

i800

2012 MODEL YEAR

NEW THINKING. NEW POSSIBILITIES.

Since we first started in 1967, there have been four decades of incredible progress. During this period we've established a close relationship with our customers. It's enabled us to develop cutting-edge technology in all the right areas, while staying true to our Korean origins. At the heart of our brand is the ability to think differently and always question convention. It's this relentless commitment to innovation that's seen us arrive at where we are today. We currently sell technologically-advanced, high-quality vehicles to people in more than 190 countries, and employ over 75,000 staff. That's why we're the world's fastest growing car manufacturer.

Eight seats and plenty of space THE i800 MAKES A BIG IMPRESSION

The i800 is built for practicality and comfort, so it's perfect for large families or even as a chauffeur car. These impressive qualities are reflected in its smart design – unlike most other cars in its class it comes with eight seats rather than seven, so there's always plenty of room for passengers and luggage. The sliding doors allow easy access for passengers, while privacy glass, 16" alloy wheels and body-coloured door handles enhance its stylish appearance. There are also useful mud flaps to keep the bodywork nice and clean. The 2.5 CRDi engine delivers two power outputs –

either 136PS or 170PS – so you'll have all the performance you need. You'll also be able to choose between manual and automatic transmission. We've incorporated an Electronic Stability Programme (ESP), Anti-lock Braking System (ABS), Electronic Brake force Distribution (EBD) and Traction Control System (TCS), so you'll enjoy a safe journey. And when you come to a stop, you'll take advantage of the body-coloured reversing sensors to guide you into the tightest gaps. It's a stylish, spacious vehicle that's perfect for every occasion.

Interior and exterior design

GET TO KNOW THE i800 INSIDE OUT

Eight seat configuration

The i800's interior is just as refined as the exterior. The eight seats provide useful practicality and maximum comfort at the same time. The second row slides and reclines, while the third row also reclines. It'll enable your passengers to find the perfect position with generous leg, head and shoulder room. For an even more relaxing journey, the second row of passengers will also be able to alter the air conditioning settings so they can find the ideal temperature. If there happen

to be fewer passengers in the car, you'll still be able to put the space to good use. Both the second and third row of seats split 60/40, giving you room for extra cargo instead – useful for trips to a DIY store or garden centre. And that's without even mentioning the practical front seat back pockets for extra storage space, as well as flush sliding rear windows and adjustable LED mood lighting. The i800 maintains its unique style while refusing to compromise its practical features.

Lots of room in the back WE'VE STILL PUT DRIVER COMFORT OUT IN FRONT

The i800 certainly takes good care of its passengers, but it's just as comfortable in the driver's seat. The elevated driving position gives you excellent visibility, and the seat is also heated and fully adjustable, enabling you to find the right position. A stylish ergonomic dashboard ensures that everything's within reach, while a leather steering wheel, a leather centre-mounted gear knob

and optional leather seat trim enhance its high-quality appearance and add a level of refinement. It means that wherever you decide to go, you'll arrive at your destination feeling just as relaxed as each one of your passengers. When you consider the i800's cleverly designed layout and stylish interior, it's really no surprise that it's one of the leading cars in its class.

BUYING A HYUNDAI

MOTABILITY

The Motability plan will enable some of you to purchase a Hyundai at a preferential rate. If you receive the Higher Rate Mobility Component of the Disability Living Allowance, you're entitled to access this excellent scheme. In recognition of your requirements, many Hyundai models can be ordered on the 3 year Contract Hire Scheme. You'll benefit from advantageous features like power steering, height-adjustable driver's seat and automatic gearbox, which all come as standard. Most of our Dealers are Motability Accredited, so just contact them and they'll be happy to help. If you'd like to read about the scheme in more depth, simply visit www.motability.co.uk

There are a range of products available and we can offer finance between 1 and 5 years. To find out more just contact your local dealer, they'll have all the details you need. ASSET PROTECTION

We want you to be able to relax in your Hyundai. It's why we've created Return to Invoice GAP Insurance, which covers you in unexpected circumstances. Currently, if your vehicle is written off in an accident, fire or theft, your insurance may only pay the market value for it, not what you actually paid - so you'd have to cover the shortfall. Return to Invoice GAP Insurance could cover the difference between your motor insurance settlement and the amount you originally paid for the vehicle, or the amount outstanding on finance - whichever is greater. Return to Invoice GAP Insurance will complement your own vehicle insurance and provide the financial support you need to get back on the road in a vehicle with the same value as your original choice.
