 **HYUNDAI™**

# 2011 Sonata WHERE STYLE AND LUXURY CONVERGE.

Some people look around at what others are driving and then follow their lead. Others, however, have a different way of doing things. They make decisions that are thoughtful, and reflect their own values. They look for quality, and the features they want at a good price, and even a design that expresses their sense of style. It's for them that we build the new Sonata.

For 2011, Hyundai's renowned midsize sedan has undergone what can only be described as a re-envisioning. Taken to a new level of style, luxury and refinement, the Sonata will undoubtedly be the sedan against which others in its class will be measured.

The highlights of this thoroughly outstanding sedan include its Fluidic Sculpture design and luxuriously appointed interior, and its 2.4L 4-cylinder engine that produces both best-in-class horsepower based on a 4-cylinder engine<sup>^</sup> and best-in-class fuel economy\*.

What's more, the 2011 Sonata features a host of passive and active safety systems – resulting in it being designated the 2010 Top Safety Pick by the Insurance Institute for Highway Safety (IIHS).

To that, add an unprecedented level of standard amenities and luxury features, and a standard of fit and finish that's testament to Hyundai's unrelenting commitment to building vehicles of the highest quality.

Make the 2011 Sonata a part of your future.

 HYUNDAI™

## exterior

**See and Be Seen.** Sonata's large, power adjustable sideview mirrors offer drivers a wide view of rear and side-rear traffic for added safety, while side repeater lights alert other drivers to your intentions when turning or changing lanes (available on Limited models).

**Light Up the Way.** Integral to Sonata's striking front fascia are its jeweled projector lens headlights. Designed to fit cohesively into the fluidic sculpture lines, they offer strong illumination and high visibility for added safety.

**The Grace of Nature, in Motion.** The breathtaking exterior design of the new Sonata is the result of a design philosophy called Fluidic Sculpture. It considers the interplay of natural, fluid elements with the more rigid surface and structures of a vehicle to create the impression of constant, graceful motion. The most visible result of this is the signature chrome accent – extending from the headlamps along the hood edge back to the side window line. The overall visual impression is that of a long, low, light sedan that blends sportiness with elegance in equal measures.

# interior

**Nav System Shows the Way.** Get where you're going quickly and efficiently with Sonata's navigation system (available on Limited with Nav. model). This high-resolution touch-screen display also features a backup camera, helping you spot objects, people or other cars while in reverse.

**Warm Comfort in Cold Climates.** Sonata not only gets you there in style, but it also gets you there in comfort, with heated driver and front-passenger seats (standard on GL with automatic transmission, GLS and Limited models) and first-in-class heated rear seats (standard on Limited models).

**A New Level of Style and Comfort.** Inside the Sonata, the results of Fluidic Sculpture are evident as well. As you'd expect from Hyundai, it delivers exceptional comfort, functionality and practicality – but now with a decidedly upscale ambience. The new Sonata features an available Dimension® AM/FM/XM/6-CD changer<sup>^</sup>/MP3 audio system with six speakers, subwoofer and 360-watt external amplifier. And when it comes to space, the Sonata has the most interior volume of the key competitors in its class<sup>†</sup> at 2,939L, plus 464L of trunk space.

**Power and Efficiency, Together.**

Sonata comes standard with the Theta II GDI 2.4L 4-cylinder engine. GDI – Gasoline Direct-Injection – allows for greater control of the fuel mixture, resulting in improved efficiency while delivering Sonata’s best-in-class horsepower based on a 4-cylinder engine<sup>^</sup> and best-in-class fuel economy\*.

**Comfortable Ride with Agile Handling.**

Sonata strikes a winning balance between responsive handling and luxurious ride with an advanced, four-wheel independent suspension system. Featuring a MacPherson strut suspension at front and multi-link at rear, it’s an impressive combination of comfort and control.

**The Power to Be the Best.** When you create a sedan as inspired as the Sonata, you expect that inspiration to permeate throughout. When it comes to performance, it does. Sonata sports a powerful 2.4L 4-cylinder engine, mated to a 6-speed transmission that provides a superior balance of performance and fuel economy. Its chassis was engineered using ultra-high-strength steel, leading to an increase in torsion stiffness and bending rigidity over its predecessor.

s a f e t y

**Safety, in 1/25 of a Second.** The 2011 Sonata boasts a total of six airbags<sup>1</sup> – standard – to help protect drivers and passengers in a collision, including dual front airbags, front seat-mounted side-impact airbags, plus front and rear side-curtain airbags.

**Safety, in handling and braking.** Sonata's Electronic Stability Control (ESC) with Traction Control System (TCS)<sup>2</sup> is designed to help keep your vehicle going right where you want it to in slippery or icy conditions. And an Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) with Brake Assist (BA) helps ensure you get where you're going, safely.

**Safety Systems, All Around.** The 2011 Sonata puts safety at the top of the priority list with a host of standard features designed to help you avoid accidents. Features such as an organ-style accelerator pedal to keep objects from getting lodged beneath it; front-seat active head restraints; and standard Bluetooth® Handsfree® and steering wheel-mounted Bluetooth® controls. As a result, the 2011 Sonata has been designated the 2010 Top Safety Pick by the Insurance Institute for Highway Safety (IIHS).

# 2011 Sonata

Sonata's well-appointed interior is not only luxurious, but is also best-in-class for space†.

# SMART, AND WHAT IT MEANS TO US.

EVERY AUTOMAKER – LIKE EVERY PERSON – HAS A PHILOSOPHY THAT GUIDES THEIR THINKING AND DECISIONS. OURS IS STRAIGHTFORWARD AND PRAGMATIC: TO BE SMART. AT HYUNDAI, WE TRY TO MAKE SMART MOVES, EVERY DAY, SO WE'RE NOT ONLY YOUR *NEXT* VEHICLE CHOICE, BUT ALSO YOUR CHOICE AGAIN AND AGAIN DOWN THE ROAD.

**Smart is** building vehicles that offer exceptional value – not just a great price. We build vehicles that people are happy to drive, with the comfort and safety features they want, and meaningful warranties to back them up.

**Smart is** the drive to zero defects. In 1999, we embarked on our quality mission when we launched the Zero Defects program. This initiative involves everyone and every aspect of the company's culture in a sincere commitment to quality manufacturing across the board. While we continue to be honoured with awards for excellence, our priority remains our unwavering commitment to our drivers.

**Smart is** offering sensible prices on vehicles that people are happy to drive. And we want you to be as happy with your vehicle in five or ten years as you are on day one. This means building a quality product, and equipping it with the kinds of features that make driving a joy.

It also means offering a warranty that's meaningful, like a 5-year/100,000 km Comprehensive Limited Warranty†, 5-year/100,000 km Powertrain Warranty and 3-year/Unlimited km Roadside Assistance Program††.

Ultimately, smart is taking a leadership role, with the courage to break new ground and chart the course that an entire industry will take. It requires the confidence to guide others, and the conviction to follow through on commitments. Hyundai's commitment to these principles has propelled us to being the world's 4<sup>th</sup> largest auto manufacturer, servicing 160 countries and selling 30 million vehicles.

As part of our leadership role, we've launched Blue Drive, a collection of environmental initiatives that will help the fight to reduce greenhouse gas emissions. It's one of many steps toward our goal to achieve the most fuel-efficient lineup on the planet by 2015, and just another way we're working to be your first choice in vehicles today, and again down the road.

We believe that if we continue to follow the principles behind what is smart, we'll continue to show Canadians that Hyundai is the right choice today and their best choice for the future.

## 2011 Sonata

Individual needs call for individual solutions. That's why Hyundai goes out of its way to offer you a line of accessories designed to suit specific demands. Custom-fit your Sonata your way with Hyundai's authorized line of parts and accessories.

**Trunk Lip Protector.** Protects the paintwork on your rear bumper from scuffs and scrapes when loading and unloading cargo.

**Wheel Lock Nuts.** Help protect your valuable wheels and tires from theft with a set of Hyundai wheel lock nuts.

**Cargo Net.** A custom-fit cargo net ensures everything you're transporting remains organized and in place by preventing items from sliding around.

**Winter Wiper Blades.** Designed for Canadian winters, Hyundai winter wiper blades ensure you see the road ahead.

**iPod® Cable.** This unique cable allows a convenient direct hook-up with your iPod® to your vehicle's stereo system in addition to charging the unit while you are using it.

**Block Heater.** Engineered for your Hyundai, a block heater will help ensure fast starts and reduce engine wear in extreme weather.

# models

**HYUNDAI BUILDS A QUALITY, VALUE-PACKED VEHICLE FOR VIRTUALLY EVERY NEED AND EVERY BUDGET. AND EACH OF THOSE VEHICLES COMES IN A WIDE RANGE OF MODELS, WITH A CHOICE OF FEATURES THAT FIT YOU BEST. FIND THE ONE THAT'S RIGHT FOR YOU.**

**GL** The 'base' model that's anything but, with standard air conditioning, cruise control, 4-wheel disc brakes, Bluetooth® Handsfree<sup>o</sup>, power steering, windows and locks, outside temperature display, Anti-lock Braking System with Electronic Stability Control and Traction Control System, 6-speed transmission (Auto. optional), remote keyless entry with alarm, steering wheel-mounted audio and iPod® controls and much more.

**GLS** Move up to GLS for the added comfort of standard 6-speed automatic transmission with SHIFTRONIC™, power tilt-and-slide sunroof with one-touch open, 8-way power-adjustable driver's bucket seat with lumbar support, leather-wrapped steering wheel and gear-shift knob, 16" split-spoke aluminum alloy wheels, fog lights and more.

**Limited** Limited brings on the luxury with leather seats, heated rear seats, 17" split-spoke aluminum alloy wheels, automatic light control, Dimension® AM/FM/XM/6-CD Changer<sup>4</sup>/MP3 audio system with 6 speakers, subwoofer and external amplifier, dual-zone automatic climate control and much more.

**Limited with Navigation** The Limited with Navigation trim gives you all the luxury of the Limited, plus a high-resolution touch-screen navigation system to help you get where you're going, and a rear back-up camera for added safety. The sound system is equipped with an AM/FM/XM/CD/MP3 audio system with 6 speakers, subwoofer and external amplifier. There's also a proximity key with push-button start/stop for added convenience.

The Hyundai name, logo, product names, feature names, images and slogans are trade marks owned by Hyundai Auto Canada Corp.

Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai warranties have no deductible.

\* Fuel economy comparison based on combined fuel consumption rating for the 2011 Sonata GL 6-speed (7.35/100km) and 2010 Energuide combined fuel consumption ratings for the full size vehicle class. Fuel economy figures are based on manufacturer testing and are used for comparison purposes only. Actual fuel efficiency may vary based on driving conditions and the addition of certain vehicle accessories.

^ 2011 Sonata horsepower figures based on manufacturer's testing information. Competitive four-cylinder horsepower based on AIAMC Intermediate Class I4 naturally aspirated engines.

‡ 2011 Sonata's total interior volume (3403.68 L) ranks best in the AIAMC Intermediate vehicle class comprised of the 2011 Hyundai Sonata, 2010 Toyota Camry, 2010 Honda Accord, 2010 Nissan Altima, 2010 Ford Fusion, 2010 Chevrolet Malibu and 2010 Mazda6.

† Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions.

†† Includes fuel delivery service, flat tire changing, lock-out service, towing service and more. Just one toll-free call away. 24 hours a day.

1 The Supplemental Restraint (Airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which must still be worn at all times. Children under the age of 13 should be securely restrained in the rear seat. NEVER place a child-seat in the front seat of a Hyundai vehicle.

2 Electronic Stability Control (ESC) and Traction Control System (TCS) are meant to enhance conscientious driving habits and are not a substitute for safe driving practices.

\*\* CAN/ULC S338-98 compliant immobilizer may reduce insurance costs in some instances.

◇ When equipped with optional navigation package, Bluetooth® Handsfree and the navigation system only recognize English voice commands.

Δ 6-Disc Changer not available with choice of navigation system.

## SMART IS IN.

We're working continuously to earn the trust of Canadians by building some of the highest-quality vehicles on the market today.
