THE NEW BMW 4 SERIES. COUPÉ, GRAN COUPÉ AND CONVERTIBLE. DESIGNED FOR DRIVING PLEASURE.

BMW EfficientDynamics

Less consumption. More driving pleasure.

BMW 4 SERIES COUPÉ. **STYLISH, YET ATHLETIC.**

The BMW 4 Series Coupé is designed to turn heads. It combines innovative technology with uncompromising sporty design. Yet, the best part is, it's a Coupé. With Driving Experience Control, car's behavior can be adapted to your personal preferences. Based on what you choose, it can deliver lower fuel consumption, superlative ride comfort or exceptionally agile handling. This amazing performance is wrapped around comfort from integrated headrests and lots of legroom in the backseat. The luggage compartment has room for two golf bags, and can be expanded using the optional 40/20/40-split rear backrest – clever details and comfort united in the BMW 4 Series Coupé.

BMW 4 SERIES
GRAN COUPÉ.
**A LOOK YOU
CAN'T LOOK
AWAY FROM.**

The flowing coupé silhouette of the new BMW 4 Series Gran Coupé immediately makes it stand out from the crowd. The four-door coupé combines charisma and elegance with everyday usability. Each control element is ergonomically oriented towards the driver. The flowing interior trim lines extend from the instrument panel to the doors and all the way to the rear cabin, while the frameless doors make the interior appear even bigger and more distinguished. It's an enjoyment that can be shared: the rear seats accommodate up to three people. This vehicle simply has everything. Its dynamic lines, clever functionality and fascinating driving performance create an attraction that no one can escape.

BMW 4 SERIES CONVERTIBLE. IT'S ALWAYS BETTER WITH THE WIND.

The BMW 4 Series Convertible looks perfect from any angle. When the wind blows through its elegant lines, long bonnet and low silhouette you will see sporting dynamism. The all-weather hardtop can be opened and closed while driving at low speed, so you don't have to stop. With the roof open, high-quality material and finishes lend the car something of the character of a boat's deck. And, since freedom is nothing without space, The BMW 4 Series Convertible provides 370 litres of luggage compartment when needed. With the push of a button. It's simply irresistible.
