We turned
aerodynamics
into an art form.

The Ford Kuga is the smarter utility vehicle, in more ways than one. Its dynamic new shape not only catches the eye but also helps it to cut through the air more easily for a quieter, more fuel-efficient drive. It can even make itself more aerodynamic by automatically adjusting its **Active Grille Shutter system***.

*Standard on 1.5 EcoBoost and 2.0 TDCi engines with manual transmission - available from January 2015

“Call Chris”

“Read message”

“Call office”

“List mobile apps”

“Call Kristen”

“Call home”

“Shuffle”

“What's playing?”,

Welcome to the next generation of in-car connectivity. Voice-activated **Ford SYNC** with Emergency Assistance offers connectivity so advanced, it lets you play music and make or receive hands free telephone calls. And it can even read your text messages aloud* (Standard)

You speak...

*Requires a compatible mobile phone. Text function and Emergency Assistance not supported by all European languages. See www.ford.co.uk for the latest information.

| SYNC

...Ford SYNC
responds.

Ford SYNC with Emergency Assistance* responds to spoken commands so you can keep your hands on the wheel and eyes on the road, where they belong. Make and receive calls or play music via Bluetooth® technology. The system automatically uploads and remembers your phone contacts and lets you access music from a USB drive or other devices. Plus the Emergency Assistance* feature is designed to assist occupants to place an emergency call in most European countries, to provide the emergency services with vehicle location in their own language. (Standard)

*Ford Emergency Assistance operates in over 30 European countries. This feature works when paired with a compatible connected mobile phone that is with you when an airbag is deployed (excludes knee airbags) or a sensor that registers a crash deactivates the fuel pump. Text function and Emergency Assistance not supported by all European languages and requires a compatible mobile phone.

See www.ford.co.uk for latest information.

| SYNC

Enjoy the performance of a manual.

With the convenience of an automatic.

Ford PowerShift gives you the freedom of a manual transmission with the convenience of an automatic. This 6-speed automatic transmission selects the next appropriate gear at precisely the right moment for lightning-fast gear changes, with no disruption to the flow of power. While a manual mode lets you shift gears yourself at the push of a button – no clutch pedal required. (Option on diesel)

As soon as you close the door,
a new world opens up.

While its sophisticated style is clear to see, Ford Kuga's attention to detail is what sets it apart. Premium Capretto leather-trimmed front seats (option) are superbly contoured for day-long comfort.

A dramatic new facia design with luxurious, soft-touch surfaces enhances the feeling of space. Controls fall easily to hand and are complemented by beautifully detailed instruments and switches. Combined with extra sound-proofing materials, they make a world of difference to every drive.

Intelligent All-Wheel Drive technology.

Ford Kuga's **Intelligent All-Wheel Drive** system continually monitors where power is needed and automatically applies the required torque to each individual wheel for maximum traction, whatever the surface.

A special display on the cluster panel shows the power distribution between all four wheels. (Standard on AWD models)

Keep your adventures on track.

Make the most of the terrain around you with Ford Kuga. Its **Intelligent All-Wheel Drive** system can send up to 100% of the power to the front or rear axles, depending on the conditions – without you having to touch a single button or lever by distributing driving forces to the wheels that need it most. The 'torque on demand' system enhances traction and directional stability, which results in exceptional road holding and improved handling, even on the trickiest roads.

Petrol or diesel? We've made both options equally tempting.

1.5 EcoBoost

With turbocharging, direct petrol injection and variable valve timing, our award-winning EcoBoost engines deliver the same performance as larger engines, but with much better fuel economy and lower emissions. Ford Kuga's 1.5 EcoBoost, for example, achieves a combined fuel consumption of 45.6 mpg* and emits just 143 g/km* of CO₂.

2.0 Duratorq TDCi

Ford Kuga's acclaimed 150 PS (110 kW) 2.0 Duratorq TDCi diesel engine has been praised for its refinement, responsiveness and efficiency – the front-wheel drive version produces just 122 g/km* of CO₂ with a combined fuel consumption of 60.1 mpg*. The 180 PS (132 kW) version delivers 400 Nm of torque for even more spirited performance.

*Ford test figures (front-wheel drive with manual transmission).

1.5 EcoBoost

Ford Kuga's 1.5 150PS EcoBoost petrol engine can achieve an average fuel consumption of up to 45.6 mpg*.

45.6 mpg*

2.0 Duratorq TDCi

The impressive 150 PS (110 kW) 2.0 Duratorq TDCi diesel engine produces only 122 g/km* of CO₂.

122 g/km CO₂*

*Ford test figures (front-wheel drive with manual transmission).

Experience life in high definition.

Enjoy the beauty of the great outdoors from the comfort of your Ford Kuga. A glass panorama roof lets the sun shine in and offers plenty of fresh air too, thanks to its electrically-operated opening sliding action.

A Solar Reflect coating helps keep the interior cool, while an internal powered sunblind provides shade and privacy when required.

(Standard on Titanium X and Titanium X Sport)

Lends a helping hand when yours are full.

Opening or closing Kuga's tailgate is easy, even when your hands are full. With the keys in your pocket or bag, simply use a gentle kicking motion under the centre of the rear bumper and the optional '**Hands-free Power Tailgate**' will operate without you having to touch a thing. (Optional on Titanium, Titanium X and Titanium X Sport as part of Keyless Opening with 'Hands-free' Power Tailgate). Power opening (button operated) tailgate is standard on Titanium X and Titanium X Sport.

Kuga series.

ZETEC

Key exterior features:

- 17" 5-spoke alloy wheel
- 'Quickclear' heated front windscreen and washer jets
- Electrically-operated and heated door mirrors with body colour housings and integrated side indicators
- Body colour door handles
- Halogen Day running lights
- Front fog lamps
- Twin exhaust tailpipes
- Ford EasyFuel capless refuelling with misfuel inhibitor

Zetec Engines:

Petrol

- 1.5 EcoBoost 150 PS (110 kW) 4x2
- 1.5 EcoBoost 182 PS (134 kW) 4x4

Diesel

- 2.0 Duratorq TDCi 150 PS (110 kW) 4x2
- 2.0 Duratorq TDCi 150 PS (110 kW) 4x4

TITANIUM

Key exterior features additional to Zetec:

Petrol

- 17" 10-spoke alloy wheels
- Front grille painted black with chrome bar insert and chrome surround
- Front centre and outer grilles painted black
- Automatic headlights
- Automatic rain sensing front windscreen wipers

Diesel

- 2.0 Duratorq TDCi 150 PS (110 kW) 4x2
- 2.0 Duratorq TDCi 180 PS (132 kW) 4x4

Titanium Engines:

Petrol

- 1.5 EcoBoost 150 PS (110 kW) 4x2
- 1.5 EcoBoost 182 PS (134 kW) 4x4

Diesel

- 2.0 Duratorq TDCi 150 PS (110 kW) 4x2
- 2.0 Duratorq TDCi 180 PS (132 kW) 4x4

TITANIUM X

Key exterior features additional to Zetec:

Petrol

- 18" 5x2-spoke alloy wheels
- Panorama roof with power opening and sunblind
- Bi-Xenon headlights with automatic levelling and jet wash
- LED Day running lights
- Power tailgate (button operated)
- Rear lights with LED technology

Diesel

- 2.0 Duratorq TDCi 150 PS (110 kW) 4x2
- 2.0 Duratorq TDCi 180 PS (132 kW) 4x4

Titanium X Engines:

Petrol

- 1.5 EcoBoost 150 PS (110 kW) 4x2
- 1.5 EcoBoost 182 PS (134 kW) 4x4

Diesel

- 2.0 Duratorq TDCi 150 PS (110 kW) 4x2
- 2.0 Duratorq TDCi 180 PS (132 kW) 4x4

TITANIUM X SPORT

Key exterior features additional to Titanium X:

Petrol

- 19" 5-spoke alloy wheels
- Full bodystyling kit (front, rear and side skirts in body colour, front and rear skid plate Silver painted, body colour door claddings and front and rear wing extensions)
- Large rear spoiler

Diesel

- 2.0 Duratorq TDCi 150 PS (110 kW) 4x2
- 2.0 Duratorq TDCi 180 PS (132 kW) 4x4
- Active Park Assist (Semi Automatic Parking system) with front and rear parking sensors
- Rear privacy glass
- Silver roof rails
- Power-foldable door mirrors with puddle lights

Titanium X Sport Engines:

Petrol

- 1.5 EcoBoost 150 PS (110 kW) 4x2
- 1.5 EcoBoost 182 PS (134 kW) 4x4

Diesel

- 2.0 Duratorq TDCi 150 PS (110 kW) 4x2
- 2.0 Duratorq TDCi 180 PS (132 kW) 4x4

Zetec

Key interior features

- Ford DAB Stereo radio/CD audio system with remote audio controls and six speakers
- Ford SYNC with Emergency Assistance and audible text messaging*
- Cruise control with adjustable speed limiter
- Ford Thatcham category 1 alarm
- Manual air conditioning
- Sports-style front seats with fabric trim
- Leather-trimmed steering wheel with height- and reach-adjustable steering column
- Ford Power Starter Button
- Electrically-operated front and rear windows with global opening and one-touch lowering/closing on the driver's side
- Intelligent Protection System (IPS)
- Driver's knee airbag
- ISOFIX child seat mounting points on outer rear seats
- Anti-lock brakes (ABS) with electronic brake-force distribution (EBD), Electronic Stability Control (ESC) including Trailer Stability Function and Hill Start Assist
- Emergency Brake Warning
- Reach and rake adjustable steering column
- High resolution colour instrument display screen (available on AWD models only)
- Tyre Pressure Monitoring System (TPMS)

*Ford Emergency Assistance operates in over 30 European countries. This feature works when paired with a compatible connected mobile phone that is with you when an airbag is deployed (excludes knee airbags) or a sensor that registers a crash deactivates the fuel pump. Text function and Emergency Assistance are not supported by all European languages.

See www.ford.co.uk for latest information.

Titanium

Key interior features additional to Zetec

- Sports-style front seats with partial leather trim
- Automatic dimming rear view mirror
- Sony DAB radio/CD Audio system with remote audio controls, MP3 compatible, AUX connection for external music devices and nine premium speakers
- High resolution colour instrument display screen
- Dual-zone Electronic Air Temperature Control (DEATC) air conditioning and second row air vents
- Premium centre console with sliding armrest, large stowage bin and 12-volt accessory power socket
- Leather-trimmed gearshift knob
- Front, brushed stainless steel scuff plates
- Driver & Passenger seat manual lumbar adjust
- Premium front and rear floor mats
- Rear centre armrest

Titanium X

Key interior features additional to Titanium

- Torino leather trim with variable heated front seats
- 10 way power operated drivers seat with 6 way manual passenger seat
- Panorama opening roof with power sunblind

Titanium X Sport

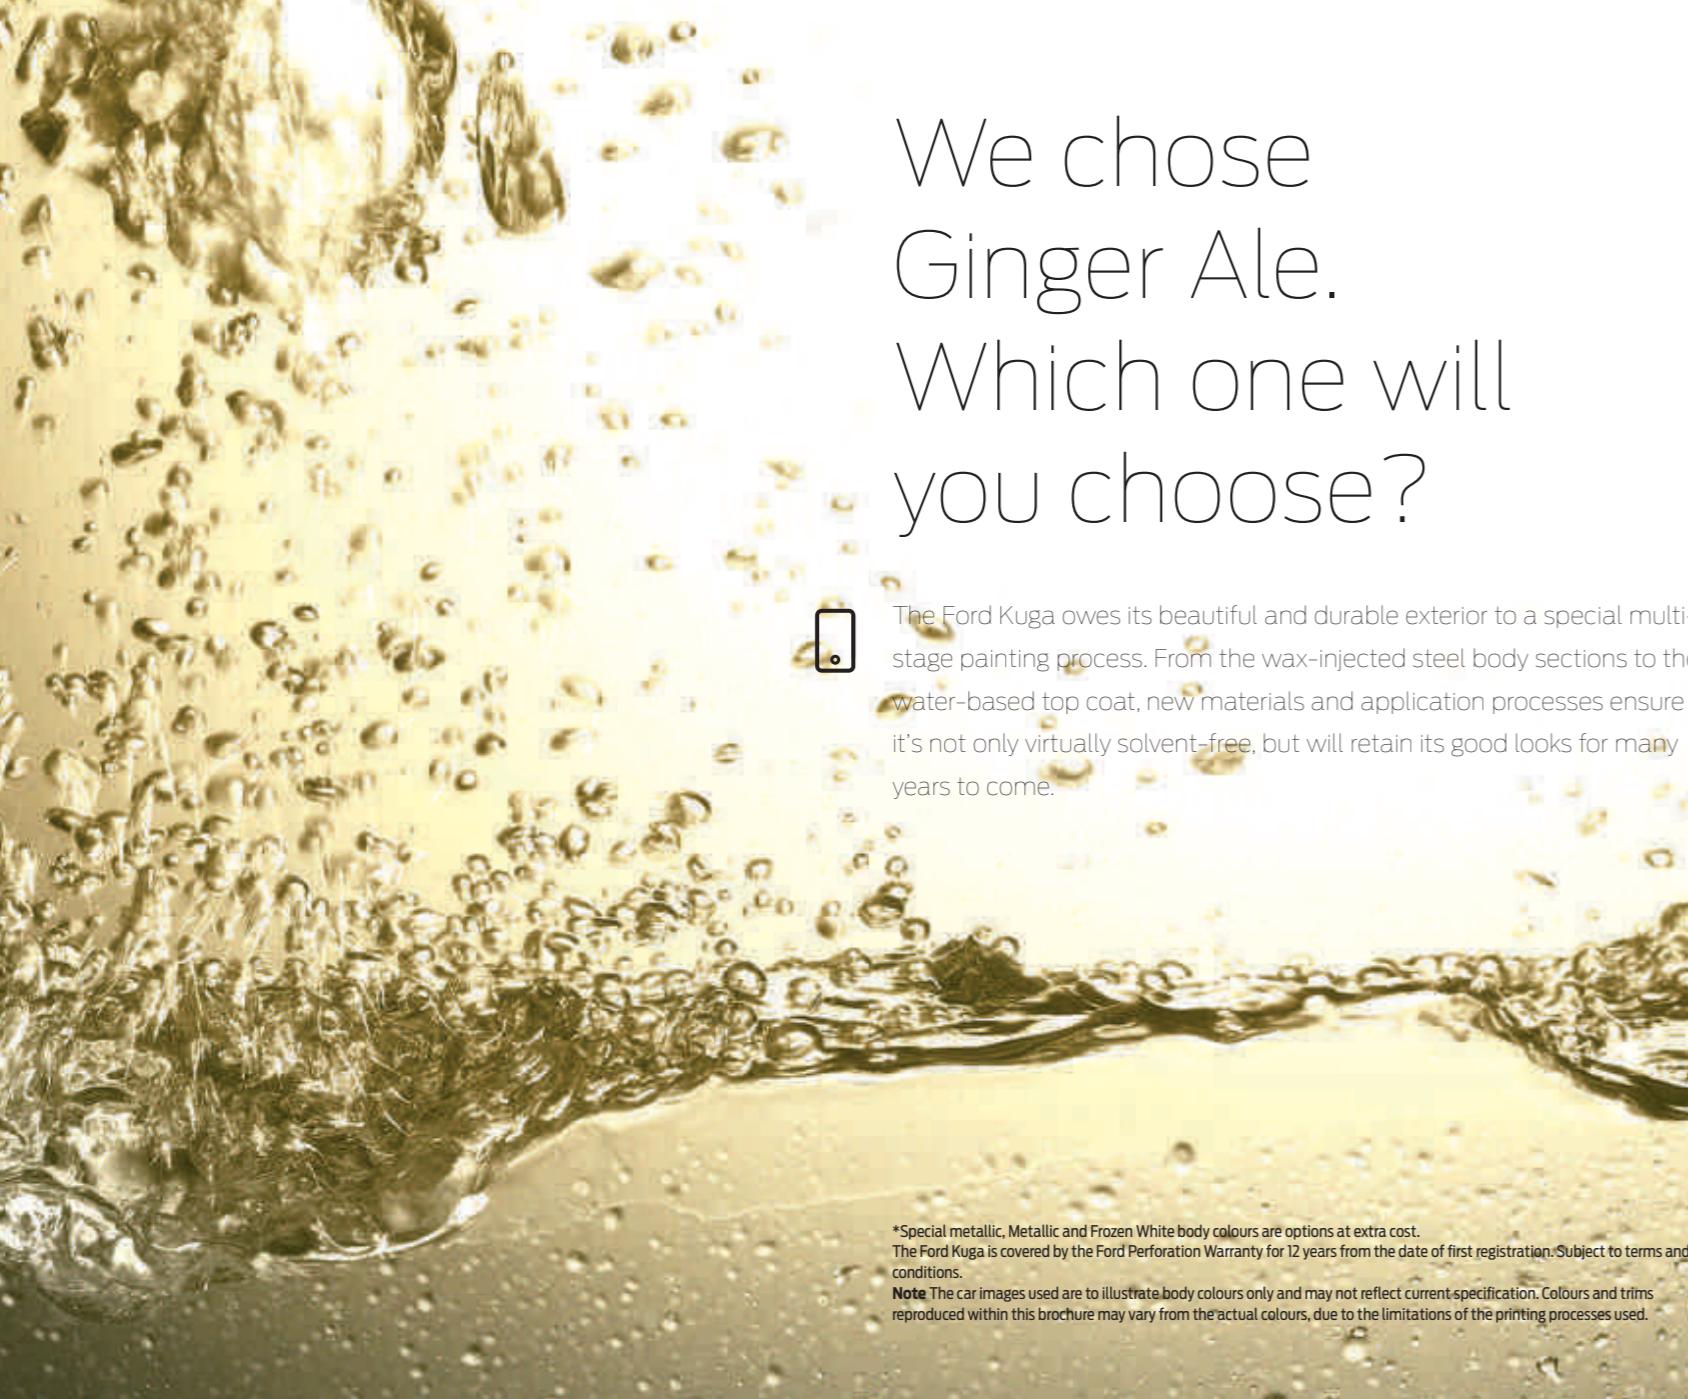

Key interior features

- Sony DAB Audio radio/CD Navigation system with rear-view camera, remote audio controls, MP3 compatible, AUX connection for external music devices

(Image shown is Titanium X Sport, featuring Sony DAB Audio radio/CD Navigation system with rear-view camera)

*Ford Emergency Assistance operates in over 30 European countries. This feature works when paired with a compatible connected mobile phone that is with you when an airbag is deployed (excludes knee airbag) or a sensor that registers a crash deactivates the fuel pump. Text function and Emergency Assistance not supported by all European languages and requires a compatible mobile phone. See www.ford.co.uk for latest information.

We chose Ginger Ale. Which one will you choose?

 The Ford Kuga owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the water-based top coat, new materials and application processes ensure it's not only virtually solvent-free, but will retain its good looks for many years to come.

*Special metallic, Metallic and Frozen White body colours are options at extra cost.
The Ford Kuga is covered by the Ford Perforation Warranty for 12 years from the date of first registration. Subject to terms and conditions.
Note: The car images used are to illustrate body colours only and may not reflect current specification. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of the printing processes used.

5% reduction in aerodynamic drag.

Active Grille Shutter system

To reduce wind resistance, selected Kuga models feature an Active Grille Shutter system that automatically opens and closes to control the amount of cooling air entering the engine compartment. The result? Faster engine warm-up times and up to 5% reduction in aerodynamic drag for better fuel economy. (Standard on 1.5 EcoBoost and 2.0 Duratorq TDCi engines with manual transmission - from January 2015)

Touch zones

Ford Kuga's stunning design continues inside, with soft-touch surfaces, leather and polished metal detailing giving a luxurious, precision feel. Everything is there for a reason: to provide the highest level of refinement.

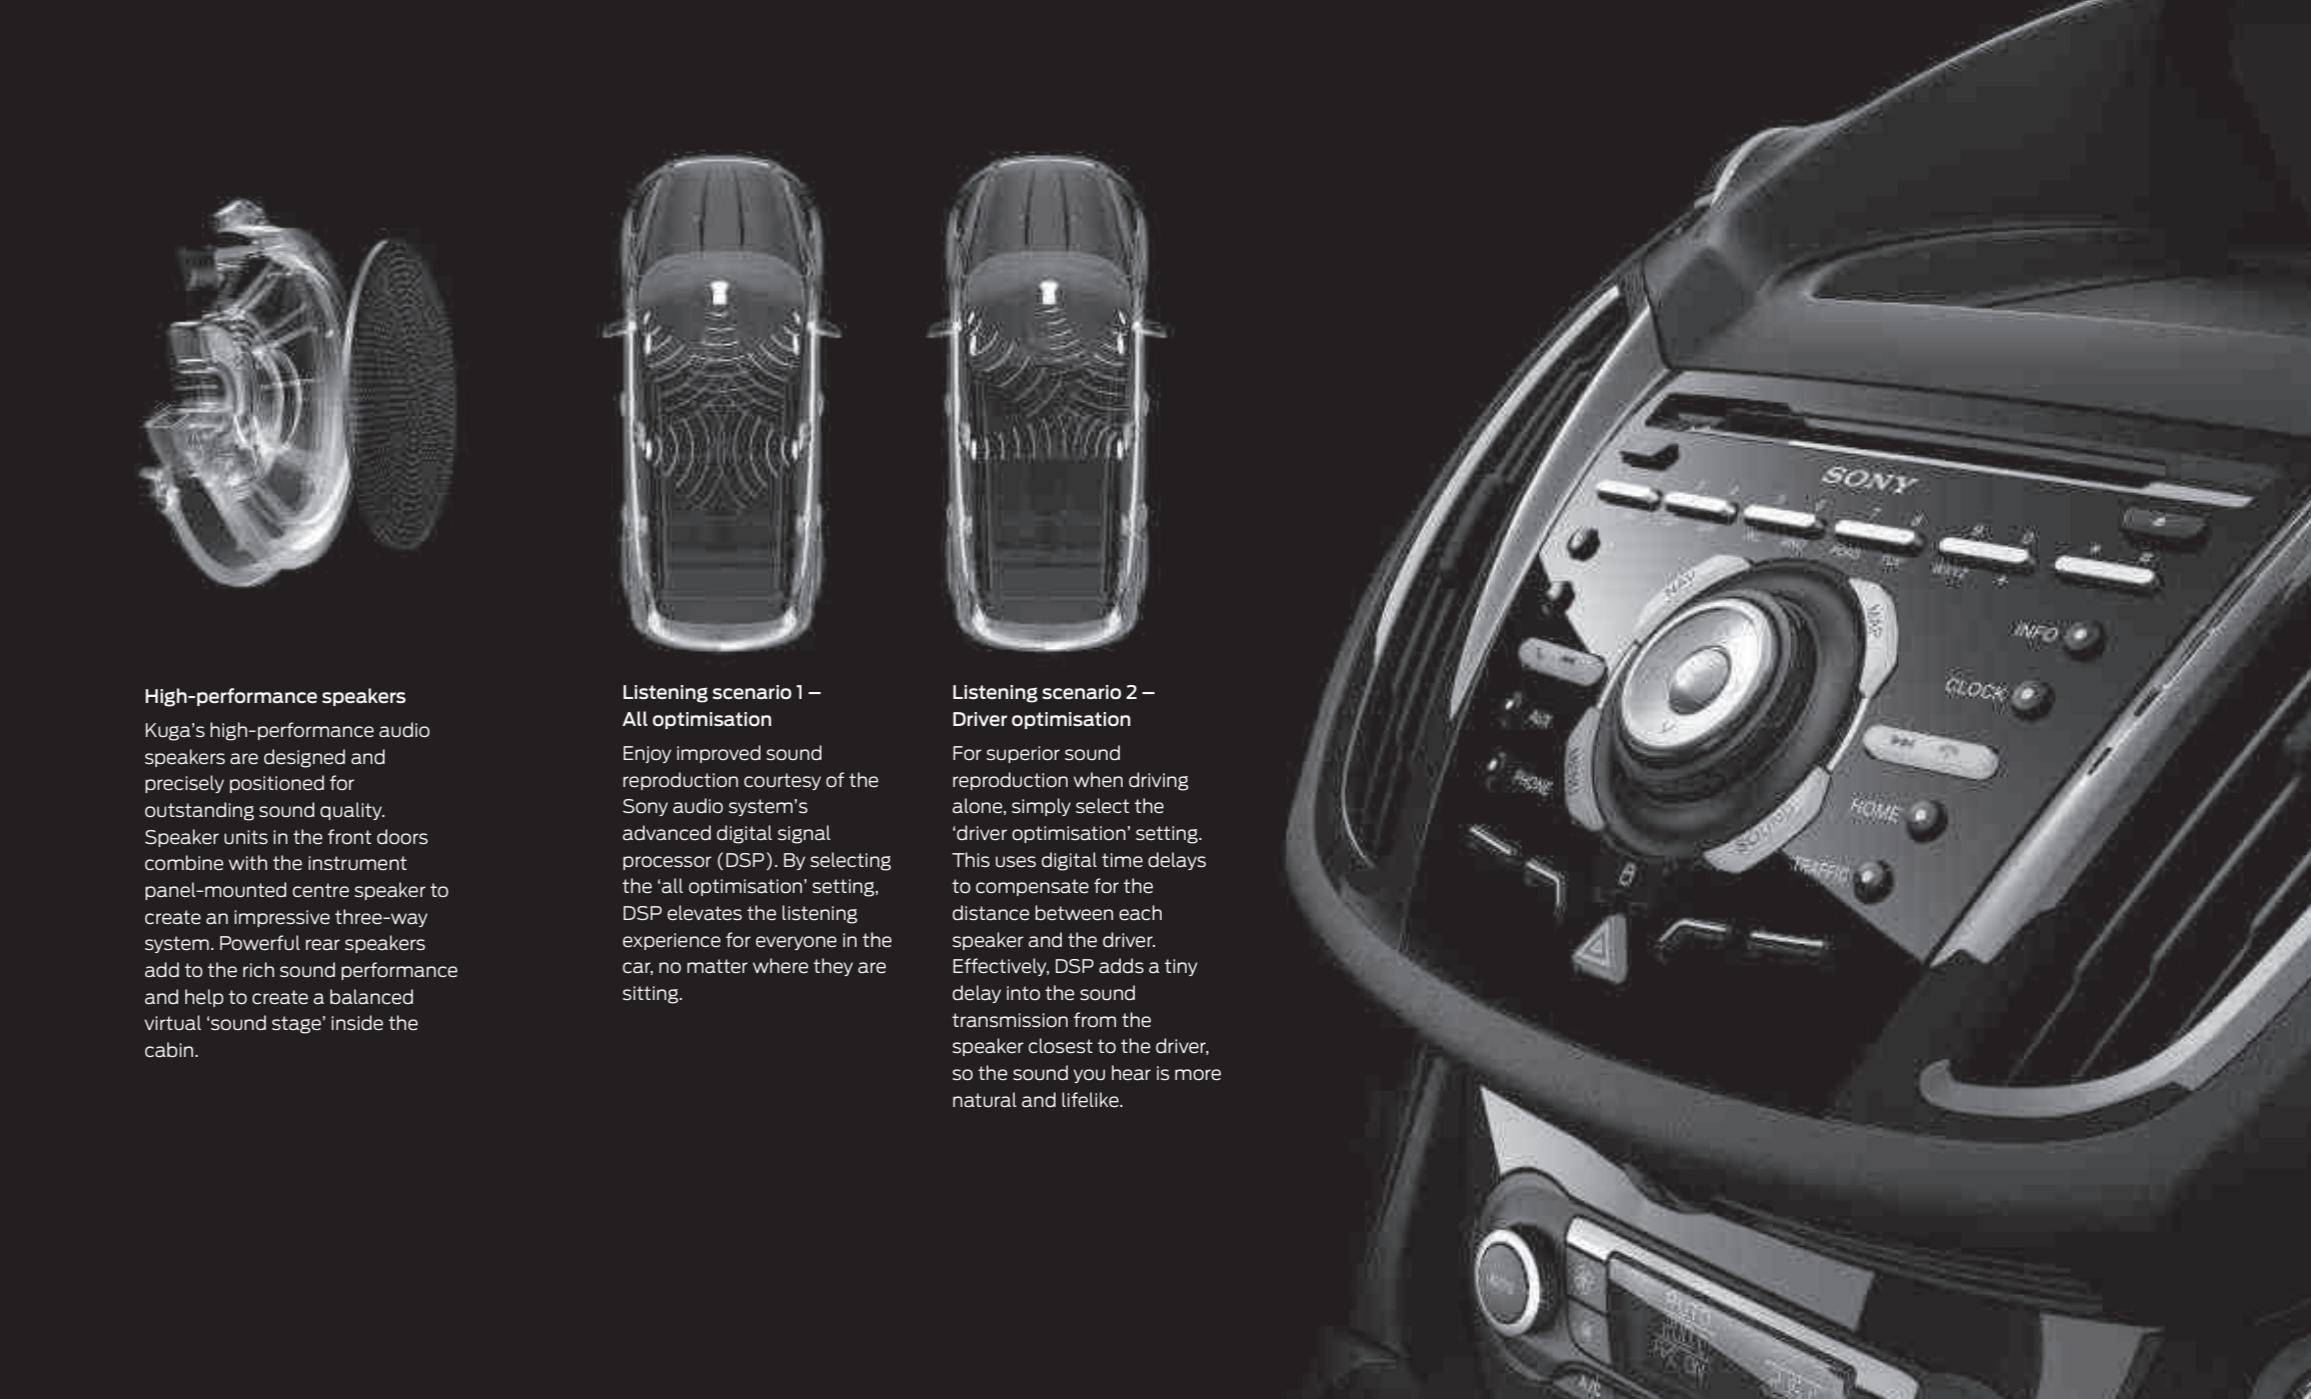

Audio technology

A choice of superb audio, navigation and entertainment systems, with built-in connectivity for your gadgets, lets you fill your Ford Kuga with your favourite music and connect to the outside world.

Remote audio controls
Keep your hands on the wheel and your MP3 on the right track.
(Remote audio controls are standard)

High-performance speakers

Kuga's high-performance audio speakers are designed and precisely positioned for outstanding sound quality. Speaker units in the front doors combine with the instrument panel-mounted centre speaker to create an impressive three-way system. Powerful rear speakers add to the rich sound performance and help to create a balanced virtual 'sound stage' inside the cabin.

Listening scenario 1 – All optimisation

Enjoy improved sound reproduction courtesy of the Sony audio system's advanced digital signal processor (DSP). By selecting the 'all optimisation' setting, DSP elevates the listening experience for everyone in the car, no matter where they are sitting.

Listening scenario 2 – Driver optimisation

For superior sound reproduction when driving alone, simply select the 'driver optimisation' setting. This uses digital time delays to compensate for the distance between each speaker and the driver. Effectively, DSP adds a tiny delay into the sound transmission from the speaker closest to the driver, so the sound you hear is more natural and lifelike.

ClimAir®+ wind deflector

Reduces wind turbulence and noise, allowing you a more enjoyable drive with the windows down, even during light rain. (Front and rear available) (Accessory)

*Item covered by third party supplier's warranty, please see back cover for details.

Thule®+ roof box

A range of different sized roof boxes are available. Image shown is for illustration purposes only. (Accessory)

Thule®+ 727 Ski Carrier Deluxe

Lockable carrier used for your precious ski gear. (Accessory)

Roof cross bars, for roof rails

Aerodynamic-shaped aluminium profiles, for all attachments such as roof boxes, bike carriers, ski racks, etc. (Accessory)

Thule®+ Proride 591 bike carrier

Carries bikes with up to 80 mm diameter frame. (Accessory)

Tow bar, detachable

With electrical connector kit (option and accessory). Also available as a fixed tow bar. (accessory)

Bright ideas in lighting.

Puddle lights

Illuminate the ground adjacent to the door entry area when a door is opened. (Standard on Titanium X Sport and within the optional Convenience Pack and Blind Spot Information System including power folding mirrors)

Illuminated entry

Additional courtesy lighting system that illuminates the footwell area and switches on the interior lights when the car is unlocked.

Theatre dimming

Gradually dims the interior courtesy lights for a comfortable and more refined atmosphere.

Interior lighting

Includes a header-mounted courtesy light, front reading lights and a vanity mirror light.

LED Interior lighting

Kuga's LED interior lighting activates for your convenience when the vehicle is unlocked and the doors opened.

Bright LED lighting provides crisp visibility of the interior cabin – ideal for map reading or getting ready for the journey ahead.

7.5% aerodynamic improvement.

Aerodynamic performance

Ford Kuga is now more wind-cheating than ever. Its dynamic profile and an enhanced aerodynamics package, including new door and window seals, result in more efficient airflow. Even the Active Grille Shutter System, when fully closed, can improve aerodynamic performance by around 5% alone.

1. Sleek headlight design.
2. Aerodynamic door mirrors.
3. Enhanced window seals.

Hands-free power tailgate.

Ford Key-free system with Hands-free power tailgate

The Ford Key-Free System is a keyless entry system that lets you lock and unlock your car, without taking your key out of your pocket or bag. You'll also get a kick out of new Kuga's hands-free power tailgate. Simply make a gentle kicking motion under the centre of the rear bumper and the tailgate will open or close without you having to fumble for your key. Motion-sensing technology, similar to that used in video games, is designed so the tailgate only operates when you want it to. It can even tell the difference between your foot and a ball bouncing under the bumper. (Option on Titanium , Titanium X and Titanium X Sport)

Power tailgate

Loading is straightforward with new Kuga's power tailgate. Open or close it using the remote key fob, tailgate handle button or facia-mounted switch. The tailgate can be stopped at any point, and will automatically stop if it detects an obstruction. It also features an opening height adjustment that can be programmed for situations where there is a height restriction. (Standard on Titanium X and Titanium X Sport)

Intelligent Protection System (IPS)⁰¹

Ford Kuga's advanced Intelligent Protection System (IPS)⁰¹ uses a range of sophisticated technologies that are designed to help keep you protected, including an ultra-high strength steel safety cage¹, Electronic Stability Control (ESC) and front and curtain airbags¹.

The Ford Kuga IPS⁰¹ includes:

1. Driver's and front passenger's airbags^{*}
2. Driver's and front passenger's side impact airbags^{*}
3. Side curtain airbags for front and rear seats^{*}
4. Driver's inflatable knee airbag¹
5. Collapsible steering column and pedals for optimised protection of driver's legs and feet
6. Robust computer-optimised body structure with ultra-rigid safety cell¹ and crumple zones
7. Pre-tensioners¹, load-limiting retractors and height-adjustable mounts on front seat belts
8. Anti-submarining seat bases
9. ISOFIX fixing points for child seats on rear outer seats^{*}
10. Electronic Stability Control¹ with anti-lock brakes¹, electronic brake-force distribution¹ and Emergency Brake Assist¹
11. Emergency Brake Warning² – automatic flashing of brake lights under heavy braking until the vehicle comes to a standstill, then the hazard warning lights are activated
12. Optional Active City Stop¹
13. Roll Over Mitigation¹ (standard)

Note: *A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.

^{*}Front passenger's airbag deactivation switch¹ is available as a Dealer-fitted option. ¹Safety feature ²Driver assistance feature ³Uses sensors.

5,000 virtual and real-world crash tests.

Smarter engineering for greater peace of mind

With 5,000 crash tests to its name – in both the real and virtual worlds – the all-new Ford Kuga is designed to keep its occupants as safe as possible. Outstanding protection begins in the stiff body structure, with increased levels of high-strength and ultra-high-strength steel. This is further complemented by a range of safety innovations, including a full array of airbags, plus advanced chassis and braking technology.

Smart technology

The all-new Ford Kuga comes with an impressive list of technologies, designed to make life easier for you and those around you.

1. Traffic Sign Recognition^o

Designed to automatically read standard format road-speed signs and display the posted speed limit in the HMI-enhanced cluster. (Included as part of the optional Driver Assistance Pack)

2 Adaptive Cruise Control^o

Helps maintain a preset gap between Ford Kuga and the vehicle ahead. If the vehicle in front slows down, the system decelerates. When the gap widens, Ford Kuga returns to your desired speed. (Option)

3. Active City Stop^{o#}

Designed to sense potential low-speed collisions and can apply the brakes if you don't react in time. (Option and included as part of the optional Drivers Assistance Pack)

4. Blind Spot Information System^{o†}

As another vehicle – a car, van or lorry – enters your blind spot, it is designed to alert you with a discreet warning light built into the door mirrors. (Option)

5. Lane Keeping Alert^o

Designed to recognise when you approach lane markings without using the indicator, and alert you with vibrations through the steering wheel. (Included as part of the optional Driver Assistance Pack)

6. Lane Keeping Aid^{o††}

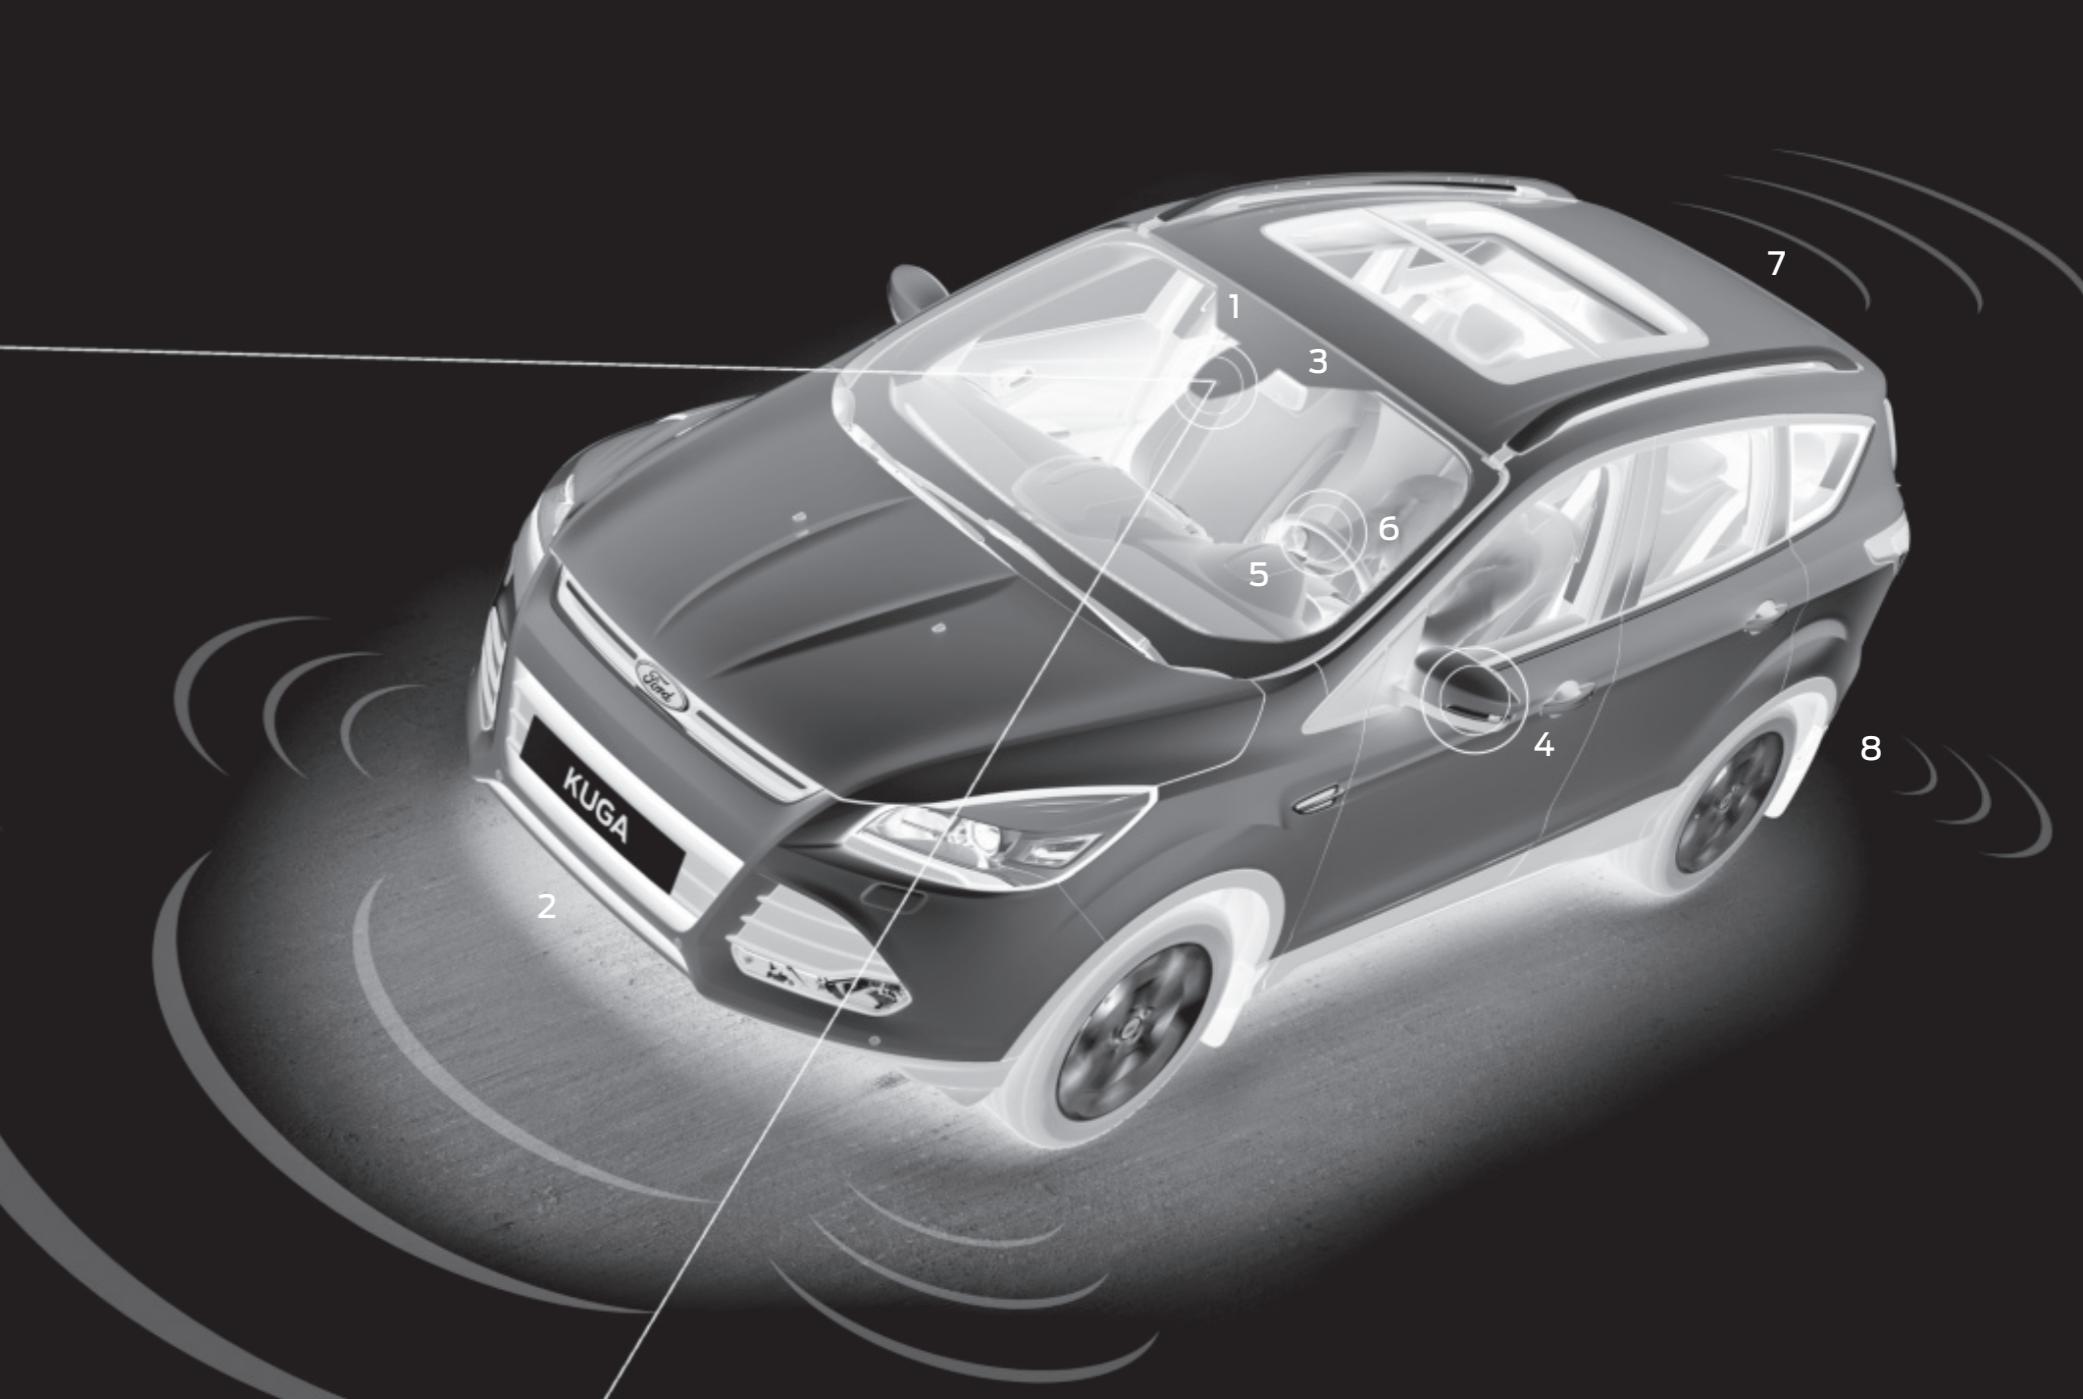

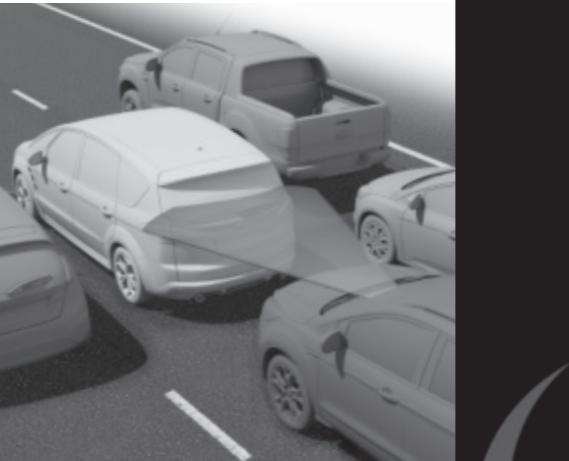

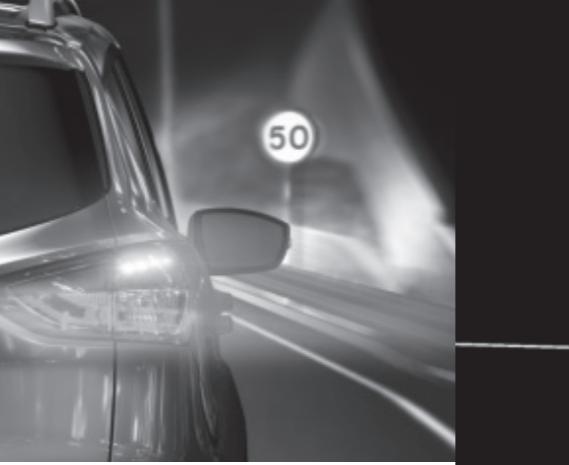

If the system detects that an unintentional lane change is likely to occur, it is designed to apply a steering torque back towards the lane you were in.

7. Reversing camera^o

Select reverse gear and the rear-view camera in the navigation display allows you to see objects behind your car. (Included standard on Titanium X Sport and part of the optional Sony DAB Navigation system)

8. Active Park Assist^{o†}

Ultrasonic sensors confirm whether the gap is large enough to park in and the steering is then automatically controlled while you operate the pedals. (Included as part of the optional Convenience Pack and standard on Titanium X Sport)

^oUses sensors.

^oDesigned to operate at speeds below 19 mph.

^oDesigned to operate at speeds above 6 mph.

[†]Operates at speeds over 40 mph on multi-lane roads with clearly visible lane markings.

¹ = Safety feature, ² = Driver Assistance feature.

20% reduction in perceived road noise.

Quieter by design

From its aerodynamic new door mirrors to its stiffer door frames, new seals and thicker glass, Ford Kuga prefers to keep things quiet. Upgraded chassis components help to suppress vibration. While expandable foam-filled lower body pillars are designed to keep out unwanted road and powertrain noise.

Upgraded chassis components

Kuga's lightened and stiffened MacPherson strut front suspension helps to reduce the car's unsprung mass and decrease road noise.

Front hydrobushes

Lower control arms feature hydrobushes, which dampen vibrations from the road wheels and help improve steering control.

Front shock absorbers

Special shock absorber valving system provides excellent ride comfort while maintaining body control.

Auto Start-Stop system	●	●	●	●

● = Standard, □ = Optional, at extra cost.

Electric power-assisted steering

Kuga's electric power-assisted steering (EPAS) only uses energy when the steering wheel is turned. So on straight roads, it helps to save power and fuel. (Standard)

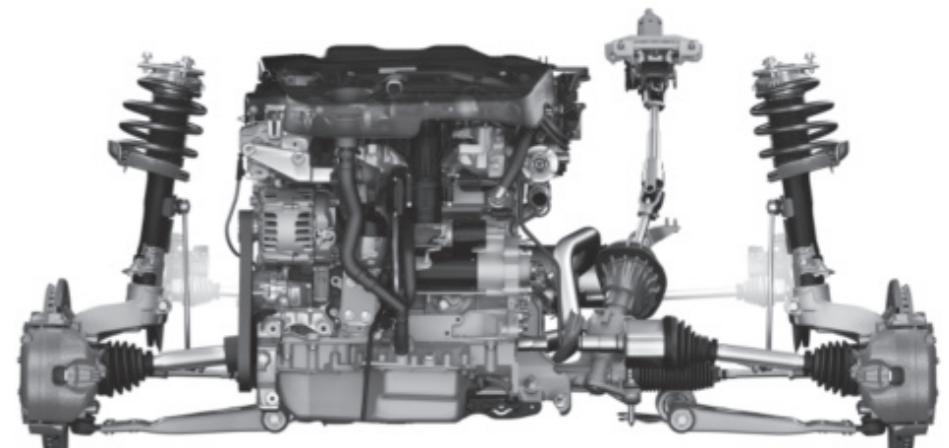

Torque Vectoring Control[®]

Designed to improve traction, roadholding and agility when cornering by continuously adjusting the engine torque distributed to each front wheel to match the amount of grip each has available. The result is a more rewarding driving experience. (Standard)

Enhanced Dynamic Cornering Control[®] (eDCC)

Improves agility and helps to make the car feel more responsive by balancing the distribution of engine torque between the two front wheels and the front and rear axles.

[®]Uses sensors.

Fuel, performance and emission

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and the amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

	Euro Stage	Trans	DriveLine	Maximum Power PS (kW)	Torque Nm (Nm with overboost)	CO ₂ emissions ^{oo} (g/km)	Fuel consumption MPG (L/100km) ^{oo}			Performance ^o

*In 4th gear. ^oFord test figures. ^{oo}The declared fuel/energy consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of European Regulation (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors are very important in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded from <http://carfueldata.dft.gov.uk>

M6 = 6-Speed manual, MPS6 = 6-Speed PowerShift Automatic, A6 = 6-Speed Automatic. DPF = Diesel particulate filter.

BP Ultimate can boost power and acceleration, lower exhaust emissions and improve fuel economy, compared with ordinary fuels.

45.6 mpg.

Ford EcoBoost. The small engine that thinks big

With direct petrol injection, turbocharging and Auto-Start-Stop*, award-winning Ford EcoBoost engines deliver the performance expected of a larger engine, with outstanding fuel economy. For example, Ford Kuga's pioneering new 1.5 EcoBoost engine develops 150 PS (110 kW), yet achieves a combined fuel consumption of 45.6 mpg*, with CO₂ emissions of only 143 g/km*.

*Ford testing figures using a 1.5 150PS EcoBoost with 6-speed manual transmission.

Lower emissions.

Less expense.

2.0 Duratorq TDCi engine

Ford Kuga's acclaimed 150 PS (110 kW) 2.0 Duratorq TDCi diesel engine has been praised for its refinement, responsiveness and efficiency – the front-wheel drive version produces just 122 g/km of CO₂. A 180 PS (132 kW) version offers even more spirited performance.

Auto-Start-Stop

When your car is idling at a standstill, the engine automatically shuts down to save fuel consumption. When you want to drive off, the engine immediately restarts. (Available on 1.5 150PS EcoBoost engine)

Smart Regenerative Charging

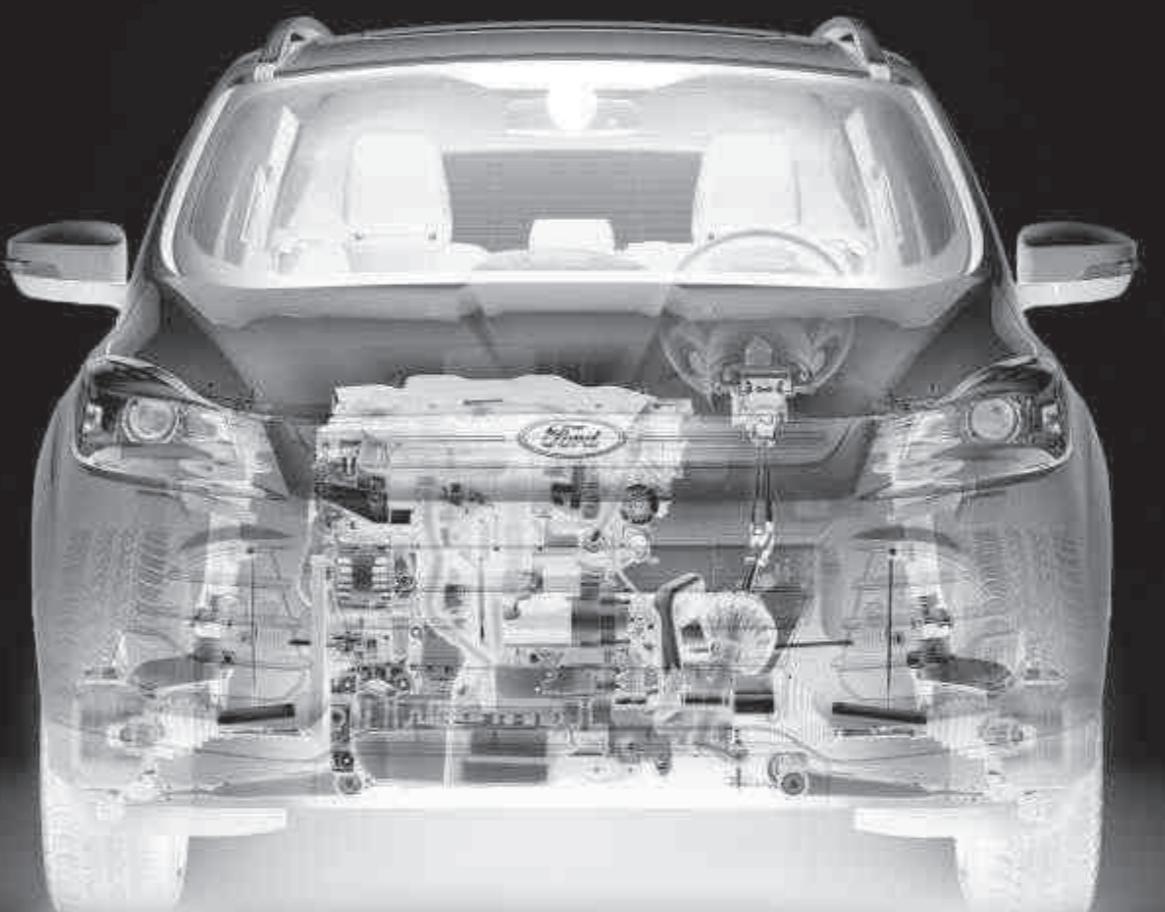

Saves fuel where possible by charging the battery only when you're not pressing the accelerator pedal. (Standard)

Gear Shift Indicator

Advises you when to change gear, helping you to use less fuel and to encourage a smoother driving style. (Standard, manual transmission only)

Ford EcoMode driver information system

This smart software monitors your driving style and displays its impact on the car's fuel economy. Floor the throttle and you'll receive a low score; drive efficiently and you'll be rewarded with a high score – and reduced running costs. (Standard)

^vRepresents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted.

Towing limits quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing.

Nose weight is a maximum of 100kg on all models. Gross Train Mass includes trailer weight.

Total loadspace increased by more than 200 litres.

Adjustable load floor in luggage compartment

With five seated in comfort, Ford Kuga's luggage compartment floor can be set low to create a deeper 406-litre space. Or in two-seat mode, set it higher to create a flat load area and 1,603-litre capacity with a hidden compartment below.

Easy-fold rear seats

Ford Kuga's 60:40 split rear seatbacks fold flat in a simple, one-hand operation. (Standard)

Choose

Use the form opposite to specify your new car right down to the wheels, audio, options and accessories, then take it to your Ford Dealer.

You can also specify your new car online using the Ford Configurator. It lets you instantly see what your car will look like – inside and out – from multiple angles. And a tally of your choices and their prices helps you keep to your budget. Visit www.ford.co.uk/ConfigureYourCar

Finance

When it comes to financing your car, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit* provides a range of finance products for your car whether you are a private or business user.

Ford Lease[†] specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

For more information about our finance products visit ford.co.uk

Drive

When you drive away in your new car, we're with you all the way. Ford has the largest authorised service network in the UK to help you keep your car in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your car back to its pre-accident condition and on the road as quickly as possible.
