

2012 VELOSTER

2012 VELOSTER

THE X AND WOW FACTOR.

Introducing the entirely new Veloster, the newest addition to the line-up of category busting vehicles from Hyundai. Strikingly different than any car on the road, this three-door coupe is that rare breed of truly unique. But what really sets the Veloster apart is innovation. A third door for easy rear-seat access, seven-inch touch screen display, and a 1.6 litre direct-injection four-cylinder engine mated to Hyundai's first EcoShift Dual Clutch Transmission. Get ready to be wowed.

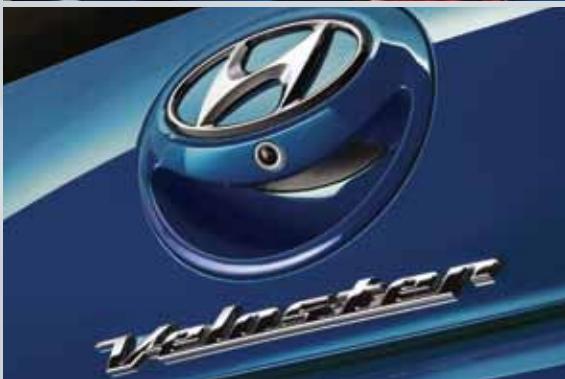

3 DOORS. 1 ICONIC DESIGN.

Veloster combines the style of a coupe with the functionality of a hatchback but with an added feature:

A third door. This makes getting in and out of the rear seat easy and hassle free. The unique look starts with Hyundai's "Fluidic Sculpture" design and takes inspiration from a high-performance sport bike. This creates stunning features such as the muscular wheel arches, hood scoop detailing, body colour door handles and mirrors, wraparound tail lights and headlights, distinctive rear glass hatch and the ultra cool dual centred chrome exhaust tips. The Veloster can be summed up in one word: Iconic.

REBOOT YOUR DRIVING EXPERIENCE.

The interior is all about connectivity. The 7-inch touch screen is the media hub of the Veloster. Jump in and your smart phone automatically syncs with Bluetooth® so you can stream music, download your phonebook and take hands free calls. Use it to help see what's behind you with the rearview camera, depend on it for navigation (available with Tech Package), and enjoy it to look at uploaded pictures and play videos. For music, the possibilities are endless. Select playlists from your phone, copy music directly to the built-in harddrive, stream XM® Satellite Radio or use the iPod®/USB/Aux. inputs. Gracenote® music ID management displays album art, and has voice recognition that allows you to choose your music by artist, album or genre when using your iPod® or iPhone®. The interior of the Veloster is an extension of you.

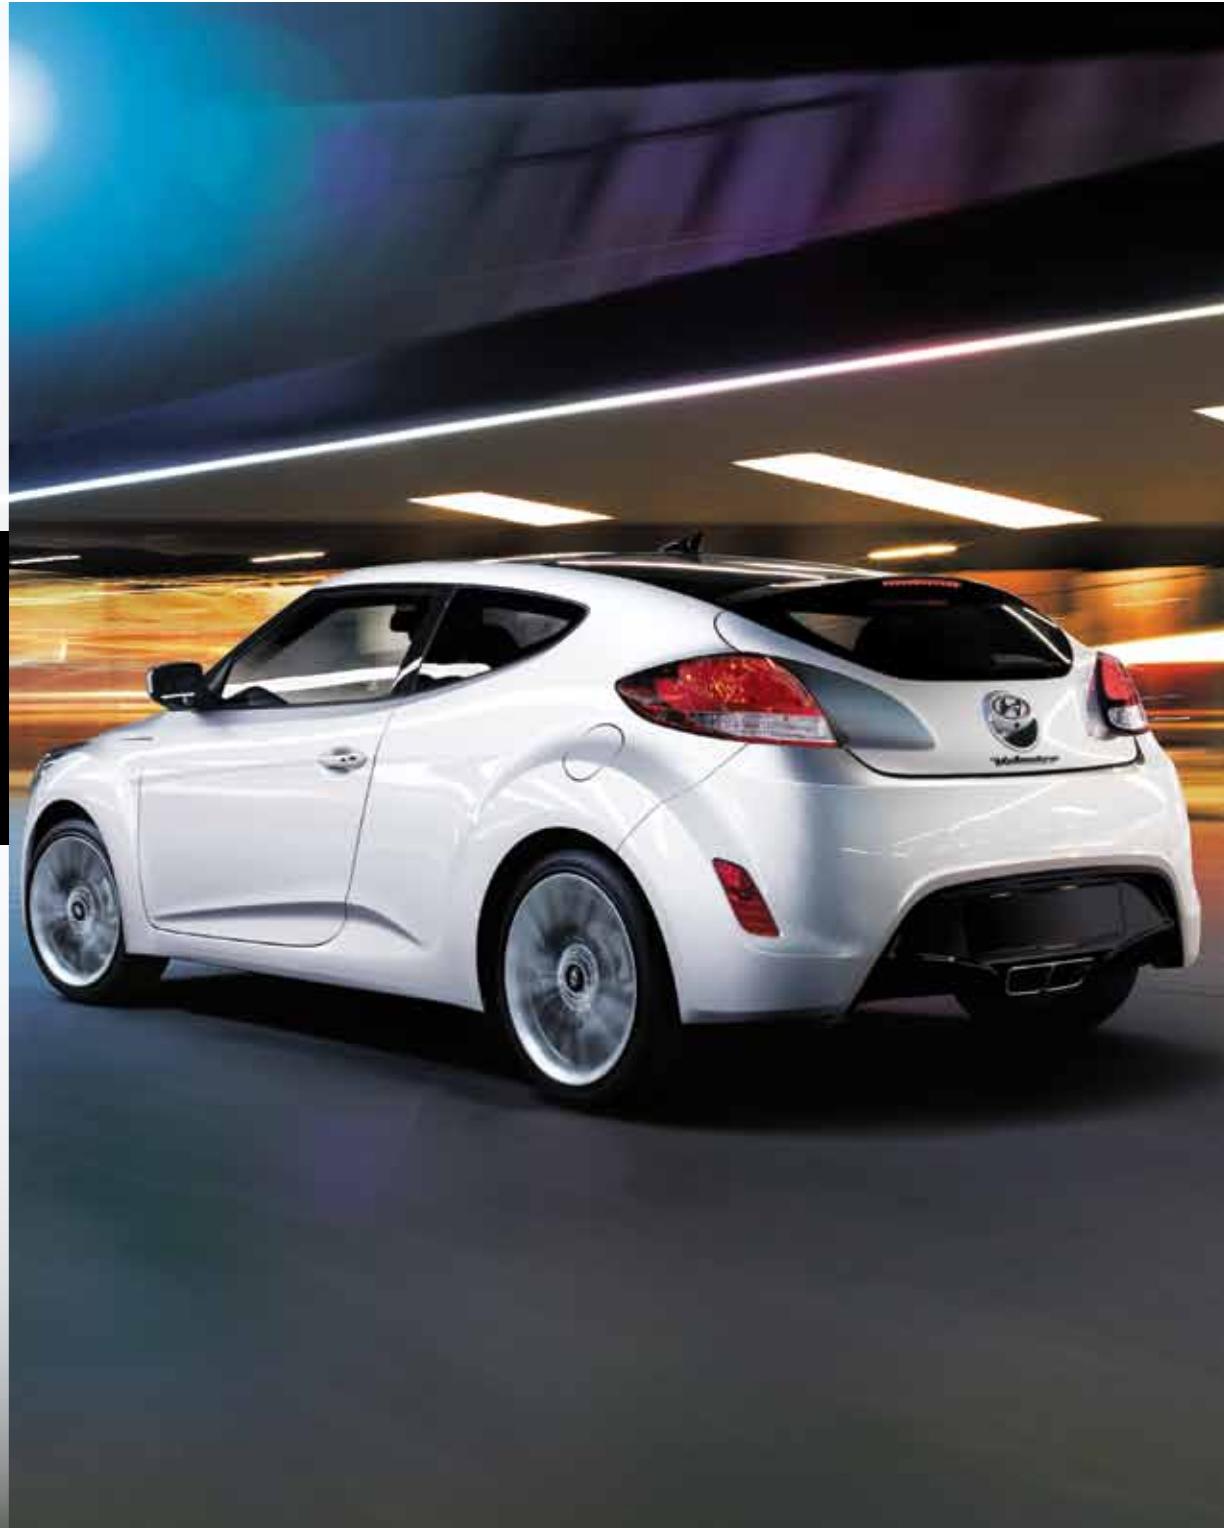

EFFICIENCY NEVER LOOKED SO GOOD.

The Veloster was designed to deliver an exciting drive with a higher level of efficiency. And it starts under the hood with the Gamma 1.6 litre four-cylinder engine with Gasoline Direct Injection (GDI). The use of GDI technology allowed Hyundai engineers to create an engine that's powerful, fuel efficient and with fewer emissions.

The Veloster is the first Hyundai to feature an advanced Dual Clutch Transmission (DCT). Appropriately named EcoShift DCT, it takes the benefits of a manual transmission, low fuel consumption and peppy performance, and blends them with automatic transmission benefits, such as a comfortable ride and smooth shifts. The Veloster is also available with optional paddle shifters to really take advantage of the performance of the EcoShift DCT. It's one serious piece of machinery.

BODYGUARD INCLUDED.

The Veloster delivers fun but with an uncompromising level of safety, so you'll always feel safe in any situation. It was built with accident prevention and avoidance in mind by applying our Vehicle Stability Management System that controls Electronic Stability Control, Traction Control System and 4-wheel disc Anti-lock Braking System for optimal vehicle stability. It also comes with six airbags for maximum personal protection. Think of it as your personal bodyguard.

Not exactly as shown.

2012 VELOSTER

7" Touch Screen with Rear-View Camera and Bluetooth®. This 7" high resolution touch screen LCD system helps maneuver the Veloster while in reverse using the standard rear-view camera. It can also help you make hands free calls with standard Bluetooth® or find your way using the available navigation system (Tech Package).

1.6L Gamma GDI Engine and EcoShift Dual Clutch Transmission. A small yet powerful engine using Gasoline Direct Injection technology that generates 138 horsepower. It's connected to an EcoShift Dual Clutch Transmission for smoother, quicker shifts and improved fuel efficiency.

Proximity Key and Push Button Start. Now you'll never have to pull your keys out ever again. The standard proximity key allows you to access the car and start it without ever having to manually use a key.

Third Door. The hidden rear door on the passenger side gives easy access to the rear seat. With no visible door handle, it maintains the sleek body lines of the Veloster. Nice touch.

Dual Centre Exhaust. Nothing says sporty like a dual centre exhaust. Reserved for some of the world's finest supercars, it comes standard on the Veloster.

Alloys with Painted Inserts. The Veloster comes standard with 17" alloy wheels and optional 18" 5-spoke alloys with painted inserts to give your ride a custom look.

Panoramic Sunroof. Let the sun shine in with the available panoramic sunroof. It features a fixed glass roof section at back and a traditional pop-up/slide section at front, with UV blocking all over. How thoughtful.

Airbag Protection All Around. Every Veloster is equipped with six airbags, including dual front airbags, dual front seat-mounted side-impact airbags, and two side-curtain airbags for front and rear passengers. It's got you covered.

TRICK YOUR RIDE.

The Veloster comes with an impressive list of features, options and technological goodies that make it the epitome of cool. It's the swiss army knife of fun to drive coupes.

Choice of interior colour depends upon exterior selection. Due to print production process, the colours shown throughout the brochure may vary slightly from the actual hue. See your dealer for model applications and to view the Hyundai Colour Selector. Visit hyundaicanada.com or see your dealer for details. *Painted inserts are available with Tech Package only.

ACCESSORIES

RUBBER FLOOR MATS. Protect the interior of your Hyundai from everyday dirt and debris with custom-made floor mats.

BLOCK HEATER. Engineered for your Hyundai, a block heater will help ensure fast starts and reduce engine wear in extreme weather.

SIDE VISORS. Sleek and sporty, these side visors let you enjoy fresh air even when it's raining.

TOUCH-UP PAINT PENS. Take care of minor nicks and scratches with a touch-up paint pen matched to your Hyundai's original colour specification.

TRUNK LIP PROTECTOR. Protects the paintwork on your rear bumper from scuffs and scrapes when loading and unloading cargo.

WINTER WIPER BLADE. Designed for Canadian winters, Hyundai winter wiper blades ensure you see the road ahead.

MUD GUARD KIT. Custom-fit mud guards keep the dirt and debris of everyday driving where it belongs.

WHEEL LOCK NUTS. Help protect your valuable wheels and tires from theft with a set of Hyundai wheel lock nuts.

PLASTIC HOOD PROTECTOR. Prevent dents and scratches caused by road and vehicle debris with an attractive plastic hood protector.

STEEL WHEELS. Mount your winter tires on a set of Hyundai steel wheels and spare your alloy wheels from the corrosion caused by salt and slush.

VELOSTER	STANDARD EQUIPMENT INCLUDES:	VELOSTER WITH TECH PACKAGE
17" Alloy Wheels		
1.6L GDI 138 hp 16-valve DOHC In-line 4 Cylinder Engine with Dual-Continuously Variable Valve Timing (CVVT), 2-step Variable Induction System		
6-speed Manual Transmission		
Airbags ¹ : Front, Front Side-impact with Side Air Curtain Airbags		
Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist (BA)
