

1995 FORD THUNDERBIRD

IT'S EASY TO SEE WHY THUNDERBIRD CONTINUES TO BE ONE OF AMERICA'S FAVORITE SPORT COUPES.

The 1995 Ford Thunderbird epitomizes a heritage that spans forty years. Today, Thunderbird has come to define what a sports coupe is all about. It continues to capture the spirit of the open road like no other automobile. As you can see, the 1995 Ford Thunderbird offers a degree of personal luxury and performance that is difficult to duplicate.

Thunderbird is available in two models: the superbly appointed LX and the enthusiast-oriented Super Coupe. Both are available with impressive standard features that are true to the Thunderbird tradition. Yet both offer optional equipment that allow you to start your own tradition.

DRIVER-ORIENTED INTERIORS

Thunderbird's interiors are designed to make driving more comfortable and more enjoyable. The Thunderbird Super Coupe interior shown here angles the shifter and controls toward the driver. But being a passenger in Thunderbird's remarkably crafted interior is equally pleasurable. Few cars in its class can accommodate five people as comfortably as Thunderbird.

POWER CHOICES

A smooth and responsive 3.8-liter V-6 is standard on the 1995 Thunderbird LX. Also available is an impressive 4.6-liter V-8 engine. Thunderbird Super Coupe has a 3.8-liter supercharged and intercooled V-6 that delivers 6-cylinder fuel economy at constant speeds and muscular V-8 power on demand. An electronic 4-speed automatic transmission is standard on LX. Super Coupe has a standard 5-speed manual transmission.

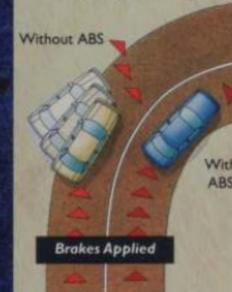

DUAL AIR BAGS

Thunderbird's standard driver- and front passenger-side air bag Supplemental Restraint System offers added protection when used in combination with safety belts. Always wear your safety belt.

ANTI-LOCK BRAKES

Thunderbird's available Anti-lock Braking System (ABS) helps drivers maintain steering control during hard braking even in less-than-ideal situations. Also available is electronic Traction

Assist, which helps the driving wheels grip slippery surfaces rather than spin during acceleration. (ABS is standard on the Super Coupe, optional on the LS. Traction Assist is not available on Super Coupe with 5-speed manual transmission.)

FORD WARRANTY

Every 1995 Thunderbird is covered by a comprehensive, 36-month/36,000-mile bumper-to-bumper warranty.

ROADSIDE ASSISTANCE

Also during the warranty period, every Thunderbird is covered by a complimentary 24-hour roadside assistance program. It covers such items as changing a flat tire, jump-starts, towing, lock-out service, bringing you gas should you run out, and more.

See your dealer for complete information about Thunderbird's limited warranty and roadside assistance program.

SPEED-SENSITIVE POWER STEERING

Speed-sensitive, variable-assist power steering delivers excellent road feel with the right amount of assist for all driving maneuvers, including parking. It is standard on Thunderbird models equipped with the 4.6L V-8 and the 3.8L supercharged V-6.

STANDARD FEATURES

Here are some of Thunderbird's other standard features:

- Rear-wheel drive
- CFC-free air conditioner
- Tinted glass
- Analog performance instrumentation
- Leather-wrapped luxury tilt steering wheel
- Full-length console with floor-mounted leather-wrapped shift and dual cup holders
- Electronic AM/FM stereo search radio with cassette player
- Power windows and door locks with illuminated switches
- Front and rear gas-pressurized shocks
- Dual electric remote-control mirrors
- Lap/shoulder safety belts for rear outboard passengers; lap belt for center rear passenger
- Bodyside protective moldings
- Long-lasting LED taillamps
- Rear seat courtesy lights, center armrest and heat duct

OPTIONS AND SPECIFICATIONS

If you're interested in customizing Thunderbird to your personal taste and exact driving needs, there are many options from which to choose. Here are just a few of Thunderbird's available options:

- Leather seating surfaces
- "Hands-free" cellular phone
- Remote keyless entry system
- Power moonroof
- Electronic AM/FM stereo radio with compact disc player
- Compact disc changer
- Luxury group: auto lamp group, illuminated entry system, 6-way power passenger seat, courtesy light and integrated warning lights
- Cold weather group: engine block heater, heavy-duty battery, rear window defroster and Traction-Lok axle

PREFERRED EQUIPMENT PACKAGES

To make ordering easy, certain popular options are grouped together and priced to offer savings over what it would cost if you ordered these items individually. Here are two of these specially priced Preferred Equipment Packages:

LX Preferred Equipment Package 155A

- Electronic semi-automatic CFC-free temperature control system, includes outside temperature indicator
- Rear window defroster
- Aluminum wheels with P215/70R15 BSW all-season tires

Super Coupe Preferred Equipment Package 157A

- Power door locks
- Remote-control electric fuel door and decklid releases
- Speed control
- 16" cast aluminum wheels with P225/60ZR16 BSW performance tires
- 6-way power driver's seat
- Electronic semi-automatic CFC-free temperature control system, includes outside temperature indicator
- Rear window defroster

DIMENSIONS (IN INCHES)

Wheelbase:	113.0
Overall length:	200.3
Overall height:	52.5 (53.0 on Super Coupe)
Overall width:	72.7

CAPACITIES

Cargo volume:	15.1 cu. ft.
Curb weight:	3,570 lbs.

STANDARD LX ENGINE

Type:	V-6
Valves:	12, OHV
Displacement:	3.8L (232 cu. in.)
Horsepower (SAE net):	140 @ 3,800 rpm
Torque (SAE net):	215 lb.-ft. @ 2,400 rpm
Fuel system:	Sequential multi-port electronic fuel injection
Fuel capacity:	18.0 gal.
EPA estimated mpg:	18 city/19 highway

OPTIONAL LX ENGINE

Type:	V-8
Valves:	16, SOHC
Displacement:	4.6L (281 cu. in.)
Horsepower (SAE net):	205 @ 4,500 rpm
Torque (SAE net):	265 lb.-ft. @ 3,200 rpm
Fuel system:	Sequential multi-port electronic fuel injection
Fuel capacity:	18.0 gal.
EPA estimated mpg:	18 city/19 highway

SUPER COUPE ENGINE

Type:	Supercharged/intercooled V-6
Valves:	12, OHV
Displacement:	3.8L (232 cu. in.)
Horsepower (SAE net):	230 @ 4,400 rpm
Torque (SAE net):	330 lb.-ft. @ 2,500 rpm
Fuel system:	Sequential multi-port electronic fuel injection
Fuel capacity:	18.0 gal.
EPA estimated mpg:	18 city/19 highway

TRANSMISSIONS

Electronic four-speed automatic overdrive (std. in LX, opt. in Super Coupe).
5-speed manual overdrive (standard in Super Coupe).

STEERING

Variable power-assist, speed-sensitive.

SUSPENSION

Front: Long-spindle SLA-type with variable-rate coil springs, double-acting nitrogen gas-pressurized shocks, 1.06"-diameter stabilizer bar (1.10" solid in Super Coupe).

Rear: Independent H-arm design with toe control link, variable-rate coil springs, nitrogen gas-pressurized shocks, 1.06"-diameter stabilizer bar (.090" solid in Super Coupe).

PRODUCT CHANGES Following publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Ford Division reserves the right to change product specifications at any time without incurring obligations.
