Senator 300

Premium Brakes combined with unique 18 inch 10 spoke Chrome Shadow Alloys are exclusive to Senator 300.

High technology Rear Proximity Sensors.

Unique Shale leather interior with high contrast Pewter highlights. 8 way twin front power seat adjustment.

One look at the Senator 300 and you know this is something very special. Beneath the taut exterior of this luxury sedan beats 300Kw of raw V8 power.

Power that is harnessed by a close ratio, short throw 6 speed manual gearbox (with shift light and indicator). Senator 300 embraces the technology of driver and passenger front airbags, side airbags, traction control, rear proximity sensors and anti-lock Premium brakes with drilled discs.

Inside, the luxurious 8 way power front seating is finished in Shale leather and beautifully contrasted with Pewter trim and dark woodgrain tones.

A 10 stack CD audio system, cruise control, power windows and unique 10 spoke chrome shadow alloy wheels complete the richness that is Senator 300. Such a contrast of power and luxury is indeed rare these days.

Only 30 Senator 300's will be built so we suggest you see your HSV Retailer today.

300Kw of pure adrenalin matched to a close ratio, short throw 6 speed manual gearbox.
