Cadillac, America's luxury car leader for 38 consecutive years, is proud to feature famous American landmarks in this catalog.

THERE IS A NEW SPIRIT THAT DRIVES CADILLAC.

A spirit that drives us to improve upon an already proud tradition. Because in this age of changing attitudes, Cadillac is leading the way in creating a balanced definition of the luxury car that incorporates new values in a uniquely Cadillac way.

Cadillac believes quality goes beyond impeccable fit and finish to embrace the secure confidence and control you feel behind the wheel.

Cadillac believes an aerodynamic automobile can also be elegantly distinctive.

Cadillac believes responsive handling can co-exist with a smooth ride.

And Cadillac believes that leading-edge technology can enhance the renowned comfort and convenience that make a Cadillac a Cadillac.

Behind this new philosophy, there is the overriding belief that there will always be Americans who seek the best there is.

Cadillac for 1987. The spirit of luxury leadership.

Cadillac's unique interpretation of the contemporary luxury automobile depends on the following: every quality of a Cadillac must serve to enhance your driving comfort and convenience.

This intrinsic value manifests itself again and again in our products.

THE MOST ELOQUENT DESIGN STATEMENT.

Examine the trim, elegant styling of a new Cadillac. It demonstrates that at Cadillac we believe the most eloquent design statement is elegance without excess.

But beyond the classic simplicity, these Cadillacs are more maneuverable and easier to park on crowded city streets. A practical convenience. Their aerodynamic lines actually help create a world of interior quiet. A soothing comfort.

A WORLDWIDE CADILLAC EXCLUSIVE.

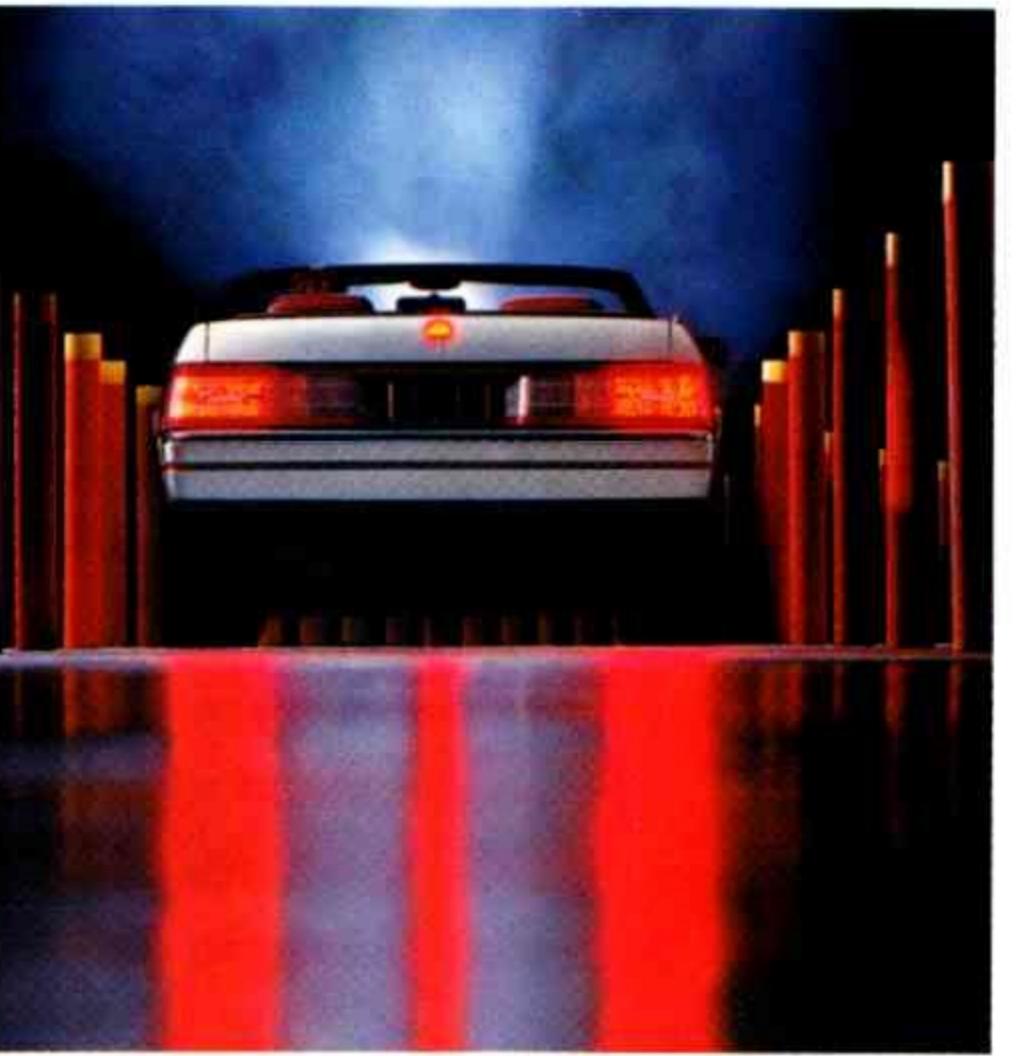

The interior environment of a new-generation Cadillac with a front-drive, transverse-mounted V8 engine retains an open, spacious atmosphere. This worldwide Cadillac exclusive saves valuable space which, in turn, is passed along to the passenger compartment.

Laser-precision quality inspection.

Other leading-edge technology has also been enlisted to benefit the Cadillac hallmarks of comfort and convenience. Technology that actually anticipates your needs. Witness the sensor that measures the amount of sunlight entering the car. The Body Computer Module (BCM) then automatically adjusts the electronic climate control.

The accommodating BCM also allows the uninterrupted use of stereo radio, power windows and other power conveniences up to 10 minutes after you turn off the ignition.

Anti-Lock Braking System (Allanté shown).

BALANCED PERFORMANCE.

Responsive road manners. Silky ride comfort. These qualities are not mutually exclusive in a Cadillac with front-wheel drive and four-wheel independent suspension.

This unique balance of performance parameters results in handling that is always precise, but never harsh. And every Cadillac is fitted with a V type engine for response that is as spirited as it is smooth.

Allanté leather seating.

OUR COMMITMENT TO YOUR SECURITY.

Now for 1987 our commitment to your security extends to an advanced Anti-Lock Braking System standard on the all-new Fleetwood Sixty Special, available on select other Cadillac models. And our all-new ultra-luxury roadster, Cadillac Allanté, has one of the world's most sophisticated Anti-Lock Braking Systems in production today (Bosch ABS III).

THE ULTIMATE COMFORT: PEACE OF MIND.

When you look at a Cadillac, you see a reflection of your own high standards.

This quality craftsmanship results from advanced production techniques and repeated inspections by computer, by lasers and by human hands.

The benefit to you is a Cadillac designed and engineered to provide you freedom from inconvenience with years of dependable service.

Then, there's the peace of mind of Cadillac's new 5-year/50,000-mile limited warranty for every De Ville, Touring Edition, Fleetwood d'Elegance, Fleetwood Sixty Special, Fleetwood Seventy Five Limousine, Eldorado, Seville and Brougham.*

After all, another word for a company's confidence in a product's quality is warranty. And another word for quality is Cadillac.

*In some cases, a deductible applies. See your dealer for details.

ALLANTÉ

Presenting Allanté, the new spirit of Cadillac.

It is a luxury roadster unlike any that has come before it.

Conceived and commissioned by Cadillac, the world's recognized luxury leader. Coachwork designed and handcrafted by Pininfarina, master designer of the Ferrari Testarossa and Rolls-Royce Camargue.

Allanté creates a new class of performance that merges European road manners with Cadillac comfort and convenience.

The sculptured hood conceals a high-output V8 engine with sequential port fuel injection, for exceptional reserves of smooth power. Handling is always precise, never harsh. And only Allanté has the stopping power of the new Bosch III Anti-Lock Braking System, one of the most advanced in production.

Cadillac's new standard for the world, Allanté.

ALLANTÉ

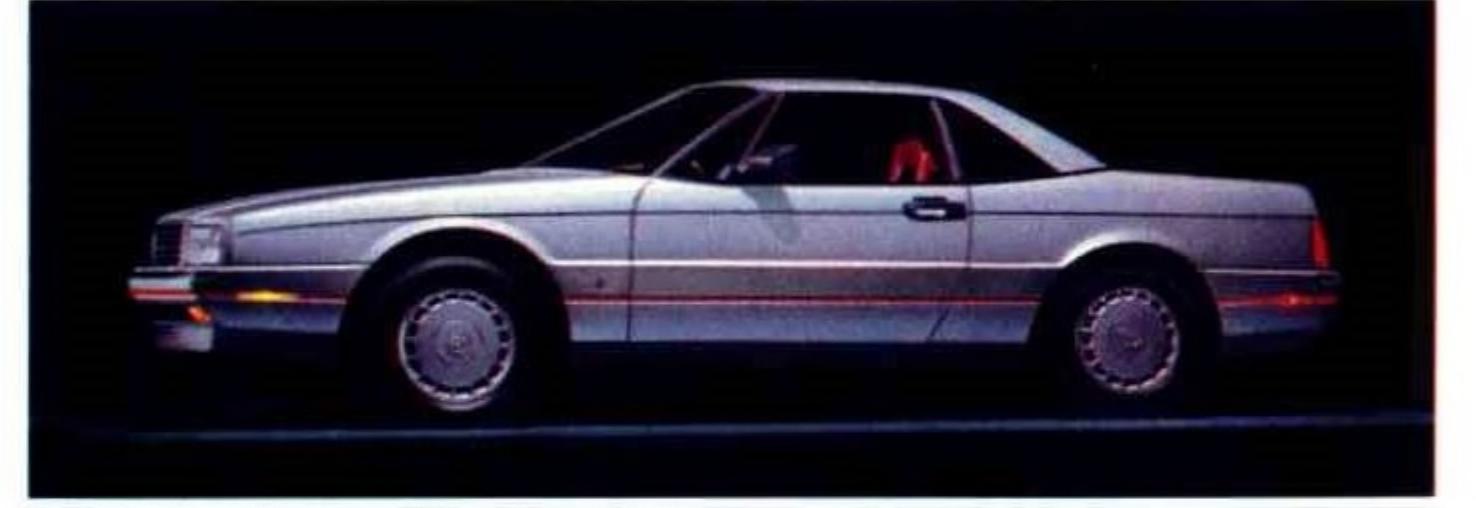

Allanté is designed for your total comfort and control. From ten-way Recaro seats handfitted with Italian leather to Allanté's unique analog-digital instrumentation.

Also unique to Allanté is the new second generation of the renowned Delco-GM/Bose Symphony Sound System as standard equipment.

With the top down, Allanté's advanced aerodynamics allow you to hold a normal conversation at 55 miles per hour. Put the hardtop on (no tools required) and Allanté exhibits the quality of an international-class sedan. Even Allanté's folding convertible top is

Allanté Convertible, top up.

Allanté with hardtop in place.

specially designed to incorporate three glass windows, for enhanced visibility and longevity.

Allanté is so complete, its only extra-cost option is a cellular telephone.

Ask your Cadillac sales representative for further details about Allanté, the new spirit of Cadillac.

SEDAN DE VILLE

Sedan de Ville for 1987 is the contemporary spirit of Cadillac, demonstrating our belief that today's luxury cars should reflect today's values.

From the smooth, comfortable Cadillac ride that possesses remarkably precise control. To advances in technology that anticipate driver and passenger needs before they arise.

And the new longer exterior that strikes a delicate balance between fluid, contemporary form and classic Cadillac lines.

At the same time, those Cadillac hallmarks of six-passenger spaciousness, craftsmanship and fine quality materials remain intact.

SEDAN DE VILLE

Rear seat folding armrest.

Comfort. The word takes on new meaning in the 1987 Sedan de Ville.

Beyond full-size room for six adults, a smooth, quiet ride, and six-way power seat. To a sense of comfort you feel inside, knowing you're in complete command. With the all-weather traction of front-wheel drive. The responsiveness of power rack-and-pinion steering and four-wheel independent suspension. The acceleration of a fuel-injected 4.1 liter V8 engine.

And the stopping power of Cadillac's available Anti-Lock Braking System, which takes the panic out of panic stops by automatically pumping your brakes so you can maintain steering control and actually stop quicker.

Comfort...in all respects. That's the contemporary spirit of Cadillac.

COUPE DE VILLE

This is the two-door version of America's most popular luxury car. But what is it that makes Coupe de Ville so successful?

It's the way advanced technology enhances traditional Cadillac virtues. It's the exclusive front-drive, transverse-mounted V8 which, by placing the engine sideways, helps yield full-size room for six adults. It's a sleek door-into-roof design that not only enhances the appearance outside, it actually makes Coupe de Ville quieter inside. It's an Electronic

New taillamps and quarter extension.

Climate Control system that even displays the outside temperature. It's a more powerful body computer module, which now lets you operate the wipers and radio, as well as the power windows and available trunk release, up to ten minutes after the ignition is shut off.

It's Cadillac's new longer 5-year/50,000-mile limited

warranty* which also includes 5-year/100,000-mile corrosion (rust-through) coverage for body sheet metal panels.

It's all this, plus available features like Anti-Lock Braking, a cellular telephone that mutes the radio for you, and a sophisticated electronic anti-theft system.

And, to cap it all off, exclusively on Coupe de Ville, you have three available roof treatments to choose from: Cambria cloth, the Formal Cabriolet or the Full Cabriolet roof with its convertible-like appearance.

*In some cases, a deductible applies. See your dealer for details.

Available Diamond grain Full Cabriolet roof.

Available Cambria Roof.

Rear deck lid spoiler.

Front air dam with integrated fog lamps. Unique and removable louvers on Touring Coupe.

TOURING EDITIONS

The Cadillac Touring Sedan and Touring Coupe are designed for people who want exceptional response combined with Cadillac comfort and convenience.

Performance Enhancement Package refinements to the powertrain provide added horsepower and torque for impressive off-the-line response. The suspension is retuned to maximize the benefits of high-performance Goodyear Eagle GT tires on 15" aluminum alloy wheels, solid front and rear stabilizer bars, higher spring rates and faster ratio steering.

From the front air dam with its integral fog lamps to the rear deck lid spoiler, these Touring Editions are a new breed of Cadillac.

Because these are performance cars in the Cadillac context, they go beyond the expected and deliver a superior degree of comfort as well.

With soft, supple leather in the seating areas. On the headrests, both front and rear. On the steering wheel. The automatic shift lever and the tilt steering wheel lever.

The contemporary spirit of Cadillac. Touring Coupe and Touring Sedan for 1987.

Leather seating areas with leather-covered headrests.

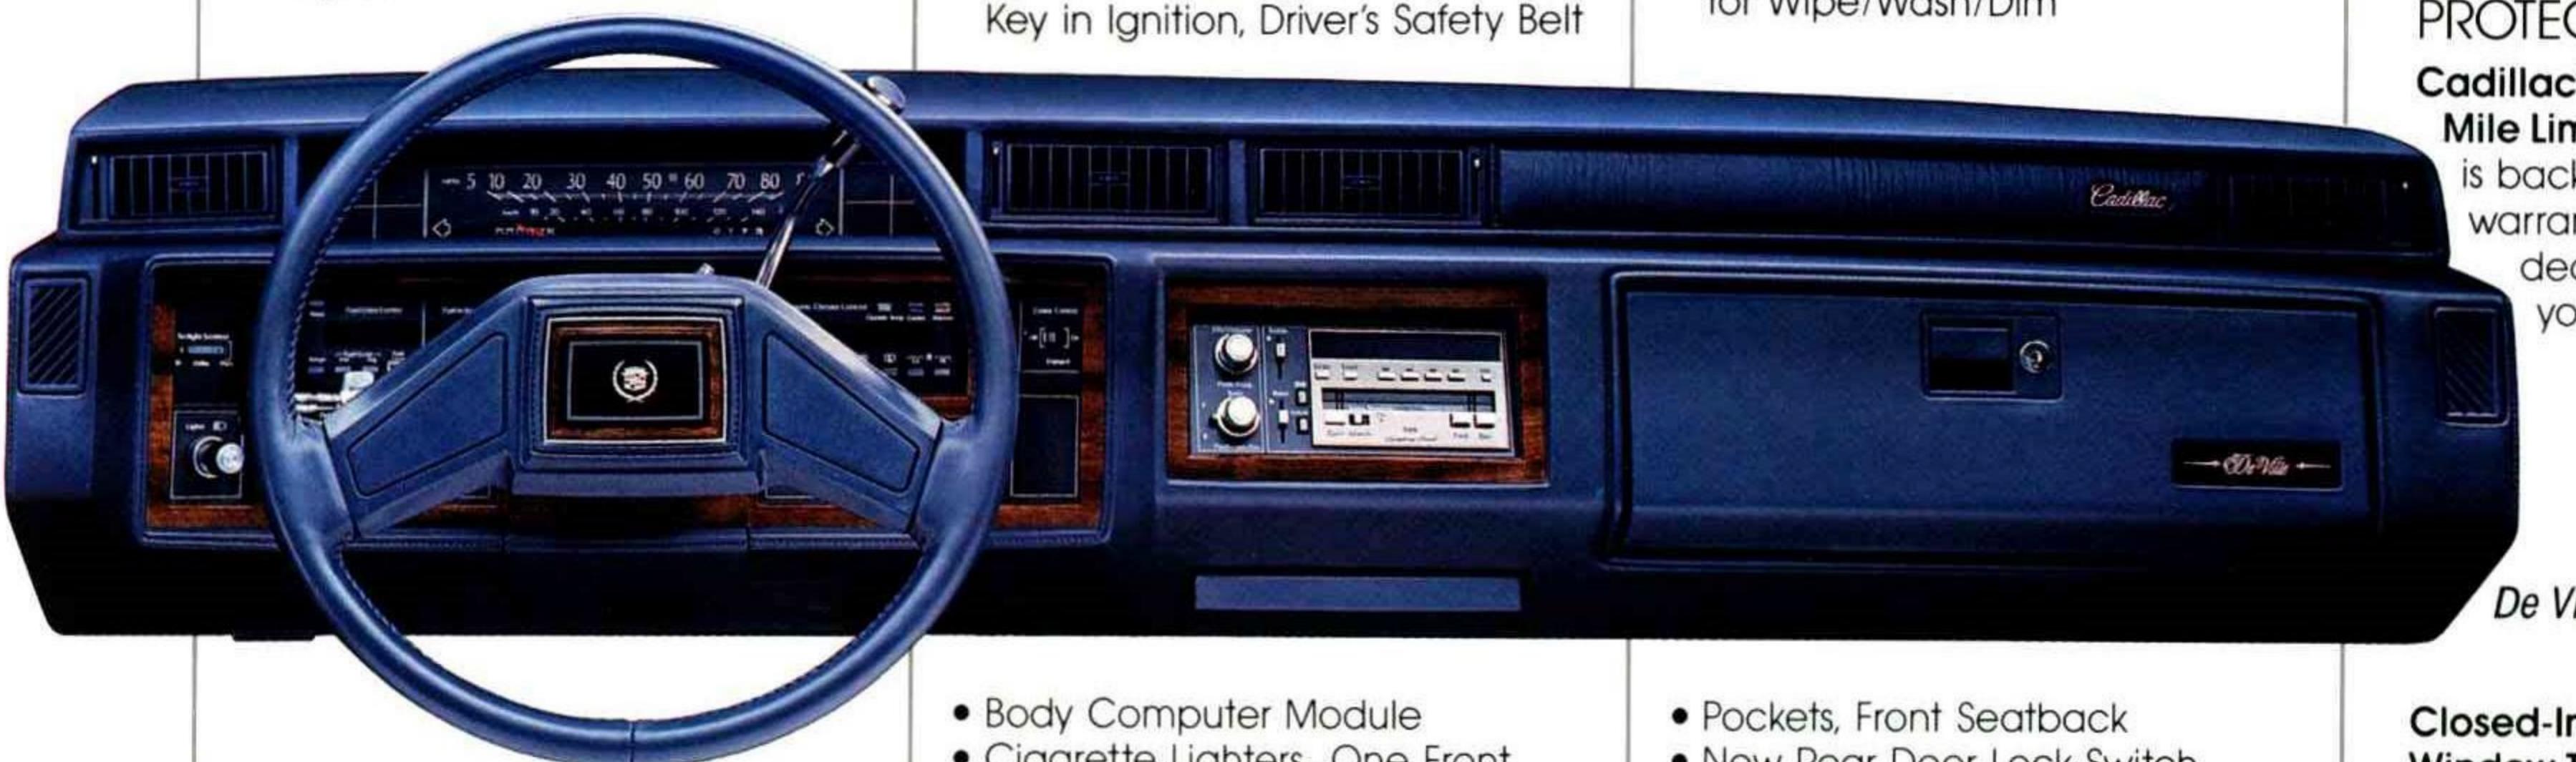

Cadillac Touring Coupe.

Delco AM Stereo/FM Stereo ETR, cassette and graphic equalizer.

- Steering Wheel Rim, Leather-Trimmed
- Theft-Deterrent System
- Trunk Mat

Wire wheel disc.

ENGINE/CHASSIS

Ride and Handling Touring Package

Included on Cadillac Touring Coupe or Touring Sedan, and available separately. Contributing to refined road manners are 15-inch aluminum alloy wheels and high-performance, low-profile Goodyear Eagle GT P215/65R15 blackwall tires. Also includes a 32mm diameter solid front stabilizer bar, an 18mm diameter solid rear stabilizer bar, tighter front and rear strut valving tuned to Cadillac specifications, higher front and rear spring and suspension bushing rates and faster-ratio steering. Also available with P215/65R15 Goodyear Eagle GT whitewall tires.

Anti-Lock Braking System

Electronic sensors at each wheel detect impending wheel lockup. Instantaneously, the computer-controlled Anti-Lock Braking System begins pumping each front brake individually and the

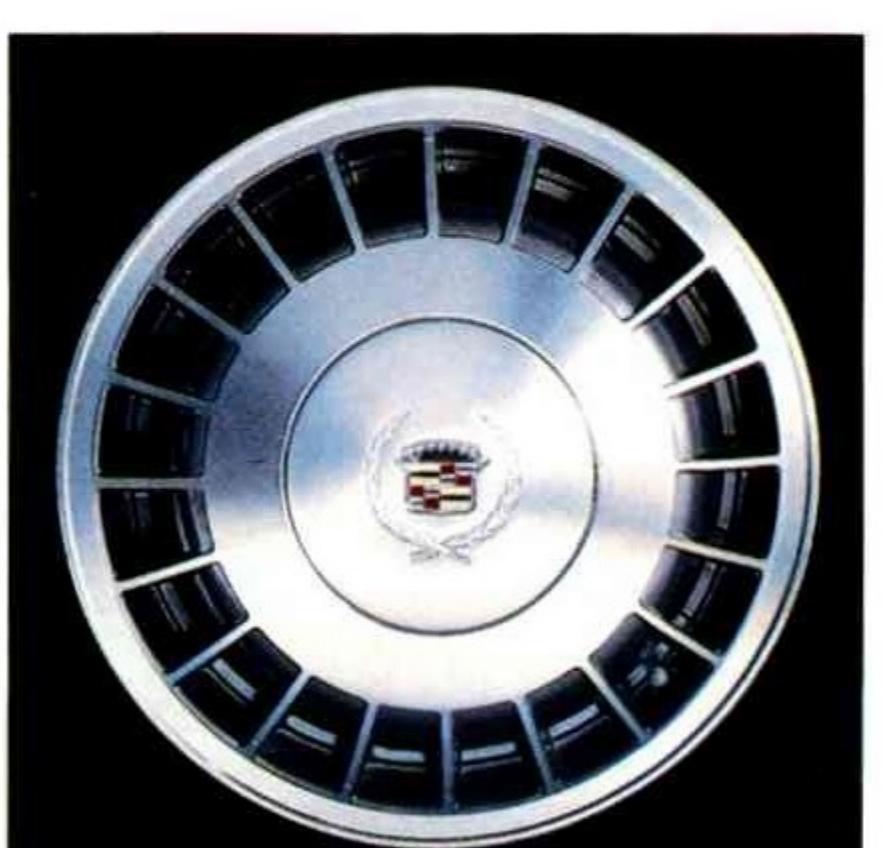

rear brakes as a pair, as traction demands, up to 15 times per second—far faster and more accurately than is humanly possible. Your wheels do not lock. This system can significantly reduce stopping distances under slippery conditions and help maintain the ability to steer.

AS WELL AS:

- Battery, Heavy-Duty—Delco-GM Freedom® III
- Engine Block Heater
- Tires, Puncture-Sealing (Not Available with Ride and Handling Touring Package)

14" aluminum alloy wheel.

15" aluminum alloy wheel.

FLEETWOOD D'ELEGANCE

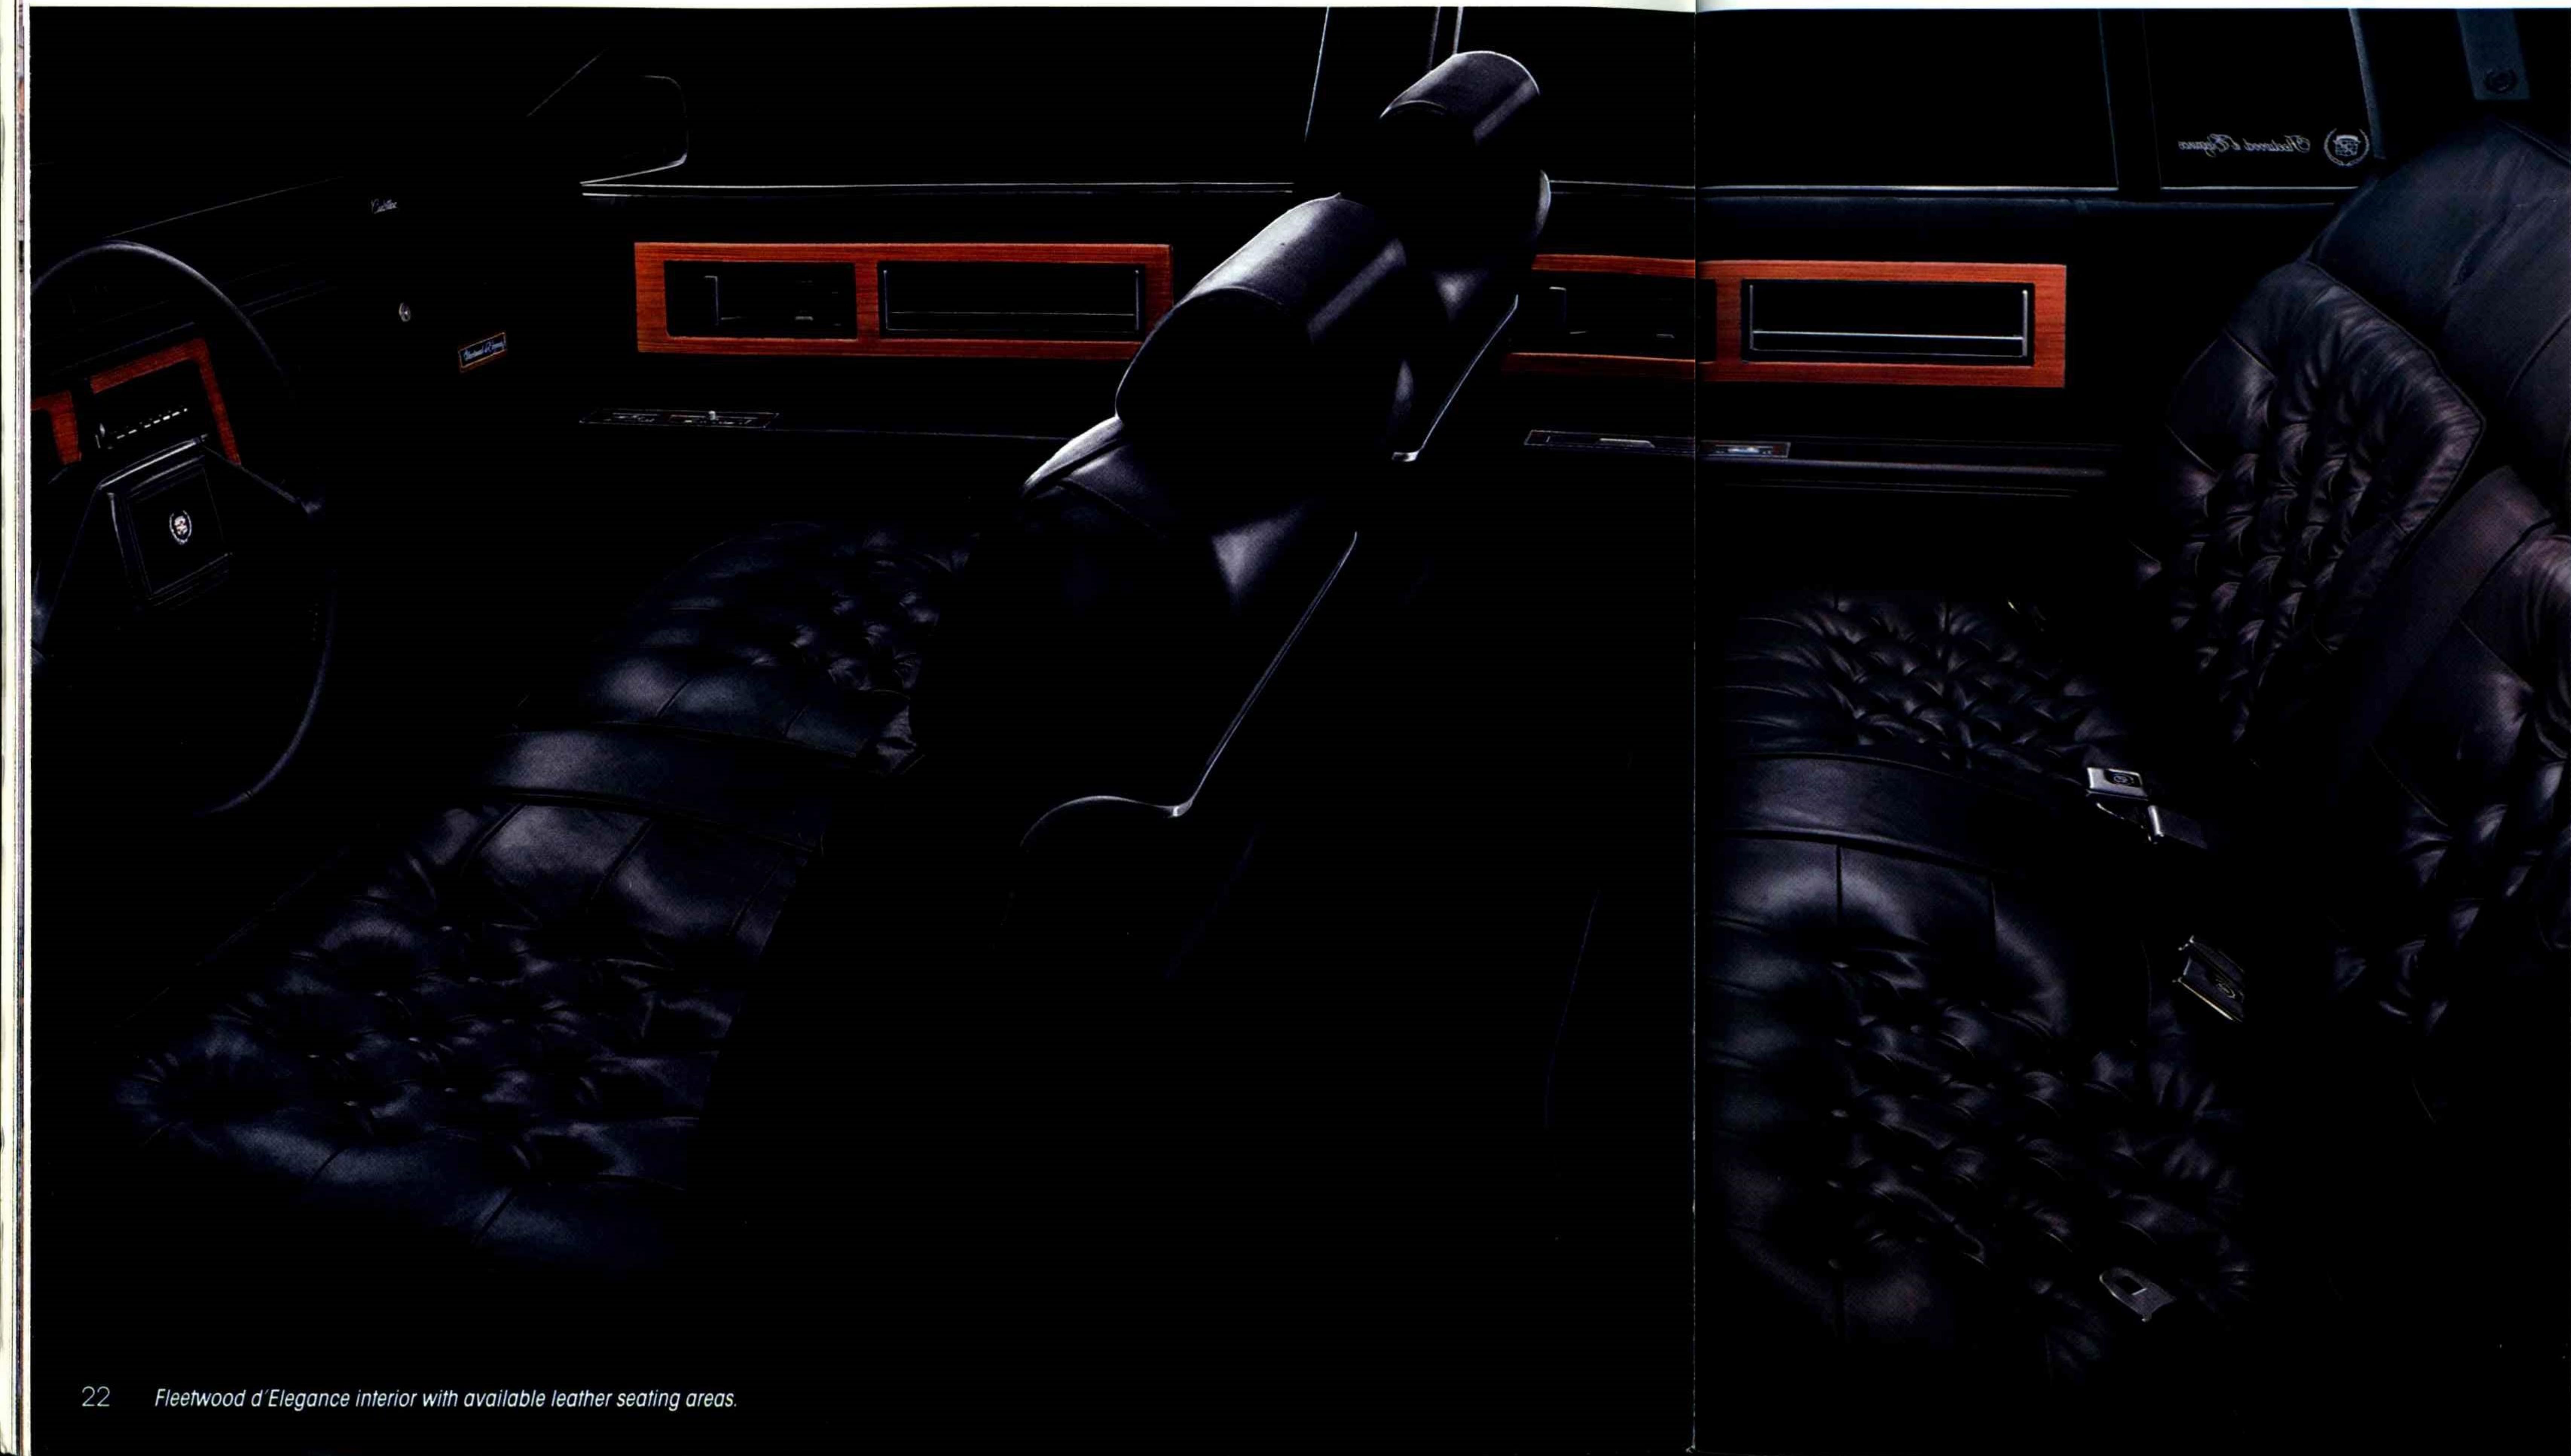

The newly styled, longer Fleetwood d'Elegance is the sophisticated spirit of Cadillac.

As its name implies, the distinctive character of this Cadillac is rooted in elegant styling refinements: Formal Cabriolet roof, opera lamps, wire wheel discs and new grooved lower body side moldings.

Complementing these Fleetwood d'Elegance features is leading-edge technology that makes this a full-size luxury car for today. For it is the space-efficiency of Fleetwood's front-drive, transverse-mounted 4.1 liter V8 engine which helps yield full-size roominess for six adults. It is the tailored door-into-roof design which virtually eliminates wind noise. And it is the new composite tungsten halogen headlamps which simultaneously enhance aerodynamics while bringing added styling distinctiveness.

FLEETWOOD D'ELEGANCE

22 Fleetwood d'Elegance interior with available leather seating areas.

Digital instrument cluster.

Start with the digital instrument cluster, trimmed with genuine American walnut. Move to the padded steering wheel, tailored with leather. Glance up at the visors, with hidden extenders that cover behind the rearview mirror. As the d'Elegance script on the glove box indicates, this is the sophisticated spirit of Cadillac.

Evidence of that abounds. In the multi-buttoned d'Elegance seating. In the six-way power front seat adjusters for driver and front passenger. In the convenience of rear-seat reading lamps and power door lock switches. In the smooth-as-silk Cadillac ride. And thoughtful little touches like integral map pockets in the front doors.

Full-size luxury has never been more sophisticated than Fleetwood d'Elegance.

FLEETWOOD SIXTY SPECIAL

The new Cadillac Fleetwood Sixty Special belongs to an executive class of Cadillacs. It has an extended wheelbase which immediately signals the status of this exclusive Cadillac. Its increased length enhances ride comfort and creates a rear seat of limousine-like proportions.

The Fleetwood Sixty Special has an array of distinctive luxury features inspired by the flagship Fleetwood Seventy Five Limousine and Fleetwood d'Elegance, including a full padded roof and grooved lower body side moldings.

At the same time, the Fleetwood Sixty Special has the impressive traction and handling of front-wheel drive and four-wheel independent suspension. And as standard equipment, the superior control of an advanced Anti-Lock Braking System, standard.

Fleetwood Sixty Special. The sophisticated spirit of Cadillac.

FLEETWOOD SIXTY SPECIAL

As you step across the inscribed door sill plates, it becomes readily apparent why the Fleetwood Sixty Special sets a new standard in executive transportation.

Deep-pile Tampico carpeting spans the lengthened floor, its acoustical insulation adding to the quiet elegance. Carpeted footrests impart a sense and look of comfort and exclusivity.

Overhead, the convenience of a vanity console with two illuminated vanity mirrors for rear seat passengers.

Multi-button seats are tailored in Royal Prima Cloth or, if you prefer, leather seating areas with leather-bound headrests are available. Doors and instrument panel are trimmed in authentic American walnut.

A very sophisticated addition to the new executive class of Cadillacs.

FLEETWOOD D'ELEGANCE FLEETWOOD SIXTY SPECIAL

STANDARD FEATURES

Dual Comfort front seat.

COMFORT AND CONVENIENCE

Dual Comfort 45/55 Front Seats (Three-Passenger). Allow driver and right front passenger to adjust seats for maximum comfort. Includes manual driver and passenger front seatback recliners.

AVAILABLE FEATURES

COMFORT AND CONVENIENCE

Cellular Telephone. This factory- or dealer-installed option features a removable handset concealed in the locking storage compartment in the front-seat center armrest. Also offers hands-free operation with microphone moved to center front armrest for clearer voice reception. Plus an exclusive radio mute module.

Memory Seat. Remembers two preset driver's seat positions. There's also the added convenience of an "exit" button which moves the seat all the way down and back for easier exit.

Automatic Day/Night Inside Rearview Mirror. Automatically adjusts the mirror to the non-glare mode.

Automatic Door Locks. Shifting the transmission into any gear automatically locks all doors. Put the transmission into park and the doors automatically unlock.

Dimming Sentinel. Automatically dims high-beam headlamps with approach of oncoming cars, then returns headlamps to high-beam operation. (Requires available Controlled Cycle Wiper System and Tilt-and-Telescope Steering Wheel.)

Trunk Lid Power Pull-Down. Once engaged, this feature automatically pulls trunk lid down and locks it into place.

Illuminated Entry System. Pushing either front door handle button illuminates keyhole and turns on inside courtesy lights.

Twilight Sentinel. Automatically turns headlamps on and off in response to outside light conditions.

General Motors Acceptance Corporation (GMAC) Financing. See inside back cover for details.

Astroroof. (Not available with Formal Cabriolet or Cambria Roofs or on Fleetwood Sixty Special.) (Astroroof reduces headroom slightly.)

AS WELL AS:

- Controlled Cycle Wiper System (Requires Available Tilt and Telescope Steering Wheel)
- Cruise Control
- Defogger, Rear Window—Includes Heated Outside Rearview Mirrors
- Garage Door Opener Transmitter
- Recliner, Power—Driver Seat
- Recliner, Power—Front Passenger Seat
- Steering Wheel, Tilt and Telescope (Requires Available Controlled Cycle Wiper System)
- Trumpet Horn
- Visor Vanity Mirrors, Illuminated—Driver and Passenger

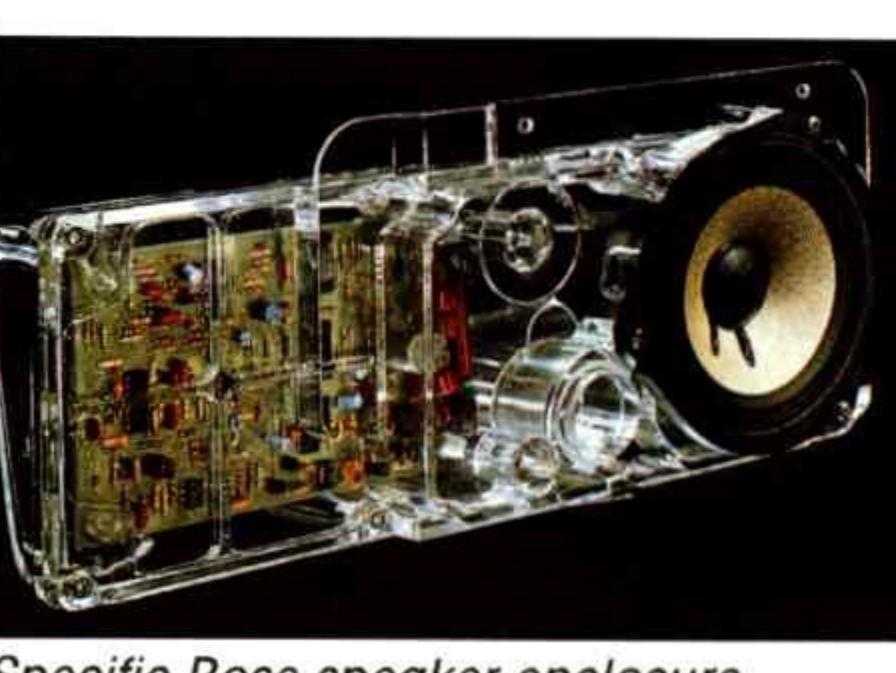

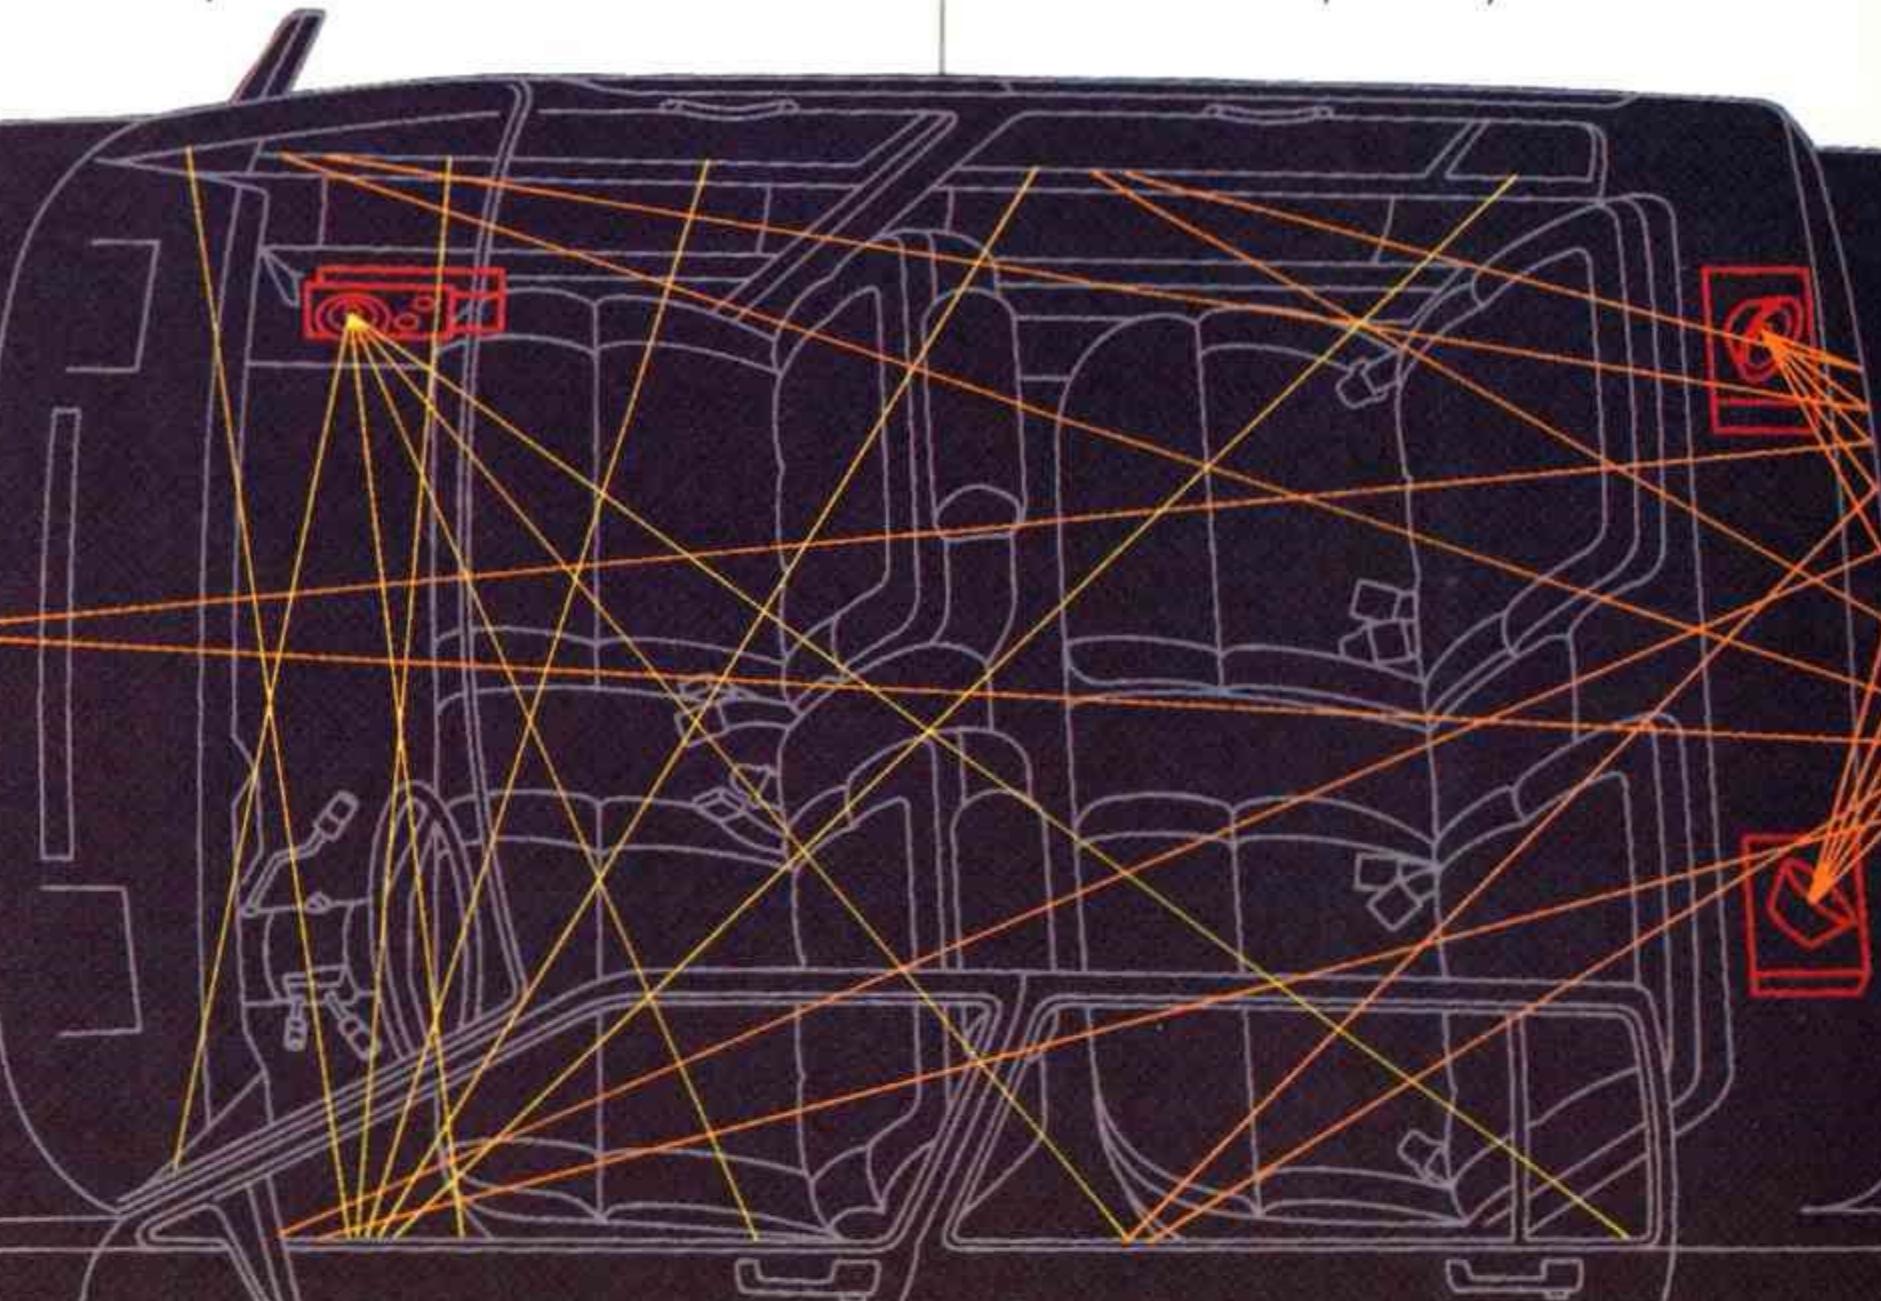

SOUND SYSTEMS

The driving pleasure of the new 1987 Cadillac is greatly enhanced by the Delco Electronics Sound Systems. These radios are designed with the same technology and expertise that are utilized in the design of

body and engine computers, electronic climate control, theft-deterrent systems and many other automotive electronic devices.

Delco-GM/Bose Symphony Sound System. Customized to the exact dimensions and acoustical characteristics of your Cadillac. This 100-watt system includes integral Cassette Tape Player. Also features tape equalization for metal, chromium or normal bias tape.

Bose Direct/Reflected sound reproduction.

Specific Bose speaker enclosure.

Delco AM Stereo*/FM Stereo Electronically Tuned Receiver with Cassette Tape Player. With Five-Band Graphic Equalizer.

*Receives C-Quam® AM stereo broadcasts. Most AM stereo stations across the country broadcast in C-Quam® but some do not. Check with your local stations for compatibility in your area.

Universal Citizens Band Transceiver. Available with standard Delco receiver or available Receiver/Cassette Tape Player.

Antenna, Tri-Band. Standard with Universal Citizens Band Transceiver. Available with standard receiver or available Receiver/Cassette Tape Player.

Memory seat.

APPEARANCE AND PROTECTION

New Cambria Cloth Roof Treatment. Luxurious and distinctive cloth texture is offered in Black, Dark Blue, Dark Brown and Maroon. (Available on Fleetwood d'Elegance only)

Remote Release Fuel Filler Door. A light touch of the Fuel Filler Door Release button, located inside the glove compartment, opens the fuel filler door. Filler door locks automatically when pushed closed.

New Two-Tone Paint Treatment. In five combinations for added distinctiveness. Requires metal roof.

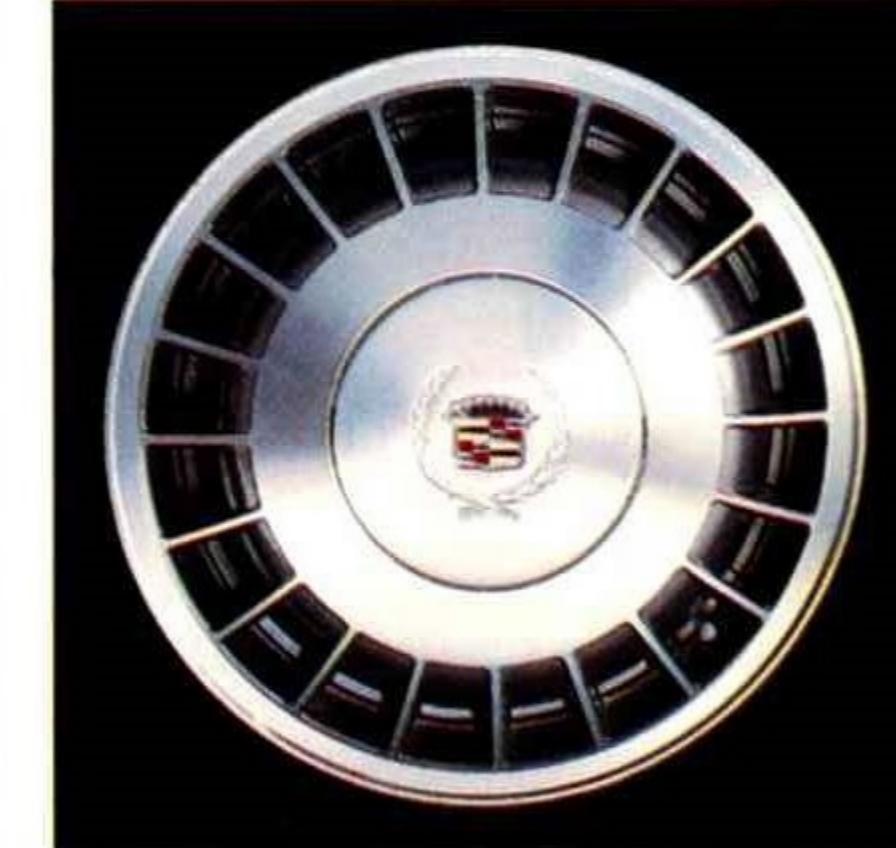

Aluminum Alloy Wheels. 14" or 15" design.

AS WELL AS:

- Door Edge Guards—Car-Colored Style
- Front License Plate Mounting Provisions (No Charge)
- GM Protection Plan—Ask your dealer for details
- Leather Seating Areas—Includes Leather-Trimmed Front Headrests
- License Frame—Rear
- License Frames—Front and Rear
- Paint, Firemist
- Paint, Pearlmist

14" aluminum alloy wheel.

15" aluminum alloy wheel.

Cellular telephone with new armrest-mounted microphone.

Anti-Lock Braking System. (Standard on Fleetwood Sixty Special) Electronic sensors detect impending wheel lockup. Instantaneously, the computer-controlled Anti-Lock Braking System begins pumping each front brake independently and the rear brakes as a pair, as traction demands, up to 15 times per second—faster and more accurately than is humanly possible.

The wheels do not lock. This braking system can significantly reduce stopping distances under slippery weather conditions and help you maintain the ability to steer.

AS WELL AS:

- Battery, Heavy-Duty—Delco-GM Freedom® III
- Engine Block Heater
- Tires, Puncture-Sealing (Not Available with Ride and Handling Touring Package)

FLEETWOOD SEVENTY FIVE AND SEVENTY FIVE FORMAL LIMOUSINES

As corporate America has become increasingly sophisticated in its worldwide scope and vision, the Cadillac Limousines have become equally as sophisticated.

The Fleetwood Seventy Five Limousines incorporate the latest advances in Cadillac technology. A front-drive, transverse-mounted 4.1 liter V8 engine. Electronic Level Control. Independent four-wheel suspension. On-board computer diagnostics.

Yet, they also preserve such traditional Cadillac amenities as rear-passenger controls for the electronic climate control. A closed-in rear window for greater privacy. And seating for eight in the Fleetwood Seventy Five Limousine. With its sliding glass center partition, the Fleetwood Seventy Five Formal Limousine seats seven and includes separate air conditioning for rear seat passengers.

ELDORADO

Eldorado for 1987, the driving spirit of Cadillac, is designed for people who would rather drive than ride.

A front-drive, transverse-mounted V8 engine with 4.1 liters of power responds instantly with fuel-injected precision. The four-wheel independent suspension delivers impressive control with a minimum of body roll and sway, even on tight highway entrance ramps. Cadillac's exclusive viscous converter clutch makes gear shifts with the automatic four-speed transmission practically imperceptible. While power-assisted rack and pinion steering delivers an optimal combination of driver feedback on the open road and power assistance in tight parking situations.

ELDORADO

36 Eldorado interior with available leather seating areas.

Many automobiles are designated as "driver's cars." What sets Eldorado apart is that this driver's car is also a Cadillac.

So while you have access (through the Digital Instrument Cluster and Driver Information Center) to virtually every bit of mechanical information possible about the functional nature of your engine, it is displayed in an instrument panel framed in available genuine American walnut. The front bucket seats are crafted of leather and cashmere cloth seating areas, with six-way power adjustment for driver and even a power recliner, if you so choose.

But to fully understand why we call Eldorado the driving spirit of Cadillac, you have to experience one. And the only place to do that...is behind the wheel.

ELDORADO BIARRITZ

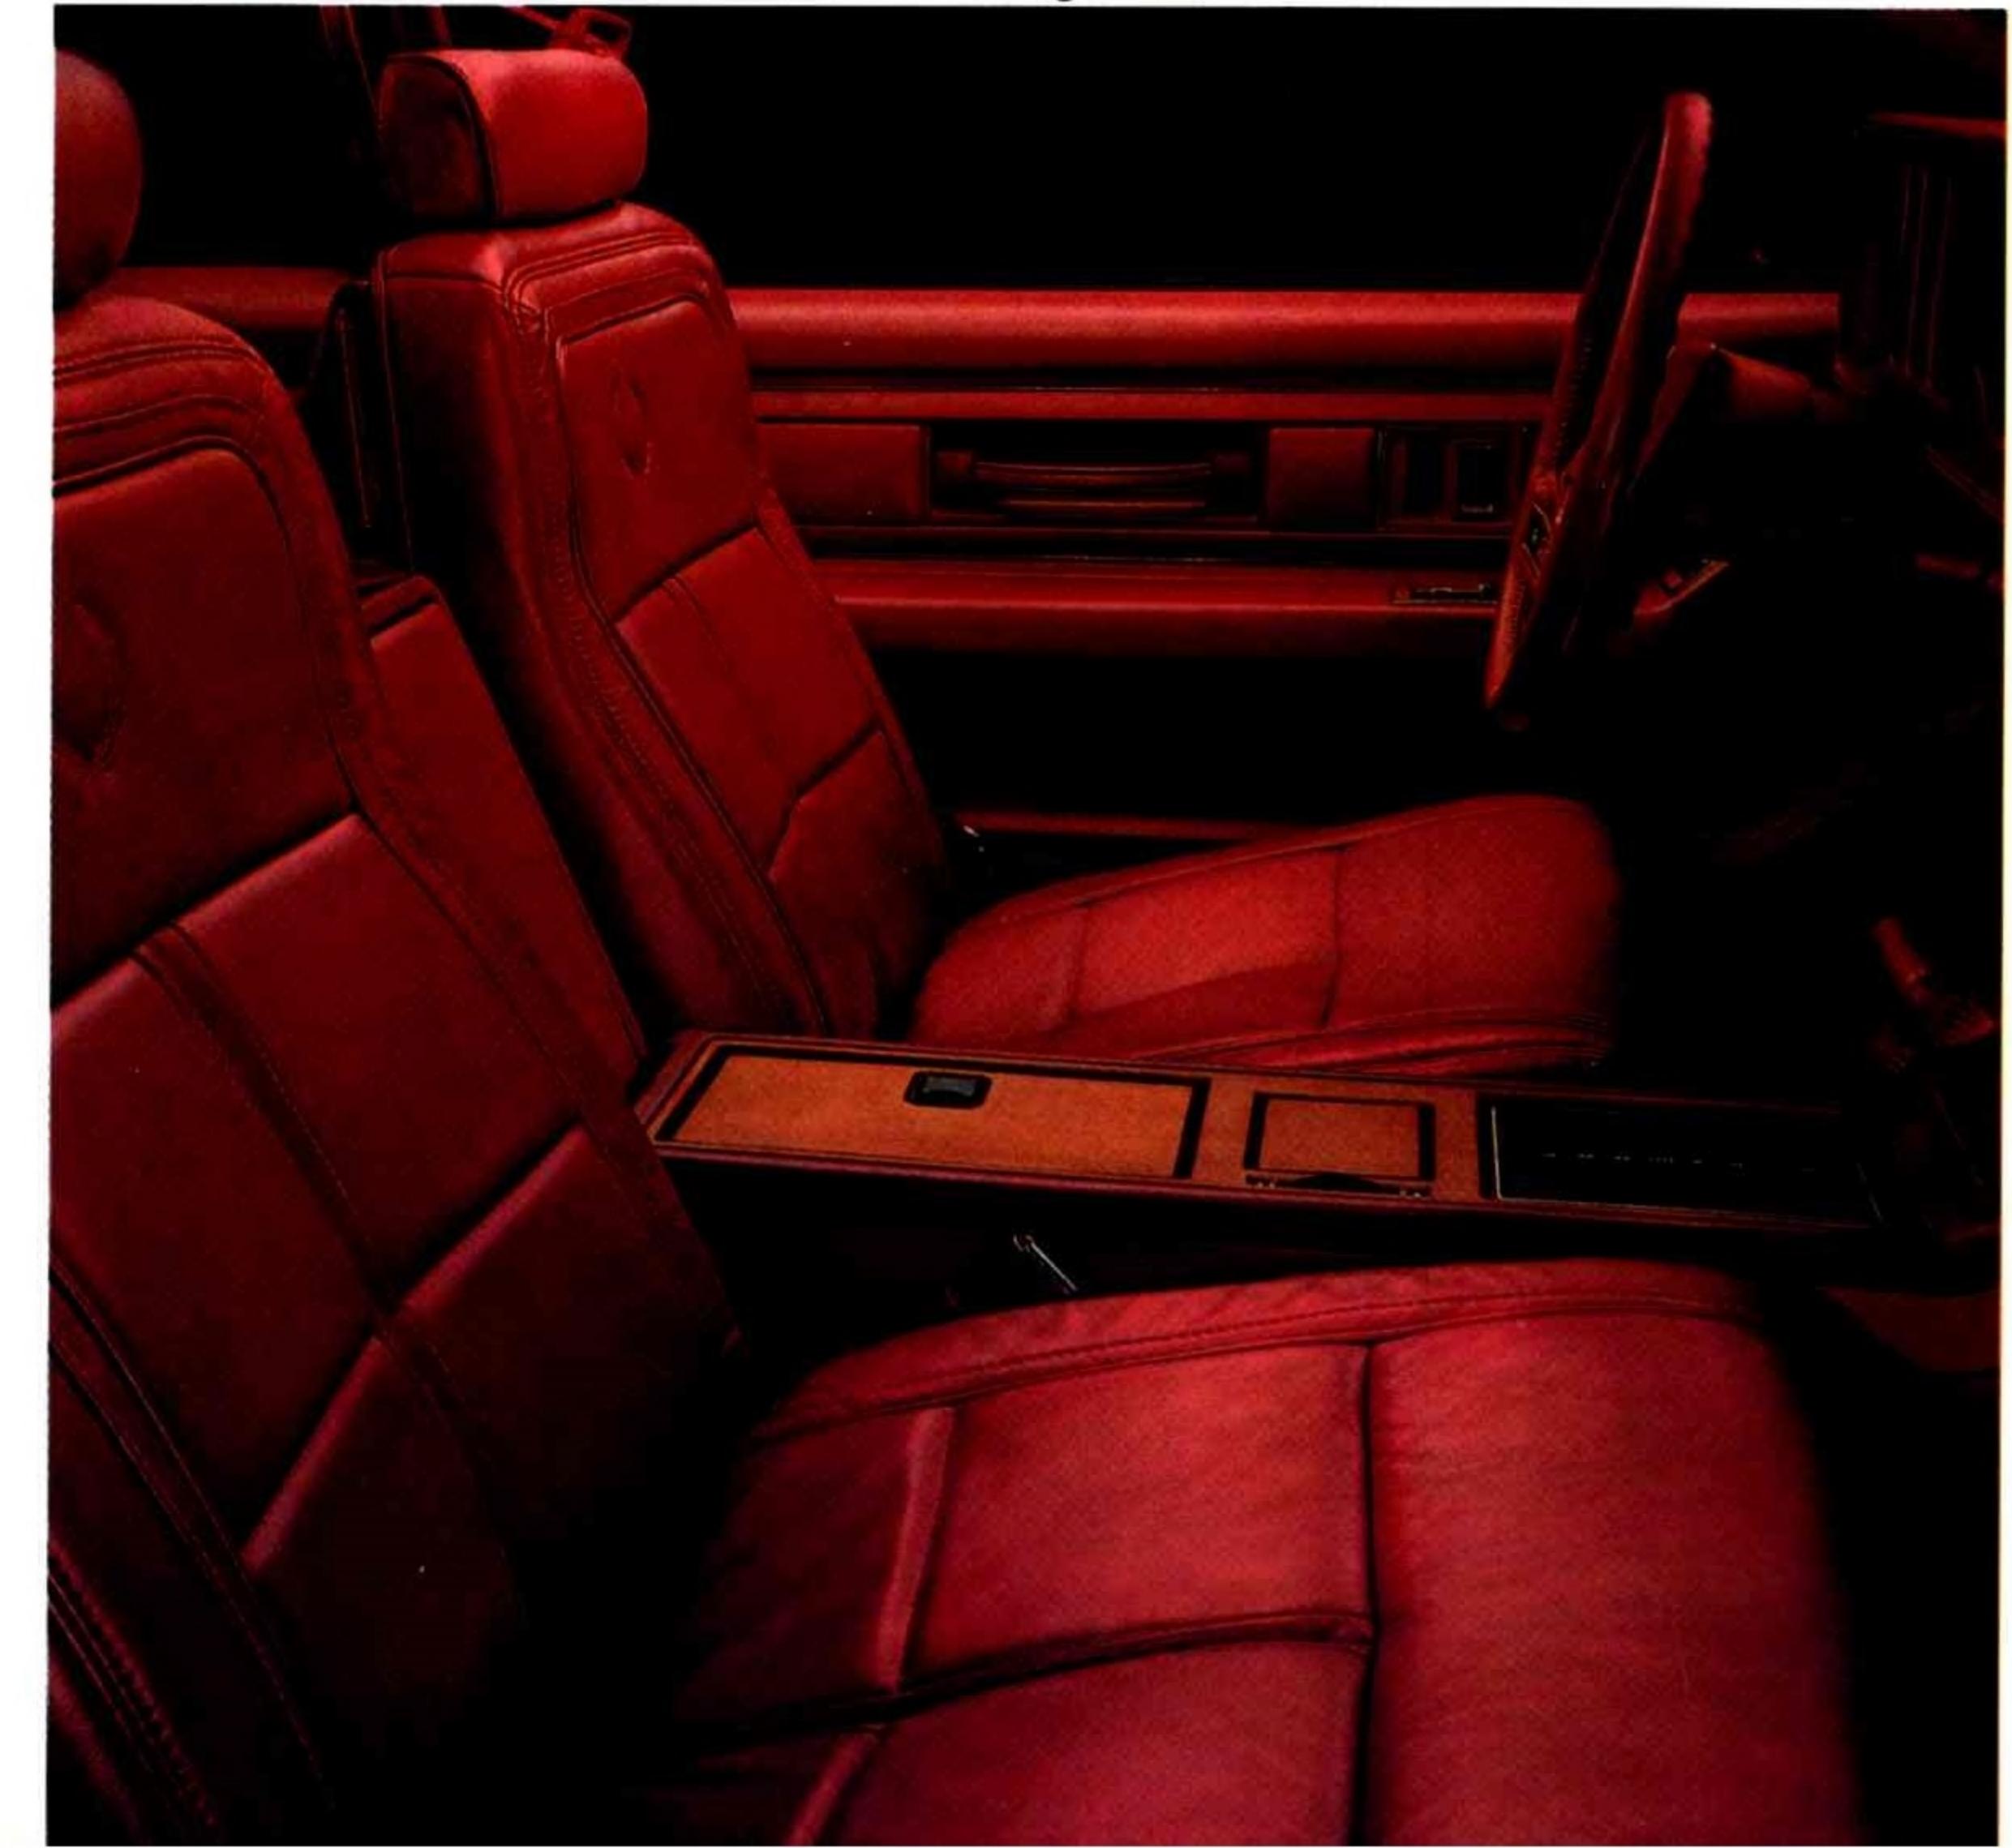

The Biarritz is designed to be the most sumptuous Eldorado.

Dramatic and distinctive, from the Cabriolet roof and limousine-style rear window to the two-tone paint treatment.

With an interior that fulfills both the design objective and driver's needs beautifully. Front bucket seats with six-way power adjusters, power recliners and power lumbar support. Genuine American walnut encasing the instrumentation.

Biarritz. The ultimate Eldorado for 1987.

Eldorado Biarritz interior with available leather seating areas.

ELDORADO

STANDARD FEATURES

COMFORT AND CONVENIENCE

Driver Information Center.

A vacuum fluorescent display for outside temperature, date, time, fuel economy data, engine display data (including tachometer) and more.

Digital Instrument Cluster.

Features digital readout of speedometer, mileage and trip odometers and fuel gauge, vacuum fluorescent display of low fuel indicator and "cruise control engaged" indicator.

Retained Accessory Power.

Allows you to operate many standard and available features up to 10 minutes after you turn off the ignition or until a door is opened, including the electrically powered windows, power trunk lid release, wipers, stereo radio and available Astrorooft.

Body Computer Module.

Provides enhanced function of body-related customer convenience items including Driver Information Center, digital instrument cluster, Electronic Climate Control, retained accessory power, Cruise Control, Twilight Sentinel, flash-to-pass feature, Battery Guard feature, electrical system check, expanded body system diagnostics.

Retained Accessory Power.

SEVILLE

Seville for 1987 is the elegant spirit of Cadillac—with a sleek, sophisticated design.

Upon closer inspection, you will see that Seville incorporates remarkable engineering advancements and electronic features.

The reassuring traction and space-efficiency of a front-drive, transverse-mounted 4.1 liter V8 engine—a worldwide Cadillac exclusive.

Confidence-inspiring four-wheel disc brakes and power-assisted rack-and-pinion steering. The supreme comfort of four-wheel independent suspension, double-isolated in the rear for smoothness. Plus surprising agility and an exceptional array of luxury features, all standard.

SEVILLE

Genuine American walnut wood on console.

Perhaps nothing says so much about the spirit of Cadillac as the constant, ongoing search for ways to improve America's premier luxury sedan.

For 1987, Seville's suspension has been retuned for greater ride comfort, without compromising any of its superb road-holding characteristics. A combination of leather and cashmere cloth now graces the seating areas.

All this, in addition to genuine American walnut on the instrument panel, a standard twilight sentinel that remembers to turn your lights on and off, plus an electronic climate control with a sensor that monitors the amount of sunlight coming through the windshield and adjusts the airflow accordingly.

If genius is in the details, it can surely be found in the 1987 Seville.

SEVILLE ELEGANTE

This is the most elegant expression of the most elegant Cadillac sedan.

Exclusive "mid-tone" color scheme features metallics and firemist paints in coordinating treatments with contrasting accent stripes. "Elegante" script is silk-screened on the rearmost side windows. Wire wheel discs and brushed and bright accent molding add to the visual distinction.

Inside, bucket seats comfort front-seat occupants with six-way power adjustments, power recliners and power lumbar supports. All carefully tailored in leather and Mayfair cloth. There's premium, Tampico carpeting throughout. Even on the deluxe, reversible floor mats.

Add the acclaimed available Delco-GM/Bose Symphony Sound System to your Elegante and you will have the ultimate Seville.

Seville Elegante interior with available leather seating areas.

SEVILLE

BROUGHAM D'ELEGANCE

This is the classic spirit of Cadillac. Brougham for 1987.

With the longest wheelbase of any regular American production car, except the Cadillac Fleetwood Seventy Five Limousine, cruising down the interstate is pure luxury. Under the hood there's a four-barrel 5.0 liter V8 engine so powerful you can (when properly equipped with the available trailering package) take an additional 5,000 pounds worth of trailer or boat along for the ride (including cargo). Plus, there's 19.5 cubic feet of usable trunk space.

The 1987 Brougham is every inch the classic Cadillac. From the formal limousine-style rear window and padded roof to the most considerate details, like an illuminated entry system that turns on the courtesy lights when you push the front door handle button. Not to mention Brougham's new longer 5-year/50,000-mile limited warranty.*

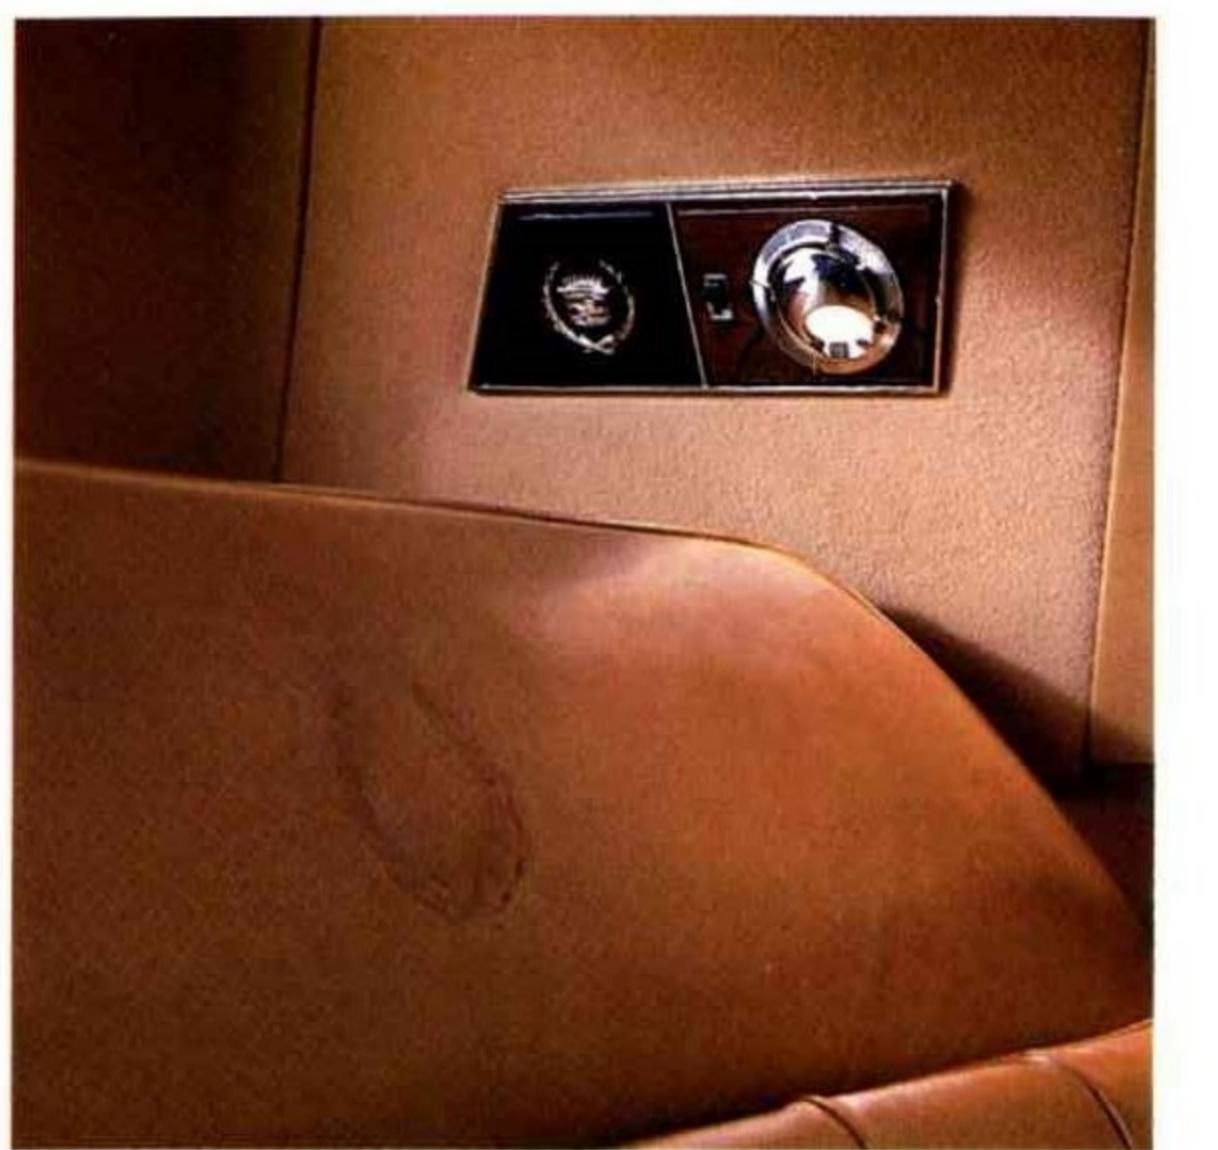

*In some cases, a deductible applies. See your dealer for details.

BROUGHAM D'ELEGANCE

56 Brougham d'Elegance interior with available leather seating areas.

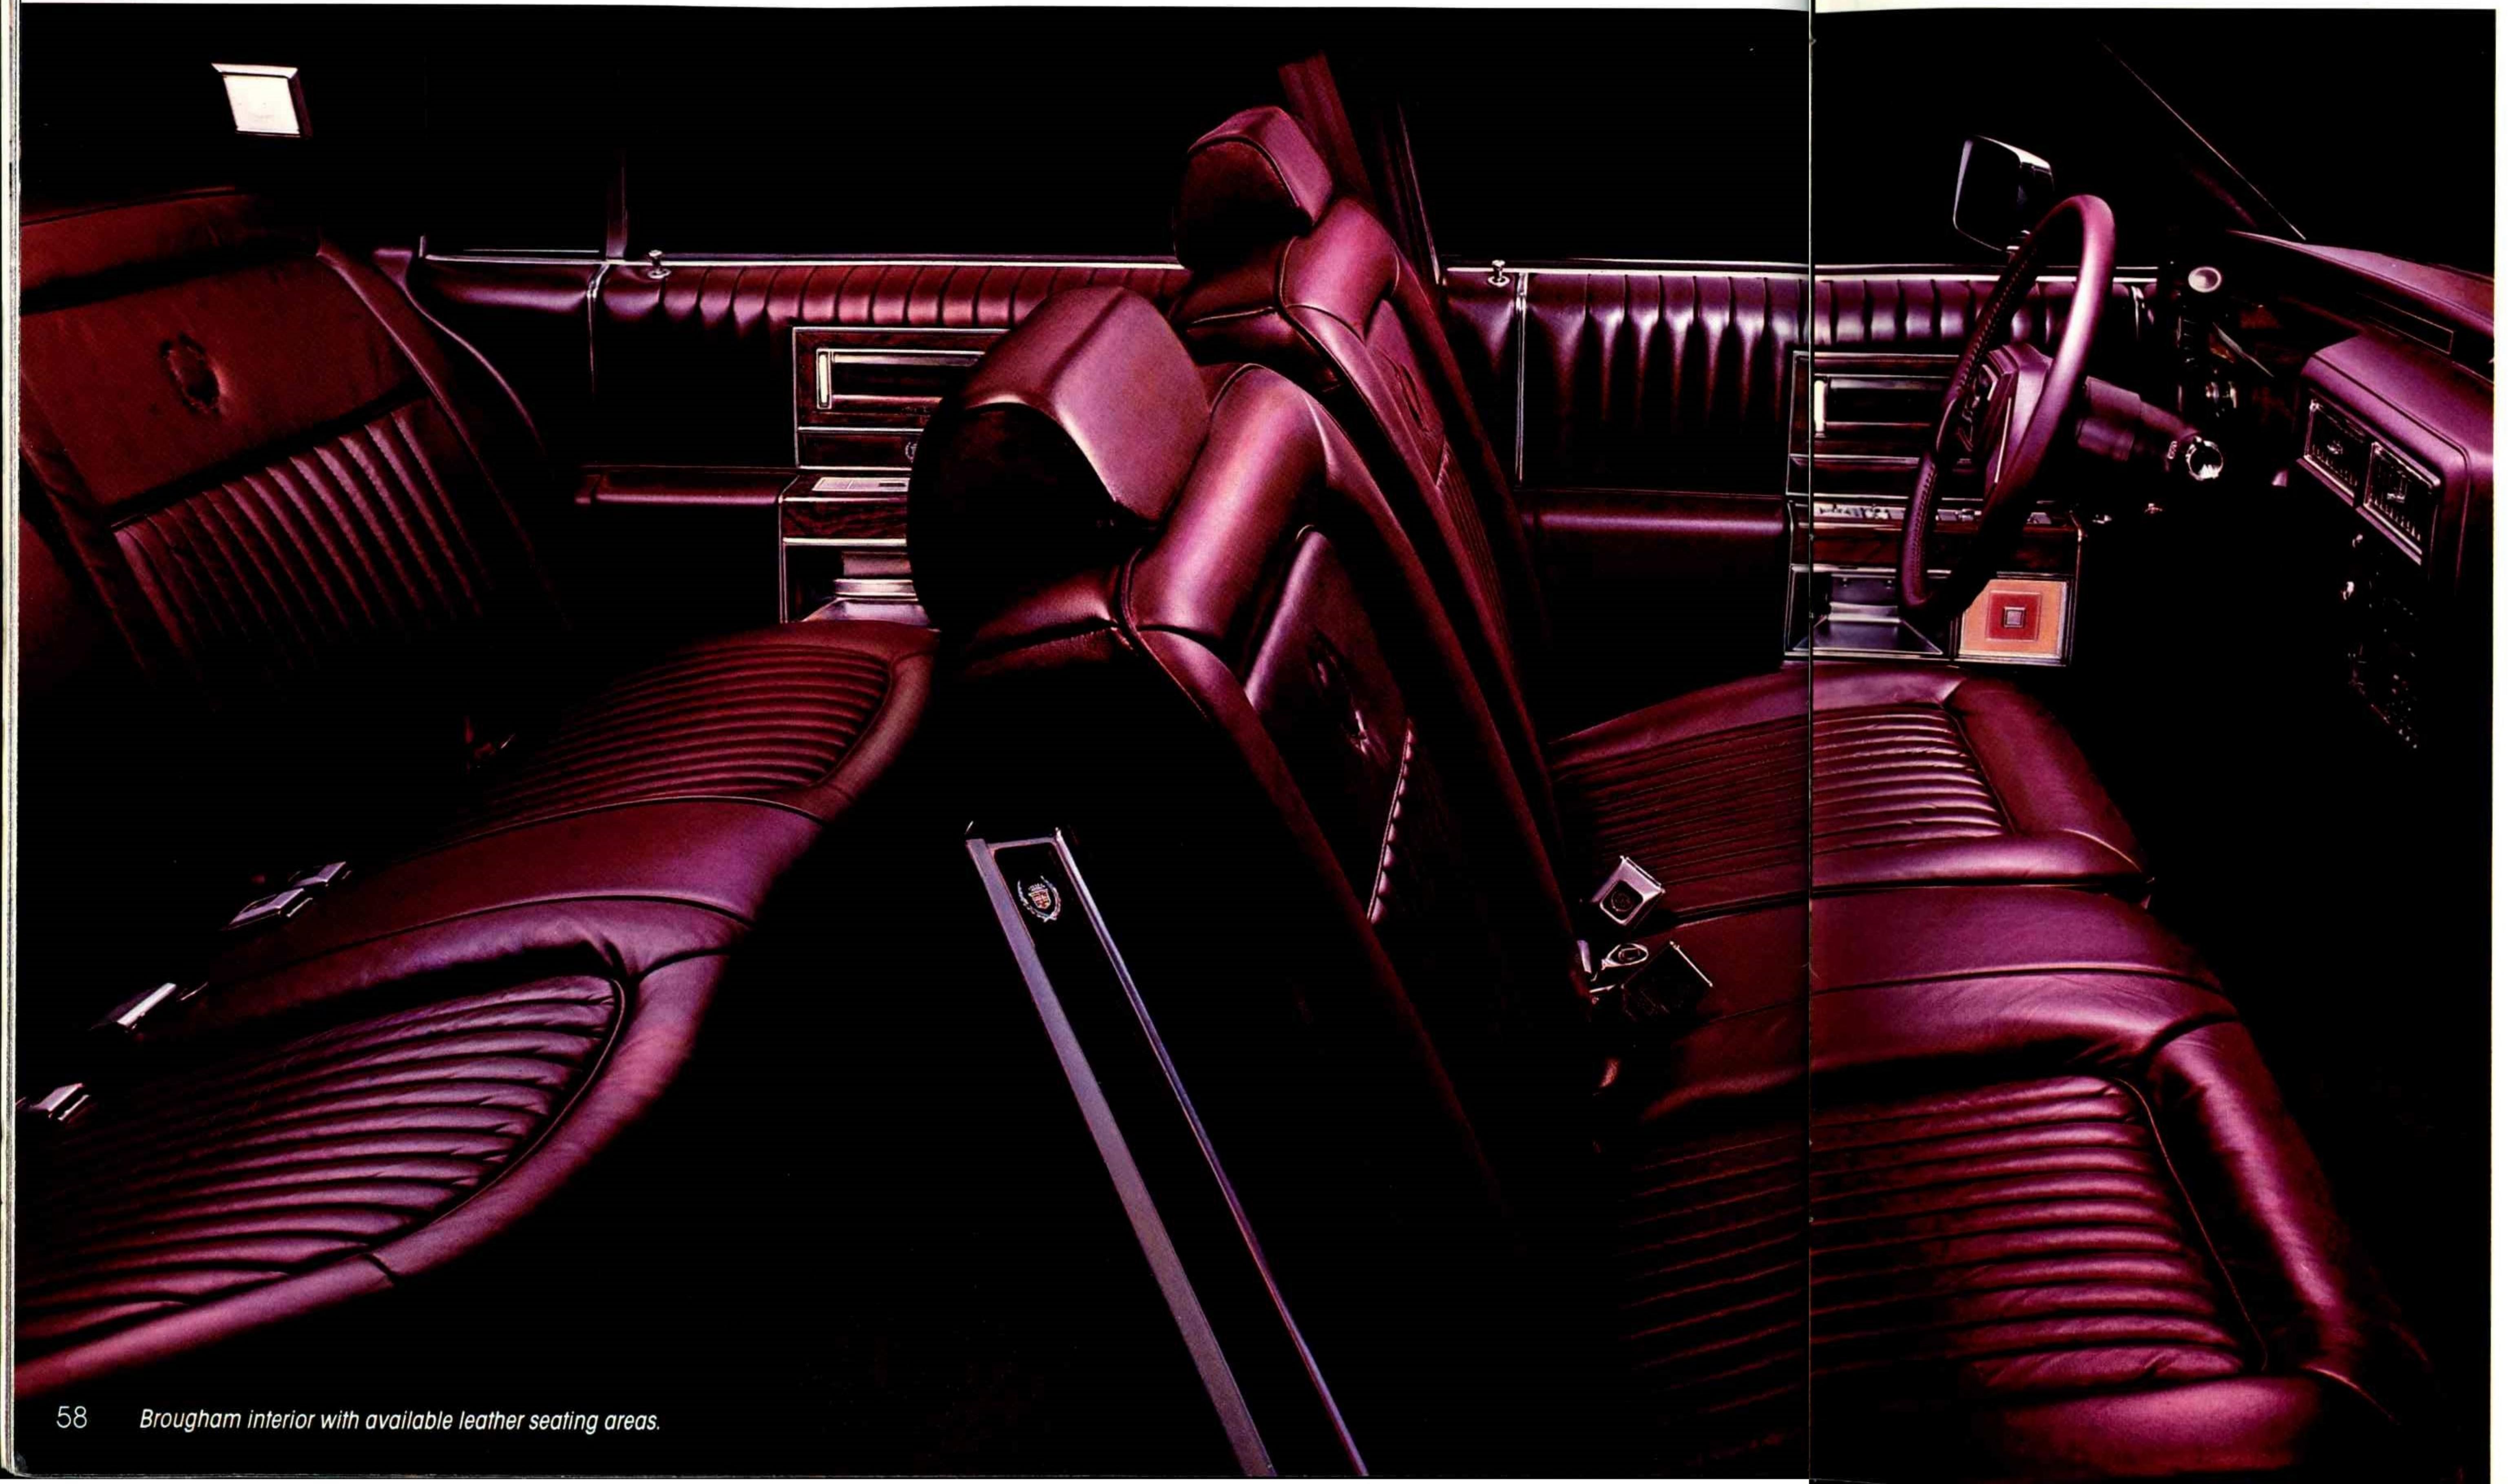

Rear seat reading lamp.

When you think of Cadillac values, comfort and convenience are uppermost.

One look inside the Brougham d'Elegance tells you why. There's ample room for six adults, with plush, multi-buttoned seating. Six-way power seat adjusters for driver and front passenger. Adjustable rear-seat reading lamps. An electronic climate control system with a temperature setting that can be adjusted to a single degree (as well as displaying the outside temperature). An electronically tuned AM/FM stereo radio that automatically seeks out your favorite music.

And a host of standard power features you would expect from Brougham for 1987, the classic spirit of Cadillac.

BROUGHAM

The rear-wheel-drive Brougham continues to be among the most popular of luxury cars. A car crafted in the finest Cadillac traditions, with comfort and convenience paramount.

A reassuring car to drive, the 1987 Brougham has ample power to pass—even at highway speeds—thanks to its 5.0 liter V8 engine. The Brougham is equally adept in business situations or family functions, with room for six adults and a full complement of luggage.

And with the available Heavy Duty Ride Package, the Brougham handles city potholes and country washboard roads with dignity and control.

Brougham for 1987. The classic spirit of Cadillac.

1987 Brougham.

BROUGHAM

STANDARD FEATURES

COMFORT AND CONVENIENCE

D'Elegance Embroidery on Doors.

AS WELL AS:

- D'Elegance Identification
- Floor Carpet—Deluxe Tampico
- Floor Mats—Deluxe Tampico Carpeted Rubber, Front and Rear

AVAILABLE FEATURES

COMFORT AND CONVENIENCE

Memory Seat. This Cadillac option remembers two preset driver's seat positions. Just push a button and the seat automatically assumes the position of your choice.

Automatic Day/Night Inside Rearview Mirror. This mirror electronically detects glare from following headlamps and automatically adjusts the rearview mirror to the non-glare mode. When glare subsides, the mirror returns to the normal viewing mode after a short time delay. The illuminated distance dial allows a full range of adjustments to match the mirror to your eye sensitivity.

Twilight Sentinel. This popular Cadillac convenience automatically turns headlights on and off in response to outside lighting conditions. It also includes an adjustable time delay feature to light your way as you leave your Cadillac.

Memory seat.

Trunk Lid Release. With ignition on, a light touch of trunk lock release button, located inside the glove compartment, opens the trunk. Also available with a quiet pull-down feature which, once engaged, automatically pulls trunk lid down and locks it into place.

Trailering/customizer package.

Electrically Powered Astrorooftop.

Add this very personal touch to your Brougham. The retractable glass panel also includes an adjustable sunshade. (Astrorooftop reduces headroom slightly.)

General Motors Acceptance Corporation (GMAC) Financing. Please see inside back cover for details.

Controlled Cycle Wipers. Delay feature allows adjustment of wiping action for light rain or other conditions.

Power Astrorooftop.

Automatic Door Locks. Shifting the transmission into any forward gear automatically locks all the doors of your Cadillac. Put the transmission into park and the doors automatically unlock.

Guidematic Headlamp Control. Automatically dims high-beam headlamps with approach of oncoming cars. Then returns headlamps to high-beam operation.

Six-Way Power Seat Adjuster for Front Passenger Seat.

Adjustable Rear Seat Reading Lamps.

AS WELL AS:

- Defogger, Rear Window—Includes Heated Outside Rearview Mirrors
- Garage Door Opener Transmitter
- Mirrors, Electrically Powered, Outside Rearview
- Recliner, Power—Driver Seat
- Recliner, Power—Front Passenger Seat
- Steering Wheel, Tilt-and-Telescope
- Visor Vanity Mirrors, Illuminated—Driver and Passenger

SOUND SYSTEM

Delco Electronically Tuned Receiver with Cassette Tape Player. New for 1987.

APPEARANCE AND PROTECTION

Remote Unlocking Fuel Filler Door.

Locking or unlocking car doors also automatically locks or unlocks fuel filler door.

Theft-Deterrent System.

Window decals announce that this protective feature is helping safeguard your Cadillac 24 hours a day. Automatically activated if the integrity of the doors is violated. A driver's seat presence switch provides an added measure of security against unauthorized vehicle use.

Security Option Package.

Includes Remote Fuel Filler Door Lock, Automatic Door Locks and Theft-Deterrent System.

Twilight Sentinel.

GM Protection Plan.

See your Cadillac dealer for details.

Authentic Wire Wheels.

Wire Wheel Discs.

Wire wheel disc.

Genuine wire wheel.

AS WELL AS:

- Accent Striping (Side and Deck Lid)
- Door Edge Guards
- Floor Mats, Carpeted Rubber, Front and/or Rear (Deluxe Tampico Carpeted Mats Standard on Brougham d'Elegance)
- Front License Plate Mounting Provisions (No charge)
- Leather Seating Areas
- License Frame—Rear
- License Frames—Front and Rear
- Paint, Firemist
- Steering Wheel Rim, Leather-Trimmed
- Trunk Mat

ENGINE/CHASSIS

Electronic Level Control.

Included with Trailering/Customizer Package. Automatically adjusts to changing loads—additional passengers or added luggage weight—to help keep the car level. Includes 16mm rear stabilizer bar.

Trailering/Customizer Package.

When properly equipped with this package, Brougham can tow trailers up to 5,000 pounds (including cargo). Includes:

- Electronic Level Control with 24mm Rear Stabilizer Bar
- Heavy-Duty Battery, Cooling and Shock Absorbers
- Specific Drive Shaft
- 3.23:1 Rear Axle Ratio
- Modified Transmission Shift Points
- Trailering Wiring Harness
- 25.0-gallon Fuel Tank.

AS WELL AS:

- Battery, Heavy-Duty—Delco-GM Freedom® III
- Engine Block Heater
- Heavy-Duty Ride Package
- Tires, Puncture-Sealing

CIMARRON

There's a sporty spirit at Cadillac, and it's called Cimarron for 1987.

Consider a 47% increase in horsepower over last year's standard engine, with a 2.8 liter, multi-port fuel-injected V6. There's a new, smooth-shifting 5-speed manual transmission with overdrive. Or, if you prefer, an available three-speed automatic. Plus Delco Twin-Tube gas-charged front struts and Bilstein-Delco gas-charged rear shocks. With large diameter stabilizer bars and high-rate coil springs for tenacious road handling.

Cimarron for 1987. Competitive in performance. Cadillac in appearance. With tungsten halogen composite headlamps and wrap-around turn signals highlighting the distinctive front-end styling. And a cloisonné-style crest ornament for the crowning touch.

CIMARRON

Standard analog instrument panel.

Inside, Cimarron is just as sporty, just as Cadillac.

Genuine leather covers the seating areas, the tilt steering wheel and the transmission shifter. The electronically tuned AM/FM stereo includes seek and scan (may be deleted for credit). The six-way power driver's seat incorporates lumbar and lateral supports.

Push-button air conditioning, cruise control, power door locks, windows, steering and brakes, even remote-control outside mirrors, they're all included at no additional cost.

Compare the performance, the luxury and the value of this Cadillac with any other car in its class.

Cimarron for 1987. The sporty spirit of Cadillac.

STANDARD FEATURES

THESE NEW STANDARD FEATURES HIGHLIGHT THE SPORTY SPIRIT OF THE 1987 CIMARRON:

2.8 Liter V6 Engine with Multi-Port Fuel Injection. With 125 horsepower. Features ram intake air tuning and mass air flow sensor.

Five-Speed Manual Transmission. Smooth, precision shifting with gear ratios tailored for brisk, spirited performance.

Bilstein-Delco Gas-Charged Suspension System. Tailored to the V6 engine, and adds to Cimarron's already superb handling.

Generator, 100 Amp. Meets Cimarron's increased electrical demands.

Power trunk lid release.

13" aluminum alloy wheel.

PLUS THESE STANDARD FEATURES THAT INCLUDE CADILLAC TOUCHES YOU'VE ALWAYS ADMIRED:

Antenna, Electrically Powered.
Air Conditioning System with Push-Button Controls.

Cruise Control.

Door Locks, Electrically Powered.
Front-End Design Including Tungsten Halogen Low- and High-Beam Composite Headlamps.
Gauge Package.

Leather Seating Areas. With restyled and embroidered seating areas. Plus leather-covered tilt steering wheel, manual transmission shift boot and knob, and parking brake handle.

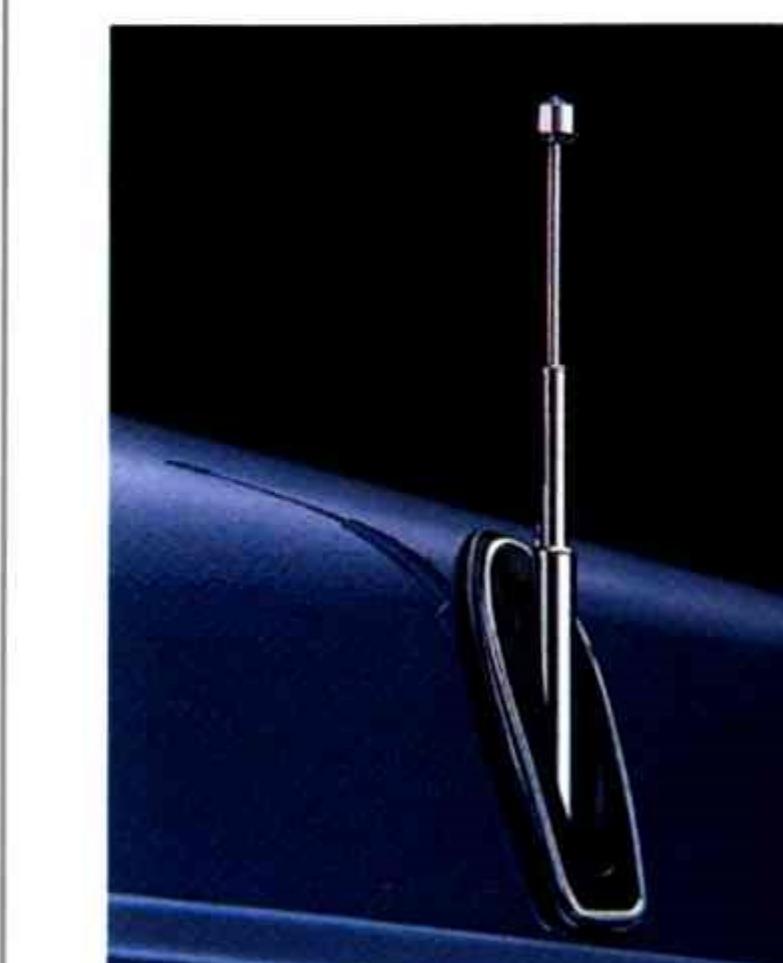

Seat Adjuster, Six-Way Power.
Steering Wheel, Tilt.
Trunk Lid Release, Power.
Windows, Electrically Powered.

Electrically powered antenna.

- Visor Vanity Mirrors, Illuminated—Driver and Passenger

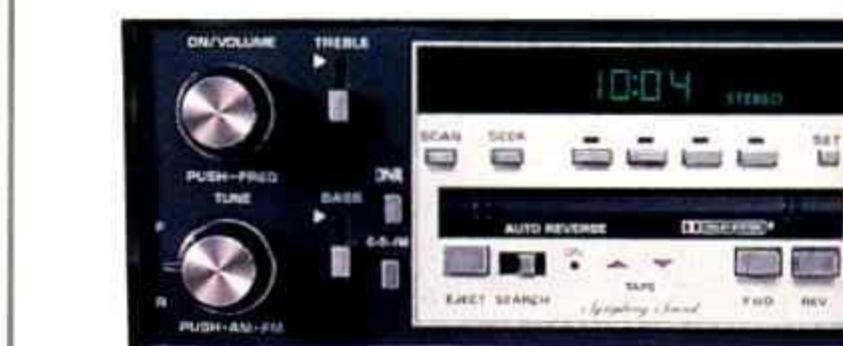

SOUND SYSTEM

The driving pleasure of the new 1987 Cadillac is greatly enhanced by Delco Electronics Sound Systems. This radio is designed with the same technology and expertise that are utilized in the design of engine computers and many other automotive electronic devices.

This world-class audio technology provides the discriminating Cadillac owner the level of comfort and enjoyment expected when driving a Cadillac.

Delco AM Stereo*/FM Stereo Radio with Cassette Tape Player. Includes Search and Replay and Five-Band Graphic Equalizer.

*Receives C-Quam® AM stereo broadcasts. Most AM stereo stations across the country broadcast in C-Quam® but some do not. Check with your local stations for compatibility in your area.

Delco-GM/Bose Symphony Sound System.

Delco-GM/Bose Symphony Sound System. Cadillac's ultimate stereo is customized to the exact dimensions and acoustical characteristics of the Cimarron. Includes four separate speakers, each in its own special enclosure. Also includes Integral Cassette Tape Player with Auto Reverse, Tape Equalization, Dynamic Noise Reduction (DNR™), Dolby® Tape Noise Reduction, Full-Time Loudness Control and more.

Three-Speed Automatic Transmission.

Aluminum Alloy Wheels, 14" x 6" design with Goodyear Eagle GT P205/60R14 Low-Profile, High-Performance Steel-Belted Radial Blackwall Tires. Raised White Outline Letter Style Tires available.

APPEARANCE AND PROTECTION

Electronic Instrument Cluster.

Features blue-green vacuum fluorescent displays for the speedometer, mileage odometer and trip odometer, as well as bar graphs for battery volts, engine coolant temperature, fuel in tank, oil pressure, and tachometer.

Grooved Lower-Body Side Accent Molding.

GM Protection Plan. See your Cadillac dealer for details.

CADILLAC'S GOLD KEY DELIVERY SYSTEM

Cadillac began the whole idea of nationwide automotive service back in 1926. It is only fitting, then, that today Cadillac has a system of preferential treatment you expect as a Cadillac owner: The Gold Key Delivery System.

Cadillac's Gold Key Delivery System begins with a thorough inspection of your Cadillac—but that's not all. You also receive an orientation drive with your sales representative. A thorough explanation of your new Cadillac. An audio cassette of important information (factory-installed cassette tape player optional). And a full tank of fuel. Plus two sets of 23-karat gold-plated keys along with a personalized Gold Key Identification Card.

The Gold Key Card you receive as part of the Gold Key Delivery System provides important owner and vehicle information to help your service advisor schedule routine maintenance quickly and easily. And at your convenience, or at your first regularly scheduled maintenance visit, you can request an exclusive Gold Key vehicle inspection at no additional charge.

Cadillac's Gold Key Delivery System. Unique in the luxury car field.

SAFETY FEATURES

OCCUPANT PROTECTION

- Manual lap/shoulder safety belts for driver and right front passenger; driver side includes visual and audible warning system
- Manual lap safety belts at each rear seat position (except Limousine auxiliary seats) and center front, when applicable

- Energy-absorbing front seatback tops
- Laminated safety windshield glass and tempered safety side and rear window glass. (Inner Shield Windshield on Allanté, Seville and Eldorado)
- Safety interlocking door latches
- Passenger-guard inside door lock handles
- Inertia-locking, folding front seatbacks on two-door models
- Safety armrests
- Head restraints, driver & right front passenger (adjustable)
- Dual sun visors
- Smooth contoured door handles
- Pressure lock radiator cap

ACCIDENT AVOIDANCE

- Side marker lights and reflectors
- Parking lamps that illuminate with headlamps
- Four-way hazard warning flasher
- Back-up lights
- Center high-mounted stop lamp
- Directional signal control with

- Lane change feature
- Windshield defroster, washer and dual-speed wipers. (3-speed on Brougham) (Controlled-cycle wipers on Allanté, Seville, Eldorado and Cimarron)
- Inside rearview mirror with vinyl-bonded glass
- Outside left and right rearview mirrors
- Brake system with dual master cylinder and warning light
- Starter safety switch
- Dual-action hood latch system
- Low-glare finish on instrument panel top, inside windshield moldings, wiper arms/blades, metallic steering wheel surfaces
- Illuminated heater and defroster controls
- Illuminated windshield wiper and washer controls on instrument panel
- Tires with built-in tread-wear indicators
- Safety road wheel rims
- Audible brake lining wear indicators, all disc brakes
- Self-adjusting brake feature
- Pressure relief fuel cap

THEFT DETERRENCE

- Audible reminder for ignition key removal
- Theft-deterrent steering column lock
- Visible vehicle identification number
- Theft-deterrent system standard on Allanté (Available on De Ville, Fleetwood d'Elegance, Fleetwood Sixty Special, Fleetwood Seventy Five Limousine, Seville, Eldorado and Brougham)
- Remote inside hood release
- Theft-deterrent key system (separate ignition key)

A WORD ABOUT THIS CATALOG.

We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date. The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Cadillac dealer for complete information.

A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE CADILLAC PRODUCTS.

The Cadillacs described in this brochure are assembled at facilities operated by General Motors. These vehicles incorporate thousands of different components produced by car groups and various component divisions of General Motors and by various suppliers worldwide to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel

economy requirements, or for other reasons, to produce Cadillac products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Cadillac products and will provide the quality performance associated with the Cadillac name. With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your car includes the optional equipment you ordered or if there are changes, that they are acceptable to you.

A WORD ABOUT ENGINES.

Cadillacs are equipped with engines produced at facilities operated by GM car groups, subsidiaries or affiliated companies worldwide.

UPDATED SERVICE INFORMATION.

Cadillac regularly sends its dealers useful service bulletins about Cadillac products.

Cadillac monitors product performance in the field. We then prepare bulletins for servicing our products better.

Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll-free 1-800-551-4123.

FINANCING OR LEASING, IT'S AS EASY AS GMAC.

The good feeling that comes when you buy or lease a new Cadillac can be enhanced when it comes to making the financial arrangements.

Which is why so many people finance with General Motors Acceptance Corporation. With GMAC it's done right in the showroom. Terms are tailor-made to suit your personal needs. You can choose your own monthly payment date. And the rates are friendly as can be.

So when the time comes, just tell us "I want GMAC." We'll take it from there while you relax.

You'll be in good company. All told, nearly 100 million cars and trucks have been financed the GMAC way. The easy way whether you buy or lease.

THE CADILLAC COMMITMENT

We believe that when you buy or lease a Cadillac, you deserve to be treated like a Cadillac owner. And when you take your car in for service, you have the right to expect the type of consideration traditionally reserved for Cadillac owners. We intend to keep that tradition alive.

Let's Get It Together...Buckle Up.
