TRAILHAWK® SHOWN IN ALPINE WHITE

TRAILHAWK SHOWN IN BLACK

## RENEGADE

Calling all freedom-seekers, rebels and one-of-a-kind-ers. Discover your dreams as well as the mindset to reach them, on your own time and in your own way. Look to the exceptional value, clever versatility and authentic Jeep® Brand capability found in Renegade.

The cabin is designed for comfort and utility, creating an interior that has been honoured\* as one of *Wards* "10 Best." With Best-in-Class<sup>1</sup>\*\* towing capability of up to 907 kg (2,000 lb), Renegade has plenty of room for passengers, pets and a full load of luggage, gear and toys.

The available My Sky™ Open Air Roof System adds fresh air and light, with its convenient removable roof panels that store neatly in the cargo area. Welcome to the world of Renegade, a unique member of the Jeep Brand's most awarded SUV lineup ever<sup>2</sup>.

\*Awarded in 2015.

\*\*A note about this catalogue: all disclaimers and disclosures can be found on page 19.

WITH CAPABILITY  
COMES POSSIBILITY

TRAILHAWK® SHOWN IN JETSET BLUE

## BEST-IN-CLASS<sup>3</sup> CAPABILITY

### JEEP® ACTIVE DRIVE 4x4 SYSTEMS

These two four-wheel-drive (4WD) systems can actively transition from 4x4 into fuel-saving front-wheel drive (FWD) for a welcome gain in fuel efficiency when the pavement runs smooth and calm. The smart design of the Class-Exclusive<sup>5</sup> disconnecting rear axle helps to make Renegade one of the most fuel-efficient small 4x4 SUVs out there. It seamlessly switches from 4x4 into FWD when Selec-Terrain® is in Auto mode, providing a welcome gain in efficiency.

**TRACTION-FRIENDLY** Even when just one wheel has traction on the ground, the Jeep Active Drive systems can keep you moving forward. If slippage occurs, the system will automatically adjust to thrust a portion of the engine's power to the wheel (or wheels) with ground contact. This allows Renegade to really grab on to keep you moving forward.

**JEEP ACTIVE DRIVE LOW: BEST-IN-CLASS<sup>3</sup> CAPABILITY** Maintain control on tough ridges and rocks with Jeep Active Drive Low. Its low range delivers a Trail Rated® 20:1 crawl ratio, exclusively on Trailhawk®. A strong single-speed unit sends power generated from the engine and transmission to the wheel or wheels that need it most. This allows for enhanced traction and a dynamic driving performance.

**KEEP CLIMBING WITH HILL START ASSIST** This standard system helps avoid rollback when starting on steep inclines by temporarily keeping the brakes applied, giving you time to transfer your foot to the gas pedal.

**STAY STABLE WITH HILL DESCENT CONTROL** Monitors throttle, speed and braking when gravity's pull wants to take over. Brakes are automatically applied for a safe and smooth descent. Exclusively on Trailhawk.

## SELEC-TERRAIN TRACTION MANAGEMENT SYSTEM

**CHOOSE YOUR MODE OF MASTERY** The toughest terrain is yours to command with the help of this Class-Exclusive<sup>5</sup> system that arrives in tandem with both of Renegade's available 4x4 systems: Jeep Active Drive and Jeep Active Drive Low. Up to five settings help deliver secure driving stability so you can explore the wonders of the world as you see fit. Choose from Auto, Snow, Sand and Mud modes, and, exclusively on Trailhawk, the addition of Rock mode. You'll dial in to authentic Jeep 4x4 capability that can take you to places others only dream of reaching.

## CANADA'S MOST CAPABLE SMALL SUV EVER<sup>4</sup>

**Best-in-Class<sup>1</sup>  
TOWING  
907 KG (2,000 LB)**

<sup>6</sup> TRAILHAWK® SHOWN IN SOLAR YELLOW WITH TRAILER TOW GROUP; MOPAR® ACCESSORIES SHOWN  
Properly secure all cargo.

## EXPLORE THE WORLD

Renegade gives you the confidence to get out and go, as you see fit. You're offered both automatic and manual transmission choices that are matched to suitably powerful Jeep® engineered engines. Each delivers an optimal performance experience, built to suit the way you want to go exploring.

**TOW YOUR TOYS** Equip Renegade with the optional Trailer Tow Group and you'll own the right to bring along a lot more fun, thanks to 907-kg (2,000-lb) Best-in-Class<sup>1</sup> towing capability. It's a must-have option for those who love the outdoors and have the equipment to make the most of every adventure.

## SMOOTH TRANSMISSIONS

**CLASS-EXCLUSIVE<sup>5</sup> 9-SPEED AUTOMATIC TRANSMISSION** This available automatic transmission operates with precision when matched to the 2.4L Tigershark® MultiAir® I-4 engine. Its fine-tuned ratio spread between gears assures quick takeoffs and a consistently refined performance.

**6-SPEED MANUAL TRANSMISSION** Matched with the 1.4L MultiAir I-4 Turbo engine, this manual transmission aids efficiency, moving through shifts with smooth gear transitions. Cabin noise is kept to a minimum, whether you're travelling over city streets or off the beaten path to parts unknown.

## POWERFUL ENGINES

**2.4L  
TIGERSHARK**

**180  
HORSEPOWER**

**175 LB-FT  
TORQUE**

**2.4L TIGERSHARK MULTI-AIR I-4 ENGINE** Acclaimed for its unique and efficient valve-lift system, the Tigershark incorporates a column of oil flow with a precise control of intake valve events. This I-4 burns clean, improves fuel efficiency for economy as good as 7.8 L/100 km (36 mpg) highway\* and reduces emissions with a quiet and refined ride.

**1.4L  
MULTI-AIR**

**160  
HORSEPOWER**

**184 LB-FT  
TORQUE**

**1.4L MULTI-AIR I-4 TURBO ENGINE** MultiAir technology utilizes electrohydraulic valves for more direct control of air and combustion, improving power up to 10 percent<sup>†</sup> torque up to 15 percent<sup>†</sup> and fuel efficiency up to 7.5 percent<sup>†</sup> over conventional naturally aspirated engines, resulting in 7.7 L/100 km (37 mpg) highway\*. Emissions, in turn, are cut an impressive 10 percent<sup>†</sup>

<sup>†</sup>Percentages based on averages when compared to non-MultiAir-equipped engines. <sup>7</sup>  
\*See page 21 for full details.

TRAILHAWK® SHOWN IN ANVIL

8 TRAILHAWK SHOWN WITH BLACK TOPOGRAPHIC CLOTH WITH RED ACCENT STITCHING

# TRAILHAWK

Jeep® Renegade Trailhawk takes you off-road with confidence and lets you use the weather to your advantage, whether you're tackling rain, snow or ice. It's acclaimed as Canada's Most Capable Small SUV Ever,<sup>4</sup> delivering Class-Exclusive<sup>5</sup> Trail Rated® capability that's been proven to perform to rigorous standards in five categories: traction, water fording<sup>6</sup>, manoeuvrability, articulation and ground clearance. Renegade is like no other small SUV on the planet, designed to take you to brand-new, heart-pounding, Trail Rated heights.

## TRAIL RATED TEST CATEGORIES

**TRACTION** Trail Rated traction helps you maintain controlled forward motion. You can climb steep sand dunes, cross icy bridges and master muddy two-tracks. Others may fear untamed terrain, but your Trail Rated Renegade has the traction within to master all kinds of driving conditions.

**WATER FORDING<sup>6</sup>** Traverse that stream with confidence, thanks to additional electrical and body seals, plus a high air-intake location. Renegade has the capability to manage in up to 48 cm (19 in) of water. Always inspect all waterways before proceeding, just to make sure there are no unforeseen pitfalls.

**MANOEUVRABILITY** Renegade Trailhawk is born with the athletic ability to navigate narrow gaps and handle emergency situations while maintaining its integrity on the trails. Precision steering and optimized wheelbase allow for expert navigation.

**ARTICULATION** Renegade's suspension systems enhance on- and off-road performance by maximizing flexibility, axle articulation and wheel travel. This category indicates that when one or more wheels are elevated, the Jeep 4x4 system helps the others stay on the ground longer to keep you moving.

**GROUND CLEARANCE** Head out knowing that your Trail Rated Renegade has optimized approach, departure and breakover angles designed to clear logs, rocks and uneven ground. Your undercarriage is protected too, with forged skid plates that cover your vehicle's most valuable underbody elements.

TRAILHAWK® SHOWN IN JETSET BLUE 9

10 NORTH INTERIOR SHOWN IN CLOTH TWO-TONE BLACK/SANDSTORM WITH TAN ACCENT STITCHING

# MY SKY OPEN AIR ROOF SYSTEM

NORTH SHOWN IN COLORADO RED

See more of everything with the available My Sky™ Open Air Roof System. It consists of two easily removable panels, optimally sized for flat storage in the rear cargo area. Panels are designed and engineered to be lightweight yet strong and will maintain good cabin acoustics when in place. The power retractable option opens your world with the easy touch of a button, just like a traditional sunroof system, allowing fore and/or aft ventilation on the front panel.

LEATHER-FACED SEATS: TWO-TONE BARK BROWN/SKI GREY WITH TANGERINE ACCENT STITCHING

## BRING IT ALL ALONG

**ARRANGED TO YOUR LIKING** A large interior volume allows you to accommodate all kinds of cargo and passenger configurations. Turn down the 40/20 sections to carry more cargo in the back, leaving the remaining 40 section open for that much-needed second passenger, or fold everything down for serious hauling. The available 40/20/40 split-folding rear seat adds a greater ability to create your own unique living space.

**GET A LIFT** Easy, slide-in loading is yours with the height-adjustable rear cargo floor. Lower it to have more room to carry taller items. The floor is also reversible, with one side stylishly carpeted and the other conveniently cleanable.

## YOU'LL GET NOTICED

Beautifully designed to please the eye, Renegade's roomy cabin offers a vast amount of volume, as well. This is where you'll discover an expansive driving experience that delivers all the latest comforts. Drivers and passengers can plug in their devices to connect with a whole lot of fun.

**WELL-ADJUSTED** Front row riders get comfort where it counts with Renegade's standard six-way manual adjustable driver seat and four-way manual adjustable front-passenger seat. Opt for the twelve-way power-adjustable driver's seat including four-way power lumbar adjustment for even more customization. In the second row, three rear-seat head restraints<sup>7</sup> are in place for three passengers. Rear-seat foot room is enhanced by wide front-seat tracks.

**DISPLAY YOUR PERSONAL STYLE** Raise your profile with available leather-faced seats that are contoured and cushioned for exceptional comfort, and designed with eye-catching contrast stitching. The modern Tek-Tonic interior is fashioned from an array of textures, fabrics, soft-touch surfaces, bezels and trim surrounds that add a nice dose of colour.

**TAKE CONTROL** The multifunctional steering wheel puts cabin commands safely in hand with buttons for available cruise, voice and phone control and vehicle performance data. Available accent-stitched leather wrapping adds extra appeal. Front-seat passengers can take hold of the dash-mounted grab handle when adventures get really exciting.

Wards 10 Best Interiors awarded in 2015.

APPS

## YOU'RE ENRICHED BY GREAT CONNECTIONS

Customize your media viewing experience. The Uconnect® multimedia centre allows you to personalize your Uconnect system based on the features you want to use most. Use straightforward voice commands,<sup>8</sup> intuitive controls and simple connectivity – it's just how technology should be.

## A MASTERFULLY SIMPLE SYSTEM

**YOUR COMMUNICATION CENTRE** Enrich your world with Uconnect. It brings a full range of communication and entertainment services straight into your vehicle. The available premium 6.5-inch touchscreen multimedia centre with navigation<sup>9</sup> helps you stay informed and entertained. You have the option to use hands-free communication<sup>8</sup> featuring preformatted text response<sup>10</sup>. One USB port for charging is standard and another is available, so you can power up a number of devices.

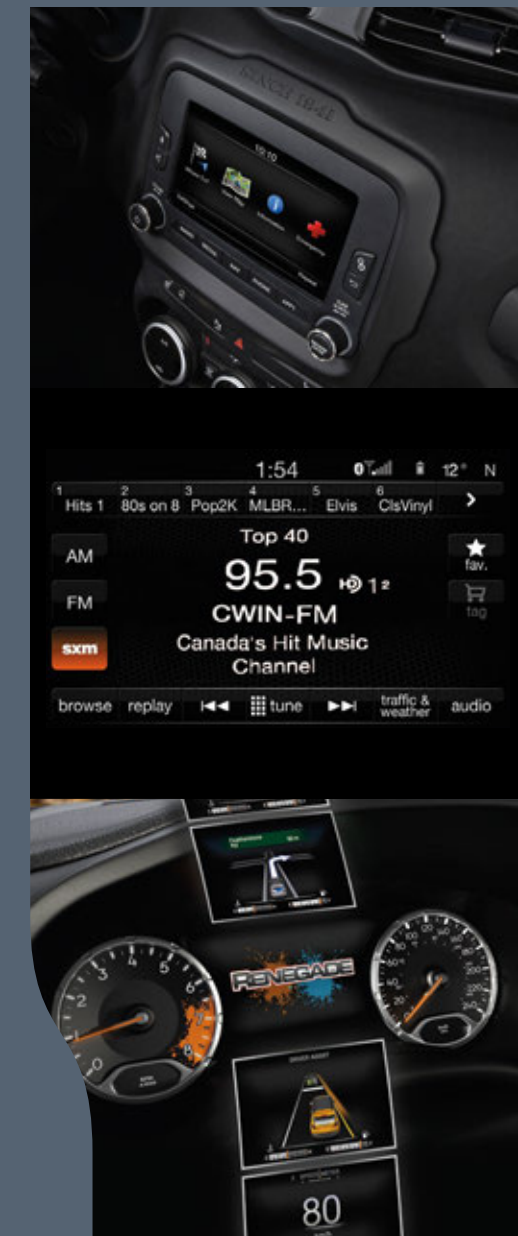

**PHONE** Prioritize different phones so multiple drivers can connect and call. Uconnect syncs with your compatible phone's contacts,<sup>11</sup> allowing you to call by name and view your contact's name on the display. Music drops for driving directions and incoming calls, then returns on cue.

**VOICE COMMAND** With Uconnect, you can use simple voice commands<sup>8</sup> to access a favourite playlist on your music player or USB drive, ask for directions to a certain address, or make a call. Uconnect Voice Command<sup>8</sup> and Bluetooth<sup>®</sup> help you to keep your hands on the wheel and eyes on the road while you keep moving. When equipped, you can also select navigation<sup>9</sup> destinations and record voice memos.

**ENTERTAINMENT** Enjoy creating the audio experience that best suits your mood – and your devices. Get your sound-scape going using your MP3 player or via a remote USB port, an auxiliary audio input jack, or stream your audio using Bluetooth. SiriusXM satellite radio<sup>12</sup> hands over 120 channels of entertainment, sports, comedy, news and commercial-free music, with instant replays of favourite tunes and artists and alerts when your favourite teams are playing, plus so much more. Your first year of service is included.

# ALL-AROUND PEACE OF MIND

## OVER 65 STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES

**FORWARD COLLISION WARNING WITH ACTIVE BRAKING<sup>13</sup>** Radar and video sensors can detect when Renegade is approaching a vehicle or obstacle at an unsafe speed. If front-mounted sensors detect a potential collision, this available active safety feature can send an audible and visual alert to the driver and provide limited braking if the driver does not react in time.

**PARK-SENSE® REAR PARK ASSIST SYSTEM<sup>13</sup>** Renegade can help you park and back out with grace. When in Reverse, these sensors can detect objects in the back-up pathway and provide an audible and visual warning so you have time to react. Available.

**PARKVIEW® REAR BACK-UP CAMERA<sup>13</sup>** Back out safely and with confidence. This available system helps bring previously hidden rear objects to your attention on-screen, allowing time to react.

**SEVEN STANDARD AIR BAGS<sup>15</sup>** Your sense of security is fully met with Renegade's all-around air bag system. Full-length front and rear side-curtain, driver inflatable knee blocker, seat-mounted side for front occupants, and advanced multistage driver and front-passenger air bags all work together to help provide encompassing protection.

**BLIND-SPOT MONITORING (BSM) WITH REAR CROSS-PATH DETECTION<sup>13</sup>** Radar sensors continuously monitor the space between you and other drivers. When you signal to change lanes and the system detects a vehicle in your blind-spot, it can warn you with an audible chime or an illuminated icon in the sideview mirror. When reversing out of a parking spot, Rear Cross-Path Detection can detect vehicles approaching from either side. Available.

**KEYLESS ENTER 'N GO™** Keep your key fob in your pocket or purse and leave your hands free to quickly open the door, take a seat, push a button and head out for fun. Available.

**ELECTRONIC STABILITY CONTROL (ESC)<sup>14</sup>** A standard vehicle-wide network of safety sensors provide instant aid when they detect you're veering off your intended path. ESC coordinates Electronic Roll Mitigation, the antilock brake system, Advanced Brake Assist, All-Speed Traction Control and Trailer Sway Control, sending them into action when needed.

**TRAILER SWAY CONTROL (TSC)** Crosswinds and traffic hold no sway over you and your payload. As part of Electronic Stability Control,<sup>14</sup> the standard TSC helps keep you and the toys you are towing safely on course.

### ELECTRONIC ROLL MITIGATION (ERM)

As an extension of ESC,<sup>14</sup> ERM employs ESC sensors to anticipate potential risk situations. If things get rough, ERM takes immediate action to help your vehicle maintain stability and remain under control.

### CHASSIS STRENGTH

Renegade delivers exceptional peace of mind with a hero's heart – a strong foundation constructed using advanced lightweight materials with aluminum and high-strength steel.

### LANE DEPARTURE WARNING (LDW) WITH LANE KEEP ASSIST<sup>13</sup>

With a forward-facing camera mounted near the rearview mirror, this available system can gauge the vehicle's position between the road lines and monitors its movement down the road. Should the system detect the vehicle is moving onto either line without the turn signal being activated, the LDW system can warn the driver through a visual warning and corrective steering input.

RENEGADE FEATURES AND OPTIONS

**MOPAR VEHICLE PROTECTION.** FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Mopar Vehicle Protection offers extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call (800) 465-2001.

**WARRANTIES.** 2017 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty\* with \$0 deductible plus 24-hour roadside assistance.\* SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty\* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres.\* Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.\* The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty\* with \$0 deductible plus 24-hour roadside assistance.\*

\*Whichever comes first. Some conditions may apply. †The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

**DISCLAIMERS.** (1) Jeep "Small SUV" sub-segmentation based on small sport and cross utility vehicles including Nissan Juke, Mini Countryman, Mini Paceman, Buick Encore, Honda HR-V. When properly equipped. (2) The Jeep brand SUV lineup has received more awards over its lifetime than any other competitive SUV lineup. (3) Jeep "Small SUV" sub-segmentation based on small sport and cross utility vehicles including Nissan Juke, Mini Countryman, Mini Paceman, Buick Encore, Honda HR-V. Best-in-Class 4x4 capability based on Jeep B-SUV offering low-range power transfer unit (PTU) with 20:1 crawl ratio, low-range 4x4 capability. (4) Most Capable Small SUV Ever is based on historical Canadian unibody B-SUV segment competitors as identified by *WardsAuto* Auto Small Crossover and Small SUV segments (years 1985 – 2014). 4x4 capability based on Jeep B-SUV offering low-range power transfer unit (PTU) with 20:1 crawl ratio, low-range 4x4 capability. (5) Jeep "Small SUV" sub-segmentation based on small sport and cross utility vehicles including Nissan Juke, Mini Countryman, Mini Paceman, Buick Encore, Honda HR-V. (6) Do not attempt water fording unless depth is known to be less than 48 cm (19 in). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. (7) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (8) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. (9) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. Additional fees will apply for Dealer Activated Navigation. (10) Preset voice-to-text messaging and incoming text message reading require a MAP-enabled phone. (11) Phone must support Bluetooth Phone Book Access Profile (PBAP). (12) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. (13) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. (14) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. (15) The Advanced Front Air Bags in this vehicle are certified to the federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly.
