

Ford of Canada

1995
All-Line
Catalogue

Featuring 10 Great
Canadian Drives

Ford of Canada

At Ford of Canada we recognize that you need information in order to choose your new vehicle.

To help meet that need, we are pleased to offer you this 1995 All-Line Catalogue. You can count on it to provide a concise, comprehensive overview of all 1995 model Ford of Canada cars and light trucks.

As you browse through its pages you'll not only have an opportunity to view every vehicle in our line-up, you'll have their key features and specifications right at your fingertips. We've tried to provide as much technical information as space would allow, including Selected Preferred Equipment Packages which economically group together many of our most popular options. (If you require more information, I

invite you to call us at 1-800-561-FORD. We'll be pleased to send you additional information.) I'm convinced that the more you know about our 1995 vehicles, the more likely you'll be to

make the choice that is right for you. Certainly your choice of Ford of Canada cars, minivans and trucks has never been better. Following the launch of the new Mustang, Aspire and Windstar, we are delighted to introduce our all-new world cars, the Ford Contour and Mercury Mystique; and along with them the exciting new 1995 Ranger, Explorer and Lincoln Continental.

These vehicles, and indeed our complete vehicle line-up, offer ample proof of our continuing leadership in the areas of quality, performance, engineering and safety.

For your convenience, this catalogue summarizes many major Ford of Canada Vehicle Programs, including such important initiatives and services as Roadside Assistance (available with every new Ford of Canada vehicle) and Red Carpet Leasing. It also features a complete list of Ford of Canada dealerships from coast to coast.

I think you'll especially appreciate our latest addition to this catalogue -

10 great Canadian drives, one per province, that you will find enjoyable to read and perhaps use to plan your next driving vacation.

If you are not presently shopping for a new vehicle, it's my hope that you will keep this catalogue for future reference. If you are currently considering a new vehicle purchase, I invite you to take full advantage of this book and learn more about the Ford of Canada product that is right for you. Then visit your nearest Ford of Canada dealership, go for a test drive and experience your preferred Ford, Lincoln or Mercury vehicle for yourself.

Thank you for your interest in our company and our products. I know you'll enjoy our 1995 catalogue and find it of value now and in the weeks and months to come.

Sincerely,

 Mark W. Hutchins,
 President and Chief Executive Officer,
 Ford Motor Company of Canada, Limited

Contour

New for '95

Contour LX in Electric Red ►
Clearcoat Metallic. Fog lamps
and body-colour power mirrors
are standard.

◀ Dual air bags are among Contour's many
occupant protection features.

▼ Contour SE interior in Pumice with optional
leather seating surfaces. Reclining front bucket seats
and full-length centre console are standard.

Contour SE instrument panel and
interior in Pumice with optional
leather seating surfaces. ►

Contour comes with a 3-year/60,000
km bumper-to-bumper limited
warranty plus the no-cost Roadside
Assistance Program. ▼

Contour

► Contour delivers firm handling and solid stability from its precision engineered suspension and steering systems.

◀ The MicronAir® Filtration System filters out most pollen and dust before they enter the car. The all-new, available ► Duratec 2.5L V-6 engine is the direct descendant of Ford racing technology. Remarkably, it requires no scheduled tune-ups for 160,000 km.

Dimensions

	mm	(in.)

10 Great Canadian Drives

Driving offers you and your family the most satisfying way to experience Canada's awesome beauty. No matter where you live or where you plan to vacation, thousands of kilometres of picturesque highways and byways await you.

To make the most of your next driving vacation, we've outlined 10 great Canadian drives - 10 different ways you can encounter the scenic splendour and rich history of our country.

Within these borders you can see it all: majestic mountains and massive glaciers, golden plains of wheat, lush green valleys, winding coastal highways, picturesque fishing villages and more. Given this amazing variety, one of our ten tours is certain to be the perfect scenic drive for you.

The shortest trips we've described here are Newfoundland's Marine Drive (70 km./43 mi.) and Prince Edward Island's world-famous Blue Heron Drive (185 km./116 mi.). Either one can easily be completed in a day.

The longest drive is Quebec's Navigators' Route at 1,530 km. (950 mi.). Set aside several days - perhaps a week or more - if you choose to follow it north from Quebec City to the Gaspé Peninsula and back.

Many of the drives fall in the 800 km./500 mi. range. They too will require a few days to complete, depending on your travelling pace, your inclination to take side trips, and on the number and length of your stopovers along the way.

Our 10 Great Canadian Drives can be used as the basis of a complete vacation in itself, or to enhance a driving vacation you've already begun to plan. All are worth experiencing, so you may wish to save this catalogue and refer to it again in the years to come. Have a great driving vacation!

10 Great Canadian Drives

British Columbia

The Coast Mountain Circle

British Columbia is truly a super, natural province, and nowhere is this more apparent than on the Coast Mountain Circle. This tour is a convenient way for you to experience British Columbia's splendour. The 700 km. (440 mi.) trip takes you through the heart of South-western B.C. and parts of both the Cariboo and High Country. Get ready to encounter spectacular ocean and mountain scenery, as well as powerful echoes of the gold rush era.

With Vancouver as your starting point, head north on the Sea to Sky Highway (Hwy. 99) as it follows Howe Sound to Squamish. Points of interest include Porteau Cove Marine Park (a favourite of scuba divers), the B.C. Museum of Mining at Britannia Beach,

and the third highest waterfall in Canada, Shannon Falls. If you're a windsurfer or a rock climber, you'll definitely want to stop in Squamish, where like-minded enthusiasts come to test their skills.

Whistler welcomes you all year round. It is considered by many to be the number one winter ski resort in North America, while in summer its shimmering lakes and postcard-perfect scenery are a powerful magnet for all who appreciate Nature's beauty.

▲ Hell's Gate

Continue on Highway 99 as it curves its way through 90 km of spectacular Coast Mountain wilderness and past scenic Duffey Lake. Choose from among several superb camping and fishing sites. Stop at historic Lillooet, where you can step past the tumbleweed and enter the gold rush era.

Continue on to Hat

Creek Ranch, then turn south to TransCanada Highway 1 and you'll pass through Cache Creek, Ashcroft and Lytton, meeting point for the Fraser and Thompson Rivers. Follow the Fraser Canyon and be sure to stop for pictures at Hell's Gate.

Continuing south to Hope, you have the option of taking either Highway 1 or the more tranquil Highway 7. Both cut through the picturesque Fraser Valley. Other attractions you may want to visit before arriving back in Vancouver are the Harrison Hot Springs Resort and Westminster Abbey, a Benedictine monastery.

10 Great Canadian Drives

Alberta

The Jasper-Icefield Circle Tour

This tour shows you Nature at its most powerful, most tranquil and most beautiful. It's also a trip back in time, on terrain largely unchanged since the Ice Age. The most dramatic portion of the 874 km. (546 mi.) drive occurs in Jasper National Park. Have your camera ready to capture the stunning panoramas that surround you.

From Edmonton follow the Yellowhead Hwy. (#16) west towards Hinton. Continue on Hwy. 16 to the beautiful town of Jasper and majestic Jasper National Park.

The Icefields Parkway (Hwy. 93 and its offshoots) takes you through the Park along a 154 km. (96 mi.) route, past spectacular vistas of snowcapped mountains, waterfalls, lakes and rivers. Wildlife abounds; you may see caribou, a grizzly bear, bighorn rams or Rocky Mountain goats. (Do not try to touch or feed any wildlife.)

At the north end of the Park and east of the town of Jasper follow Hwy. 16 East to the picturesque Punchbowl Falls, the restoring waters of Miette Hotsprings and the spectacular Maligne Valley, Lake and Canyon. Closer to the town, take the Jasper Tramway up Whistler's Mountain to an elevation of 2285 m. (7469 ft.) and see mountain vistas that stretch for over 80 km. Or follow the winding road to Patricia and Pyramid Lakes, or nearby Lakes Edith, Annette and Lac Beauvert.

▲ Jasper National Park

Heading southeast on Icefields Parkway you'll see the Athabasca Falls, among the most powerful waterfalls anywhere in the Rockies. Goat Lookout offers you a sweeping view of the Athabasca Valley and a chance to see mountain sheep, ram and goats, and Sunwapta Falls plunges in all its fury into a deep canyon.

Leave Icefields Parkway at the Saskatchewan River Crossing and take Hwy. 11 to Rocky Mountain House, a small town that once served as a fur-trading post. Take Hwy. 22, then 39 back to Edmonton.

10 Great Canadian Drives

Saskatchewan

The Cowboy Country Tour

Travel the wide open spaces of Southwest Saskatchewan and you'll be surrounded by vivid reminders of life in the Old West. Vast ranchlands, badlands and prairie stretch out before you, and range animals dot the landscape. Sit back, relax and enjoy 932 km. (578 mi.) of Cowboy Country, past and present.

Leaving Regina, take Hwy. 1 to Moose Jaw and the pleasant Wakamow Valley for bird watching, cycling or walking. Continue on to Swift Current and drop in on the new Canadian Country Music Hall of Fame. Then take Hwy. 21 south to Maple Creek, with its Main Street eerily reminiscent of the Old West. Keep an eye out for pronghorn antelope along the way.

▲ Fort Walsh National Historic Park

Continue on to the surprising Cypress Hills Provincial Park, whose hills rise almost 600 metres, the highest points of land between the Rockies and Labrador. Here you'll see pine and rare wildflowers, prairie falcons and moose, and a startling variety of songbirds. It's a short jog to Fort Walsh National Historic Park, where you'll find authentic re-creations of a Mountie post and, in nearby Battle Creek, Farwell's Trading Post.

Turn onto Hwy. 13, the famous "Redcoat Trail" that honours the Northwest Mounted Police, and head for Eastend. Here you can gaze at stars on a clear prairie night from a small observatory, tour the Valley of the Hidden Secrets, and view the locally-unearthed dinosaur specimens at the Eastend Museum.

Follow Hwy. 13 to Shaunavon, where you can view Indian and pioneer artifacts and enjoy one of the many local fairs and rodeos. Continue on to Assiniboia, then take Hwy. 2 south to St. Victor's Petroglyphs Historic Park and see 2,000 year old rock carvings depicting the Indian way of life. Rejoin Hwy. 13, connect with Hwy. 6 and return to Regina.

10 Great Canadian Drives

Manitoba

The Southeastern Tour

The Southeastern Tour is Manitoba in miniature. Only 477 km. (297 mi.) in length, it offers you a convenient way to experience this province's splendid variety. You'll find it a perfect introduction to the natural beauty and rich history of this rugged province.

Take Hwy. 1 southeast from Winnipeg, then Hwy. 12 south to Steinbach and the Mennonite Heritage Village, a faithful re-creation of the Mennonite community and its way of life. (If you're there in late July or early August, don't miss Steinbach's lively Pioneer Days.)

Return to Hwy. 1 via Hwy. 12 and head east towards Sandilands Forest Centre which features a variety of forest environments and wildlife displays. Continue east on Hwy. 12 towards Falcon Lake, then on to West Hawk Lake, the billions year old red rock cliffs of

Whiteshell Provincial Park, beautiful Lily Pond and, north of Betula Lake, the ancient ceremonial medicine ground along Whiteshell River with its intriguing petro-forms in the shape of birds and other of nature's creatures.

Driving through the park interior from Falcon Lake to Rennie on Hwy. 44 is an especially beautiful route, so don't miss it. Continue on Hwy. 44 past Whitemouth to the Seven Sisters Falls with its 18-metre (61 ft.) power-generating waterfall; you can also

tour the Whiteshell Nuclear Research Establishment in nearby Pinawa.

Take Hwy. 44, then 11, north to Lac du Bonnet. The 42 km (26 mi.) drive from here to Pine Falls is especially beautiful; keep your eyes open for the occasional woodland caribou as you follow in the path of trappers and gold seekers of old.

Continue north on Hwy. 11, then take Hwy. 12 south to Grand Marais and nearby Grand Beach, with its white sand, gentle surf and spectacular sunsets. Follow Hwys. 12 and 59 south, then Hwy. 44 west to Lockport's Heritage Park and continue along the picturesque Red River Heritage Parkway. Return to Winnipeg via Hwy. 59.

▲ Riding Mnt. Park

10 Great Canadian Drives

Ontario

Voyageurs' Circle Tour

Only 663 km. (413 mi.) long, this unique drive through Ontario's East is dazzling in its diversity. Follow its highways and byways from the nation's capital to the edge of the Near North, and glide through valleys and towns that have preserved more than a little of their past.

Leave Ottawa and take Hwy. 17 through picturesque lake, river and forest country to Renfrew. Nearby sights include Storyland, with its immense display of fairytale stories and characters (some animated), set in a charming forest environment; Logos Land, a biblical theme park; and Champlain Lookout, which offers you a beautiful panoramic view of the Ottawa River.

▲ Ottawa

Continue on Hwy. 17 to Pembroke, where you can view historical artifacts at the Champlain Trail Museum; visit Swallow Roost, the resting grounds for large flocks of migrating swallows and water birds; or go white water rafting on the surging Ottawa River.

Follow Hwy. 62 west through Bonnechere, and continue on Hwy. 60 to Whitney, the eastern gate to the un-sullied natural beauty of Algonquin Provincial Park. Then follow Hwys. 127 and 62 southeast to Bancroft, (a mecca for rock-hounds), on the edge of

the Pre-Cambrian Shield. Have a picnic at Eagle's Nest Lookout, which overlooks the town and countryside.

Take Hwy. 28 east, then Hwy. 41 south to Bon Echo Provincial Park and Cloyne, a beautiful village in the heart of the Land of Lakes. Walk to the park's summit and see why the Park is so aptly named. Continue on Hwy. 41 south to Hwy. 7, then head east to Perth, a beautiful little town with a restored 19th-century Main Street. Be sure to see the model of Perth's famous Mammoth Cheese that was displayed at the Chicago World's Fair of 1893.

Take Hwys. 7, 7B and 15 to Almonte, a photogenic village with a pretty waterfall on Canada's own Mississippi River. You'll also want to see the nearby Mill of Kintail and the sculptures and artifacts it displays. Follow Hwys. 44, 17 and 417 back to Ottawa.

10 Great Canadian Drives

Quebec

The Navigators' Route

If your imagination is stirred by picturesque fishing villages, a dramatic mountain coastline and spectacular ocean sunsets, take the Navigators' Route (Hwy. 132) through the Gaspé Peninsula. A magnificent array of natural splendour awaits you. Given its length - 1,530 km (950 mi.) - plan to set aside a full week to explore its many delights.

From Quebec City, ferry across the St. Lawrence River to Lévis and join Highway 132 East as it follows the river through a string of charming towns and villages.

In Saint-Jean-Port-Joli, you can admire the art and handicrafts of Québec's finest craftspeople. In Kamouraska, wait for low tide and wade to its beautiful islands. And have your camera ready as you approach Notre-Dame-du-Portage, a jewel set alongside the river.

As you enter Bic, you're presented with a beautiful panorama of settlement, bay and islands. Parc du Bic hugs the river and offers even more scenic splendour. Further along, Point-au-Père Lighthouse Historic Park is a perfect stop for those with a yen for local maritime history.

At Sainte-Flavie head south on Hwy. 132 to the Matapédia Valley; continue on to Baie des Chaleurs, where from the top of Mont Saint-Joseph your view stretches from the Gaspé shore clear to the coast of New Brunswick.

Past L'Anse-a-Beaufils, Percé Rock rises dramatically out of the sea. You can walk out to it at low tide. Try to be there when the late afternoon sun brings out its warm colours. Nearby at Ile Bonaventure, the largest bird sanctuary in North America awaits you. In the town of Percé, make sure you view the bay from that splendid vantage point, the Pic de l'Aurore. Further on, Gaspé is where Jacques Cartier stepped ashore to claim this land for France. And Forillon National Park offers beautiful, untrammelled landscapes.

Leave the Atlantic coast and head back down through the beauty of the river towns and villages of the St. Lawrence to Matane and Sainte-Flavie, then retrace your steps back along Hwy. 132 to Quebec City.

▲ Percé Rock

10 Great Canadian Drives

New Brunswick

The South Central Tour

The richness of New Brunswick's history is matched only by its scenic beauty. Loyalist and Acadian lore mingle alongside such natural wonders as the world's highest tides, lovely islands, rocky coasts and tall forests. This 828 km. (515 mi.) drive begins in Moncton, site of the amazing - and baffling - Magnetic Hill, where you'll swear you're coasting "uphill".

From Moncton, follow Hwy. 114 south along the picturesque Petitcodiac River to Hopewell Cape and Rocks Provincial Park. Here you can walk on the ocean floor among the amazing Flowerpot Rocks, carved over the centuries by the famous Fundy tides - the highest and wildest tides in the world.

▲ Hopewell Cape, Flowerpot Rocks

Travel along the rugged coastline on Hwy. 114 to Fundy National Park and the town of Alma, where you can find rare rock specimens on the beach. Continue on Hwys. 114 and 2 to Sussex on Hwy. 1, where you'll discover an enticing variety of artisans' studios which produce superb art and handicrafts.

Hwy. 1 leads you to Saint John. Among its capital delights: fashionable Market Square, just above the spot where the United Empire Loyalists landed in 1783; the City Market, with its

distinctive Maritime offerings; and the Reversing Falls, where the powerful Fundy tides force the Saint John River to foam, swirl and flow upstream.

Take Hwy. 1 to St. George and Lake Utopia, where you can watch osprey swoop for fish. Or take ferries to beautiful Grand Manan Island, Deer Island (site of the largest tidal whirlpool in the Western Hemisphere), or Campobello Island, former summer home of U.S. President Franklin Roosevelt.

Follow Hwys. 1 and 127 to the world-renowned coastal resort of St. Andrews. Then take Hwys. 127 north and 1 to St. Stephen and Hwy. 3 north to King's Landing Historical Settlement, which re-creates Loyalist life in the 1800's. Follow Hwy. 2 to Fredericton, the City of Stately Elms, which is filled with history. Then continue on Hwy. 2 and return to Moncton.

10 Great Canadian Drives

Nova Scotia

The Cabot Trail

The Cabot Trail encircles the northern plateau of Cape Breton Island. Named for explorer John Cabot, this 296 km. (184 mi.) loop has been described as one of the most spectacular drives in North America. It offers you breathtaking panoramas of land, sea and sky, as well as memorable encounters with founding cultures and Highland history.

The Cabot Trail begins in Baddeck, once the summer home of inventor Alexander Graham Bell. All year round visitors flock to the Alexander Graham Bell National Historic Site, which commemorates his genius. Take Highway

105 southwest and head for the Margaree Valley, where you can witness the spring and fall salmon run. Continue on to Cheticamp, an Acadian fishing village where you'll find the work of local artisans who have transformed knitting, crocheting and rug hooking into an art.

Just past Cheticamp is the west

▲ Margaree Harbour

entrance to Cape Breton Highlands National Park, which contains an incredible variety of wind-swept ridges, spectacular ocean vistas, wilderness trails and wildlife. If you wish, pull over at designated picnic areas and lookoffs (some are wheelchair accessible). The views and the photographic possibilities are stunning.

You'll wind, climb and curve across four mountain ranges that are the northern reaches of the Appalachians - French Mountain, MacKenzie Mountain, North Mountain and

Cape Smokey. One of many picturesque stopping points is Neil Harbour, situated between North Mountain and Cape Smokey. Further along at Ingonish, you'll find one of the oldest settled areas on the Atlantic seaboard. Continuing south, you'll ascend Cape Smokey, then descend some 360 m (1,200 ft.) in less than 3.2 km (2 mi.). (Be sure to slip into a lower gear.)

The last leg of the Cabot Trail straightens out, taking you through several charming towns and fishing villages. In South Gut St. Anns you'll find the Gaelic College of Celtic Arts and Crafts, a fascinating centre of historic Celtic crafts and culture and the only Gaelic college in North America. Continue south and west on Highways 105 and 205 and return to Baddeck.

10 Great Canadian Drives

Prince Edward Island

The Blue Heron Drive

Prince Edward Island is so compact and picturesque, it's not so much a question of which scenic drive to follow, but which one to follow first. The 185 km. (116 mi.) Blue Heron Drive leads you through the central north and south shores and is a perfect way to start, especially if you've been captivated by the 'Anne of Green Gables' stories.

Leave Charlottetown via the Kings Byway north (Route 2), then turn left onto Brackley Point Road (Route 15) and aim for the Prince Edward Island National Park and the fantastic beaches that boast the warmest ocean waters north of the Carolinas. Head west to South Rustico and take a quick side trip south on Route 258 to New Glasgow, a beautiful village where you can stroll,

snap pictures and enjoy a leisurely cup of tea.

Backtrack a little to rejoin the Blue Heron Drive, then continue west to Cavendish and explore the Green Gables House so familiar to 'Anne' fans. As you continue west on Route 20, take out your video or snapshot camera; the scenic beauty you'll encounter here is some of the best on the Island. Stroll through the lovely fishing port of French River. Then resume your mini 'Anne' tour in Silver Bush over a cup of tea at

▲ French River

the Shining Waters Tea Room (Lucy Maude Montgomery was married here), and in Malpeque, with its Green Gables-themed garden.

At Indian River, visit the beautifully restored St. Mary's Church, or spot osprey, bald eagles and shore birds along its nature trail. In Kensington, you can view the illuminations of local scenes and

the historic stone railway station.

Summerside offers all the delights of the Island's second largest community. Stay over, or continue along the South Shore where you'll see an abundance of picture-perfect hills, rich red soil and meandering rivers.

Continue on through Victoria and the Argyle Shore all the way through to Fort Amherst/Port La Joye National Historic Site, a beautiful park that marks the first French settlement on the Island and the British fort that followed it. Turn on Blue Heron Drive, connect with TransCanada Highway 1 and return to Charlottetown.

10 Great Canadian Drives

Newfoundland

The Marine Drive

The communities of the Avalon are alive with history. That's hardly surprising when you consider that the Avalon was one of the first areas of Newfoundland to be settled some 400 years ago. Its residents are remarkably warm and welcoming too. But the Avalon offers you more than history and hospitality; it offers you any number of splendid scenic drives. The 70 km. (43 mi.) Marine Drive is one.

Leave St. John's by Route 30 (or as residents call it, Logy Bay Road), then follow scenic Marine Drive as it winds through one small, picturesque community after another. You'll drive through Logy Bay, where you may want to stop and take a guided tour of the Ocean Sciences Centre where continuing oceanographic research is conducted.

Continue along Marine Drive

▲ Pouch Cove

through Middle Cove and Outer Cove and enjoy a rugged and scenic coastline that rivals any along North America's east coast. Keep your camera and plenty of film handy, as there are scores of opportunities to pull into special roadside vantage points to take in the view and shoot pictures.

In 1762, historic Torbay was the base for British forces attempting to retake St. John's from the forces of France. Further along, on Route 20, is the

fishing community of Flat Rock, which dates back to 1689. Many tourists flock to its Grotto, the largest religious shrine of its kind east of Montreal. Next is the even older community of Pouch (pronounced "pooch") Cove, which was established sometime before 1611.

At the end of Route 20 at Pouch Cove you'll find Cape St. Francis, where the Atlantic spreads out to the north, east and west.

Head south along the coast to Portugal Cove and take a short ferry ride to Bell Island, or return via Route 40 to St. John's.

THE OWNERSHIP EXPERIENCE

We've gone to great lengths to make the experience of driving - and owning - a new Ford, Mercury or Lincoln enjoyable.

We stand behind your car with our 3-year/60,000 km bumper-to-bumper limited warranty. And we look after your security with our no-cost Roadside Assistance Program. You can expect nothing less from a "customer-driven" company.

The 36-month/60,000 km bumper-to-bumper limited warranty covers the complete vehicle (except tires, battery, wheel alignment and balance, and other items covered under separate provisions) against defects in factory-supplied materials or workmanship.

Ford of Canada's corrosion warranty covers against corrosion perforation on body sheet metal panels for 5 years/unlimited distance. Each vehicle is protected with the corrosion protection DuraGuard system. This system is built in at the factory to provide superior corrosion protection.

For complete warranty coverage information, see your Ford of Canada Dealer.

You can count on Ford Quality now and down the road. That's because every new Ford of Canada car and light truck includes the assurance of an emergency no-cost Roadside Assistance Program during the 3-year/60,000 km bumper-to-bumper warranty period.

Help is just a toll-free phone call away - 24 hours a day anywhere in Canada or the continental United States - should you ever need any towing assistance, fuel delivery, tire change, a jump start, or even help when you're locked out of your vehicle.

Ask your Ford of Canada Dealer for complete details regarding this outstanding Program.

THE FORD COMMITMENT

Ford of Canada vehicles are built with state-of-the-art safety features. All 1995 cars and light trucks are available with air bag supplemental restraint systems. In addition, each vehicle also offers a long list of safety features for vehicle operation and occupant protection.

Ask your Ford of Canada Dealer for complete details of Anti-lock Braking Systems (ABS), traction assist, speed-sensitive steering and our many other available safety features.

\$750 CASH BACK. Recent graduates (graduating between July 1, 1992 and December 31, 1995) from a recognized post-secondary program may qualify for Canada's most established Graduate Rebate Program. They can get \$750 cash back, over and above most other consumer retail offers advertised at the time of purchase or lease. Get all the details from your local Ford or Mercury Dealer, or in your Graduate Program Information Kit. It's free! Just call our toll-free hotline at 1-800-387-5535.

1-800-561-FORD. Should you require any additional general or program information, call our toll-free Customer Information Hotline for prompt, courteous assistance.

Following the publication of this catalogue, certain changes in standard equipment, options, prices or product delays may have occurred which would not be included in these pages.

Ford Motor Company of Canada, Limited, reserves the right to make these changes without incurring obligations of any kind. Your Dealer is your best source for up-to-date information.

Quality is Job 1.

Your Key To Saving For A Brand New Vehicle.

Use CIBC Ford VISA* and Save up to \$3,500**
Use CIBC Ford Gold VISA* and Save up to \$7,000**

- Earn a 5% rebate from everyday purchases.
- Rebate earnings may be applied to the purchase or selected lease of any new Ford of Canada vehicle.
- Choose either the CIBC Ford VISA Card or the CIBC Ford Gold VISA Card.
- Rebates are in addition to any other incentives that may be in effect at the time of purchase or lease.
- Use either card to pay for residential long-distance calling with Unitel, book package holidays with Marlin Travel or rent a vehicle at participating Hertz locations and you'll earn

up to an additional 5% on top of your regular rebate.*** And there's no limit to how much extra you can earn.

- Apply now. Just call 1-800-465-CIBC (980-CIBC in Toronto), or visit your local Ford of Canada dealership or CIBC branch office.

Join the thousands of Canadians who have already applied the savings from this outstanding program towards the purchase of a new Ford of Canada vehicle.
