with balance to be paid by 01.08.07;

Camp4:

deposit payment of 30% with balance to be paid by 01.11.2006.

In the case of registrations made after

30 days prior to the beginning of the respective holiday, the full tour price shall become payable immediately upon receipt of the tour confirmation and reservation guarantee voucher. In order to protect payments made by customers, the tour operator has arranged insolvency insurance with Tour Vers, Touristik-Versicherungs-Service GmbH, Borsteler Str. 51, 22453 Hamburg. An excerpt from Article 651 k (1)-(4) BGB (German Civil Code) reads as follows:

I.

The tour operator must ensure that the traveller shall be reimbursed for:

(1) the tour price paid if the travel services are cancelled due to insolvency of the tour operator; and

(2) any necessary expenses incurred by the traveller for the return journey due to the insolvency of the tour operator.

The obligations stipulated in sentence 1 can only be fulfilled by the tour operator: (1) through an insurance policy with an insurance company authorised to conduct business within the scope of application of this law or

(2) by undertaking to make payment through a bank authorised to conduct business within the scope of application of this law.

II.

The insurance company or bank (customer deposit insurer) can limit its liability for the amounts to be reimbursed in total by it in any year according to this law to Euro 110 million.

If in any year the amounts to be reimbursed in total by the customer deposit insurer under this law exceed the maximum amounts stated above, individual

reimbursement claims shall decrease in the proportion of the total amount to the maximum amount.

III.

To fulfil its obligations in accordance with section I, the tour operator must procure direct claim for the traveller against the customer deposit insurer and provide proof by supplying a confirmation issued by or on behalf of this company (reservation guarantee voucher). "..."

IV.

Tour operators and travel agencies may only demand or accept payments on the tour price by the traveller before completion of the tour, provided that a reservation guarantee voucher has been issued to the traveller. "..."

Accordingly, the tour operator has made provisions for cover against this insolvency risk with Tour Vers, Touristik-Versicherungs-Service GmbH, Borsteler Str. 51, 22453 Hamburg.

2.2 Payment of both the deposit and balance must be made to the tour operator following issue of the reservation guarantee voucher, and no later than upon receipt of the respective travel documents.

2.3 If the tour price has not been paid in full by the time the tour commences, the tour operator may declare the contract null and void after issuing a reminder and stipulating a deadline for final payment. Notice of cancellation does not have to be provided. If the contract is not declared null and void, the tour operator is entitled to charge interest on the outstanding amount in accordance with Article 288, Section 1 of the BGB (German Civil Code).

If the travel has been booked by a company, the tour operator is entitled to charge the company interest on the outstanding amount from the date of departure, without having to issue a reminder, in accordance with Article 288, Section 2 of the BGB (German Civil Code).

3. Services and Prices

3.1 The services agreed upon under the

contract devolve from those described in our catalogue, in the form in which they have become the basis for the contract, as well as from any related information in the tour confirmation, also in the form in which they have become the basis for the contract. We may, prior to contract closing, amend particulars in the catalogue, and the traveller shall, of course, be informed accordingly prior to accepting his or her tour reservation.

3.2 Flights shall be on scheduled carriers. You shall fly tourist class as standard. However, you may also opt to fly business class or first class against payment of a surcharge at the applicable rate. Transport is carried out based upon the terms and conditions of the respective carrier, and such terms and conditions shall be made available to Porsche upon request.

We apologise in advance for any inconvenience that may be caused if, on account of organisational requirements on the part of the carrier, your outward flight departs in the afternoon or evening and/or your return flight departs in the morning or before midday.

3.3 Services not availed upon by the traveller:

If individual travel services are not availed upon due to premature return or for any other important reason, the tour operator shall endeavour to obtain reimbursement in the amount of the savings incurred by the organisation providing these services. This shall not be required if the services represent a negligible sum or in the case of legal or official objections to reimbursement.

The tour operator shall deduct 20% from the amount remunerated as compensation for additional effort and costs.

4. Amendments to Services and Prices

4.1 Whereas there may be deviations in and amendments to individual travel services as agreed in the contents of the travel contract, which were not caused by breach of good faith by the tour operator, these shall only be reimbursed if amend-

ments and deviations are material and prejudice the overall concept of the tour booked. Potential warranty claims are unaffected insofar as the amended services are defective. The tour operator is obliged to inform the customer immediately of deviations in and amendments to the services to be provided. If these constitute major changes which significantly alter the character of the tour, the customer will be offered the possibility of either changing or cancelling his reservation without charge.

4.2 We are authorised to make changes in terms of airline, aircraft or the outward or return airport, respectively, for important reasons insofar as this may be deemed acceptable to the traveller. Amendments to the timetable are also possible. In the event that a substitute means of transport is required, costs for travel by rail in 2nd class shall be paid by the operator.

4.3 The tour operator reserves the right to amend prices advertised and confirmed in the reservation in the event of increases in transportation costs or costs for certain services such as port or airport charges to the extent that the increase in transport charges or costs for certain services per person or per seat shall affect tour prices, provided more than four months have passed between receipt of the tour confirmation and the agreed travel date. In the event of a subsequent amendment to the tour price or an amendment to a material travel service, the tour operator must notify the customer immediately, at the latest 21 days prior to commencement of the tour. Increases in prices after this time shall not be admissible. The customer is authorised, in the case of price increases of more than 5% or in the case of a significant amendment to a material travel service, to withdraw from the contract without charge or request to take part in another tour of at least equal value, should the tour operator offer such a tour in his catalogue without causing additional expense for the customer.

The traveller is obligated to make any relevant claims against the tour operator

immediately after the tour operator declares the increase in price or amendment to the travel service.

4.4 Furthermore, due to local weather conditions, some of the mountain passes featured in the itinerary may not be accessible. In this case, your local guide will inform you about alternative routes on the day.

5. Cancellation by the Customer, Reservation Changes, Transferability

5.1 The customer may cancel his or her participation in the tour at any time. The receipt of the notice of cancellation by the tour operator is decisive. The traveller is recommended to make any cancellations in writing and in provable form (registered post or fax with transmission report). If the customer cancels the travel contract or fails to participate in the tour, the tour operator may require compensation for travel arrangements made as well as for expenses incurred as a result. In calculating compensation, any feasible other usage of the travel service will be considered.

The following general cancellation conditions shall apply:

a cancellation charge consisting of costs incurred up to 91 days prior to commencement of the tour by way of telex, telephone, postage and correspondence shall be levied per traveller. Up to 40 days prior to commencement of the tour: 30% of the tour price. Up to 15 days prior to commencement of the tour: 50% of the tour price. From 14 days prior to commencement of the tour: 100% of the tour price.

Different cancellation conditions shall apply to the following tours:

Frankfurt International Motor Show (IAA), Porsche Backstage, Cayenne in Leipzig, Porsche Alpine Tour, Porsche Tour of Burgundy and Alsace, Porsche Tour of Bavaria/the Black Forest/Heidelberg and Camp Dolomites: for cancellation up to 91 days prior to commencement of the tour: flat rate of

Euro 80 per participant; up to 60 days prior to commencement of the tour: 50% of the tour price; up to 30 days prior to commencement of the tour: 75% of the tour price; from 29 days prior to commencement of the tour: 100% of the tour price.

Porsche Tour of Provence/Côte d'Azur: for cancellation before or on 03.01.2007: flat rate of Euro 80 per participant; before or on 03.03.2007: 50% of the tour price; before or on 03.04.2007: 75% of the tour price; after 04.04.2007: 100% of the tour price.

Porsche Cayenne Tour of South Africa: for cancellation before or on 01.08.2007: 75% of the tour price; for cancellation after 02.08.2007: 100% of the tour price.

Porsche Tour of Chile/Argentina: for cancellation before or on 30.09.2006: flat rate of Euro 80 per participant; for cancellation after 01.10.2006: 100% of the tour price.

Porsche 911 Tour of the Pyrenees/Barcelona: for cancellation before or on 31.03.2007: flat rate of Euro 80 per participant; for cancellation after 01.04.2007: 100% of the tour price.

Porsche Tour of Scotland: for cancellation before or on 21.05.2007: flat rate of Euro 80 per participant; before or on 21.06.2007: 75% of the tour price; after 22.06.2007: 100% of the tour price.

Camp Portofino: for cancellation up to 120 days prior to commencement of the tour: flat rate of Euro 80 per participant; up to 60 days prior to commencement: 50% of the tour price; up to 30 days prior to commencement: 75% of the tour price; within 29 days prior to commencement: 100% of the tour price.

Desert Camp/Desert CampS Dubai: for cancellation before or on 30.06.2007: flat rate of Euro 80 per participant; for cancellation after 01.07.2007: 100% of the tour price.

Camp4/4S: for cancellation before or on 01.11.2006: 75% of the tour price; for cancellation after 02.11.2006: 100% of the tour price.

5.2 If, up to 45 days prior to departure, for a date which is within the timeframe as advertised in the catalogue, amendments are made at the customer's request with respect to the dates and destination of the tour, location, departure date of the tour, accommodation or the type of transport (change in the reservation), a surcharge of Euro 40 per traveller shall be levied. Requests by the customer to alter his or her reservation(s) after this period of 45 days may, if at all possible, be carried out only after withdrawal from the travel contract subject to the conditions under clause 5.1 and any special cancellation conditions specified in the catalogue, and if accompanied by a new registration. This shall not apply to requests to reservation changes which entail negligible costs.

5.3 Prior to the actual date of departure of the tour, the customer may allow another person to participate in the tour in his or her stead. Any additional costs resulting from this substitution shall be borne by the customer. The tour operator may object to the substitution if the person appointed fails to satisfy the special requirements associated with specific tours or on legal or official grounds. If a third party enters into the contract, this third party and the customer shall be jointly and severally liable to the tour operator for the tour price and any additional costs resulting from the substitution.

5.4 It rests with the customer to prove that the costs actually incurred by the tour operator are less than those claimed.

6. Cancellation and Termination by the Tour Operator

6.1 The tour operator may terminate the travel contract at any time during the actual tour if the organisation of the tour is persistently disturbed by the traveller in spite of an official warning given by the tour operator. The same shall apply if a person grossly violates the letter and spirit of the contract in

such a manner that precludes the tour operator from maintaining it. The tour operator reserves the right to claim the tour price. He must, however, credit the value of any onward expenses not actually incurred as well as any such benefits acquired from other usage of unclaimed services including any reimbursements made by the organisation providing the services.

Any additional costs for return transport shall be borne by the party causing the disruption of tour activities. The latter also bears the burden of proof to provide evidence that the tour operator acquired greater benefits than were reimbursed or incurred lower onward expenses for return transport than were claimed.

6.2 The tour operator may withdraw from a particular tour contract up to four weeks prior to the scheduled date of departure:

6.2.1 in the event that we are unable to achieve the minimum number of participants specified in the catalogue and tour confirmation. We shall, of course, inform you should it become clear at an earlier date that the minimum number of participants cannot be achieved, in which case any payment made towards the tour price shall be reimbursed in full immediately.

6.2.2 if, after all possibilities have been exhausted, the tour operator cannot reasonably be expected to deliver the tour package because the costs incurred would be prohibitively expensive for that particular tour. The right of withdrawal is void, however, if the tour operator is responsible for the circumstances leading to this situation (e.g., calculation error) or if the tour operator is unable to provide valid justification for these circumstances. The notice of withdrawal shall be forwarded to the customer without delay.

6.3 In the event of the tour operator's withdrawal, the customer is entitled to request participation in another tour of at least equal value if the tour operator is in a position to offer such a tour as described in the operator's catalogue

without additional cost to the customer. The customer must make any such claim against the tour operator immediately after the tour operator declares his withdrawal.

If the customer does not avail himself of the right to participate in a tour of equal value, his or her deposit shall be immediately reimbursed.

7. Exceptional Circumstances

7.1 If, after conclusion of the contract, the tour is impeded, endangered or affected adversely to a considerable extent due to unforeseen force majeure (e.g., war, civil turmoil, natural disasters), both the traveller and the tour operator may terminate the travel contract. The tour operator shall then immediately reimburse the tour price paid but may require compensation for services rendered or still to be rendered to conclude the tour. In the event of termination by the tour operator, the traveller shall also be entitled to reimbursement as described in clause 6.3.

7.2 If termination occurs after the departure date of the tour, the tour operator is obliged to take any and all necessary action, in particular to ensure the traveller's return transport, insofar as this has been contractually agreed. Additional costs for return transport shall be shared equally by the two parties, and remaining additional costs shall be borne by the traveller.

8. Guarantee/Liability

8.1 Within the scope of due diligence, the tour operator is responsible for:

8.1.1 careful preparation of the tour;

8.1.2 careful selection and supervision of the organisations providing the services (e.g., transport companies, hotels, etc.);

8.1.3 accurate description of all travel services indicated in this catalogue unless, pursuant to clause 3.1, an amendment to the details in the catalogue was issued prior to contract closing. However, we shall not be liable for details

in brochures relating to hotels, locations or ships as we have no influence on the production of said catalogues and are unable to ascertain the accuracy of the facts contained therein;

8.1.4 proper provision of travel services as contractually agreed;

8.1.5 any fault of persons entrusted with the provision of services.

8.2 Guarantee

The traveller is entitled to the rights under the Reisevertragsgesetz (Travel Tour Contracts Act), extracts from which are published below, edited for the purpose of improved comprehensibility:

8.2.1 If a travel service is not rendered or not rendered in accordance with the contract, the traveller may, within an appropriate time-limit, ask for remedy. The tour operator may refuse remedy if such remedy entails a disproportionate expense. The tour operator may also effect remedy in a manner in which a replacement service of the same or a higher value is rendered.

8.2.2 The traveller can request a reduction in the tour price on his or her return insofar as travel services during the tour were not rendered as stipulated in the contract and the traveller has not negligently or purposely failed to advise the tour operator, or the party authorised by the tour operator to render these services, of this fault or defect. The amount of the reduction is dependent on the duration of services not rendered in accordance with the contract in proportion to services impeccably rendered.

8.2.3 If a tour is to a significant degree adversely affected by a fault or defect, and the tour operator fails to provide remedy within an appropriate time period, the traveller may terminate the travel contract - in his or her own interest and for reasons of preserving evidence by affidavit - within the framework of legal provisions. The same shall apply if, due to a fault or defect for an important reason

which is discernible by us, the traveller cannot reasonably be expected to undertake the tour. Determination of a time-limit for remedy is not required only if adequate remedy is impossible or refused by the tour operator, or if instant termination of the contract is justified by a special interest of the traveller. If the contract is subsequently cancelled, the traveller shall retain the right to be repatriated. He or she shall owe the tour operator that part of the tour price relating to the services utilised if such services were in the traveller's interest.

8.3 Liability

8.3.1 The traveller may, where a defect or fault exists, request compensation, irrespective of a reduction in the tour price or termination unless the defect or fault in the tour is due to circumstances beyond the control of the tour operator. The traveller may also request compensation for wasted holiday time if the tour has been hindered or adversely affected to a considerable extent.

8.3.2 Any and all transport provided within the scope of a tour or in addition to said tour for which a specific ticket has been issued shall be considered a contracted service unless otherwise specified in the catalogue and tour confirmation. Therefore, the tour operator shall not be held liable for the rendering of said transport service. Any liability shall be settled in such case in accordance with the carrier's terms and conditions of transport of which the traveller will have been expressly informed and which shall be made available to the traveller on request. By closing the contract, the tour operator transfers any and all rights to warranty claims he may be entitled to against the transport company, to the traveller.

8.4 Limitation of Liability

8.4.1 Contractual liability of the tour operator to provide compensation for damage other than physical injury is limited to a total of three times the tour price if damage suffered by the traveller was not caused by us with intent or by gross negligence. Limitation of liability to three

times the tour price shall also apply if the tour operator is responsible for damage suffered by the traveller solely through the fault of an organisation providing the services.

8.4.2 Compensation Claims Based on Tort

8.4.2.1 Personal injury

The tour operator shall be liable for all compensation claims against him due to tort which are not due to intent or gross negligence in the event of property damage up to Euro 4,000, for each customer and tour. If three times the amount of the tour price exceeds this amount, liability shall be limited to three times the tour price. We recommend adequate baggage and accident insurance (cf. clause 10.1).

8.4.2.2 Damage to property

The tour operator shall be liable for all compensation claims against him due to tort which are not due to intent or gross negligence in the event of property damage up to Euro 4,000, for each customer and tour. If three times the amount of the tour price exceeds this amount, liability shall be limited to three times the tour price. We recommend adequate baggage and accident insurance (cf. clause 10.1).

8.4.3 If international agreements apply to one or more of the travel services rendered with the effect of limiting the tour operator's liability, the tour operator will avail himself of such agreements or regulations in case of litigation.

8.4.4 The tour operator shall be liable for accidents occurring at sports events and other leisure-time activities only if the tour operator is at fault.

8.4.5 The tour operator shall not be liable for impairment of services where these are third-party services which are merely brokered and expressly identified as such in the tour description.

8.5 Duty to Cooperate, Complaints

8.5.1 Every traveller is obliged to cooperate to the extent possible to help prevent any potential damage or prejudice to the tour or minimise such damage or prejudice. In particular, this includes the traveller

notifying the local travel management or agency of his or her complaints (address and telephone number are given in the travel documents). Travel assistance is guaranteed for all tours. This shall also apply to travellers with hotel reservations only, where support is not included as a general rule. An objection raised with an organisation providing the services may often be viewed as helpful but does not release the traveller from his or her obligation to raise the issue with the tour operator. If a traveller is negligent in failing to notify the tour operator of a fault or defect, he or she shall not be entitled to make any claims.

8.5.2 The travel manager is not authorised to recognise any claims.

9. Exclusion of Claims and Statute of Limitations

9.1 The traveller must make any and all claims relating to a tour which fails to conform with the contract against the tour operator, max.sense Marketing GmbH, Porschestraße 15-19, 71634 Ludwigsburg, Germany, within one month of the date of the return journey specified in the contract. In the traveller's own interest, such claims should be made in writing. The traveller may only make such claims after this period if he or she was prevented from observing the time-limit through no fault of his or her own.

9.2 Any and all contractual claims become void under statutory limitation six months after the end of the tour agreed in the contract. Expiration of the period of statutory limitation is suspended until the date on which the tour operator gives his written refusal to accept any and all claims made against him. Claims as a result of tort shall expire after a period of three years.

10. Travel Insurance

10.1 For your own peace of mind, we recommend that you arrange adequate baggage insurance, accident travel insurance, medical insurance, and third-party liability insurance. Such insurance is not included in the tour price.

11. Provisions Relating to Passport, Visa, Customs, Foreign Exchange and Health

11.1 The tour operator shall be responsible for instructing a national of the state in which the tour is offered about provisions relating to passport, visa and health regulations and any changes to such provisions prior to the departure date of said tour.

Information for nationals from other countries is available from the relevant consulate.

The tour description in the catalogues and the travel documents provide the essential information relating to necessary formalities for a particular tour.

Kindly comply with this information and consult the tour operator should you have further queries.

11.2 If you have requested the tour operator to obtain a visa, the tour operator shall not be liable for the timely receipt of a visa issued by the relevant embassy or consulate unless the tour operator is responsible for the delay. You should allow approximately 8 weeks for obtaining visas etc. from the relevant offices.

11.3 The traveller shall be personally responsible for complying with all important regulations relating to the organisation of the tour. Any disadvantage, in particular payment of cancellation costs, due to the traveller's failure to comply with such regulations, shall be borne by him or her except when caused by the tour operator's negligence due to incorrect information or failure to provide information.

11.4 Kindly consult the catalogue and ask the tour operator whether a passport is required for your tour or whether an official identity card is sufficient, and please ensure that your passport or identity card is valid for the duration of the tour.

11.5 Customs and foreign exchange regulations are extremely strict in certain countries. Please obtain precise informa-

tion and follow the regulations exactly. In most cases, an exchange office is available on-board ships, or local bank representatives will board the ship in the port to provide currency exchange services.

11.6 In certain countries, specific vaccination certificates are required and must not be more recent than 8 days and not older than 3 years (smallpox) or 10 years (yellow fever). Such vaccination certificates must also be presented to officials upon your return from certain countries (e.g., in Africa, the Middle East).

Please refer to the catalogue for relevant information and contact the tour operator.

12. General

12.1 The recipient of the travel documents is obliged to check immediately whether the documents are issued correctly (name, travel dates, travel destination, etc.) and to advise us promptly of any error.

12.2 Tours in other countries sometimes involve dangers which are not present at home. Technical facilities abroad do not always meet the standards you may be accustomed to. This applies, for example, to gas boilers, kitchen stoves, etc. Therefore, please ensure that you comply with any instructions for their use.

12.3 All participants must bring a valid driving licence with them to the event. The following are accepted:

- international driving permit
- national driving licence, issued in German or English
- driving licence in another language accompanied by a translation

12.4 Legal venue for any action arising out of this contract with respect to Vollkaufleute (merchants entered in the Handelsregister (German Register of Companies)), persons with no general venue within Germany, or persons who, after conclusion of the contract, have transferred their residence or usual place of dwelling to a location outside the borders of Germany, or whose residence or usual place of dwelling is unknown

at the time of the action, shall be a competent court of law in Gross-Gerau, Germany. The same shall apply in cases where the party liable is the defendant.

12.5 This travel information is applicable to the period of validity of this catalogue.

12.6 The fact that individual provisions under this travel contract may be null and void does not affect the validity of the travel contract as a whole. This shall also apply to these Terms and Conditions of Travel.
