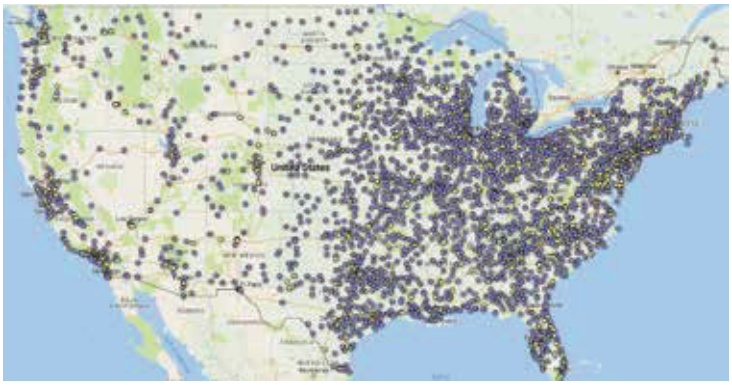
FORDUPFITS.COM/RECREATIONAL

LOOKING FOR YOUR NEXT ADVENTURE VEHICLE? LOOK NO FURTHER THAN A TRANSIT RV.

PEACE OF MIND WITH OUR EXTENSIVE SERVICE NETWORK

- **24-hour support is always available to you through our Customer Assistance Center (see more details toward the back of the guide)**
- **5-year/60,000-mile Roadside Assistance**
- **Our service network of over 650 Commercial Vehicle Centers plus 3,000+Ford Dealers stretches from coast to coast**



THE ULTIMATE CO-PILOT

As a Transit driver, you'll enjoy its easy maneuverability, driving dynamics and a commanding view of the road. The convenient standard features include rain-sensing windshield wipers, side wind stabilization to help you handle sudden strong wind gusts* and a rear view camera, except on Chassis Cabs and Cutaways. There are even technologies that can help you stay in your lane, recognize when you may be tired, and more.

BUILT FORD TOUGH®

Built and tested to Built Ford Tough Standards, Transit has been subjected to seven million customer-equivalent miles of brutal testing in our labs, proving grounds, on roads and highways across America, at temperature extremes from -40 to 120 degrees Fahrenheit. All of which means you can buy with confidence, knowing your Transit RV is backed by our tough vehicle testing standards.

*Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

[1]Available feature. [2]Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. [3]Requires phone with active data service and compatible software. SYNC 3 does not control 3rd party products while in use. 3rd parties are solely responsible for their respective functionality. [4]Requires phone with compatible version of Android Auto and active data service. SYNC 3 does not control Android Auto while in use. Google and other third parties are responsible for their respective functionality. Message and data rates may apply.

WHY YOU SHOULD CONSIDER TRANSIT FOR YOUR NEXT MOTORHOME.

INTEGRATE SEAMLESSLY WITH YOUR LIFE...

In addition to all the voice-activated benefits of SYNC® 3[1,2] - placing and answering calls, and controlling music from your devices - you'll love the easy-to-use interface of SYNC 3.[1,2] An 8" color LCD screen[1] displays phone, audio and navigation[1] features. Enhanced voice recognition lets you give simple commands. A capacitive touchscreen includes a convenient swipe feature, as well as pinch-to-zoom functionality within navigation.[1] SYNC 3 also brings you the options of Apple CarPlay™ [3] and Android Auto™ compatibility.[4]

...AND BRING ALONG ALL YOUR TOYS. UTILIZE AVAILABLE FEATURES SUCH AS:

- **Tow/haul mode with trailer wiring provisions**
- **Trailer brake controller**
- **Trailer sway control**

WHAT'S NEXT?

Check out the latest Transit RVs available on the market today in the following pages, and be on the lookout for new innovations and upfitters coming to market at your local RV dealer. For more information, visit the upfitter websites or FordUpfits.com. See you on the road soon!

2021 Transit – Upfitted by Coachman

FORD TRANSIT OFFERS MORE OF WHAT YOU WANT IN A MOTORHOME

- **Built Ford Tough and upfitter ready**
- **Available 3.5L EcoBoost® V6 for ultimate power and efficiency**
- **Up to 15,000 lbs. GCWR for powerful towing capacity**
- **Comes with 3 roof heights, 2 wheelbases and 3 lengths**
- **Standard side wind stabilization and AdvanceTrac® with Roll Stability Control™**

TRANSIT MECHANICAL & POWERTRAIN FEATURES

POWER WHEN YOU NEED IT, CAPABILITY WHEN YOU WANT IT.

Ford Transit is designed to handle everything you throw its way. From the ground up, and from bumper to bumper, Transit offers the capability, flexibility and reliability to get you where you are going with ease and comfort.

It all starts with a rugged base—the chassis. More motorhomes are built on Ford chassis than any other brand.* From there, Transit offers the engine options and wheelbase choices to fit your needs. So, whether you're cruising, towing, hauling or just out for the night, Transit can handle it all.

MECHANICAL & POWERTRAIN FEATURES INCLUDE:

- **Standard 3.5L PFDi V6 Gas Engine**
- **Available 3.5L EcoBoost® V6**
- **10-Speed Automatic BIC Transmission with SelectShift®**
- **Up to 3 Wheelbases available depending on model**
- **Available All Wheel Drive - AWD**
- **Up to 11,000 lbs. GVWR**
- **Up to 15,000 lbs. GCWR**
- **4-wheel disc Anti-lock Brake System (ABS)**
- **Independent MacPherson strut front suspension and stabilizer bar**
- **Available Extended Range Fuel Tank with Capless Fill 31 U.S. Gallon Tank**
- **Available Upfitter Interface Module**
- **Engine Block Heater (400W Rating)**
- **Available Single AGM Battery or Available Dual AGM Batteries**
- **Auxiliary Programmable Battery Guard/ Enhanced Cut-off Relay**

3.5L PFDi V6 Gas Engine

TRANSIT SAFETY & TECHNOLOGY FEATURES

KEEPING DRIVERS AND THEIR FAMILIES CONFIDENT ON ANY HIGHWAY, BYWAY OR BACK ROAD.

Keeping drivers safe and secure while traveling is our utmost priority. That's why Transit offers safety and technology features that are designed to help drivers increase their confidence behind the wheel. Anything less just wouldn't do.

A LEADERSHIP ROLE

We're committed to achieving top-level performance with real-world safety initiatives. Advancing vehicle technology includes the development of features that further protect occupants and other vulnerable road users in a variety of situations.

We offer drivers a range of innovations that utilize radar, sonar and cameras to sense and interpret the environment. Plus, driver-assist measures, including Ford Co-Pilot360™ confidence-driving technology.

These systems can also aid with routine tasks to reduce demands on the driver. Many innovations require stringent Ford internal criteria long before regulatory standards are adopted.

*Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving.

LET'S TALK TECH

DRIVER-ASSIST TECHNOLOGY*

- **Standard AdvanceTrac® with Roll Stability Control™ (RSC®)**
- **Standard Hill Start Assist**
- **Standard Automatic Rain Sensing Wipers**
- **Standard Side Wind Stabilization Sensing System**
- **Available Reverse Sensing System (Standard on XLT)**
- **Available Front and Rear Split View Camera (Standard on XLT)**
- **Available Adaptive Cruise Control**
- **Available Tire Pressure Monitoring System (TPMS), monitors all tires including the inside rear tires.**

COMFORT AND CONVENIENCE

- **Standard FordPass Connect™ with 4G LTE Wi-Fi**
- **Standard Hotspot powered by FordPass™ app**
- **Standard Embedded Modem**
- **Standard USB Ports in Every Row**
- **Standard Rearview Camera with Trailer Hitch Assist on Cargo/Crew/Passenger, available on Cutaway/Chassis Cab**
- **Available SYNC® 3 (standard on passenger XLT)**
- **Available Front Driver and Passenger Swivel Seats**

FORD CO-PILOT360 TECHNOLOGIES

- **Standard Autolamp Automatic On/Off Headlamps**
- **Standard Auto High-Beam Headlamps**
- **Available Blind Spot Information System (BLIS®) with Cross-traffic Alert and Trailer Coverage (Standard on XLT)**
- **Standard Lane-Keeping System**
- **Standard Pre-Collision Assist with Automatic Emergency Braking (AEB), Pedestrian Detection, Forward Collision Warning**
- **Standard Post Collision Braking**
- **Standard Forward Collision Warning**

ELECTRIC FEATURES

STAY POWERED-UP AND CONNECTED, NO MATTER HOW FAR YOU ROAM.

When you consider all the electrical power we and our motorhomes need today, it's no surprise the demand for it has never been higher. Having ready access to that power is even more important when you are hundreds of miles from home. We've packed Transit with the power sources and electrical features you need when hitting the road — keeping you always in charge.

ELECTRICAL TECHNOLOGIES

- **400W Power Inverter – A 110 volt Alternating Current (110V AC) Power supply. Supplies up to 400 watts with a main outlet that is easily accessible in the cab of the vehicle**
- **Auxiliary Fuse Panel with Spec Interface Connector – Provides extra hard wired and Controller Area Network (CAN) signals. This allows the upfitter to easily feed into their installed electrical systems. Includes Dual Absorbent Glass Mat (AGM) Batteries and Modified Vehicle Wiring System**
- **Dual Alternator – An additional 250 ampere alternator to provide faster recharging of the on-board battery systems. Also provides increased power for upfit demands. Only available with the 3.5L EcoBoost® engine. Includes Auxiliary Fuse Panel with High Spec Interface Connector**
- **Dual Absorbent Glass Mat (AGM) Batteries – An additional 12 volt battery to provide increased power availability when engine is off. Also reduces the risk of battery discharge due to high power draw**
- **High Capacity Upfitter Switches – Provides additional switches and a larger center console so that upfitters can connect upfit loads through easily accessible switches.**
- **Modified Vehicle Wiring System – Provides additional connectors and feeds for more complicated upfits**
- **Programmable Battery Guard / Enhanced Cut-off Relay – Provides increased protection against discharging of vehicle batteries due to the power demand of upfits. Not available with the Push Down Park Brake, Electric Park Brake, or Power Outlet 110 volts / 400 watts**
- **Upfitter Interface Module – Enables upfitters to access more Controller Area Network (CAN) signals and to write their own software to have more control over the upfit. Upfitters can connect or program the optional upfitter switches to operate aftermarket-installed equipment with up to nine digitally configurable inputs. Not available with Front and Rear Split-View Camera**

THOR MOTORCOACH

COMPASS AWD™

Compass AWD™ by Thor Motor Coach® is more than just a motorhome; it's an experience. Feel right at home with mindfully curated decor packages and residential amenities for this new chapter of freedom. With versatile floor plans, entertainment and a personal kitchen, this Class B+ motorhome is ideal for families looking to turn the page and begin a new adventure.

In the search for independence, Compass AWD™ delivers. A drive through the mountains or a beach trip is no problem for the all-wheel-drive platform, for those who wish to go remote. Without check-in or check-out times, avid travelers can enjoy every journey that comes along. Around every turn, you can count on modern conveniences and safety systems to keep road trips safe and stress-free. For more features that make Compass AWD™ ideal for your next trip, see below.

STANDARD FEATURES

- **RapidCamp+® multiplex system for all-in-one control of your lights, tanks, climate, slides and more for simplicity and convenience at the campsite**
- **All-Wheel Drive (AWD) system to get to a remote campsite with the perfect views or a getaway on the beach**
- **Large under-mount stainless steel single-bowl sink with a cover and single-handle kitchen faucet with a pull-down sprayer, spacious enough for simple clean up**
- **Winegard® ConnecT™ Wi-Fi and 4G hotspot for mobile work, to download movies or check emails on the road**
- **Euro-style cabinet doors with nickel-finish hardware to provide a modern, upgraded look**
- **Leatherette swivel captain's chairs that become part of the living space when Compass is parked**
- **100-watt solar panel with a power controller prolongs boondocking viability for real off-the-grid adventures**
- **Rearview mirror with a back-up monitor to easily check the cargo connected to the 7,000 lbs. hitch**
- **Exterior LP connection to cook delicious meals on a campsite grill**
- **Ford driver assist features include lane departure warning, pre-collision assist, auto high-beam headlights, TPMS, AdvanceTrac with RSC and hill-start assist**
- **Rain-sensing windshield wipers provide peace of mind behind the wheel**
- **Two burner gas cooktop with a glass cover and electric start and convection microwave, to cook family-favorite recipes**

THOR MOTORCOACH

VANDOIT ADVENTURE VANS

The Vandoit brand is a 3rd-generation company that hosts two Class B models that are modular and therefore transformable between camper van, adventure van, passenger van, mobile business van and anywhere in-between. Vandoit vans are built exclusively on the quality, world renowned Ford Transit van.

With a toy/gear garage underneath a hydraulic Queen size bed lift or Fold-down bed that folds down from the walls or ceiling, the versatility of the van is a game changer and has the ability to sleep up to 7 people and haul up to 11 passengers. Made completely from lightweight marine-grade materials, this adventure van's hot water shower and removable kitchen pod sink along with the Smart solar energy storage system allow this multipurpose Class B to go almost anywhere and do almost anything off grid. The open, modular space with internal "skeleton grid" track system allows for nearly unlimited tie down locations to mount and haul virtually anything to facilitate adventure. The options are endless.

STANDARD FEATURES

- **Modular design (Camper van/cargo van/passenger van)**
- **Removable seating (up to 11 passengers)**
- **Hydraulic queen-sized "bed lift" or fold down beds**
- **T-track skeleton grid for unlimited mounting capabilities**
- **Skeleton foundation for owner layout customization**
- **Durable material & design (100% marine grade)**
- **Standardized Electrical system (Easily Serviceable)**
- **Waterproof insulation**

OPTIONS AVAILABLE

- **Gear Slide with T-track to customize mounts (Doubles as additional twin bunk bed)**
- **Hydraulic lifted queen-size bed-lift with mattress**
- **Removable kitchen pod**
- **Swivel seat**
- **Removable shower**
- **Multiple flooring designs**
- **Flatscreen TV on adjustable bracket**
- **Smart solar energy storage system**
- **Shore alternator, solar and generator smart power system with (340 charging watts) and 200-watt inverter**
- **Induction cook top**
- **Furnace**
- **Roof rack**
- **Exterior light bars**
- **Upgrade bumpers with winches**
- **4x4 AWD**
- **Roof top tents**
- **Swing away generator and cargo/toy carrier**

WALDOCH

WINNEBAGO® EKKO™

The Winnebago® EKKO combines the convenience of a Camper Van with the added capacity of a Class C coach and the enhanced capability of AWD to create not just a new model, but a new type of RV.

The EKKO is built for active adventurers who like going — and staying — off the beaten path. It's available in two floorplans, one with a slideout, and — as the most compact off-grid ready motorhome available — it's sized like a typical van, so it's just as easy to drive and park. It also includes advanced driver assist features including blind spot monitoring and collision avoidance.

The massive rear pass-through storage garage lets you store bicycles without impacting your sleeping space. Extensive all-season insulation, plus the fact that all tanks are located inside the coach above the floor, greatly extends your camping season. And a full array of off-grid features lets you camp almost anywhere: Three solar panels pump out a total of 455 watts to enhance your energy independence especially when coupled with the standard lithium-ion batteries. And the massive 50-gallon freshwater capacity and proportionate waste tanks turn extended stays from possibility into reality.

STANDARD FEATURES

- **Ford AWD Transit Chassis 3.5L EcoBoost® V6 gas engine, 10-speed automatic Selectshift® transmission with overdrive**
- **High-intensity discharge (HID) headlamps**
- **Lane-keeping assist**
- **Blind spot monitoring**
- **Heated gear garage w/L-track cargo tie down system, 110V/12V charging ports and LED lighting**
- **(1) 315-amp-hour lithium ion battery w/Bluetooth control package and battery pack heating system**
- **(2) 170-watt and (1) 115-watt solar panel/battery charger**
- **5.3 cu.ft. single door 12V refrigerator/freezer**
- **Twin beds w/WinnSleep™ System**
- **50-gallon freshwater tank and proportionate waste tanks**
- **Truma® VarioHeat™ comfort**

OPTIONS AVAILABLE

- **Pop-top sleeping area w/FROLI sleep system and 110V/USB charging ports (22A) (N/A w/luggage rack or exterior kitchen)**
- **Batwing awning**
- **Luggage rack (N/A w/pop-top)**
- **Exterior kitchen w/chest style 12V refrigerator/freezer, 2-burner LP cooktop, flip-up counter extension, quick-connect faucet, collapsible sink, and LP quick-connect hose (22A) (N/A w/pop-top)**
