2010 Odyssey

> FUN FOR EVERYONE.

Let's make their world a brighter place today and every day.

At Honda, we have always considered it our responsibility to do our part to help preserve the global environment, for today and for generations to come. This is an environmental vision we call *Blue Skies for our Children*, and you can see it in almost every product we make. And in keeping with our tradition of turning innovative ideas into products that enrich people's lives, with minimal impact on our planet, we look forward to a brighter tomorrow – with *Blue Skies for our Children*.

tomorrow

I want blue skies for everyone

Feel at home anywhere.

Presenting the 2010 Honda Odyssey. On the outside, its stylish, distinctive body style sets a modern tone. On the inside, there's refinement and more of the minivan you've always wanted. There are safe features like active front seat head restraints and an available backup camera with display in rearview mirror. Fun features like an MP3/auxiliary input jack and available XM® Satellite Radio.* And advanced features like an available HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface. So if you're into stylish-safe-fun-advanced features, the Odyssey is here for you.

▶ MP3/auxiliary input jack / Active front seat head restraints / Air conditioning system / Maintenance Minder system / Multi-reflector halogen headlights / Steering wheel-mounted cruise control / Vehicle Stability Assist (VSA®) with Traction Control

Touring model shown. La Chaise chair © 2007 Eames Office LLC.
*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca.

FUN FOR EVERYONE.

Odyssey

One size protects all.

In an Odyssey, safety is more than just a word – it's a commitment to providing the safest vehicle possible for you, your family and the world around you. And with innovative standard safety features, such as Advanced Compatibility Engineering™ (ACE™) body structure, comprehensive cabin airbags, Vehicle Stability Assist (VSA®) with Traction Control, 4-wheel anti-lock brakes and more, everyone's world is about to become a safer place.

> Second- and third-row Lower Anchors and Tethers for Children (LATCH) for securing child seats / Three-row side curtain airbags with rollover sensor / Childproof rear door locks / Front side airbags with passenger-side Occupant Position Detection System (OPDS)

DX model shown.

FUN FOR EVERYONE.

Odyssey

Every practice made perfect.

Introducing the new 2010 Honda NHL® Odyssey SE. Whether your family is into playing hockey or not, then this is the Odyssey for you. From all that hockey equipment to all those hockey players, the 2010 Honda NHL® Odyssey SE is a lot like driving a mobile locker room except it's much easier on the eyes and nose. And with a standard Honda DVD Rear Entertainment System with 9-inch display, integrated remote control, and wireless headsets with personal surround sound, you might want to skip practice altogether.

FUN FOR EVERYONE.

Odyssey

The cure for cabin fever.

Comfort and luxury have never been so family-friendly. Take the available leather-trimmed, heated front seats, for example, with an available 8-way power-adjustable driver's seat and an available 4-way power-adjustable front passenger's seat. Or take comfort in the available tri-zone automatic climate control with air-filtration system. And for that little finishing touch of luxury, wait until you get your hands on the available leather-wrapped steering wheel.

The available Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition can pinpoint your exact location, whenever you can't. The system also responds to over 600 verbal commands, offering voice prompts and a moving-map display to guide you to your destination. Plus, there's a built-in backup camera to provide a clear picture of what's behind you before you reverse. And with the available HandsFreeLink-bilingual Bluetooth wireless mobile phone interface and standard steering wheel-mounted cruise control, your hands will always be exactly where they should be – on the wheel.

Touring model shown.

FUN FOR EVERYONE.

Odyssey

Perfect for a family of four, times two.

Whatever your destination and wherever you're sitting, the Odyssey ensures everyone travels first class. The luxurious interior of the Odyssey offers 360 degrees of intelligent, form-fitting, functional design and a host of innovative amenities to make even the most epic adventures feel like shorter ones. And with the added convenience of the available 2nd-Row Plus One Seat™ with storage, you can go from zero to eight people in no time.

Touring model shown.

- 1 > Available remote-operated power sliding doors
- 2 > Innovative in-floor storage
- 3 > Door-pocket storage bins
- 4 > Available 2nd-Row Plus One Seat with storage
- 5 > Available power tailgate

FUN FOR EVERYONE.

Odyssey

There's loads of space for loads of stuff.

The Odyssey's innovative approach to storage makes it an excellent choice for mobile multi-tasking. For example, Honda invented a One-Motion 60/40 Split 3rd-Row Magic Seat® that folds flat to add extra cargo space in seconds. Plus, for your packing pleasure, there's an available power tailgate for even easier loading and unloading.

EX-L model shown with available Honda DVD Rear Entertainment System with 9-inch display, integrated remote control, and wireless headsets with personal surround sound.

6 >

1 > Available 360-watt Premium audio system with 6-disc in-dash CD changer with 7 speakers including subwoofer, MP3/Windows Media® Audio playback capability and available XM Satellite Radio.*

2 > Getting in and out of the Odyssey is a breeze thanks to the available power dual sliding doors. Plus, with second-row power windows with available built-in sunshades, the elements will always answer to you.

3 > The available Honda DVD Rear Entertainment System with separate audio sources lets both front and rear passengers choose what they want to listen to. It boasts a 9-inch screen, and its control panel faceplate detaches to become a remote control. Also included are two wireless headsets with personal surround sound. You can even plug in a video game system or laptop computer, using the rear audio/video inputs.

4 > The Odyssey's available power tailgate is always ready to lend a hand when yours are full.

5 > For a fresher perspective, there's an available power moonroof with tilt feature.

6 > For safety all around, an available backup camera with display in rearview mirror provides a clear, easy-to-see picture of what's behind you.

*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at xmradio.ca.

FUN FOR EVERYONE.

Odyssey

Try less fuel for thought.

Four cylinders use less fuel than six. Three cylinders use less than four. And that, quite simply, is the incredibly efficient thinking behind the Odyssey's available 3.5-litre, i-VTEC® V-6 engine with Variable Cylinder Management™ (VCM™). Depending on whether you're accelerating, cruising or idling, this innovative system activates or deactivates the engine's operating cylinders from 6- to 4- to 3-cylinder mode. The result is the best of both worlds: 244 horsepower and 245 lb.-ft. of torque for towing or passing and maximum fuel efficiency when cruising or idling. Plus, models with VCM are equipped with an Active Noise Cancellation (ANC) system to help reduce engine noise in the cabin, adding an extra measure of quiet comfort to your commute.

Looking for performance? Look no further. Underneath the Odyssey's sleek, stylish exterior lurks some very exciting performance engineering. Engineering that's spirited by either a 244-hp, VTEC® V-6 engine or 244-hp, i-VTEC V-6 engine with Variable Cylinder Management (VCM). Engineering that lets you carve corners with razor-sharp, coupe-like precision. Engineering that sees both independent front and double-wishbone rear suspension providing you with a smooth sedan-like feel. And the kind of engineering that offers you race-inspired things like a quick-shifting 5-speed automatic transmission with Grade Logic Control and a Drive-by-Wire Throttle System™ for an experience unlike any other minivan around.

To top it off, the Odyssey is an Ultra-Low-Emission Vehicle with a Tier 2 Bin 5 rating. What's more, with an 80-litre fuel tank capacity and a highway fuel consumption rating of 7.8 litres per 100 km,* the Odyssey makes even the longest road trips more efficient.

EX-L model shown.
* EX-L and Touring models only.

FUN FOR EVERYONE.

Odyssey

Solid on safety.

Safety for Everyone is Honda's commitment to providing one of the highest levels of standard safety features to help ensure occupant safety and protection. In fact, recent crash tests conducted by the National Highway Traffic Safety Administration ranked Honda as a leader for models with 5-star crash safety ratings for front and side impact.* And through real-world research, Honda is focused on developing unequalled measures of protection to enhance the safety of occupants in other vehicles and even pedestrians – an innovative idea that is quickly becoming a reality.

*Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). Models tested with standard side-impact airbags (SABs).

ACE. The highly innovative Advanced Compatibility Engineering (ACE) body structure disperses frontal impact energy, increasing occupant protection. Additionally, the ACE frame design allows for collision compatibility between vehicles of different weights and sizes.

Solid Frame Structure. Like all Honda trucks, the Odyssey is built with a solid unit-body frame for added strength, stability and vehicle handling.

Maintenance Minder System. The Maintenance Minder system automatically determines when service is required. It also anticipates maintenance schedules, such as oil-and-filter changes and tire rotation, based on your driving habits.

LATCH. Standard Lower Anchors and Tethers for Children (LATCH) offer two secure child-seat restraint positions in the second row and one position in the third row.

Active Front Head Restraints. Active front seat head restraints lessen the potential for neck injuries during rear-end collisions by reducing the space between the occupant's head and the seat head restraint.

Six Standard Airbags. Six airbags line the vehicle's cabin, including three-row side curtain airbags with rollover sensor and the passenger-side Occupant Position Detection System (OPDS) airbag that will not deploy if the system detects a smaller-sized or out-of-position occupant.

Pedestrian Safety. Innovative pedestrian safety features include energy-absorbing hood and front fenders and breakaway wiper pivots.

Anti-lock Brakes. For safe stopping, the 4-wheel Anti-lock Braking System (ABS) helps you maintain control under hard braking conditions, while Electronic Brake Distribution (EBD) with Brake Assist optimizes braking power based on weight distribution inside the vehicle.

Vehicle Stability Assist. Vehicle Stability Assist (VSA) senses and corrects oversteer and understeer situations to enhance handling and cornering stability, while Traction Control enhances grip during acceleration.

Tire Pressure Monitoring System. For enhanced safety and fuel efficiency, a Tire Pressure Monitoring System (TPMS) continually checks the air pressure in each tire. If pressure drops in any one tire, an alert appears on the driver's instrument panel.

Honda reminds you and your passengers to always buckle up. Children 12 and under are safest when properly secured in the rear seat.

A future we share.

At Honda, our goal is to be a company that society wants to exist. And today we are proud to say our existence in Canada is healthier than ever. Whether you're in Nova Scotia, Quebec, Ontario, Alberta or British Columbia, Honda is there. In fact, more than 22,000 Canadians work for Honda, and to date more than 1.2 million Canadians have benefited from charitable programs funded by Honda Canada and the Honda Canada Foundation. All in all, we think these numbers represent a good start.

We are also considerate of what kind of world future Canadian generations will inherit from us. And with this in mind, we thought it was time for something different.

In Canada, we have significantly reduced the total number of brochures we print each year and we are encouraging people to visit honda.ca to experience an interactive approach to our cars and company. We also suggest that you consider the environment after you've finished reading this brochure and please pass it on to others, or recycle it.

Thank you, Canada.

Honda associates and families have helped plant more than 71,000 trees in Canada over the last 5 years.

As the world's largest engine manufacturer, Honda has a proud tradition of turning innovative ideas into products that help make Canada and the world around us brighter and a little more fun. These products are equipped with some of the cleanest, most fuel-efficient engines you'll find on the road, in the water or high above the clouds. And as technically ingenious as these products are, they are all brought to life by The Power of Dreams®.

1> ASIMO™, the advanced life-assisting humanoid robot 2> The high-speed, fuel-efficient HondaJet™ 3> Honda's advanced safety research and development facility in Tochigi, Japan 4> First manufacturer of a full line of cleaner 4-stroke outboard motors 5> The world's first motorcycle safety airbag 6> The Honda FC Sport, our advanced hydrogen fuel-cell concept vehicle

We're Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

Quality Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

We're ready to help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you or anyone else driving your vehicle 24 hours a day, 7 days a week, anywhere in Canada or the continental U.S. Coverage is for 3 years, unlimited distance and includes towing, battery boosting, lockout assistance plus many other helpful services. Ask your dealer for more information.
