

2008 LEXUS **LS Hybrid**

Optional equipment shown.

2008 LEXUS **LS Hybrid**

CHANGING THE LUXURY SEDAN. LEAVING THE WORLD AS IS. Introducing the all-new 2008 Lexus LS 600h L—the world's first hybrid flagship sedan. It features the world's first V8 all-wheel drive (AWD) system on a luxury hybrid, boasting a remarkable 438 horsepower¹. However, power isn't the sole reason other sedans will have to catch up. An available groundbreaking computer-controlled parallel parking system² allows the LS Hybrid to virtually park itself. Plus, a four-zone automatic climate control featuring an infrared temperature sensor³ is also available. Best of all, the LS 600h L manages to accomplish all of this while taking less of a toll on the environment.

^{1,2,3} See page 16 for more information.

2008 LEXUS **LS Hybrid** Technology

WASTE NOT, WANT NOT. While Lexus hybrid technology gives the LS 600h L the power of a modern 12-cylinder engine, its efficiency slows down fuel consumption. The Electronically controlled Continuously Variable Transmission (ECVT) provides seamless acceleration while efficiently combining engine and electric power based on driving conditions. Regenerative braking turns energy that's normally lost as heat during braking into electrical power which recharges the battery. Drivers can see this efficiency in action by watching the energy monitor. Whenever you accelerate, brake or coast, animated arrows on the screen show how the power is being applied.

2008 LEXUS **LS Hybrid** Technology (Continued)

UNPARALLELED PARKING GUIDANCE. Having a car that virtually parallel parks itself may just be the ultimate luxury. Just one touch of a button activates the available Advanced Parking Guidance System's² sonar and, with just a little brake work, your LS 600h L will ease itself into the designated parking spot. That's not the only technological marvel that the LS 600h L has to offer. An available infrared sensor monitors the body temperatures of the rear-seat passengers and adjusts their climate zone to a predetermined temperature. In keeping with the ecologically advanced spirit, the LS 600h L is equipped with the world's first LED headlamps for low-beam use, which last longer than conventional halogen bulbs.

²See page 16 for more information.

2008 LEXUS **LS Hybrid** Performance

PERFORMANCE THAT'S SIMPLY ELECTRIFYING. Despite the LS 600h L's quiet cabin, its power is anything but restrained. This is a result of the world's first hybrid V8 engine, which produces a combined system output of 438 horsepower¹ while producing substantially fewer emissions. That's why it's certified as a Super Ultra-Low Emission Vehicle (SULEV) with nearly 70 percent fewer emissions than the average new vehicle⁴. The Electronically controlled Continuously Variable Transmission (ECVT) allows the engine and motor to operate at peak efficiency, regardless of the vehicle's speed. And because it seamlessly distributes gas and electric power according to driving conditions, the ECVT aids in providing smooth acceleration and increased fuel efficiency. The LS 600h L also features full-time all-wheel drive (AWD) to help improve traction and control.

¹⁴See page 16 for more information.

2008 LEXUS **LS Hybrid** Performance (Continued)

POWERFUL, YET STILL SENSITIVE. The LS 600h L has a wide array of other breakthrough systems to help maximize performance. Dual Variable Valve Timing with intelligence and Electronically controlled intake (VVT-iE) features a new electronic intake valve control to improve response in all temperatures. Direct injection boosts overall power and increases efficiency by injecting gasoline directly into the engine's combustion chamber. Adaptive Variable Air Suspension (AVS) electronically adjusts suspension between Normal, Comfort or Sport to suit your driving preference. The available Active Power Stabilizer Suspension System monitors and adjusts the front and rear actuators to increase the vehicle's sway resistance. Variable Gear-Ratio Steering (VGRS) increases or decreases the steering ratio based on your driving speed. Alloy wheel options are the 18-in nine-spoke^{3,5,6} and 18-in seven-spoke Teleios wheels^{3,5,6} which are fitted with low-profile tires for improved handling. Finally, with all this increased power, it's good to know that available high-friction brake pads⁷ are there for extra control.

Performance Features: 5.0-liter hybrid V8 engine, certified Super Ultra-Low Emission Vehicle (SULEV) ■ High-output electric-drive motor ■ Dual Variable Valve Timing with intelligence and Electronically controlled intake (VVT-iE) ■ 438 total system horsepower¹ ■ 0 to 60 in 5.5 seconds^{1,8} ■ Electronic Power Steering (EPS) system ■ Variable Gear-Ratio Steering (VGRS) ■ Adaptive Variable Air Suspension (AVS) ■ Available Active Power Stabilizer Suspension System

^{1,3,5,6,7,8} See page 16 for more information.

2008 LEXUS **LS Hybrid** Luxury

BEAUTY ON THE INSIDE. From the moment you use your keyless SmartAccess⁹ system to enter the LS 600h L cabin, there's no mistaking its level of luxury. The unique wood-and-chrome-trimmed shift knob is the perfect complement to the dashboard's wood-and-leather trim. Climate-control seats, a rear-window sunshade and available rear-door sunshades protect you from the elements. A standard voice-activated HDD Navigation System¹⁰ guides you through real-time traffic^{11,12} situations including slow traffic and construction, while you can listen to standard XM[®] Satellite Radio¹³. Rear-seat passengers can enjoy available features such as a leather-trimmed, 45-degree reclining seat, complete with a legrest¹⁴; DVD entertainment system; concealed rear-seat wood-trimmed table; and multifunction seat massager.

Available Rear-Seat Amenities:

Right rear seat reclines 45 degrees ■ Right-rear power recliner with multifunction massager and legrest¹⁴ ■ DVD Rear-Seat Entertainment System (RSES) with power nine-inch screen and wireless headphones¹⁵ ■ Rear-seat cool box ■ Rear-seat wood-trimmed table ■ Climate-comfort rear seats with heat/cool knob ■ Power rear-door sunshades ■ Rear-seat Air Purifier ■ Four-zone climate control with rear-seat infrared sensor with interior air filter, smog sensor and automatic recirculation mode ■ Rear-seat audio controls ■ Power rear seats with power headrests and memory

2008 LEXUS **LS Hybrid** Mark Levinson® Audio System

SOUND DECISION. The 19-speaker Mark Levinson® Reference Surround Sound Audio System¹⁷ should please even the most refined ear. Hear your favorite music through 450 watts at less than 0.1% THD; 20-20,000 Hz¹⁸, including 7.1-channel speaker architecture. The LS 600h L also comes standard with a 2,000-song capacity Hard Disk Drive (HDD), plus XM® Satellite Radio¹⁴ capability. The audio system also reads MP3 and Windows Media® Audio (WMA) files, so you can tailor your soundtrack to your drive.

Audio System Features: Hard Disk Drive (HDD) audio server with 2,000-song capacity ■ 19 speakers ■ Acoustically quiet cabin ■ 450 watts at less than 0.1% Total Harmonic Distortion (THD); 20-20,000 Hz¹⁸ ■ 7.1-channel surround sound speaker architecture ■ In-dash, single-feed, six-disc DVD/CD auto-changer ■ XM Satellite Radio capability¹⁴

^{14,17,18} See page 16 for more information.

2008 LEXUS **LS Hybrid** Navigation System

DETOUR GUIDE. When good routes go bad, the LS 600h L has the tools to get you wherever you're going. The voice-activated Hard Disk Drive (HDD) Navigation System¹⁰ can pinpoint your destination, even if you only have a business phone number. It comes standard with XM® NavTraffic™^{12,13} capability, which provides voice-delivered real-time traffic updates—even suggesting new routes if you're obstructed by heavy traffic, construction or accidents. Finally, Bluetooth® technology¹⁹ allows the system to interact with all compatible cell phones.

Navigation System Features: 30-GB Hard Disk Drive (HDD)

- Increased screen resolution and 32,000 display colors
- Voice-activated destination input
- Voice-activated dial-by-name and dial-by-number
- Dynamic route guidance¹¹
- Spanish and French language guidance capability
- Real-time traffic updates provided by XM NavTraffic^{12,13}

^{11,12,13,19} See page 16 for more information.

2008 LEXUS **LS Hybrid** Safety

PLAYING IT SAFE. The LS 600h L's state-of-the-art network of airbags²⁰ includes a dual-stage driver's airbag and front passenger's airbag which deploy at different speeds depending on crash severity. The driver's airbag deployment speed also varies, depending on the driver's seat position on the seat track. Available rear-seat side airbags help protect rear passengers in certain types of side impacts. Another breakthrough safety feature is Vehicle Dynamics Integrated Management (VDIM)²¹, which can predict and take steps to help prevent loss of traction during a turn. It uses a series of sensors to coordinate vehicle control, braking, steering and throttle systems to aid you in keeping the vehicle on track. Sensors are also utilized in the LS 600h L's Electronic Controlled Braking (ECB) to determine the appropriate amount of brake pressure needed, while anti-lock brakes help you maintain steering control during hard braking. Finally, Traction Control (TRAC) helps maximize the grip of each wheel separately to help reduce wheelspin.

Safety Features: Extensive Airbag System (SRS)²⁰ ■ Vehicle Dynamics Integrated Management (VDIM)²¹ ■ Dual-swivel Adaptive Front Lighting System (AFS) ■ LED headlamps with dynamic auto leveling ■ Electronic Controlled Braking (ECB) ■ Brake Assist²² ■ Electronic Brakeforce Distribution (EBD) ■ Automatic electronic parking brake ■ Available Pre-Collision System (PCS)²³ ■ Available Active Power Stabilizer Suspension System

2008 LEXUS **LS Hybrid** Ownership Experience

The Lexus ownership experience is a magnificent journey within itself. Measured not in mileage, but in moments. Flashes in time that in whatever small way enrich your life. You'll feel it in the peace of mind you get from our well-earned reputation for unparalleled vehicle quality and dependability. You'll feel it in the pride of knowing that Lexus puts a high priority on the wise use of natural resources as shown in the certification of every vehicle we build. And you'll feel it in our award-winning customer service, where every dealership goes to great lengths to accommodate you. This journey of Lexus ownership is the reason our owners are some of the most satisfied drivers on the road today. And why so many of them return again and again. Because we understand that whether your travels take you to the vineyards for a weekend or simply around the block for errands, the miles of road left behind you will be a distant memory. But the moments along the way will last a lifetime.

CUSTOMER SATISFACTION Your total and complete satisfaction is our highest priority. Which is why you may find our dealerships provide such amenities as offices you can use for business, free pickup and delivery, service loaner vehicles, complimentary car washes, concierge services and even 24-hour emergency Roadside Assistance* for your first four years of ownership.

RESPONSIBLE THINKING As part of an effort to reduce emissions whenever possible, every Lexus vehicle built since 2004 has been certified as either a Low-Emission Vehicle (LEV), Ultra-Low Emission Vehicle (ULEV or ULEV II) or Super Ultra-Low Emission Vehicle (SULEV).

VALUE/DEPENDABILITY/QUALITY Our commitment to build the finest vehicles in the world has not wavered since our inception. Seen in such ways as projected low repair costs and high retained value, our pursuit of perfection has never been stronger.

*Coverage only available in the continental U.S. and Canada. Please see your Lexus dealer for details on our Roadside Assistance program.

2008 LEXUS **LS Hybrid** Options & Accessories

Premium Package*

Advanced Parking Guidance System² ■ Lexus Link^{®24} ■ Power rear seats with memory and power headrests ■ Climate-comfort rear seats with heat/cool knob ■ Rear-seat side airbags (SRS)²⁰

Premium Package II*

Advanced Parking Guidance System² ■ Lexus Link²⁴ ■ Four-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode ■ Rear-seat Air Purifier ■ Power rear seats with memory and power headrests ■ Climate-comfort rear seats with heat/cool knob ■ Rear-Seat Entertainment System (RSES) with power nine-inch screen and wireless headphones¹⁶ ■ Rear-seat audio controls ■ Rear-seat cool box ■ Power rear-door sunshades ■ Rear-seat side airbags (SRS)²⁰

Executive-Class Seating Package (special order only)*

Advanced Parking Guidance System² ■ Lexus Link²⁴ ■ Four-person seating with rear fixed console ■ Four-zone automatic climate control with rear-seat infrared temperature sensor, interior air filter, smog sensor and automatic recirculation mode ■ Rear-seat Air Purifier ■ Power rear seats with memory and power headrests ■ Climate-comfort rear seats with heat/cool knob ■ Right-rear power recliner with multifunction massager and legrest¹⁵ ■ Concealed rear-seat wood-trimmed table ■ Rear-Seat Entertainment System (RSES) with power nine-inch screen, rear DVD player and wireless headphones¹⁶ ■ Rear-seat audio controls ■ Rear-seat cool box ■ Power rear-door sunshades ■ Rear-seat side airbags (SRS)²⁰ ■ 18 x 7.5-inch nine-spoke alloy wheels with 235/50VR18 all-season tires^{5,6}

Individual Options and Accessories*

Pre-Collision System²³ (PCS) and Dynamic Radar Cruise Control²⁵ ■ Active Power Stabilizer Suspension System with 245/45YR19 summer tires^{5,6} and high-friction brakes⁷ ■ 18-in seven-spoke Teleios alloy wheels^{3,5,6} ■ All-weather floor mats ■ Car cover ■ Cargo net ■ Wireless headphones¹⁶ ■ Leather care kit ■ Premium carpet floor mats ■ Trunk mat ■ Touch-up paint ■ Wheel locks ■ Window sticker - Lexus Hybrid Drive

^{2,3,5,6,7,15,16,20,23,24,25} See page 16 for more information. *Please see page 16 for more information regarding options/packages.

2008 LEXUS **LS Hybrid** Specifications

ENGINE

Engine Type	5.0-liter hybrid V8, certified Super Ultra-Low Emission Vehicle (SULEV)
Displacement (L/cu in)	5.0 liters (303 cubic inches)
Valvetrain	Four cam, four valves per cylinder, with dual Variable Valve Timing with intelligence and Electronically controlled intake (VVT-iE)
Compression Ratio	11.8:1
Electric-Drive Motor	High-output, permanent-magnet, electric-drive motor with EV mode
Horsepower	438 total system horsepower ¹

DRIVETRAIN

Transmission	Electronically controlled Continuously Variable Transmission (ECVT) with two-speed reduction and Snow mode
Drive Wheels	All-wheel drive (AWD) with TORSEN® Limited-Slip Center Differential (LSCD) ²⁶ and Vehicle Dynamics Integrated Management (VDIM) ²¹
Final Drive Ratio	3.916:1

PERFORMANCE

0 - 60 MPH Acceleration (sec)	5.5 ¹⁸
Top Track Speed (mph)	130 (electronically limited) ¹⁸
EPA Fuel Economy Estimates	20/22 mpg ²⁷ (city/highway)
Aerodynamic Drag Coefficient	0.27
Turning Circle (ft)	39.4

BODY, DIMENSIONS

Type	Five-passenger hybrid luxury sedan ²⁸
Construction	Welded-steel unibody
Overall Length	202.8 in (5,150 mm)
Width	73.8 in (1,875 mm)
Height	58.3 in (1,480 mm) (with Adaptive Variable Air Suspension (AVS))
Wheelbase	121.7 in (3,090 mm)
Curb Weight	5,049 lb (2,290 kg)
Fuel-Tank Capacity	22.2 gallons (84 L)
Trunk Capacity	11.65 cubic feet (330 L)
Headroom	38.0/38.0 in (965/965 mm) (front/rear)
Shoulder Room	58.5/56.4 in (1,487/1,432 mm) (front/rear) 56.7 in (1,440 mm) (rear) (with available Executive-Class Seating Package II*)
Hip Room	55.4/55.5 in (1,407/1,409 mm) (front/rear)

73.8 in

121.7 in
202.8 in
58.3 in
5.3 in

19-inch seven-spoke alloy wheels^{5,6}

18-inch nine-spoke alloy wheels^{3,5,6} (Executive-Class Seating Package II*)

18-inch seven-spoke Teleios alloy wheels^{3,5,6} (Executive-Class Seating Package II*)

2008 LEXUS **LS Hybrid** Specifications (Continued)

CHASSIS	Vehicle Dynamics Integrated Management (VDIM) ²¹	Advanced stability and traction management system designed to proactively but seamlessly integrate separate vehicle dynamic functions to enhance driver control and vehicle performance under a variety of adverse conditions. VDIM manages the integration of Electronic Controlled Braking (ECB), Electronic Power Steering (EPS), available Variable Gear-Ratio Steering (VGRS), Vehicle Stability Control (VSC) ²¹ , Traction Control (TRAC), the Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist ²²	STANDARD SAFETY FEATURES	Driver's and front passenger's advanced airbag system (SRS) ²⁰ with front passenger's twin-chamber airbag ²⁰ • Front seat-mounted side airbags (SRS) ²⁰ • Driver's and front passenger's knee airbags (SRS) ²⁰ • Front and rear side curtain airbags (SRS) ²⁰ • Three-point seatbelts for all seating positions, pre-tensioners with force limiters for front seats. Pre-tensioners for outboard rear seats • Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver's seat • Height-adjustable front shoulder belt anchors • Child Restraint Seat (CRS) tether anchor brackets for rear outboard seating positions • Four-wheel power-assisted ventilated disc brakes • Electronic Controlled Braking (ECB) • Four-sensor, four-channel Anti-lock Braking System (ABS) • Vehicle Dynamics Integrated Management (VDIM) ²¹ • Vehicle Stability Control (VSC) ²¹ • Traction Control (TRAC) • Brake Assist ²² • Electronic Brakeforce Distribution (EBD) • Direct Tire Pressure Monitor System ²⁹ • Full-time all-wheel drive (AWD) with TORSEN® Limited-Slip Center Differential (LSCD) ²⁶ • Rigid body structure with front and rear crumple zones • Side-impact door beams • Reinforcements in pillars and doorsills • Impact-dissipating upper interior trim • Collapsible steering column • LED headlamps with dynamic auto leveling • Dual-swivel Adaptive Front Lighting System (AFS) • Headlamp washers • Daytime running lights • Integrated foglamps • LED taillamps • Water-repellent windshield and front-door glass • Rain-sensing intermittent windshield wipers with mist cycle • Rear-window defogger with auto-off timer • Power-adjustable, auto-folding outside mirrors with defoggers, puddle lamps and auto tilt-down in reverse • Vehicle theft-deterrent and engine-immobilizer system ¹⁰ • Emergency interior trunk release • First aid kit • Tool kit
	Suspension	Front: Independent, upper and lower multi-link double-joint suspension featuring height-adjustable Adaptive Variable Air Suspension (AVS) with electronically modulated damping Rear: Independent, multi-link suspension featuring height-adjustable Adaptive Variable Air Suspension (AVS) with electronically modulated damping	STANDARD LUXURY FEATURES	Medium brown walnut, dark gray bird's-eye maple or dark brown ash burl interior wood trim • Semi-aniline perforated leather-trimmed interior • Alcantara® headliner • Wood-trimmed interior assist grips • Wood- and leather-trimmed heated steering wheel • Steering-wheel-mounted audio, brake hold and display controls • Power tilt-and-telescopic steering column • Wood-trimmed and chrome-plated shift knob • Leather-trimmed instrument panel • TFT (Thin Film Transistor) multi-information console display • Voice-activated HDD Navigation System ¹¹ with backup camera ³⁰ , Bluetooth® technology ¹⁹ , XM® Satellite Radio ¹⁴ and real-time traffic ^{12,13} capability • 19-speaker, 450-watt @ less than 0.1% THD, 20-20,000 Hz ¹⁸ Mark Levinson® Reference Surround Sound Audio System ¹⁸ with Hard Disk Drive, 7.1 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD-audio and DVD-video playback • Auxiliary iPod® ³¹ /MP3/Windows Media® Audio (WMA) port • In-glass antenna with FM-diversity system • Shark-fin antenna • 16-way driver's (including dual-function lumbar) and 12-way front passenger's (including lumbar) power seats • Height-adjustable headrests for all seats • Climate-comfort front seats with heat/cool knob • Heated rear seats • Lexus Memory System for power driver's seat (except lumbar), outside mirrors and steering wheel • Dual-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode • Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade • Power windows with one-touch auto open/close feature • Exterior glass with UV reduction • Laminated side glass • Remote-linked window and moonroof opening • Retained accessory power for moonroof and windows • Power rear sunshade • Electrochromic (auto-dimming) inside rearview mirror with compass and outside mirrors • Power door locks • Power door closers • Power rear trunk open/close • Cruise control • SmartAccess ^{9,10} with power button and card key • Center console with sliding armrest and storage bin • Foldable front-door storage pockets • Intuitive Parking Assist • HomeLink® universal transceiver to operate compatible garage, gate, home lighting and home security systems • Illuminated entry system • Electroluminescent instrumentation • Illuminated interior electronic trunk-lid and fuel-filler door releases • Lexus Personalized Settings (LPS) ³² to customize select electronic functions • Front- and rear-lighted vanity mirrors • Automatic on/off headlamps with auto-off delay • Electronic parking brake • Outside temperature gauge • Fuel consumption gauge • Dual cupholders, front and rear • Carpeted floor mats
	Steering	Electronic Power Steering (EPS) system. Variable Gear-Ratio Steering (VGRS), 2.3-3.7 turns lock to lock		
	Brakes	Four-wheel, power-assisted ventilated disc brakes with Electronic Controlled Braking (ECB), four-sensor, four-channel Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist ²² . 14.1-in ventilated front, 13.2-in ventilated rear discs		
	Wheels and Tires	19 x 8.0-in seven-spoke alloy wheels with 245/45VR19 all-season tires ^{5,6} Optional wheels and tires: 19 x 8.0-in seven-spoke alloy wheels with 245/45YR19 summer tires ^{5,6} (Active Power Stabilizer Package*) 18 x 7.5-in nine-spoke alloy wheels with 235/50VR18 all-season tires ^{3,5,6} (Executive-Class Seating Package II*) 18 x 7.5-in seven-spoke Teleios alloy wheels with 235/50VR18 all-season tires ^{3,5,6} (Executive-Class Seating Package II*)

2008 LEXUS **LS Hybrid** Warranty

WARRANTY

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. Four-year/unlimited-mileage Roadside Assistance Warranty. All warranties with zero deductible. See the LS Hybrid *Warranty and Services Guide* at your Lexus dealer for details.

FOOTNOTES & DISCLAIMERS

1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **2.** The Advanced Parking Guidance System requires driver brake control. Always look around outside the vehicle and use mirrors to confirm clearance. **3.** Available only with the Executive-Class Seating Package II. **4.** The LS 600h L produces about 70% fewer smog-forming emissions than the average new vehicle. **5.** 18-in or 19-in tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 15,000 miles, depending on driving conditions. Please see your Lexus dealer for details and other information relating to tire selection. **6.** Do not change the OEM wheel size (18-in for Executive-Class Seating Package II, 19-in for all others.) Using other than the OEM wheel size could cause damage to the vehicle. If you replace the wheels, be sure they are the same size as the original wheels. **7.** High-friction brakes are standard equipment for the front brakes only and require periodic inspection and measurement as outlined in the *Warranty and Services Guide*. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. **8.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **9.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **10.** The engine immobilizer is a state-of-the-art anti-theft system. The key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key, it can be costly to replace. If you lose a key, your Lexus dealer can help, or you can find a qualified independent locksmith to perform high-security key services at www.alo.org. **11.** The Navigation System is designed to assist in locating an address or point of interest. XM® NavTraffic™ requires a monthly service fee and is designed to provide real-time traffic or alternative routes of travel. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic Navigation updates available at an additional cost. Please see your *Navigation System Owner's Manual* for further details. **12.** XM® Satellite Radio and XM NavTraffic subscriptions sold separately. XM NavTraffic only available in select markets. Visit www.xmradio.com for details. **14.** XM NavTraffic includes a 90-day trial subscription. **14.** Functioning XM Satellite Radio requires a compatible receiver and monthly service fee. Please see your Lexus dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions subject to the terms and conditions available at www.xmradio.com. Available only in the 48 contiguous United States. **15.** Legrest may not fully recline based on height of rear-seat passenger. **16.** Headphones are for passenger use only. Do not use while operating vehicle. **17.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **18.** Continuous average power, all channels driven, at less than 01% THD; 20-20,000 Hz. **19.** The Bluetooth® technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. **20.** All the airbag ("AB") systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. Please see your *Owner's Manual* for further information/warnings. **21.** Vehicle Stability Control (VSC) and Vehicle Dynamics Integrated Management (VDIM) are electronic systems designed to help the driver maintain vehicle control under adverse conditions. They are not substitutes for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC or VDIM will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **22.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **23.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your *Owner's Manual* for further information. **24.** An active Lexus Link® subscription (including a signed Lexus Link Service Subscription Agreement) is required in order to receive Lexus Link services. Lexus Link services require vehicle electrical system and wireless service to be available and operating for features to function properly. Lexus Link uses existing emergency service providers as well as wireless and satellite technologies. A one-year subscription to the Safety Plan is included with the purchase of a new vehicle. Other plans are available at an additional cost. **25.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important cautions and instructions. **26.** TORSER® is a registered trademark of Zexel Torsen, Inc. **27.** EPA-estimated ratings. Actual mileage will vary. **28.** If legrest is in use, seating capacity could be reduced from four to three. **29.** The Lexus Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your *Owner's Manual* for details. **30.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. **31.** iPod is a registered trademark of Apple Inc. **32.** The Lexus Personalized Settings (LPS) Program is a one-time, complimentary offer for the first 12 months from the date the vehicle is sold. Please see your Lexus dealer for more information.

CAUTION! When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in electric-only mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting off or approaching them, so take extra care while driving.

*Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle with no or different options, contact your dealer to check for current availability or the possibility of placing a special order.

Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of posting, are subject to change without notice, are for mainland U.S.A. vehicles and may differ in the state of Hawaii, Puerto Rico, the U.S. Virgin Islands and in other regions. Some vehicles shown with optional equipment. Optional equipment listed may not be available separately or in all regions. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly.

For more information, call 800-USA-LEXUS (872-5398). To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
