

FORD B-MAX

Go Further

Go Further

These two words capture the spirit of Ford and our commitment to you. We go further so that you can, too.

2-15 Ford kinetic Design

Ford kinetic Design is the reason why our vehicles look more exciting than ever before. Bold, dynamic lines that create energy in motion.

16-19 Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully, too.

20-21 Green

Using advanced Ford ECOBoost Technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

22-23 Safe

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to protect you.

24-25 Smart

Cars that park themselves, windscreen wipers that know when it's raining – just some of the many clever solutions from Ford that make life a little easier.

26-31 Choose your Ford B-MAX

- Studio
- Zetec
- Titanium

32-33 The range

34-39 Add those extra touches

- Personalisation
- Wheels
- Audio and connectivity
- More versatility

40 Your new Ford B-MAX

41-49 Specifying your Ford B-MAX

50-51 Colour and trim

Model shown is a Ford B-MAX Titanium with Tectonic Silver metallic paint (option) and 17" 5-spoke alloy wheels, partial leather interior, panoramic roof and privacy glass (all optional).

"This is a fitting victory for a truly remarkable engine."

Dean Slatinich, Chairman of the International Engine of the Year Awards

International Engine of the Year

Ford 1.0-litre EcoBoost

An ingenious idea

Inspired thinking has created new possibilities of what a compact car can do for you.

Model shown is a B-MAX Titanium in Burnished Glow metallic paint (option) with panorama roof, 17" 5-spoke alloy wheels, rear privacy glass and front and rear parking distance sensors (all options). High gloss black front grille with chrome surround, chrome side window finisher and LED day running lights are all standard.

Clever design is complemented with jewel-like details and bold, dynamic lines.

An unexpected opportunity

B-MAX's innovative access and flexibility help you make the most of the moment.

4

5

Model shown is a B-MAX Titanium in Burnished Glow metallic paint (option) with panorama roof, 17" 5-spoke alloy wheels, rear privacy glass and front and rear parking distance sensors (all options).

**A perfect fit**

The clever use of space offers you surprising versatility.

Model shown is a 1.0-MT-1 Titanium in Sunburst Gold metallic paint (option) with panoramic roof, 17" 5-spoke alloy wheels, rear privacy glass, Ford Sync with MyFord Touch infotainment system and navigation system (all options). Ford Easy Access Cover System is standard.

Fold flat front passenger and rear seats provide a 1.2m³ loading cargo space in moments.

Awarded by [www.engine-of-the-year.com](#)

International Engine of the Year

Ford 1.0 EcoBoost

A perfect balance

It's an ideal match of outstanding fuel-efficiency and spirited performance.

Model shown is a B-MAX Titanium in Burnished Glow metallic paint (option) with panorama roof, 17" 5-spoke alloy wheels, rear privacy glass, front and rear parking distance sensors and partial leather seat trim (all options).

Powered by the remarkable 1.0 EcoBoost engine, winner of the International Engine of the Year 2012.

Model shown is a B-MAX Titanium in Burnished Glow metallic paint (option) with panorama roof, rear privacy glass, partial leather seat trim, Active City Stop and KeyFree System (all options). Leather-trimmed steering wheel, auto-dimming rear-view mirror, cruise control, Sony DAB digital radio/CD, EATC and Ford Power Start Button are all standard.

A helping hand

Smart technology takes care of the details while I enjoy the drive.

**Active City Stop can apply
the brakes automatically**
(Option) For further details
please refer to p23.

Model shown is a B-MAX Titanium in Burnished Glow metallic paint (option) with panorama roof, rear privacy glass, partial leather seat trim, Active City Stop and KeyFree System (all options). Leather-trimmed steering wheel, auto-dimming rear-view mirror, cruise control, Sony DAB digital radio/CD, EATC and Ford Power Starter Button are all standard.

A superior finish

Thoughtful details and craftsmanship have resulted in an interior that lifts your mood.

High-quality materials and attention to detail are defining characteristics of the B-MAX.

**Obsessively driven**

During its development, we test drove the B-MAX the equivalent of 87 times around the globe. It's a car you can rely on, right down to the smallest ball bearing.

**The ultimate test**

We put the B-MAX through a punishing test regime and analysed every component to ensure optimum performance. You can be sure the B-MAX is built to last.

Quality

**Suspension engineered to last**

A relentless series of tests led to the development of B-MAX's robust suspension system.

**Tested to extremes**

The B-MAX was tested through extremes of real-world weather from -40°C to +80°C, and withstand the rigours of Ford's Lommel proving ground, which recreates some of the worst roads in Europe.

**300,000 door shuts**

We opened and closed the doors, bonnet and tailgate over 300,000 times in real-world conditions to help ensure they will never let you down.

**Sky-high view**

The full-length glass panorama roof delivers a bright, airy interior. A Solar Reflect coating helps keep the interior cool, while an internal blind provides shade and privacy when required. (Option)

Feel the power, not the shift

Ford PowerShift delivers the perfect combination between automatic convenience and manual efficiency. This 6-speed automatic transmission selects the next appropriate gear at precisely the right moment for lightning-fast gear changes, with no disruption to the flow of power. The manual mode lets you switch gears at the push of a button – no clutch pedal required. (Option)

**A compelling drive**

Power, precision and a cabin designed for comfort. The B-MAX has all the ingredients for an irresistible driving experience.

**Torque Vectoring Control®**

Designed to improve traction, roadholding and agility when cornering by continuously optimising the engine torque distributed to each front wheel to match the amount of grip each has available. The result is a more rewarding driving experience. (Standard)

*uses sensors.

International Engine of the Year
Ford 1.0-litre EcoBoost

^
Ford EcoBoost—International Engine of the Year 2012

The coating on the piston rings reduces friction; the turbocharger, direct injection and variable valve timing boost efficiency. The result is remarkable performance from such an economical engine. Triple winner at the International Engine of the Year Awards, the new 1.0-litre EcoBoost is available in 100 PS and 120 PS version.

**Get used to a better view**

The elevated seating position and generous glass area give you a commanding view of the road ahead.

Steering that adapts to its environment

Ford B-MAX's sophisticated electric power-assisted steering (EPAS) achieves a balance that's just not possible with conventional power steering systems. At parking speeds, full power is delivered for feather-light manoeuvring. Once you're on the move, it steadily weights up to just the right extent for optimum feel and control. (Standard)

Low CO₂ emissions with the international award-winning Ford EcoBoost

With direct petrol injection, turbocharging and Auto-Start-Stop, Ford EcoBoost engines are remarkably fuel efficient. For example, the new 1.0 EcoBoost 120 PS engine in the Ford B-MAX produces 33 per cent more maximum power than the larger capacity 1.4 Duratec 90 PS, and yet it achieves around 22 per cent better fuel economy and 18 per cent lower CO₂ emissions.

Green 

21

Forward thinking

The Ford B-MAX makes use of the latest technology to reduce CO₂ emissions, improve fuel economy and maximise its environmental sustainability. And because it's a Ford, you won't be surprised to learn it does all that without the slightest compromise to style or performance.

CO₂
104 g/km 
70.6 mpg

Low emissions. Less expense.

Ford EOnetic Technology

- Ford EcoBoost fuel-efficient petrol engines (see opposite)
- Ford Duratorq TDCi advanced diesel engines – provide exceptional fuel economy and low CO₂ emissions
- Ford PowerShift transmission – combines the efficiency of manual transmission with the convenience of a conventional automatic
- Ford Auto-Start-Stop (see opposite)
- Ford Smart Regenerative Charging – saves fuel where possible by charging the battery only when you are not pressing the accelerator
- Ford Electric Power-Assisted Steering – a more efficient system that uses less engine power
- Ford Eco Mode driver information system (see below)
- Shift Indicator (see below)

Ford Eco Mode driver information system

This smart software monitors your driving style and displays its impact on the car's fuel economy. Floor the throttle and you'll receive a low score; drive efficiently and you'll be rewarded with a high score – and reduced running costs. (Standard on Zetec and Titanium, n/a with Studio)

V

Auto-Start-Stop

When your vehicle is idling at a standstill, the engine automatically shuts down to save fuel consumption. When you want to drive off, the engine immediately restarts. (Only available with the 120PS EcoBoost engine)

Shift Indicator

A Shift Indicator light in the instrument cluster advises you when to change gear, helping you to use less fuel and to encourage a smoother driving style. (Standard, manual transmission only)

22

Passenger Airbag Deactivation

When a baby or toddler in a rear-facing seat is going to travel on the front passenger side, you can deactivate the passenger airbag with the flick of a switch. A light in the instrument cluster provides a convenient reminder. (Standard)

Hidden strength

Ford B-MAX's body includes 55 per cent high strength steel and 26 per cent ultra-high strength boron steel. This makes it lighter, stronger and stiffer – and an immensely rigid base upon which to attach the Ford Easy Access Door System^a.

Protection and prevention

Not only does B-MAX protect you and your passengers in the event of a collision, but it also offers technology designed to help prevent accidents.

Intelligent Protection System (IPS)^b

Ford B-MAX's advanced Intelligent Protection System (IPS) uses a range of sophisticated technologies that are designed to help keep you protected, including an ultra-high strength steel safety cage, Electronic Stability Programme (ESP) and front and curtain airbags.

The Ford B-MAX IPS includes:

1. Driver and front passenger's airbags^c with passenger airbag deactivation switch
2. Driver and front passenger's side impact airbags
3. Driver's inflatable knee airbag
4. Side curtain airbags for both front and outer rear passengers
5. Robust computer-optimised body structure with ultra-rigid safety cell and crumple zones
6. Advanced lap and diagonal inertia reel seat belts on all seats. Pre-tensioners and load-limiting retractors on front seats
7. ISOFIX child seat mountings on outer rear seats
8. Anti-submarining seat bases
9. Anti-lock brakes (ABS) with electronic brake-force distribution (EBD)
10. Electronic Stability Programme (ESP) and Traction Control
11. Emergency Brake Assist (EBA)
12. Emergency Brake Warning (automatic flashing of hazard lights under heavy braking)
13. Collapsible (horizontal-stroking) steering column for optimised energy absorption and leg protection
14. Active City Stop (option)
15. Ford Emergency Assistance (option)

**Active City Stop^d**

Designed to help reduce the likelihood or consequences of your car colliding with the vehicle in front in slow-moving traffic by applying the brakes if it is detected that a collision is likely. (Option)

**Integral safety and strength**

When closed the front and rear doors overlap to create a rigid central strengthening pillar and to prevent them from opening in a side impact.

^aNote: A child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.

Deflation Detection System^e

Designed to alert you if a tyre's pressure is too low, such as in the case of a puncture. (Standard)

^fUses sensors.

^gDesigned to operate at speeds below 30 km/h.

Ford SYNC with Emergency Assistance*

The next generation of in-car connectivity. Ford SYNC lets you operate most popular MP3 players, Bluetooth®-enabled phones and USB drives with remarkably simple voice commands; plus the Ford Emergency Assistance feature is designed to assist the driver to place a call with the emergency services. (Option)

*Ford Emergency Assistance available from autumn 2012 and operates in over 30 European countries. This feature works when paired with a compatible mobile phone that is with you when any bag is deployed or the fuel pump is shut off. See your local Ford website for latest information.

Smart

Fresh ideas that work brilliantly

From reversing into a tight space to having extra room for an impulse purchase, the B-MAX is full of smart ideas to make life a little easier.

Ford Easy Access Door System*

Opening the front and sliding rear doors gives you an unobstructed 1.5m wide aperture on each side, making it easier to load and unload, get in and get out. B-MAX's unique system achieves this by cleverly concealing its central strengthening pillar within the doors, rather than having it fixed into the bodyside.

V

Rear-view camera

Select reverse gear and the rear-view camera comes on automatically in the central display, allowing you to see objects behind your car. Special guidance graphics indicate the width and centre line of the car, based on the steering angle, for safer and easier manoeuvring. (Option on Sony systems)

Truly usable space

Seven different seat-folding combinations, a generous 2.35m maximum load length and an adjustable luggage compartment floor ensures the B-MAX is ready for all kinds of cargo.

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Note It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Adjustable load floor

The rear floor can be set low in the boot to create a deeper space, or higher to create a flat load area when the rear seats are lowered with a hidden compartment below. (Standard on all series)

Ford Easy-Fuel capless refuelling system
(Standard)

Electrically-operated front and rear windows with one-touch opening/closing
(Standard)

Headlight courtesy delay
(Standard)

Studio

Key standard features

- Body colour bumpers
- Electronic Stability Programme (ESP) with electronic brake-force distribution, Emergency Brake Assist
- Intelligent Protection System with front*, side (thorax only), knee and curtain airbags
- Front Passenger's Airbag Deactivation*
- Deflation Detection System (DDS) for detection of low tyre pressure
- Ford Easy-Fuel capless refuelling system
- Electrically-operated door mirrors with integrated side indicators
- Electrically-operated front and rear windows, with one-touch opening and closing
- Remote central locking with two flip keys
- Driver's seat with manual height adjust
- Height- and reach-adjustable steering column
- One hand one motion fold-flat rear seats
- Fold-flat front passenger seat
- Adjustable load floor in luggage compartment for easy loading of cargo
- Centre rear seat head restraint
- Headlight courtesy delay
- Manual Air Conditioning (option)

Note: A child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.

Leather-trimmed steering wheel

Wheels

A range of distinctive alloy wheels designed to be the perfect complement to the dynamic styling of your Ford B-MAX.

Eibach® suspension-lowering kit*

Enhances driving performance and handling as well as giving a more sporty appearance. Lowers the car by approximately 25 mm. (Accessory)

15" 12-spoke wheel cover
(Standard on Studio)

15" 5-spoke alloy wheel
(Standard on Zetec)

16" 11-spoke alloy wheel
(Option on Zetec)

16" 15-spoke alloy wheel
(Standard on Titanium)

17" 5-spoke alloy wheel
(Option on Titanium as part of a pack)

Note The 17" wheels and tyres available on Ford B-MAX are designed to deliver more sporting driving characteristics and a firmer ride quality compared to standard 15" and 16" wheels.
*Item covered by third party supplier's warranty, please see back cover for details.

Sony digital radio/CD with 4.2" TFT colour multi-functional display

MP3-compatible with eight speakers (four front and four rear), remote audio controls, AUX and USB connection for external music devices and Ford SYNC including Ford Emergency Assistance, featuring hands-free Bluetooth®-enabled Voice Control System and audio streaming. (Standard on Titanium)

Ford SYNC with Emergency Assistance*

Enjoy hands-free communication and entertainment with Ford SYNC. The voice-controlled system allows you to play music, make and receive hands-free calls and choose contacts from your phone's contact list with remarkably simple voice commands. It will even read your incoming text messages* out for you. And Bluetooth®-enabled phone or speaker means you can stream your personal music collection directly from your mobile phone or other Bluetooth®-enabled device directly to your in-car audio system. Plus the Ford Emergency Assistance feature is designed to assist your in-car place a call with the emergency services. Delivering convenience and safety, Ford SYNC's voice activation means you will be able to keep your hands on the wheel and your eyes on the road.

*Ford Emergency Assistance available from autumn 2012 and operates in over 30 European countries. This feature works when paired with a compatible mobile phone that is with you when any airbag is deployed or the fuel pump is shut off. *Text messaging feature is not available in all countries. See your local Ford website for details.

Note It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Infotainment

Statement
Fill your B-MAX with your favourite music – and connect to the outside world – with a choice of superb audio, navigation and entertainment systems. Easy to use and with exceptional performance, just sit back and enjoy.

DAB Radio/CD with starburst multi-functional display

Note Accent trim surround shown may not reflect current colour specification.

DAB Radio/CD with 3.5" dot matrix multi-functional display

Sony radio/CD/SD-navigation system with 4.2" TFT colour multi-functional display^o

CD/SD-navigation system featuring an enhanced instrument cluster navigation display with easy-to-follow route guidance. Standard audio features as Sony radio/CD, with DAB technology optional. (Option on Titanium, n/a from launch)

Portable Navigation

Leave your maps behind with a simple and intuitive mobile GPS navigation system.
Please contact your Ford Dealer for details. (Accessory)

USB interface

USB interface
Built-in connectivity for your iPod®, MP3 player or USB stick.
Lets you listen to, and operate, your player via the car's audio system.

*Item covered by third party supplier's warranty, please see back cover for details.

iPod® and iPhone® are trademarks of Apple.

⁵Available in mid 2013.

**Load retention guard, first row⁽¹⁾**

Sturdy, full-height mesh barrier located behind the front seats. Provides a larger area for longer loads to be carried securely within the luggage compartment. (Accessory)

Load retention guard, second row⁽¹⁾

Robust, half-height retention guard fits behind second row seats to help keep dogs or items of luggage in the luggage compartment. (Option and accessory)

**Anti-slip mat**

Waterproof mat protects luggage compartment from dirt, wear and tear. (Accessory)

**Rubber floor mats, front and rear**

Protect the carpet from dirt and wet items. (Accessory) Velour version also available. (Option and accessory)

**ClimAir® wind deflector***

Reduces wind turbulence and noise, allowing you a more enjoyable drive with the front windows down, even during light rain. (Accessory)

**Scuff plates, front and rear with 'B-MAX' script**

Welcome you on board and protect the paintwork. (Accessory)

**Rear spoiler, painted in body colour**

Gives an aerodynamic finish to the roof line. (Option and accessory)

**Luggage compartment organiser**

Two-piece design Styrofoam box located under loadfloor. One side comes complete with cover and can be used as a passive cooling box. (Option as part of a pack and accessory)

**Luggage compartment mat, reversible and foldable**

Luggage compartment protection. Reversible design: carpet or durable rubber – with flap to protect rear bumper during loading. (Option as part of a pack and accessory)

**Rear seat back net**

A handy storage net fixed to the rear seat head restraint pillars. Complete with shoulder strap, your items can be conveniently removed and carried with ease. (Option as part of a pack and accessory)

Enhanced versatility

We all use our cars in different ways. Whether you're working, shopping, enjoying the great outdoors or taking the family out for the day, your Ford Dealer can help you adapt your new Ford B-MAX to your lifestyle with a wide range of Ford accessories.

Thule® roof bike carrier*

Lockable carrier designed for frames up to 80 mm in diameter. (Accessory)

**Roof rails, aluminium**

Stylish roof rails enhance your Ford B-MAX's appearance and versatility and are required to attach roof cross bars. (Accessory)

Roof cross bars, lockable

Made from solid aluminium. Aerodynamic, with a maximum load capacity of 60 kg. This is the base for all roof attachments shown. (Accessory)

Thule® ski/snowboard carrier*

For up to six pairs of skis. Thule® Deluxe 727 shown. (Accessory)

**Britax Römer® child seat with ISOFIX**

Provides optimum all-round protection and comfort. Various child seats available for all ages. Removable and washable cover. (Accessory)

**Waeco coolbox***

High-performance 21-litre capacity box cools to a minimum of 1°C. Integrated 230V AC connector. (Accessory)

**Rear bumper protection shield**

Stainless steel, high gloss polished. (Accessory)

**Contoured mudflaps, front and rear**

These practical hard-wearing mudflaps protect the bodywork from stone chips and help to keep your Ford B-MAX clean by reducing road spray. (Accessory)

**Twinny International® rear bike carrier, tow bar-mounted***

Choose from a range of different carriers. (Accessory)

*Item covered by third party supplier's warranty, please see back cover for details.

⁽¹⁾Meets European ISO 29955 safety requirements.

Your new Ford B-MAX

We have developed a simple four-step plan to help you choose, insure, finance and drive your new Ford B-MAX.

Choose

Use the form opposite to specify your new car right down to the wheels, audio, options and accessories, then take it to your Ford Dealer. You can also specify your new car online using the Ford Configurator. It lets you instantly see what your car will look like – inside and out – from multiple angles. And a tally of your choices and their prices helps you keep to your budget. Visit www.ford.co.uk/SBE/ConfigureYourVehicle

Insure

Top-of-the-range insurance shouldn't be an optional extra. Ford Insure[®] has Defaqto 5 Star Rating for its car insurance and is designed specifically with you in mind. So you can relax and drive safely in the knowledge that Ford Insure is with you every mile of the way. To learn more about Ford Insure or for a quote, call us today on 0800 048 0950 or visit www.fordinsure.co.uk

Finance

When it comes to financing your car, our size and expertise means we're well placed to provide you with a wide range of finance products. Ford Credit^{**} provides straightforward finance products for your car whether you are a private or business user. Ford Lease[®] provides simple tailored funding solutions for your business. Business users only. For more information about our finance products visit ford.co.uk

Drive

When you drive away in your new car, we're with you all the way. Ford has the largest authorised service network in the UK to help you keep your car in the best condition. And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your car back to its pre-accident condition and on the road as quickly as possible.

*FCE Bank plc (Company No. 0772784). Registered in England, Central Office, Eagle Way, Brentwood, Essex CM13 3AR. Ford Insure is administered and underwritten by Royal & Sun Alliance Insurance plc which is authorised and regulated by the Financial Services Authority. FCE Bank plc is not authorised and regulated by the Financial Services Authority and acts as an insurance intermediary for Ford Insure. In respect of motor insurance, Ford Motor Company Limited is an appointed representative of FCE Bank plc. Ford Motor Company Limited acts as an insurance intermediary. *In 4th gear, Ford test figures. **The declared fuel consumptions and CO₂ emissions are measured according to the technical requirements and specifications of European Directive 80/1268/EEC or the European Regulation (EC) 715/2007 amended by (EC) 692/2008. Fuel consumption and CO₂ emissions are specified for a vehicle type and not for a single car. The applied standard test procedure enables to compare between different vehicle types and different manufacturers. This information is not part of any product offer made. Real-world fuel consumption can vary as the fuel efficiency of a vehicle is influenced by (individual) car configurations, driving behaviour, use of technical equipment such as A/C, as well as other non-technical factors. Note: All vehicles are Durashift 5-speed manual unless otherwise stated. BP Ultimate, a range of advanced performance fuels, is the perfect fuel for the environment. If Ford 3-class ready-to-go alternative can be used for acceleration, lower exhaust emissions and improve fuel economy, compared with ordinary fuel. ***With transient overboost function (170 Nm without transient overboost function).

Weights and loads

	Euro Stage	Kerbweight (kg)	Gross Vehicle Mass (kg)	Gross Train Mass (8%)	Gross Train Mass (12%)	Max. Towable Mass (braked) (8%)	Max. Towable Mass (braked) (12%)	Max. towable Mass (kg)
5-door								
1.0 EcoBoost (100 PS (74 kW)), Durashift 5-speed manual	Euro Stage V	1279	1760	n/a	2510	n/a	750	635

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated; therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. +The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are instead covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitable differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption. Insurance groups are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
