## THROUGH A LENS, BRIGHTLY

ENDURING STYLE AND SOPHISTICATION IS DIFFICULT TO DEFINE. AND EVEN MORE CHALLENGING TO ACHIEVE. BUT SUCH ELAN IS UNMISTAKABLE IN THE CADILLAC DEVILLE. FROM ITS JEWEL-LIKE HEADLAMP TO ITS DISTINCTIVE L.E.D. TAILLAMPS, DEVILLE IS A CRYSTALLINE EXAMPLE OF FORM NOT ONLY FOLLOWING FUNCTION, BUT ENHANCING IT. TO THAT END, DEVILLE UNIFIES ELEGANCE WITH TODAY'S CURRENCY OF AUTOMOTIVE HIGH TECHNOLOGY. YET EACH OF ITS EXTRAORDINARY SYSTEMS COMES INTO PLAY AT PRECISELY THE RIGHT MOMENT. AND AFFORDS YOU EXACTLY THE RIGHT ADVANTAGE. IN SUM, THE TRUE DEFINITION OF DEVILLE IS: OVERWHELMING CAPABILITY DRESSED IN UNCOMMON RESTRAINT.

4 / 5

### DEVILLE DTS: POWER AND PROWESS.

Equipped with the technology and conveniences to meet most any challenge, and attend to most any indulgence, DTS is the ultimate touring DeVille. Under the hood, you'll find a 32-valve, 300-hp Northstar V8 and a "smart" 4-speed automatic transmission that tailors its shifts to the way you drive. Even if you drive with an enthusiast's brio. But also know that four-wheel disc brakes with ABS, all-speed traction control, Continuously Variable Road-Sensing Suspension (CVRS 2.0), and StabiliTrak 2.0 are part of the package. How it interacts with the open road is best summed up by Automobile Magazine's Editor-In-Chief Jean Jennings: "DTS...is a powerful cossetting tool with a roaring 300-hp Northstar V8, meaty 235-series tires, an impressive semi-active suspension, traction control, and a great braking system." To that, all we dare add is that fog lamps are another strength of DTS. They help pierce the gloom - and look good doing it. By extension, so do you.

6 / 7

### ANOTHER SIDE OF TECHNOLOGY.

Some DTS systems are easy to take for granted. Others take you to a higher level of capability. One example of unobtrusive potential is the 17-inch cast aluminum wheels and special tires of DTS. These larger wheels help optimize ride and high-end performance. Choose them with an available chrome finish and they help establish a certain automotive je ne sais quoi. Factor in OnStar, StabiliTrak 2.0, plus available Ultrasonic Rear Parking Assist and Night Vision, and the confidence inspired by DTS is truly extraordinary. Just what you'd expect from the ultimate touring DeVille.

8 / 9

### DEVILLE DHS: LUXURY AND PANACHE.

When your emphasis turns inward while your image remains outward, it's time to consider DHS. After all, who could fail to notice the brilliant 16 x 7-inch chrome wheels? Or the cooling relief of the power rear sunshade? Look closer and you'll also find the remarkable Rainsense wiper system. Inside, an analog instrument panel transforms clarity and information into art. And since music is also a creative expression, DHS comes with a 275-watt Bose® Music System that features cassette, single-slot CD player, weather-band reception, eight speakers, and automatic volume compensation. Consider its self-expression for the irrepressibly self-confident. With a measure of panache, of course.

For more details on DeVille features and technologies, visit [cadillac.com](http://cadillac.com).

12 / 13

### DEVILLE: A MARQUE OF DISTINCTION.

Cadillac has existed for a century. And for more than half of that time, the name DeVille has only been attached to some very special Cadillac automobiles. These are luxury automobiles without peer. While this is the character of DeVille, there is also potential. First, to experience formidable acceleration in the form of a 32-valve, 275-hp Northstar V8 with 4-speed automatic transmission. Then, to deftly take command of it all through a sophisticated front-wheel-drive chassis that employs all-speed traction control, four-wheel disc brakes with ABS, and electronic level control. Even the amazing StabiliTrak 2.0 system is available. Other DeVille features include daytime running lamps and wiper-activated headlamps. You'll also find a remote keyless entry system, theft-deterrent system, and seven-spoke cast aluminum wheels. A universal garage door opener, sunroof, tire pressure monitoring system, and Ultrasonic Rear Parking Assist are available as well. Inside, digital instrumentation is both bright and readable at a glance. And an AM/FM audio system with cassette, single-slot CD player, and eight speakers can provide miles of music. Which is what you'll enjoy most about DeVille: the miles you drive.

## THE INSIDE STORY

THERE IS A CERTAIN EGOCENTRIC QUALITY TO DEVILLE'S INTERIOR. WHILE THE EXTERIOR OF DEVILLE IS THERE TO BE ADMIRIED BY ONE AND ALL, THE INTERIOR FOCUSES ITS ATTENTION ON YOU. YOU WILL FIND THE AROMATIC REWARD OF NUANCE LEATHER SEATING AREAS – THE PRODUCT OF A TANNERY THAT'S OVER A CENTURY OLD. AND TO DELIGHT YOUR EYES, THERE IS AN ABUNDANCE OF WOOD-GRAIN TRIM THAT BRINGS THE ARTISTRY OF NATURE INTO FOCUS. BUT SCIENCE HAS ITS SAY AS WELL. ADVANCED INSTRUMENTATION, CONTROLS, AND SAFETY SYSTEMS COMBINE TO INFORM, PERFORM, AND PROTECT. SO JUST AS DEVILLE'S LEAN LINES ARE FOR EVERYONE ELSE, ITS THOUGHTFUL INTERIOR IS FOR YOU.

16 / 17

### A TOUCH OF CLASS.

The difference between a luxury car and just any car is that sophisticated vehicles make even the most prosaic elements rewarding. Such is the case with this Cadillac's door handle. It is not only designed to complement the human hand, it's elegantly sculpted and richly finished to return a tactile satisfaction every time you use it. Just below this functional work of art is a small command center at your fingertips. In DTS and DHS it contains touch controls for outside rearview mirror adjustment, power window operation, rear window lockout, and seat heaters. To put it all into the perfect frame of reference, DTS and DHS also feature genuine Zebrano wood trim. And all DeVille models feature tri-zone climate control with individual settings for driver, front passenger, and rear seating areas. It's just part of the care we take to bring art, convenience, and nature all within your grasp. Within DeVille.

Climate control is one of the many programmable features for DeVille in 2002. Just set the interior environment to your preference, save your settings through the Driver Information Center, and every time you open the door with your key fob, DeVille remembers them all.

For more details on DeVille features and technologies, visit [cadillac.com](http://cadillac.com).

18 / 19

### WHEEL OF THE FORTUNATE.

Not everyone can own DTS. But for those who can, an uncommon degree of craftsmanship and control is within your grasp. The steering wheel of DTS is a case in point. It can be trimmed in genuine wood and tautly stitched leather. It also has redundant controls for the audio system, climate system, voice commands, and cruise control. Overall, perforated Nuance leather seating areas accent seating for five amidst a bounty of Zebrano wood trim. Both driver and front-passenger seats come with eight-way power adjustment, including lumbar support plus a massage feature. The front seats are also heated, as are the rear outboard seating areas. Adaptive front seats are optional. They sense your shifting body position and reconfigure their internal support every few minutes for optimum comfort. For anything more, you'd have to visit a health spa.

20 / 21

### THE AGE OF CONTENT.

You'll immediately appreciate the data and options available through the instruments of DTS. Notice the gauges. They're classic analog and light-enhanced for easy visibility. Another feature is the Driver Information Center, which provides a host of mechanical and functional data. You'll also find a Bose premium audio system with 275 watts of power, eight speakers, cassette, single-slot CD player, automatic volume compensation, and more. And for 2002, a GPS-based DVD Navigation system and Bose audio system is available. This new navigation technology can route you to virtually any destination in the continental USA and portions of Canada, talk you through the trip turn-by-turn, and track your progress on a real-time video map display. If you get lost now, don't blame DTS.

A unique convenience of DeVille is power adjustable safety belt shoulder anchors. Short or tall. Large or small, just slip into the seat of any DeVille and power your way to perfectly comfortable positioning.

22 / 23

### DHS: RESERVED SEATING. WITH A FLAIR.

DeVille DHS understands that you need your space. When it's just you and a companion in DHS, keep the fold-up center console in its full-down position. That way it provides a wide range of storage options while you enjoy a bucket seat effect. When you have to accommodate six, fold it up and essentially produce a full-width seat up front. As you'd expect in an automobile of DHS caliber, you'll have Nuance leather seating areas with heated front and rear outboard seats. Other amenities inside DHS include rear-seat overhead vanity mirrors, eight-way power adjustable front seats with power lumbar and massage, four-way power adjustment on outboard rear seats, leather- and wood-trim steering wheel, plus a power tilt and telescoping steering column. Overindulgent? Only for utilitarians.

## NIGHT VISION

AMONG ALL THE WORLD'S VEHICLES, ONLY DTS AND DHS OFFER YOU THE SAFETY ADVANTAGES OF NIGHT VISION. NIGHT VISION USES INFRARED SENSING TECHNOLOGY TO ALLOW YOU TO SEE UP TO FIVE TIMES FARTHER THAN YOUR LOW-BEAM HEADLAMPS CAN REACH. IT ALL BEGINS WITH A CAMERA-LIKE SENSOR IN THE GRILLE THAT READS THE "HEAT SIGNATURE" OF THE SCENE AND TRANSLATES IT INTO A VIDEO IMAGE THAT IS PROJECTED ONTO YOUR WINDSHIELD THROUGH A HEAD-UP DISPLAY ATOP THE INSTRUMENT PANEL. TO YOU, IT APPEARS TO FLOAT ABOVE THE HOOD. IT QUICKLY BECOMES A NATURAL CHECKPOINT. IN TIME, IT BECOMES INDISPENSABLE. A DEMONSTRATION CAN BE VIEWED AT CADILLAC.COM.

Night Vision's sensor/lens is located in the center of the grille for a clear view of the road ahead. The sensor is weather-resistant and unaffected by normal dust and road conditions.

## STABILITRAK 2.0

IN AN UNEXPECTED SITUATION, STABILITRAK 2.0 HELPS YOU KEEP THINGS UNDER CONTROL. STANDARD ON DTS, AN ARRAY OF SENSORS CONSTANTLY RELAYS VITAL INFORMATION TO ITS ONBOARD COMPUTER. THIS INCLUDES THE STEERING WHEEL ANGLE, THE POSITION OF EACH WHEEL, TRACTION, THE YAW OF THE VEHICLE, AND MORE. IF STABILITRAK DETECTS THAT THE CAR IS NOT RESPONDING ADEQUATELY TO STEERING INPUT, IT APPLIES A DISCREET AMOUNT OF PRESSURE TO THE PROPER FRONT BRAKE. THIS HELPS KEEP DTS ON TRACK. OVERALL, EXPERTS HAVE PROCLAIMED STABILITY ENHANCEMENT SYSTEMS SUCH AS STABILITRAK RANK WITH ABS AS A MAJOR ADVANCE IN AUTOMOTIVE SAFETY. ON THAT, WE'RE IN TOTAL AGREEMENT.

DTS's confident handling is enhanced by special springs, dampers, and aluminum control arms that reduce unsprung weight and help StabilTrak 2.0 work more effectively. A detailed description is provided at [cadillac.com](http://cadillac.com).

## NORTHSTAR

IT BEGAN AS AN ENGINE. EXPANDED TO A SYSTEM. THEN BECAME A LEGEND. AT ITS HEART IS A 32-VALVE DOHC NORTHSTAR V8 WITH UP TO 300 HP AND 295 FT-LBS OF TORQUE. IT FEATURES ROLLER VALVE LIFTERS, COIL-FIRED SPARK PLUGS, AND A LOW-FRICTION VALVETRAIN. BUT THE NORTHSTAR SYSTEM IS MORE THAN THIS. MUCH MORE. IT ALSO INCLUDES ANTI-LOCK FOUR-WHEEL DISC BRAKES, ALL-SPEED TRACTION CONTROL, SPEED-SENSITIVE STEERING, PLUS AVAILABLE STABILITRAK (STANDARD ON DTS). AN ONBOARD COMPUTER AND SOME VERY INGENUOUS PROGRAMMING COORDINATE IT ALL. RESULT: THE NORTHSTAR SYSTEM FULLY ORCHESTRATES AND CONSTANTLY REFINES DRIVING DYNAMICS TO HELP GIVE YOU IMPRESSIVE CONTROL, RESPONSE, AND A FEELING OF CONFIDENCE - WHEREVER YOU CHOOSE TO DRIVE.

## SATELLITE CONNECTIONS

THE "CONNECTIVITY" OF ADVANCED TECHNOLOGY IS BEHIND YOU WHEREVER YOU GO IN DEVILLE.

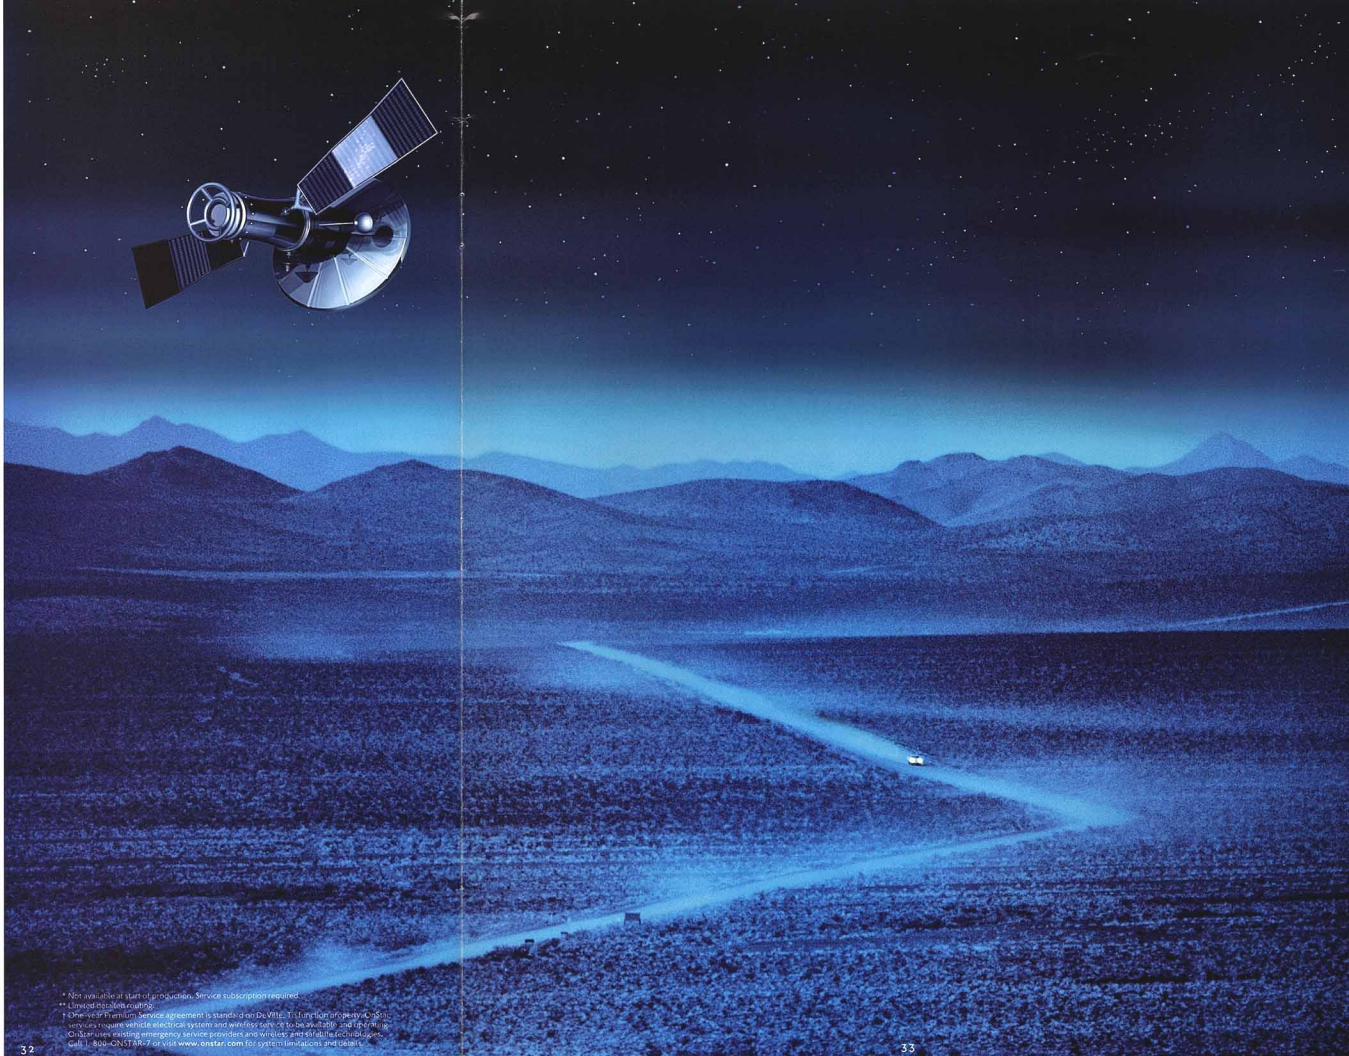

THE AVAILABLE XM SATELLITE RADIO SERVICE\* IS A PERFECT EXAMPLE. THIS COAST-TO-COAST, SATELLITE-BASED RADIO HAS UP TO 100 DIGITAL-QUALITY CHANNELS THAT OFFER MUSIC, SPORTS, TALK, AND MORE. CHOOSE WHAT YOU LIKE. THEN ENJOY XM RADIO'S DIGITAL-CLEAR SIGNAL ANYWHERE YOU TRAVEL. YOU MAY NEVER CHANGE RADIO STATIONS AGAIN.

BUT WHENEVER YOU CHANGE DIRECTION, DEVILLE'S AVAILABLE VOICE-ACTIVATED NAVIGATION SYSTEM CAN HELP YOU GET WHERE YOU WANT TO GO. IT'S SATELLITE/DVD-BASED, AND MAP COVERAGE INCLUDES VIRTUALLY ALL OF THE CONTINENTAL U.S. AND PORTIONS OF CANADA. JUST ENTER YOUR DESTINATION AND TOUCH A BUTTON, AND YOUR ROUTE IS MAPPED AND BROUGHT UP ON AN IN-DASH VIDEO SCREEN. THEN, THE NAV-SYSTEM'S VOICE TALKS YOU THROUGH THE ROUTE.\*\*

ANOTHER IMPORTANT CONNECTION FOR DEVILLE OWNERS IS ONSTAR. SIMPLY PRESS A BUTTON, THEN USE YOUR VOICE TO SPEAK WITH AN ONSTAR ADVISOR. THEY CAN PROVIDE A RANGE OF SAFETY, CONVENIENCE, AND CONCIERGE SERVICES.† IN DEVILLE, YOU'RE VERY WELL CONNECTED. INDEED.

\* Not available at start of production. Service subscription required.

\*\* Standard subscription.

† One-year Premium Service agreement is standard on Deville. Toll-free 24-hour property assistance only. Requires vehicle electrical system and wireless service to be available. See dealer for OnStar uses existing emergency service providers and wireless providers' full restrictions. Call 1-800-ONSTAR or visit [www.onstar.com](http://www.onstar.com) for system limitations and details.

## SAFETY

A PRIME EXAMPLE OF DEVILLE'S SAFETY SYSTEMS ARE ITS DUAL FRONT AIR BAGS.\* BUT DEVILLE ALSO HAS SIDE-IMPACT AIR BAGS FOR THE DRIVER AND RIGHT FRONT PASSENGER AND AVAILABLE REAR SIDE-IMPACT AIR BAGS FOR OUTBOARD PASSENGERS. IN ADDITION, THE FRONT SHOULDER HARNESSSES OF DEVILLE'S SAFETY BELTS ARE INDIVIDUALLY POWER ADJUSTABLE. PLUS THE FRONT SAFETY BELTS HAVE PRETENSIONERS TO INSTANTLY REDUCE SLACK IN CASE OF A COLLISION. THE INTERNAL BODY STRUCTURE OF DEVILLE IS ALSO DESIGNED TO HELP PROTECT YOU WITH FRONT AND REAR CRUSH ZONES THAT ABSORB FORCES WHILE A STALWART SAFETY CAGE AROUND THE PASSENGER COMPARTMENT RESISTS FORCE.

Available Ultrasonic Rear Parking Assist provides added safety and convenience to DeVille. Sensors in the rear bumper trigger audio and visual systems to warn you of certain stationary objects in your direct path as you back up at less than 3 mph.

A note on child safety: Always use safety belts and proper child restraints, even in vehicles with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more information.

\*Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Children are safer when properly secured in the rear seat. See the Owner's Manual for more safety information. Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained.

## IMPORTANT WORDS ABOUT THE CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in the information contained in this catalog. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process.

Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end models years at different times.

Note: Some photographs in this catalog show vehicles with optional equipment.

### GM ACCESSORIES

Visit [GMGoodwrench.com](http://GMGoodwrench.com) for information on genuine GM Accessories for DeVille.

### ENGINES

DeVilles are equipped with engines produced by different operating units of GM, its subsidiaries, or suppliers to GM worldwide.

### ASSEMBLY

DeVille and its components are assembled and produced by different operating units of General Motors, its subsidiaries, or suppliers to GM worldwide. We sometimes find it necessary to produce DeVilles with differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

### UPDATED SERVICE INFORMATION

Cadillac regularly sends its dealers useful service bulletins about Cadillac products. Cadillac monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins too. Ask your dealer. To get ordering information, call toll-free 1-800-551-4123.

### A NOTE ON CHILD SAFETY

Always use safety belts and proper child restraints, even in vehicles with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

### WARRANTY/CORROSION PROTECTION

The GM four-year/50,000-mile Gold Key Bumper-to-Bumper Limited Warranty covers repairs for any new DeVille, including parts and labor, to correct any defects in material or workmanship occurring during the warranty period. The complete vehicle will be covered for four years or 50,000 miles, whichever comes first, except adjustments and normal maintenance items. DeVilles are designed and built to resist corrosion. All body sheet metal components are warranted against rust-through corrosion for six years or 100,000 miles. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended. There is no deductible on any DeVille warranty. See your Cadillac dealer for terms of these limited warranties.

### SAFETY AND SECURITY

The following are just some of the features found on the 2002 DeVille:

#### OCCUPANT PROTECTION

- Adjustable upper belt anchors for outboard front safety belts
- Three-point lap and shoulder safety belts for all seating positions except front center
- Front center lap belts
- Air bags, driver and front passenger
- Automatic door locks
- Safety belt cinch capability for child seats
- Child security door locks
- Power window lockout

#### SECURITY

- Anti-lockout features
- Audible theft-deterrent system
- Battery rundown protection
- Laser-etched VIN plate
- PASS-Key theft-deterrent
- Remote deck lid release
- Remote hood release
- Remote keyless entry
- Stolen vehicle tracking/emergency communication (requires OnStar activation)

#### CRASH AVOIDANCE

- Anti-lock brakes, front and rear
- Brake/transmission shift interlock
- Disc brakes, front and rear, audible wear indicator
- StabilityTrak 2.0 stability enhancement (available)
- Steering wheel controls
- Tires with built-in tread wear indicators
- Traction control
- Automatic daytime running lamps
- Automatic windshield wipers
- Cornering lamps
- Door warning lights or reflectors
- Fog lamps
- Halogen headlamps
- Inside electrochromic rearview mirror
- Maintenance-free battery
- Outside power rearview mirrors, heated, electrochromic, driver's side
- Rear window defogger
- Side window defogger, front
- Tinted glass windshield
- Wiper-activated exterior lamps

## CADILLAC OWNER PRIVILEGES

BY DRIVING A DEVILLE, YOU'RE PART OF A SELECT GROUP THAT DESERVES SPECIAL PRIVILEGES. THESE INCLUDE 24-HOUR ROADSIDE SERVICE (PHONE 1-800-882-1112) AND TRIP INTERRUPTION PROTECTION. FREE ROADSIDE SERVICES INCLUDE: JUMP-STARTS, TOWING, LOCKOUTS, FUEL DELIVERY (FUEL CHARGES EXTRA), AND FLAT-TIRE CHANGES. TRIP INTERRUPTION PROTECTION CAN REIMBURSE YOU FOR EXPENSES INCURRED AS A RESULT OF A WARRANTED REPAIR THAT INTERRUPTS YOUR TRAVEL. ALTERNATE TRANSPORTATION IS ALSO AVAILABLE WHENEVER YOUR VEHICLE IS IN FOR WARRANTED REPAIRS. YOU CAN ALSO RELY ON THE GM BUMPER-TO-BUMPER LIMITED WARRANTY. ALL THIS COVERAGE IS IN EFFECT FOR THE FIRST 48 MONTHS OR 50,000 MILES OF OWNERSHIP, WHICHEVER COMES FIRST. SEE YOUR DEALER FOR COMPLETE DETAILS, TERMS, AND CONDITIONS OF THESE PROGRAMS AND THE GM LIMITED WARRANTY.
