

FORD TRANSIT CONNECT

Feel the difference

Professional workmate

Model: Transit Connect SWB
Trend Van

Options: metallic paint (no
charge option on Trend, Limited)

Tough design and a no-nonsense attitude. A civilised cabin environment with a host of car-like features. The choice of short or long wheelbase options. And an appetite for hard work. That's the unbeatable Ford Transit Connect Van.

Short and Long Wheelbase

With short and long wheelbase options, a large functional load box, and up to 4.3 cubic metres of versatile loadspace with the passenger seat folded, the Ford Transit Connect Van will keep your business on the move.

SWB Van

- 2467 mm maximum load length
- 847 kg gross payload (T220), 652 kg (T200)
- 3.40 cu.m loadspace (passenger seat folded)
- Space for two Europallets*
- Room to stow a 2.4 m pipe with the passenger seat folded
- Turning circle 11.0 m (kerb to kerb)

LWB Van

- 2714 mm maximum load length
- 908 kg gross payload (T230)
- 4.3 cu.m loadspace (passenger seat folded)
- Space for 2.4 m x 1.2 m building boards when loaded diagonally
- Room to stow a 3 m pipe diagonally with the passenger seat folded
- Turning circle 11.9 m (kerb to kerb)

SWB Crew Van

- 734 kg gross payload
- Second row folding seats
- 1.4 cu.m loadspace
- 909 mm load length

LWB Crew Van

- 783 kg gross payload
- Second row folding seats
- 2.1 cu.m loadspace (second row seats upright)
- 1172 mm load length (second row seat to rear)

*Without bulkhead fitted.

Duratorq TDCi Euro Stage V engines

Newly-developed Duratorq TDCi diesel engines provide real benefits in terms of reduced emissions, and superior drivability.

Powerful partner

The Ford Transit Connect Van sets the standard for light commercial vehicles, engineered to provide a level of rugged durability never before seen in the compact commercial vehicle market.

Built and tested to Ford's Medium Commercial Vehicle standards, the Ford Transit Connect Van delivers outstanding strength and durability. The extensive use of thick, high-strength steel, a reinforced body shell with partial double-skin sides and twin side cross-members, plus a tough boron steel front cross-member all contribute to its outstanding low cost of ownership and useful vehicle life.

Handling

The independent MacPherson strut front suspension combines with multi-leaf rear springs (single leaf springs on SWB 652 kg models) to endow the Ford Transit Connect Van with superior handling and roadholding, even when fully loaded. Accurate and responsive rack and pinion, power-assisted steering is fitted as standard and gives the SWB model a turning circle of just 11.0 metres kerb to kerb.

Duratorq TDCi Euro Stage V engines

The Ford Transit Connect Van is powered by the latest 1.8-litre Duratorq TDCi Euro Stage V common rail diesel engines. Designed and engineered to deliver the optimum blend of efficient power and economy.

Ford Transit Connect Van's latest Stage V emissions-compliant engines have a Variable Nozzle Turbo (VNT) for a broader spread of torque, with maximum torque available from as low as 1500 rpm. This means we can increase the final-drive ratio to improve fuel consumption and reduce emissions without affecting driveability. For example, the Stage V 75 PS engine can now achieve up to 47.1 mpg and CO₂ emissions of 159 g/km. We've also reduced soot particles with a new vDPF (vaporiser Diesel Particulate Filter), which, when combined with a new smaller, more efficient catalyst, can reduce soot particles by up to 95 per cent. And, in line with our ease-of-use design philosophy, our Stage V engines do not require any special fuel or additives.

Brakes and wheels

All models are fitted with 15-inch, five-stud wheels (with reinforced tyres on selected versions) for greater load-carrying capacity. Large front and rear disc brakes, combined with standard ABS, help to extend service life and deliver outstanding stopping performance. Electronic Stability Program (ESP) with Hill Launch Assist (HLA) is also standard on all vans.

Diesel (FWD)

1.8 Duratorq TDCi available in three power and torque configurations:

- 75 PS/220 Nm
- 90 PS/235 Nm
- 110 PS/280 Nm

Transmission

- 5-speed manual transmission

Flexibility

Ford Transit Connect Van has been designed with the real-world in mind – so it can work harder for you (Vehicle shown with accessory roof rack and metallic paint, at extra cost).

Built-in fixings

Allow the installation of racking systems without further drilling.

Functional space

Every day the Ford Transit Connect Van proves it has what it takes to get the job done. With a generous load box and outstanding access, thanks to its wide-opening rear doors and available twin sliding side load doors, the Ford Transit Connect Van will handle almost any task you throw its way.

Whether you are carrying goods, work materials or tools, the Ford Transit Connect Van provides all the loadspace you will need.

Upright body sides help to make the most efficient use of the loadspace, particularly when racking is used.

Minimal rear wheel arch intrusion translates into a huge 1226 mm of clear load-floor width – enough to carry two Europallets in the short wheelbase version, or a stack of 2.4 m x 1.2 m building boards* in the LWB version.

*When stored diagonally

Standard features include:

- 1226 mm minimum width between rear wheel arches
- Flat side panels, ideal for signwriting
- Pre-threaded reinforced fixing points allow easy installation of universal racking systems or shelving without the need to drill holes into the vehicle
- Six DIN compliant floor tie-down eyes allow loads to be securely fixed
- Fold-flat front passenger seat provides a level cargo area for longer items, and doubles up as a handy work surface or table
- Full height folding mesh bulkhead
- Load floor liner

Optional features include:

- Range of bulkhead options
- Purpose-designed roof rack
- Roof rack crossbars
- Ladder holder and rollers
- 250° rear cargo doors for wide-open access
- Rear tailgate (SWB only)
- Attitude/ride height pack (high payload vans, not T200 models)

Folding DIN compliant mesh bulkhead

Allows longer items to be carried and protects the driver against shifting loads. (Standard)

Sliding side load doors

None, one or two side load doors available. Unglazed, glazed or with privacy glass. (Option)

DIN compliant tie-down eyes (Standard)

Underseat stowage tray

Keeps items out of sight beneath the front passenger's seat. (Option, not available with standard fold flat passenger's seat)

Tailgate

Unglazed or glazed. Privacy glass, heated window and wash/wipe also available. (Option)

Protecting your business

Your Ford Transit Connect Van is a vital business asset – and we help to ensure it stays that way with some of the most advanced security features available. (Transit Connect LWB Trend Van shown)

Door mirrors

Large door mirrors, with blind-spot eliminators, fold flat to avoid accidental damage when parked.

Safety and security

The Ford Transit Connect Van is engineered to the highest possible levels of strength and durability for your peace of mind.

The Ford Transit Connect Van has been designed to offer outstanding vehicle and occupant safety. Advanced computer modelling led to the development of a body structure that combines energy-absorbing crumple zones with a rigid shell for maximum occupant protection.

High-strength steel beams inside the front doors help to prevent intrusion in a side impact, while behind the front bumper is a boron steel cross-member that is designed to absorb and safely channel crash energy away from the occupants.

Security is paramount in a commercial vehicle. So the Ford Transit Connect Van incorporates a combination of state-of-the-art features to make it highly secure.

Standard safety features include:

- Driver's airbag
- Height-adjustable inertia reel seat belts with grabbers and driver's seat belt pre-tensioner
- Anti-submarining ramps in front seat bases
- Anti-lock brakes with electronic brake-force distribution
- Electronic Stability Program (ESP)
- Hazard Warning Lights: the turn indicators flash under heavy braking as a warning to following drivers
- Height-adjustable head restraints

Optional safety features:

- Passenger's airbag* (includes passenger airbag deactivation switch)
- Side airbags* (not available with fold-flat passenger's seat)

Standard security features:

- Ford's Safeguard Passive Anti-Theft System (PATS) engine immobiliser
- High-security shielded locks with strengthened mountings
- Unique lock-in-latch door lock system eliminates cables and rods between the lock and the latch
- Central/double locking
- Remote keyless entry with rolling codes
- Key-operated bonnet release
- Locking fuel cap
- Visible Vehicle Identification Number (VIN)

Optional security features:

- Perimeter alarm with volume sensing
- Choice of bulkheads

*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

Occupant safety

Single-stage driver's airbag is fitted as standard.

The Ford Transit Connect Van now comes with standard Electronic Stability Programme (ESP).

— Vehicle with ESP.

— Vehicle without ESP.

A Vehicle experiences understeer on approach.

B Vehicle experiences oversteer on exit of bend.

Lockable bonnet

Can only be released using the vehicle key. The mechanism is fully shrouded to resist tampering. (Standard)

Full-height steel bulkhead

Provides added security. Also offered with glazed top panel, as shown. (Option)

Emergency Brake Warning

The hazard warning lights automatically flash during heavy braking, giving following drivers advance warning of a potentially hazardous situation. (Standard)

Transit Connect Van

Model shown is finished in Frozen White and features the optional visibility pack

Built on a dedicated commercial vehicle platform, the hard-working and established Ford Transit Connect Van brings you all that is great about the range: robust construction; flexible loadspace; and a comfortable, car-like driving environment.

Exterior features include:

- 6x15" steel wheels with hub covers
- Torque Grey bumpers
- Tinted glass
- Manually-operated mirrors
- Electrically-operated windows
- Remote central locking
- Passenger-side sliding side load door
- Electronic Stability Programme (ESP)
- Hill Launch Assist (HLA)
- Hinged, unglazed rear cargo doors
- Headlight courtesy delay

Interior features include:

- New facia design
- Model 6000 RDS EON AM/FM stereo radio/CD with steering column-mounted remote audio controls, AUX-in and 'Keycode' anti-theft coding
- Steering column adjustable for rake/reach
- Fold-flat passenger seat
- Folding mesh bulkhead
- Front seat-back storage pockets
- Trip computer
- Centre storage
- 12-volt front power socket
- 6 DIN-compliant floor tie-down eyes

Second-row seats

When you need to transport more than two people, the Double Cab-in-Van – with three extra seats plus a large load space – has room for everyone.

Headlight courtesy delay

Remain illuminated for a short while once you're parked to guide you to your door. (Standard)

Load floor mat

Protects both your van and its load. (Standard)

Unglazed cargo doors

For added security. (Standard)

Remote central/double locking

Convenient and secure. (Standard)

Electrically-operated windows

(Standard)

Transit Connect Trend Van

Model shown is finished in Avalon metallic paint (option), glazed full height steel bulkhead. (Option)

The Ford Transit Connect Trend Van might be a new driving experience, but as soon as you get in, everything feels familiar. The well-equipped cabin acquires itself impeccably, because the more comfortable you are, the more productive you will be.

Exterior features additional to Transit Connect Van

- Body colour bumpers
- Front fog lights
- 6x15" steel wheels with full Trend wheel covers
- Metallic paint (no charge option)
- Premium Visibility Pack, including Quickclear heated windscreen, rain sensing wipers, auto headlights, heated washer jets and electrically-operated and heated door mirrors

Interior features additional to Transit Connect Van

- Bluetooth® with Voice Control System with second 12-volt power socket
- 6-way driver's seat with armrest and lumbar support
- Silver finish gearshift knob and radio/CD facia
- Aluminium steering wheel spoke shells
- Overhead full width stowage shelf
- Map reading light
- Brilliant Blue seat trim and instrument panel available as an option

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.
Note It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Bluetooth® wireless technology

Wireless mobile phone connection with voice recognition control for audio, phone and climate control. (Standard)

Trip computer

Displays information including fuel economy, distance travelled, ambient temperature as well as controlling parts of the van's functionality. (Standard)

Interior design

Trend Van features aluminium trim accents. (Standard)

6-way adjustable driver's seat with armrest and lumbar support (Standard)

Heated door mirrors (Standard)

Transit Connect Limited Van

Model shown is finished in Avalon metallic paint (option) and glazed full height steel bulkhead (option).

With outstanding levels of comfort, convenience and functionality, the Ford Transit Connect Limited Van has it all. Great to drive, great to spend time in, it's not only a determined work partner but, with its roomy air conditioned cab, it serves as the ideal mobile office too.

Exterior features additional to Trend Van

- 15" 7 spoke alloy wheels
- 1.8 Duratorq TDCi (110 PS) diesel engine
- Silver front grille
- Body colour door handles
- Rear parking sensors

Interior features additional to Trend Van

- Air conditioning
- Reading light
- Silver gear shift surround
- Leather steering wheel

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

Alloy wheels

15" 7-spoke alloy wheels with 195/65 tyres. (Standard)

Air conditioning

With air recirculation feature. (Standard)

Side airbags*

Enhanced protection in a side impact. (Option: available as part of seat pack)

Silver front grille

(Standard)

Rear parking sensors

Makes parking easier. Switches on automatically when reverse gear is selected. (Standard)

Rain-sensing wipers and automatic headlights

(Standard)

Loadspace liner

Heavy duty liner with raised sidewalls helps to protect your load floor from accidental damage. (Accessory) Image shows Ford Transit Van. Also available on Ford Transit Connect.

Thule Professional roof carrying systems

A complete range of Thule transportation products available to suit your needs. Available from your Ford Dealer. (Accessory)

Fixed tow bar

Expand your transport capabilities. (Accessory)

When your vehicle is an integral part of your business, it's important you have the freedom to tailor its specification exactly to your needs. So, every item within our extensive range of options and accessories has been specially developed to help enhance your efficiency and image.

Image left shows:

Steel cage roof carrier

Sturdy steel cage roof carrier adds a new dimension to transporting materials and equipment. (Accessory)

Base roof carrier

Roof carrier is the base for all roof transportation attachments (Accessory – not illustrated).

18" alloy wheels

5-spoke design alloy wheels and 225/40 R18 tyres. (Accessory)

ClimAir® wind deflector

The wind deflector eliminates turbulence, letting you enjoy your drive with the front windows down – even when it's raining. (Accessory)

Rear window protection grille

Grille secures to inside of rear windows for enhanced security without obscuring rearward vision. (Option and accessory)

Image below shows:

Dometic cooling fridge

Efficient, tailor-made cooling box uses 12-volt onboard system with integrated gel battery or, when parked, 230-volt mains supply. Maintains constant temperature of around 2°C at ambient temperature of 30°C. Total gross volume approximately 900 litres. Certified by ATP for food transport within Europe. (Accessory – requires optional Dual Side Load Doors).

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

This brochure shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, which are identified under that third party supplier's brand name. Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party suppliers own warranty, the details of which can be obtained from your Ford Dealer.

Sport styling accessories

Front and rear bumper styling parts in contrasting Silver. (Accessory)

Mobile navigation

Leave your maps behind with a simple and intuitive mobile GPS navigation system. Please contact your Ford Dealer for details. (Accessory)

Parrot Bluetooth® hands-free kits

These Bluetooth® hands-free kits connect to the original audio system. Example shown is a MKi9200 with 2.4" colour TFT screen, built-in voice recognition and automatic phonebook synchronisation. It displays your mobile phone information and the caller's photos. (Accessory)

17" alloy wheels

17" 9x2-spoke classic design alloy wheels with 205/50 R17 tyres. (Accessory)

Accessories

Making life easy

Our range of finance, insurance, service and assistance options is designed with just one thing in mind – making life easy for you.

Ford Credit

When it comes to financing your Ford Vehicle, our size and expertise means we're well placed to provide you with a range of finance plans. An application for finance is straightforward and you'll usually get a decision within 15 minutes.

So what can your Ford Dealer provide?

Ford Acquire is ideal if you're a private or business user who wants a traditional and convenient financing plan to own your vehicle. Simply put down a deposit, pay the remainder, plus interest, over an agreed period and the vehicle becomes yours.

Ford Lease* provides simple, tailored funding solutions for your business, whatever the size. Business users only.

Ford Insure** is our comprehensive motor insurance product, designed specifically for Ford drivers.

For more information on our finance products please visit ford.co.uk.

Finance subject to status. Guarantees/Indemnities may be required. Freepost Ford Credit.

*Ford Lease is provided by ALD Automotive Ltd, trading as Ford Lease, Oakwood Park, Lodge Causeway, Fishponds, Bristol, BS16 3JA. ALD Automotive is registered in England No. 987418. For the purposes of the Data Protection Act 1998 the data controllers in relation to any information you supply are Ford Motor Company Limited, FCE Bank Plc and ALD Automotive. Finance subject to status. Guarantees and indemnities may be required. ALD Automotive is authorised and regulated by the Financial Services Authority.

**Ford Insure is underwritten and administered by Royal & Sun Alliance Insurance plc, which is authorised and regulated by the Financial Services Authority. FCE Bank plc is authorised and regulated by the Financial Services Authority and acts as an insurance intermediary in relation to Ford Insure. In relation to this same product, Ford Motor Company Limited is an appointed representative of FCE Bank plc. Ford Motor Company Limited acts as an insurance intermediary. Calls may be recorded and monitored.

Services

There are 222 Sales and 245 Aftersales Ford Transit Specialist Dealers across the UK, equipped and trained to meet Commercial Vehicle customer requirements. From these, 113 Sales and 95 Aftersales Dealers have achieved the 'Backbone standard' as recognition of their total commitment to delivering dedicated and professional sales and service support.

To find the location of your nearest Ford Transit Specialist Dealer, simply call the Ford Information Service on 0845 7111 888, or visit the Ford Dealer locator at www.fordvans.co.uk

Ford Protect Every new Ford Fiesta Van is protected by a 3-year/60,000-mile Ford Protect Classic Warranty Plan, and also comes with a 1-year Ford Assistance package.

Ford Ranger is protected by a 3-year/60,000 mile Ford Protect Classic Warranty Plan.

Ford Transit and Transit Connects are protected by a 3-year/100,000-mile bumper-to-bumper warranty.

Ford Transit Chassis Cab One-Stop bodywork is covered by a 3-year/100,000-mile warranty and a 3-year Perforation Warranty provided by the bodywork supplier.

Ford Perforation Warranty All New Ranger and Fiesta Van are covered by the Ford Perforation Warranty for 12 years from the date of first registration. Ford Transit, Ford Transit Connect and Tourneo Connect are covered for 8 years from the date of first registration. Subject to terms and conditions. Please see your Ford Transit Specialist Dealer for details.

Ford Assistance Ford Transits, Transit Connects and Rangers are supplied with a minimum of a 1-year Ford Assistance roadside package. Further details are available either on www.ford.co.uk or from your local Ford Dealer.

Ford Rapid Fit Our 'no appointments necessary, while-you-wait' fast-fit service for exhausts, brakes, batteries and more, at over 240 sites nationally.

Ford Accident Repair Centres Approved Ford Accident Repair Centres meet rigorous Ford standards and are the best place to return your vehicle to its pre-accident condition.

Contacts

Ford Customer Relationship Centre In the unlikely event that your Ford Dealer can't help you or if you need to speak to us directly, call 0845 841 1111 at local rates.

Ford Rental – local service nationwide. Car and van rental from our latest model range. Contact your local Ford Dealer for more information.

Talkback – the company car drivers' club. This is your club for extended test drives, special events, and advice on tax and buying issues. Join free, even if you don't drive a Ford, on www.talkbackclub.com or call 0845 605 55 66.

Ford Mobility Our MAGIC care centre provides free information on all motoring and mobility issues, including special offers for HRDLA and Motability recipients. Call free on 0800 240 241.

*Subject to terms and conditions.

Ford ECOneric Technology

The Ford ECOneric Technology initiative is designed to reduce the cost of running your vehicle through improved fuel economy and lower CO₂ emissions without compromising on style, performance or driving quality.

Affordable and available now

Significant advances in the efficiency of our engines and other innovations such as those shown below combine to help improve performance and fuel economy, and help you to adjust your driving style to achieve further savings*. Many of these technologies have been combined in the Ford Transit ECOneric model, which achieves an impressive 173 g/km CO₂ with no loss of capacity or performance. The scope of the Ford ECOneric Technology initiative has recently been expanded to include electric, hybrid-electric and plug-in hybrid-electric vehicles, as well as company-wide sustainability programmes.

Creating a cleaner tomorrow

At Ford, we've been quietly getting on with the job of reducing our impact on the environment. For example, solar/photovoltaic panels on the roof of our Bridgend engine plant in Wales generate enough power to light an area of around 10,000 square metres, and to reduce landfill, almost 300 parts used in Ford vehicles manufactured in Europe are made from recycled non-metallic materials – potentially avoiding 17,000 tonnes of waste every year.

If you would like to know more, logon to: www.ford.co.uk/FordECOneticTechnology

*The availability of Ford ECOneric Technology varies by model in the Ford commercial vehicle range. Please ask your Ford Dealer for details

Smart Regenerative Charging

Helps keep the battery charged in the most efficient way – reducing the amount of fuel used.

Ford Auto-Start-Stop

Automatically switches off the engine when you come to a halt and restarts smoothly when you want to move off, reducing fuel consumption and CO₂ emissions by up to ten per cent.

New Duratorq TDCi Stage V engines

Engineered to meet stringent EU Stage V emissions standards, these highly fuel-efficient engines are offered with an impressive choice of power and torque outputs.

Shift Indicator

A light in the instrument cluster tells you when to shift gears, helping you to use less fuel while also encouraging a smoother driving style (available on all diesel models).

Maximum gradeability – 12% at full GTM; 20% at full GVM. ^aGross payload = Gross vehicle mass, less kerb mass. Represents the lightest kerbweight assuming full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. All kerb masses quoted in this brochure are subject to manufacturing tolerances and are for Base models with minimum equipment. Trend and Limited models will have greater kerb masses and, therefore, lower payloads due to the increased amount of standard equipment. Any additional options specified on the vehicle will reduce the payload accordingly. All engines are fitted with a standard vDPF (vapouriser Diesel Particulate Filter).

Engine data

Engine technical features		Maximum power ^a	Maximum torque ^a
1.8 Duratorq TDCi Diesel 55 kW (75 PS) 1753 cc	4 cylinders in line; SOHC; 8 valves; direct injection with highpressure, common rail, multipoint fuel injection system; variable geometry turbocharger with intercooler; electronic throttle; vDPF	55 kW (75 PS) at 4000 min ⁻¹ (rpm)	220 Nm at 1900 min ⁻¹ (rpm)
1.8 Duratorq TDCi Diesel 66 kW (90 PS) 1753 cc	4 cylinders in line; SOHC; 8 valves; direct injection with highpressure, common rail, multipoint fuel injection system; variable geometry turbocharger with intercooler; electronic throttle; vDPF	66 kW (90 PS) at 4000 min ⁻¹ (rpm)	235 Nm at 1900 min ⁻¹ (rpm)
1.8 Duratorq TDCi Diesel 81 kW (110 PS) 1753 cc	4 cylinders in line; SOHC; 8 valves; direct injection with highpressure, common rail, multipoint fuel injection system; variable geometry turbocharger with intercooler and transient torque overboost function; electronic throttle; vDPF	81 kW (110 PS) at 3700 min ⁻¹ (rpm)	250/280* Nm at 1500-3200 min ⁻¹ (rpm)

^aTested in accordance with ISO 1585. *With transient overboost. Engines comply with stage V emissions standards.
