360°

B-MAX gives you more.

Much more.

1.5m

Opening the front and sliding rear doors gives you an unobstructed 1.5m wide aperture on each side, making it easier to load and unload, get in and get out. The unique **Ford Easy Access Door System** achieves this by cleverly concealing its central strengthening pillar within the doors, rather than having it fixed into the bodyside.

More flexibility? Try one of the many seat-folding combinations.

The clever use of space offers you surprising versatility. Fold-flat front passenger and rear seats provide a 2.35m-long cargo space.

Use your voice like
another pair of hands.

Ford SYNC with AppLink* and Emergency Assistance* lets you play music, make and receive hands-free calls and even control apps* on your smartphone – all with simple voice commands. In the event of a collision **Ford Emergency Assistance*** communicates with the emergency services directly, providing coordinates of the incident and allowing occupant control at all times. (Option on Studio, standard on Zetec, Titanium & Titanium X)

*Compatible mobile phone required. You can browse a list of AppLink-compatible apps from www.Ford.co.uk, or via the **App Catalog** available in iOS and Android stores. SYNC AppLink and Emergency Assistance are not supported by all European languages.

| SYNC

Active City Stop* can apply the brakes automatically

Designed to help reduce the likelihood or consequences of your car colliding with the vehicle in front in slow-moving traffic by applying the brakes if it is detected that a collision is likely. (Option on Zetec, Titanium & Titanium X) (Not available with 1.4 90 PS Petrol Engine)

* Designed to operate at speeds below 19mph.

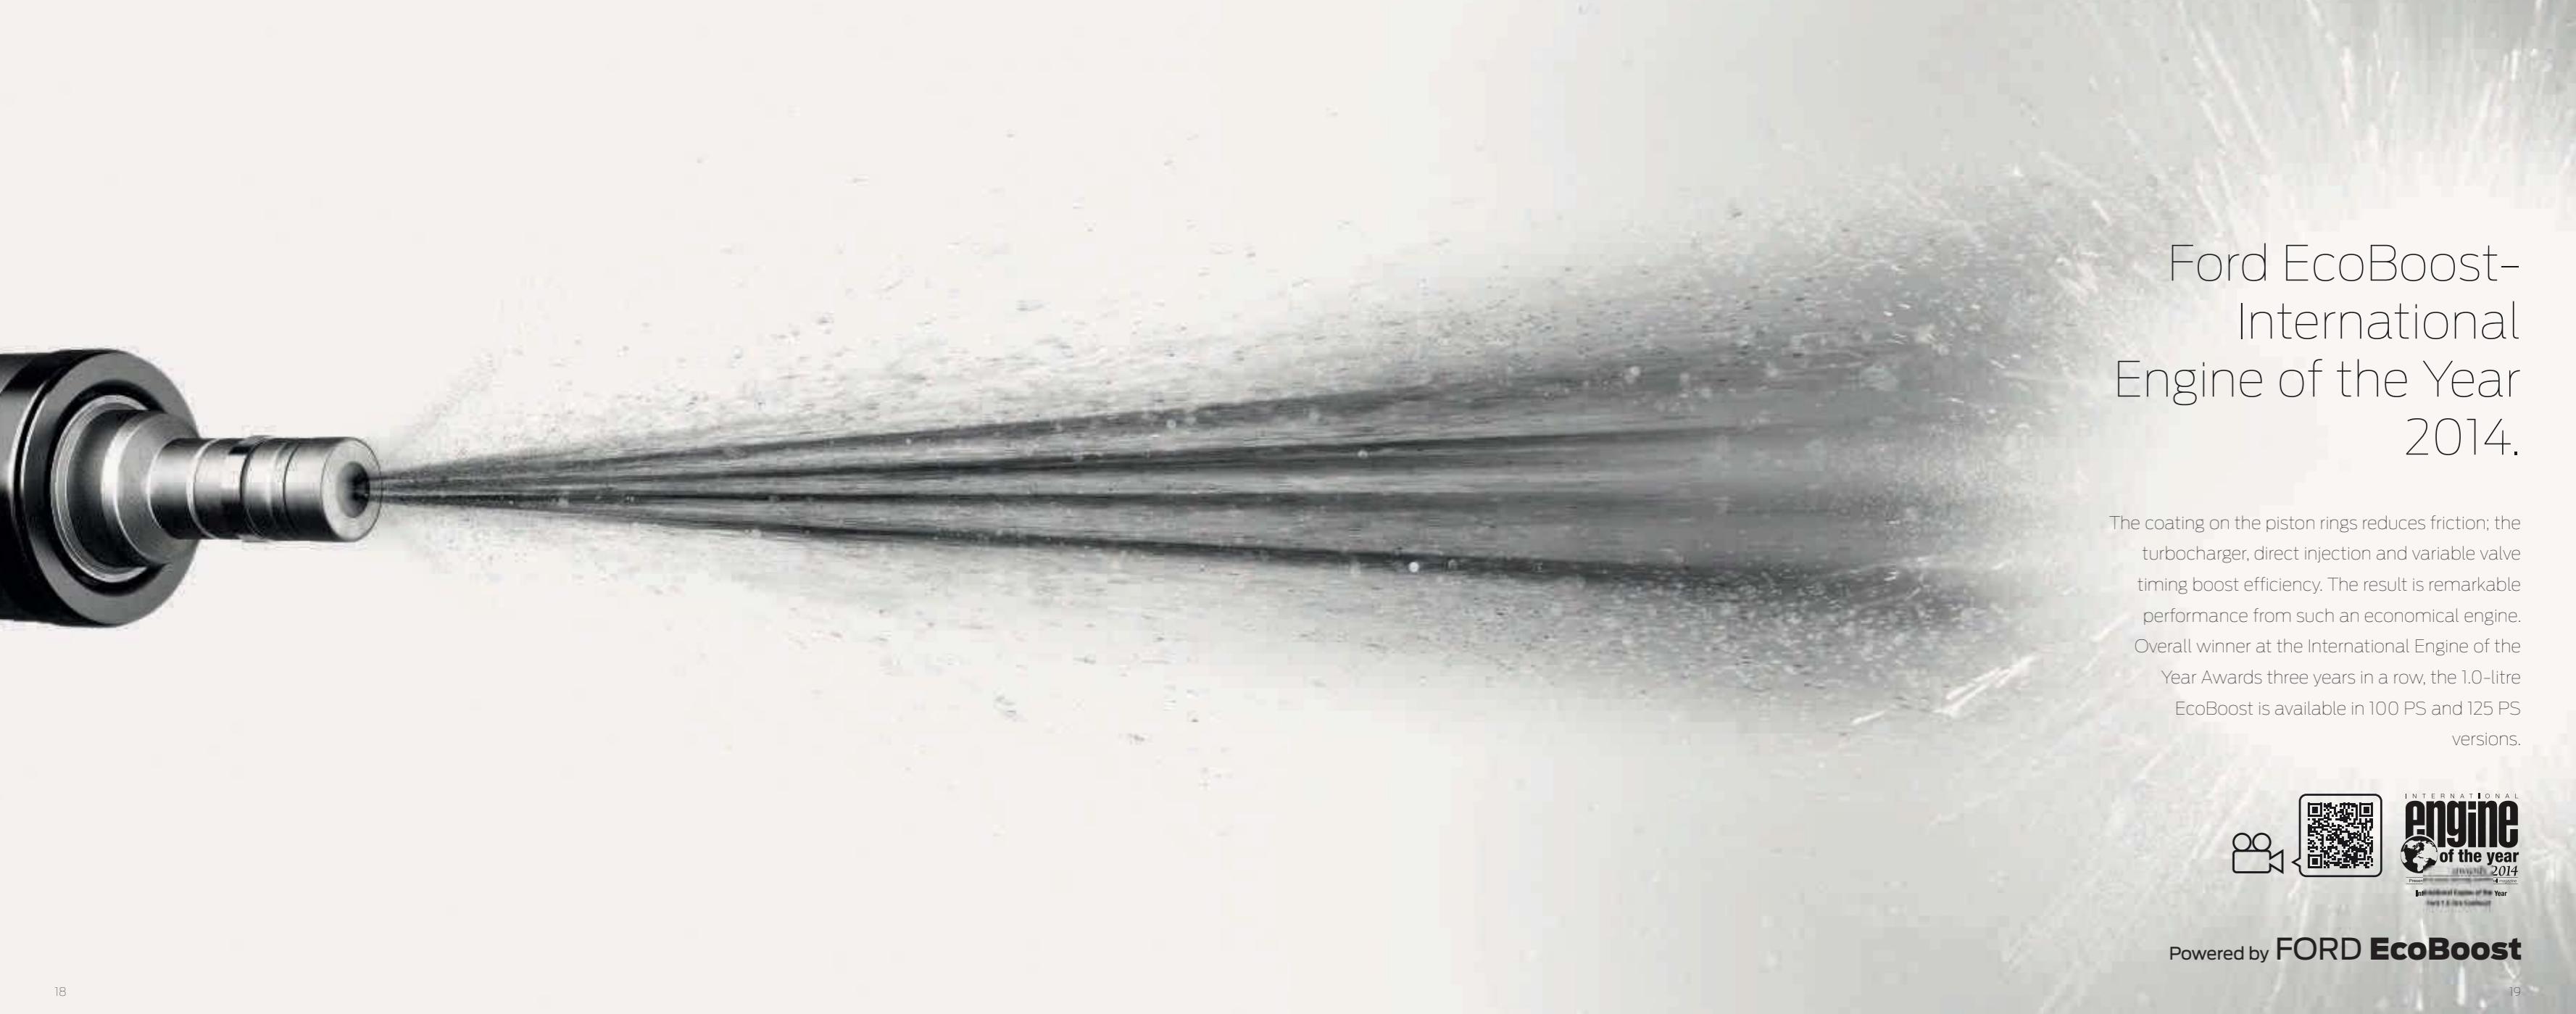

A photograph taken from the interior of a car, looking out through the large panoramic sunroof. The sky is a vibrant blue with scattered white and grey clouds. The interior ceiling is light-colored, and the car's headrests are visible in the foreground. The overall atmosphere is bright and airy.

Bring the outside inside.
(Panorama roof standard
on Titanium X)

Enjoy a better view.

The high seating position gives you a commanding view of the road, while the full-length glass panorama roof makes the interior bright and airy. (Standard on Titanium X) High-quality materials and attention to detail are defining characteristics of the B-MAX. The result is an interior designed to lift your mood.

Ford EcoBoost- International Engine of the Year 2014.

The coating on the piston rings reduces friction; the turbocharger, direct injection and variable valve timing boost efficiency. The result is remarkable performance from such an economical engine. Overall winner at the International Engine of the Year Awards three years in a row, the 1.0-litre EcoBoost is available in 100 PS and 125 PS versions.

Powered by **FORD EcoBoost**

More power. Less fuel. Lower emissions.

With the help of **Ford ECOnetic Technology**, B-MAX's latest engines are remarkably fuel-efficient. The 1.0 EcoBoost 125 PS petrol engine produces 39 per cent more maximum power than the larger capacity 1.4 90 PS, and yet can achieve around 22 per cent better fuel economy on the combined test cycle and has 18 per cent lower CO₂ emissions. The 1.5 Duratorq TDCi 95 PS diesel engine is even more frugal, with CO₂ emissions of just 98 g/km*.

(*See Fuel, performance & emissions figures on page 54)

98 g/km CO₂

The steering system that always feels just right.

Ford B-MAX's sophisticated **electric power-assisted steering (EPAS)** is designed to achieve a balance that's just not possible with conventional power steering systems. At parking speeds, full power is delivered for feather-light manoeuvring. Once you're on the move, it steadily weights up to just the right extent for optimum feel and control. The height- and reach-adjustable steering wheel enables you to find your ideal driving position for a more relaxed driving experience. (Standard)

B-MAX series

Studio

Key exterior features

- 15" 12-spoke wheel covers
- Body colour bumpers
- Ford Easy Access Door System
- Self colour electrically operated door mirrors with integrated side indicators
- Daytime running lights
- Ford Easy-Fuel capless refuelling system
- Chrome surround front grille
- Tyre repair kit
- Headlight courtesy delay

Burnished Glow.
What will you
choose?

The Ford B-MAX owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the water-based top coat, new materials and application processes ensure it's not only virtually solvent-free, but will retain its good looks for many years to come.

A feel for
comfort.

2.35m loadspace length

Truly usable space

Seven different seat-folding combinations, a generous 2.35m maximum load length and an adjustable luggage compartment floor ensures the B-MAX is ready for all kinds of cargo.

Smart technology

B-MAX has a range of intelligent features designed to make life a little easier and offer peace of mind.

1 Active City Stop[®]

Designed to help reduce the likelihood or consequences of your car colliding with the vehicle in front in slow-moving traffic by applying the brakes if it is detected that a collision is likely. (Option on Zetec, Titanium & Titanium X) (Not available with 1.4 petrol engine)

2 Ford SYNC with Emergency Assistance*

The next generation of in-car connectivity. Ford SYNC lets you operate most popular MP3 players, Bluetooth[®]-enabled phones and USB drives with remarkably simple voice commands, plus the Ford Emergency Assistance feature is designed to assist occupants to place an emergency call in the event of an accident. (Standard on Zetec & above)

3 Parking distance sensors

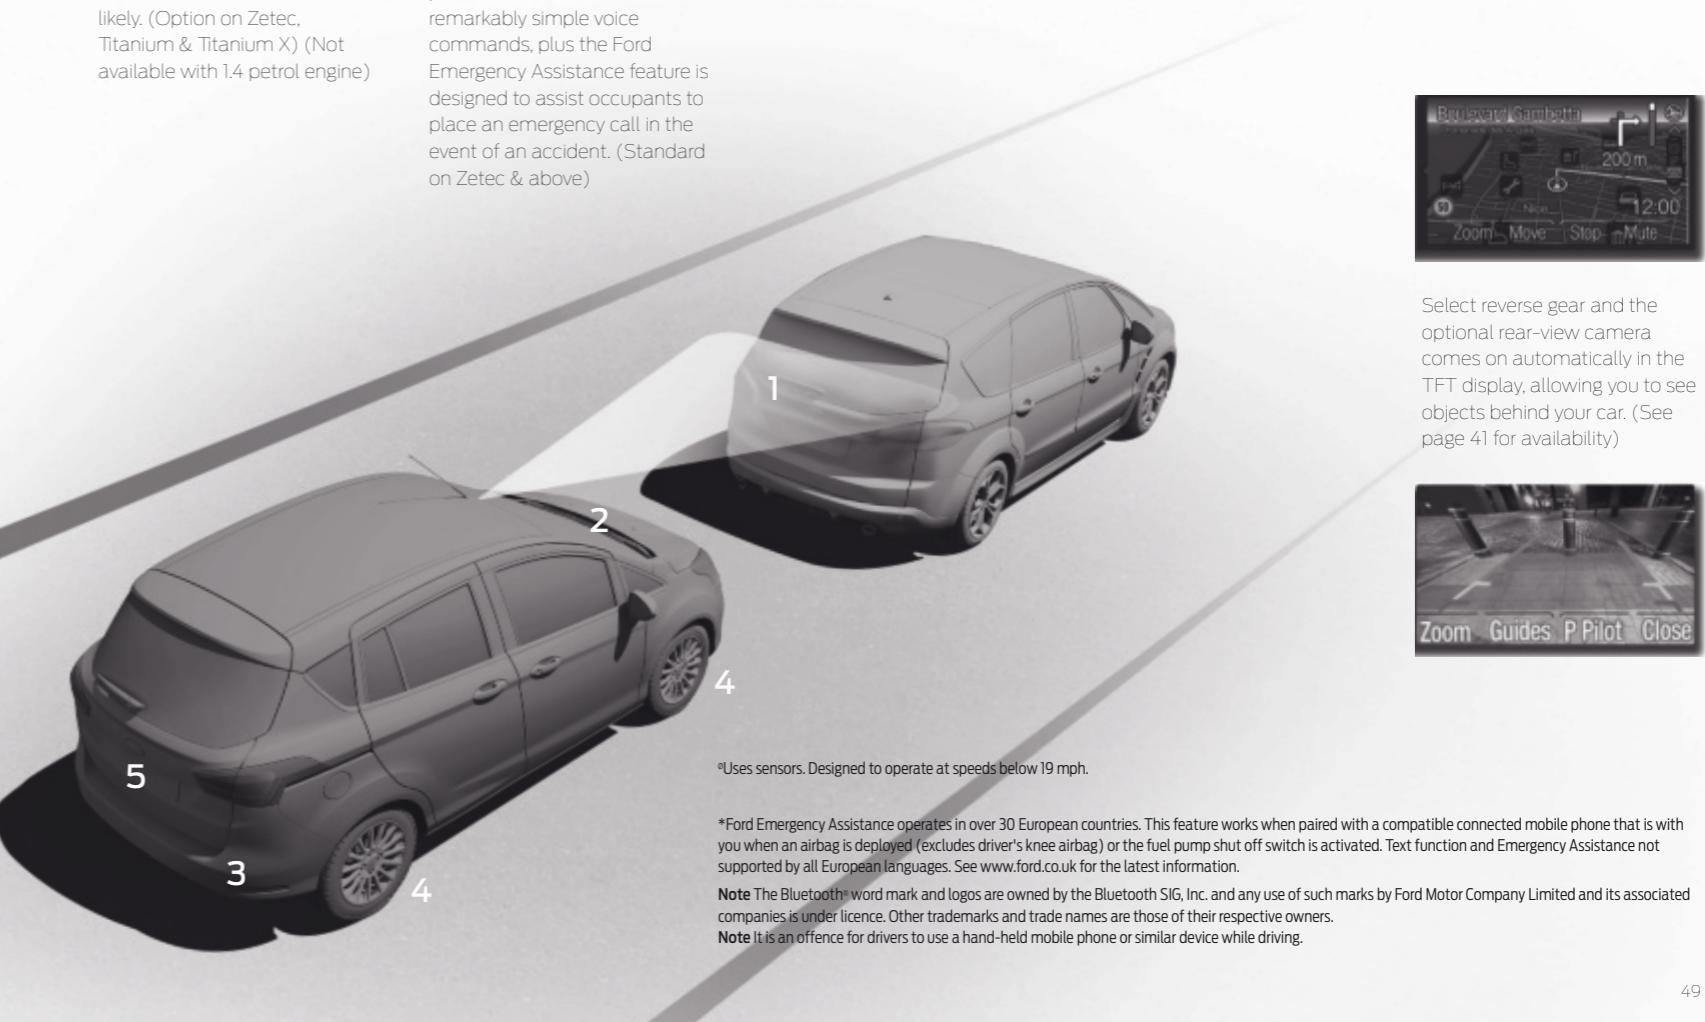

Audible warnings help you park in tight spaces. Available for front and rear, or just rear. (See page 41 for availability)

4 Tyre Pressure Monitoring System

Designed to alert you if a tyre's pressure is too low, such as in the case of a puncture. (Standard)

5 Integrated navigation and rear-view camera

B-MAX's optional built-in navigation system eliminates the need for pre-route planning. (See page 43 for availability)

[®]Uses sensors. Designed to operate at speeds below 19 mph.

*Ford Emergency Assistance operates in over 30 European countries. This feature works when paired with a compatible connected mobile phone that is with you when an airbag is deployed (excludes driver's knee airbag) or the fuel pump shut off switch is activated. Text function and Emergency Assistance not supported by all European languages. See www.ford.co.uk for the latest information.

Note The Bluetooth[®] word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Note It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Intelligent Protection System (IPS)◊

Ford B-MAX's advanced Intelligent Protection System (IPS) uses a range of sophisticated technologies designed to help keep you protected, including an ultra-high strength steel safety cage, Electronic Stability Programme (ESP) with anti-lock braking system and Emergency Brake Assist.

The Ford B-MAX IPS includes:

1. **Driver's and front passenger's airbags*** with passenger airbag deactivation switch and driver's **knee airbag**
2. Driver's and front passenger's **side impact airbags**
3. **Collapsible steering column** for optimised energy absorption and driver's legs protection
4. **Side curtain airbags** for both front and outer rear passengers
5. Robust computer-optimised body structure with **ultra-rigid safety cell** and crumple zones
6. Advanced lap and diagonal **inertia reel seat belts** on all seats. Pre-tensioners and load-limiting retractors on front seats
7. **ISOFIX child seat mountings** on outer rear seats for increased child safety in combination with selected child seats. (Child seats available as an accessory)
8. **Anti-submarining seat bases** reduce the tendency to slide beneath the seatbelt in a severe frontal collision

*Note: A child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.

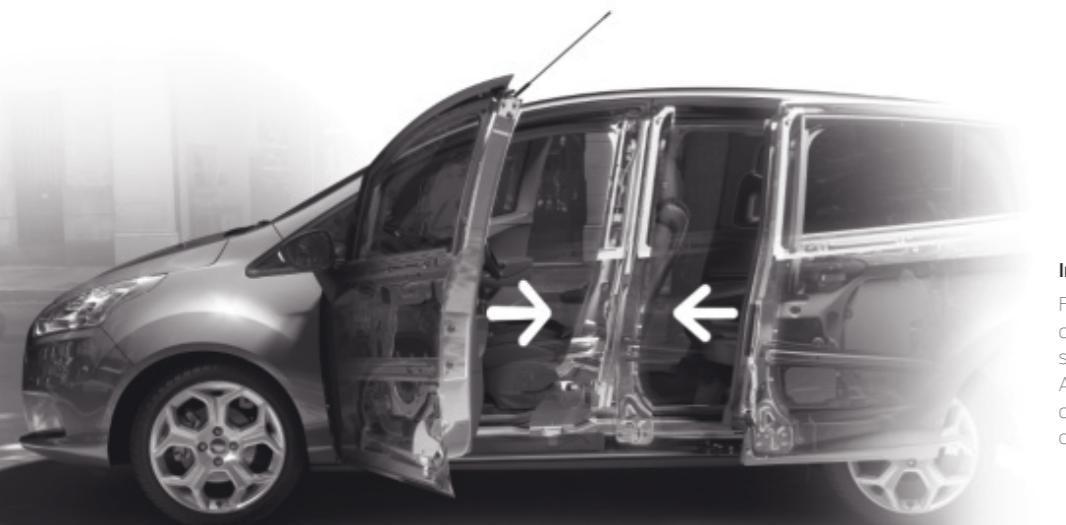

◊Uses sensors.

Integral safety and strength

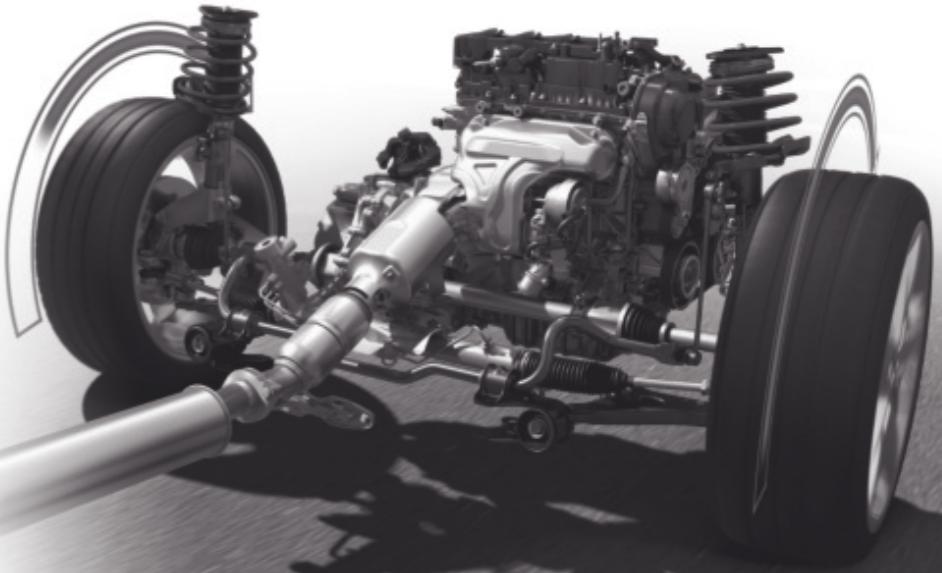

Ford B-MAX's body includes 55 per cent high strength steel and 26 per cent ultra-high strength boron steel. This makes it lighter, stronger and stiffer – and an immensely rigid base upon which to attach the Ford Easy Access Door System®. When closed the front and rear doors overlap to create a rigid central strengthening pillar and to prevent them from opening in a side impact.

Reacts to road surfaces 100 times per second

Torque Vectoring Control®

Designed to improve traction, roadholding and agility when cornering by continuously optimising the engine torque distributed to each front wheel to match the amount of grip each has available. The result is a more rewarding driving experience. (Standard)

®Uses sensors.

Fuel, performance and emissions

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

	Euro Stage	Trans	Maximum Power PS (kW)	Torque Nm (Nm with overboost)	CO ₂ emissions [®] (g/km)	Fuel consumption MPG (L/100km) [®]		Performance [®]

*In 4th gear. [®]Ford test figures. [®]The declared fuel consumptions and CO₂ emissions are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors are very important in determining a car's fuel consumption and CO₂ emissions. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk/>.

Ford EcoBoost engine

The coating on the piston rings reduces friction; the turbocharger, direct injection and variable valve timing boost efficiency. The result is remarkable performance from such an economical engine. International Engine of the Year Awards winner in 2014 for the third time in a row, the new 1.0-litre EcoBoost is available in 100 PS and 125 PS versions.

EcoBoost = more power + better fuel economy

International Engine of the Year
Ford 1.0 litre EcoBoost

PowerShift = automatic convenience + manual performance

Ford PowerShift delivers the perfect combination between automatic convenience and manual efficiency. This 6-speed automatic transmission selects the next appropriate gear at precisely the right moment for lightning-fast gear changes, with no disruption to the flow of power. The manual mode lets you switch gears at the push of a button – no clutch pedal required. (Available with 1.6 Duratec 105 PS Petrol Engine)

Weights and loads

5-door

1.0 EcoBoost (100 PS)

1.0 EcoBoost (125 PS) with Auto-Start-Stop

1.4 Duratec (90 PS)

1.6 Duratec Ti-VCT (105 PS) PowerShift

1.5 Duratorq TDCi (75 PS) with Auto-Start-Stop

1.5 Duratorq TDCi (95 PS) with Auto-Start-Stop

	Kerbweight (kg)*	Gross Vehicle Mass (kg)	Max. Towable Mass (braked) (12%) (kg)*	Max. towable Mass (unbraked) (kg)
1.0 EcoBoost (100 PS)	1274	1760	750	635

1.6 Duratec Ti-VCT (105 PS) PowerShift	1309	1780	480	480
1.5 Duratorq TDCi (75 PS) with Auto-Start-Stop	1316	1780	575	575
1.5 Duratorq TDCi (95 PS) with Auto-Start-Stop	1316	1780	575	575

*Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options fitted. **Towing limits** quoted represent the maximum towing ability of the vehicle at its **Gross Vehicle Mass** to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. **Nose weight limit** is a maximum of 75 kg on all models.

Adjustable load floor can be set higher to create a flatter load space with lowered rear seats and allows items to be stored out of view.

Adjustable load floor can be removed completely or, as shown here, set low to create a deeper luggage compartment space.

Mudflaps

Available as sets for front and rear, these practical hard-wearing contoured mudflaps protect the bodywork from stone chips, helping to keep your Ford B-MAX clean by reducing road spray. (Accessory)

Roof rails

Stylish roof rails enhance your Ford B-MAX's appearance and versatility in combination with lockable crossbars. (Accessory)

Thule® ski/snowboard carrier

Elegant, fully-lockable ski carrier suitable for up to six pairs of skis or three snowboards. (Accessory)

Thule® roof box

Designed to carry a wide variety of loads and protect them from weather and theft. Most models come with dual-opening for easy access. (Accessory, available in various sizes)

Rear bumper load protection

Protection plates are designed for each Ford model to protect against daily wear and tear. The plates combine protection with a stylish stainless steel design. (Accessory)

Detachable tow bar

For extra transport and stowage capability, the tow bar can tow up to 750 kg depending on engine. The tow bar can be detached if not in use. (Accessory)

*Item covered by third party supplier's warranty, please see back cover for details.

* Finance subject to status. Guarantee/Indemnities may be required. Freepost Ford Credit.

Ford Credit is a trading style of FCE Bank plc. which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority under firm reference number 204469.

[^]Ford Lease is provided by ALD Automotive Ltd, trading as Ford Lease, Oakwood Park, Lodge Causeway, Fishponds, Bristol, BS16 3JA. ALD Automotive is registered in England No. 987418. For the purposes of the Data Protection Act 1998 the data controllers in relation to any information you supply are Ford Motor Company Limited, FCE Bank plc and ALD Automotive. Finance subject to status. Guarantees and indemnities may be required. ALD Automotive is authorised and regulated by the Financial Conduct Authority in respect of general insurance products.

Choose

Specify your new car right down to the wheels, audio, options and accessories then visit your Ford dealer.

You can specify your new car online using the Ford Configurator. It lets you instantly see what your car will look like – inside and out – from multiple angles. And a tally of your choices and their prices helps you keep to your budget. Visit www.ford.co.uk/ConfigureyourCar

Finance

When it comes to financing your car, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit* provides a range of finance products for your car whether you are a private or business user.

Ford Lease[^] specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

For more information about our finance products visit www.ford.co.uk

Drive

When you drive away in your new car, we're with you all the way. Ford has the largest authorised service network in the UK to help you keep your car in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your car back to its pre-accident condition and on the road as quickly as possible.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. **†**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitable differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
