

Some people like our new Regal for its body alone. With bold new grille, high-mounted front park and turn indicators and unique, twin, rear tail and parking lights visible from both the rear and sides. But the beauty of our new Regal is more than skin deep. For seating, you have the choice of our New Calf grain upholstered cushioned bench seat with individual squabs and centre arm rests, or our reclining bucket seats with centre cushion and arm rest. The floor, of course, is carpeted throughout, and our 2-speed heater/demister is standard. As an option, we offer built-in Airtemp refrigerating and heating fresh air, airconditioning. Available with vinyl roof. (Black, parchment or green.)
