

INFINITI 2003 M45

INFINITI

Can a muscle car have a high I.Q.?

It can recognize your voice and fulfill your requests! It knows the way to almost any destination and can navigate you there! It understands that people are comfortable at different temperatures and thoughtfully provides front-seat passengers the ability to choose. But just because this sedan is heavy on smarts doesn't mean it's light on muscle. Beneath its chiseled hood lies a class-leading 340 horsepower¹ V8 engine, with 333 lb-ft of torque for chest-beating acceleration. Horsepower meets brainpower: the new Infiniti M45.

¹ See page 23 for availability.

² Based on World's Upper Luxury Class and Middle Luxury Class, comparably equipped sedans. Excludes other Infiniti models.

Introducing genius you can drive.
The powerful Infiniti M45.

M45 shown with optional Comfort and Convenience Package and Premium Package.

It's like starting your day with an invigorating workout.

Stretch out on the sport-bolstered, leather-appointed seats and get ready for action. The 340 horsepower V8 engine with 333 lb-ft of torque is pure muscle. Touch the throttle and watch your heart rate soar as you push past all other cars on the road. It's the best workout you can get without breaking a sweat.

PERFORMANCE

ROBUST POWER AND INTELLIGENT ENGINE
TECHNOLOGIES COMBINE TO MORE THAN
SATISFY THE DRIVING ENTHUSIAST.

1 INFINITI TORQUE DEMAND (ITD) Conquers hills with smooth and steady speed without additional throttle input from the driver. It works by automatically modulating engine output and transmission response.

2 VARIABLE INDUCTION SYSTEM Improves off-the-line acceleration and enhances passing power through optimizing airflow at both low and high speeds.

3 CRISP HANDLING Unparalleled feel achieved through a rigid platform, stiffened by a front strut tower brace and supported by an independent sport-tuned suspension. Aluminum-alloy components reduce weight for superior response. Steering is enhanced through a vehicle-speed-sensing power rack-and-pinion setup, with varying resistance for greater control at higher speed and easier low-speed maneuvering.

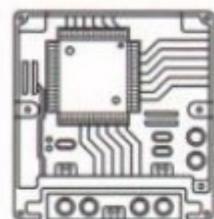

fig. 1

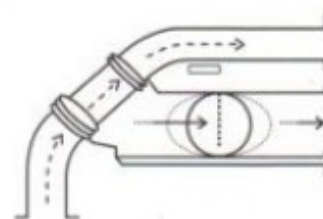

fig. 2

340 HP, AND THE INTELLIGENCE TO KNOW HOW TO USE IT. The M45 gets its class-leading 340-hp¹ and 333 lb.-ft of torque from a 4.5-liter DOHC 32-valve V8 engine, with aluminum-alloy block and heads and lightweight titanium valves that reduce weight while increasing performance and durability. The intake valves and exhaust system self-adjust to maximize engine efficiency. The 5-speed automatic transmission with manual shift mode has an adaptive learning algorithm that monitors your driving style and adapts its shift points accordingly, for performance precisely the way you use it.

¹ Based on Ward's Upper Luxury Class and Middle Luxury Class, comparably equipped sedans.
Excludes other INFINITI models.

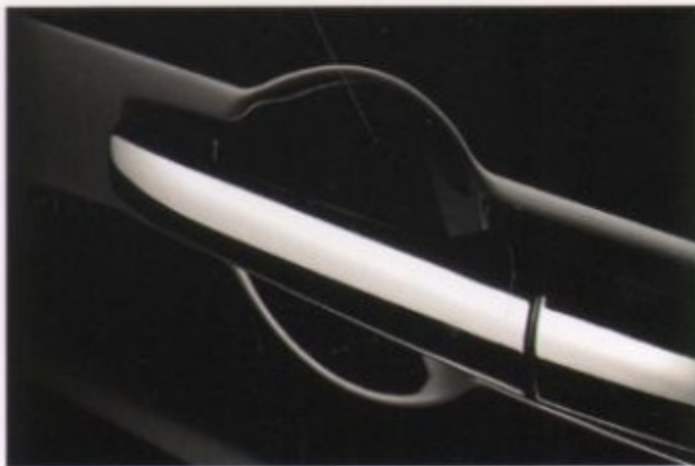

Strength and intellect are a powerful combination.
Expect some staring.

THOUGHTFUL. IN EVERY DETAIL.

Consider the M45's exterior. Designed to communicate strength and integrity in each graceful curve and every deliberate line, as if carved from a single piece of stone. A stealthy, muscular physique furthers this thought and hints at the potent engine under the hood. Yet even the smallest details reveal Infiniti's desire to always think ahead. Like putting turn signal indicators on the outside mirrors and carefully sculpting the sheet metal to let it slip quietly through the wind.

INTERIOR

IN THE M45'S CABIN, INGENUOUS REFINEMENTS LET YOU ENJOY THE PRECISE LEVEL OF COMFORT YOU'RE LOOKING FOR.

ISN'T IT TIME AN AUTOMOBILE FINE-TUNED YOUR COMFORT LEVEL? Every aspect of your comfort is precision-controlled in the M45. A sun sensor automatically selects the proper ventilation outlets based on sunlight intensity. To help keep that air free from pollen and particles, it's microfiltered before entering the cabin. In front, dual-zone climate controls let you adjust temperature to two distinct settings. You like it cool and your passenger likes it warmer? Consider it done. You can even request available climate-controlled front seats, which cool or heat to your liking. And because the M45 prides itself on being thoughtful, it can remember your settings for you, including outside mirrors and steering wheel to match your driver's seat position! The driver's seat even slides back and the wheel moves up when you exit, then both return exactly where they were upon reentering.

1 CLIMATE-CONTROLLED FRONT SEATS Circulates cool or warm air through the driver and front-passenger seatbacks and bottom cushions to cradle you in comfort.

2 BOSE® 225-WATT AUDIO SYSTEM Seven speakers of perfection: Enhanced audio through AudioPilot™ technology that digitally monitors ambient noise for optimum sound and a 6-disc CD autochanger conveniently located in the glove compartment.

3 SATELLITE RADIO-READY Leave the state, leave the time zone, without leaving your station. Optional satellite radio¹ lets you enjoy digital-quality sound in a variety of formats, such as news, jazz, hip-hop, and rock. And it comes fully integrated into the M45's audio system, awaiting only your choice of either Sirius or XM® services.

4 SPORT-BOLSTERED SEATING Soft, Italian Sojourner leather-appointed seats offer the driver a 10-way adjustable fit with a power lumbar support.

¹ See page 23 for availability.

² Includes activation fee and two months of service. Additional service subscription sold separately. The XM name and related logos are registered trademarks of XM Satellite Radio Inc. Sirius and related marks are trademarks of Sirius Satellite Radio Inc. All rights reserved.

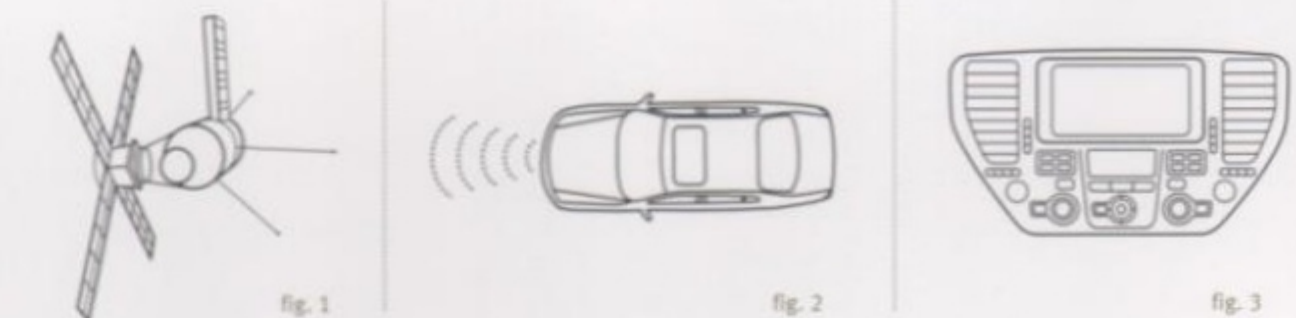

M45 shown with optional Comfort and Convenience Package, Premium Package and Natural-colored wood trim.

M45 DELIVERS ON THE TRUE PROMISE OF
TECHNOLOGY WITH FEATURES THAT LET YOU
ENJOY GREATER FREEDOM AND CONTROL.

TECHNOLOGY

YOU SPEAK. IT RESPONDS. Say "audio on" and the audio system comes to life. Wish the cabin were cooler? Just say what temperature you'd like, and the cabin will instantly start to cool down. It turns out, the M45 is a very good listener, thanks to available Infiniti Voice Recognition, using Visteon Voice Technology.¹ Operate many cabin electronics without removing your hands from the steering wheel or taking your eyes off the road. The audio system, climate control and available Infiniti Navigation System² can all respond to voice commands. Now, your spoken wish is the M45's command.

1 INFINITI NAVIGATION SYSTEM¹ It uses Global Positioning System (GPS) satellites to pinpoint your present location. Simply input your destination, and the system calculates your route and speaks to you as you drive, telling you exactly where to turn. With Birdview,² you can see your route in 3-D from an elevated perspective, giving you a better sense of where you are. Travelling far? Thanks to DVD-based mapping, you've got the entire continental U.S. on one disc.

2 INTELLIGENT CRUISE CONTROL³ A laser sensor and digital rangefinder at the front of the M45 detects cars ahead. If the lane ahead is clear, the system will maintain the set speed. If slower traffic is detected, the M45 will reduce speed and/or brake to match the speed of cars ahead. When traffic clears, the original speed is resumed.

3 VEHICLE INFORMATION SYSTEM The central LCD screen displays the climate control, available Infiniti Navigation System, trip computer, fuel economy, maintenance reminders, audio system functions, and available tire pressure monitor.

4 TIRE PRESSURE MONITOR Operable at speeds above 20 mph, the available tire pressure monitor allows you to check the air pressure in all four tires via the Vehicle Information System inside your M45.

Visteon Voice Technology[™]

¹ Factory-installed option. Never program while driving. Requires accurate GPS service to be available and operating for features to function properly. Mapping may not be detailed in all areas. Some Infiniti dealers may not appear on the current mapping areas. Periodic updates to the DVD will be available for an additional cost. See your Infiniti dealer for details.

² Optional Intelligent Cruise Control is not a collision avoidance or warning device. For highway use only and not intended for congested areas or city driving. The system will not brake automatically to a stop. Failure to apply the brakes could result in an accident.

M45 available Infiniti Navigation System shown with dark contrast setting.

SAFETY

ENGINEERED SMART ENOUGH TO HELP YOU AVOID AN ACCIDENT AND STRONG ENOUGH TO HELP WITHSTAND ONE.

ACTIVE SAFETY. While an automobile can help protect you in the event of a collision, it's best to avoid an accident altogether. Fortunately, the Infiniti M45 has a number of built-in safety features that complement your reflexes and quick thinking. High Intensity Discharge (HID) xenon headlights, for instance, help you spot trouble at night and help you avoid it. The chassis itself, built stiff and rigid by design, allows the suspension to react quickly and nimbly in emergency situations. So, when you need to move in a hurry, rest assured you have crisp handling to match its swift acceleration. Enhancing these inherent qualities are numerous advanced active safety technologies to help you stay in control in varying conditions.

1 4-WHEEL ANTI-LOCK BRAKING SYSTEM (ABS) You are already braking for a turn when a man unexpectedly steps off the curb. M45's 4-wheel, 4-channel ABS helps you maintain stable control by helping to prevent wheel lockup when braking, so you may steer around him.

2 ELECTRONIC BRAKE FORCE DISTRIBUTION (EBD) You're driving three colleagues to a business meeting. Are your brakes optimized for the added weight? To help optimize braking performance for a variety of vehicle loads, EBD adjusts the amount of brake force applied to the front and rear wheels for improved braking performance, reduced front-end "dive" under braking and more even brake wear.

3 BRAKE ASSIST Unexpectedly, a cyclist pulls out in front of you. Can you stop in time? In emergency braking situations, many drivers don't brake hard enough, soon enough. Brake Assist monitors how you apply the brakes and, sensing emergency braking, applies maximum brake force for potentially shorter stops. And vented discs at every wheel make for some impressive stopping power.

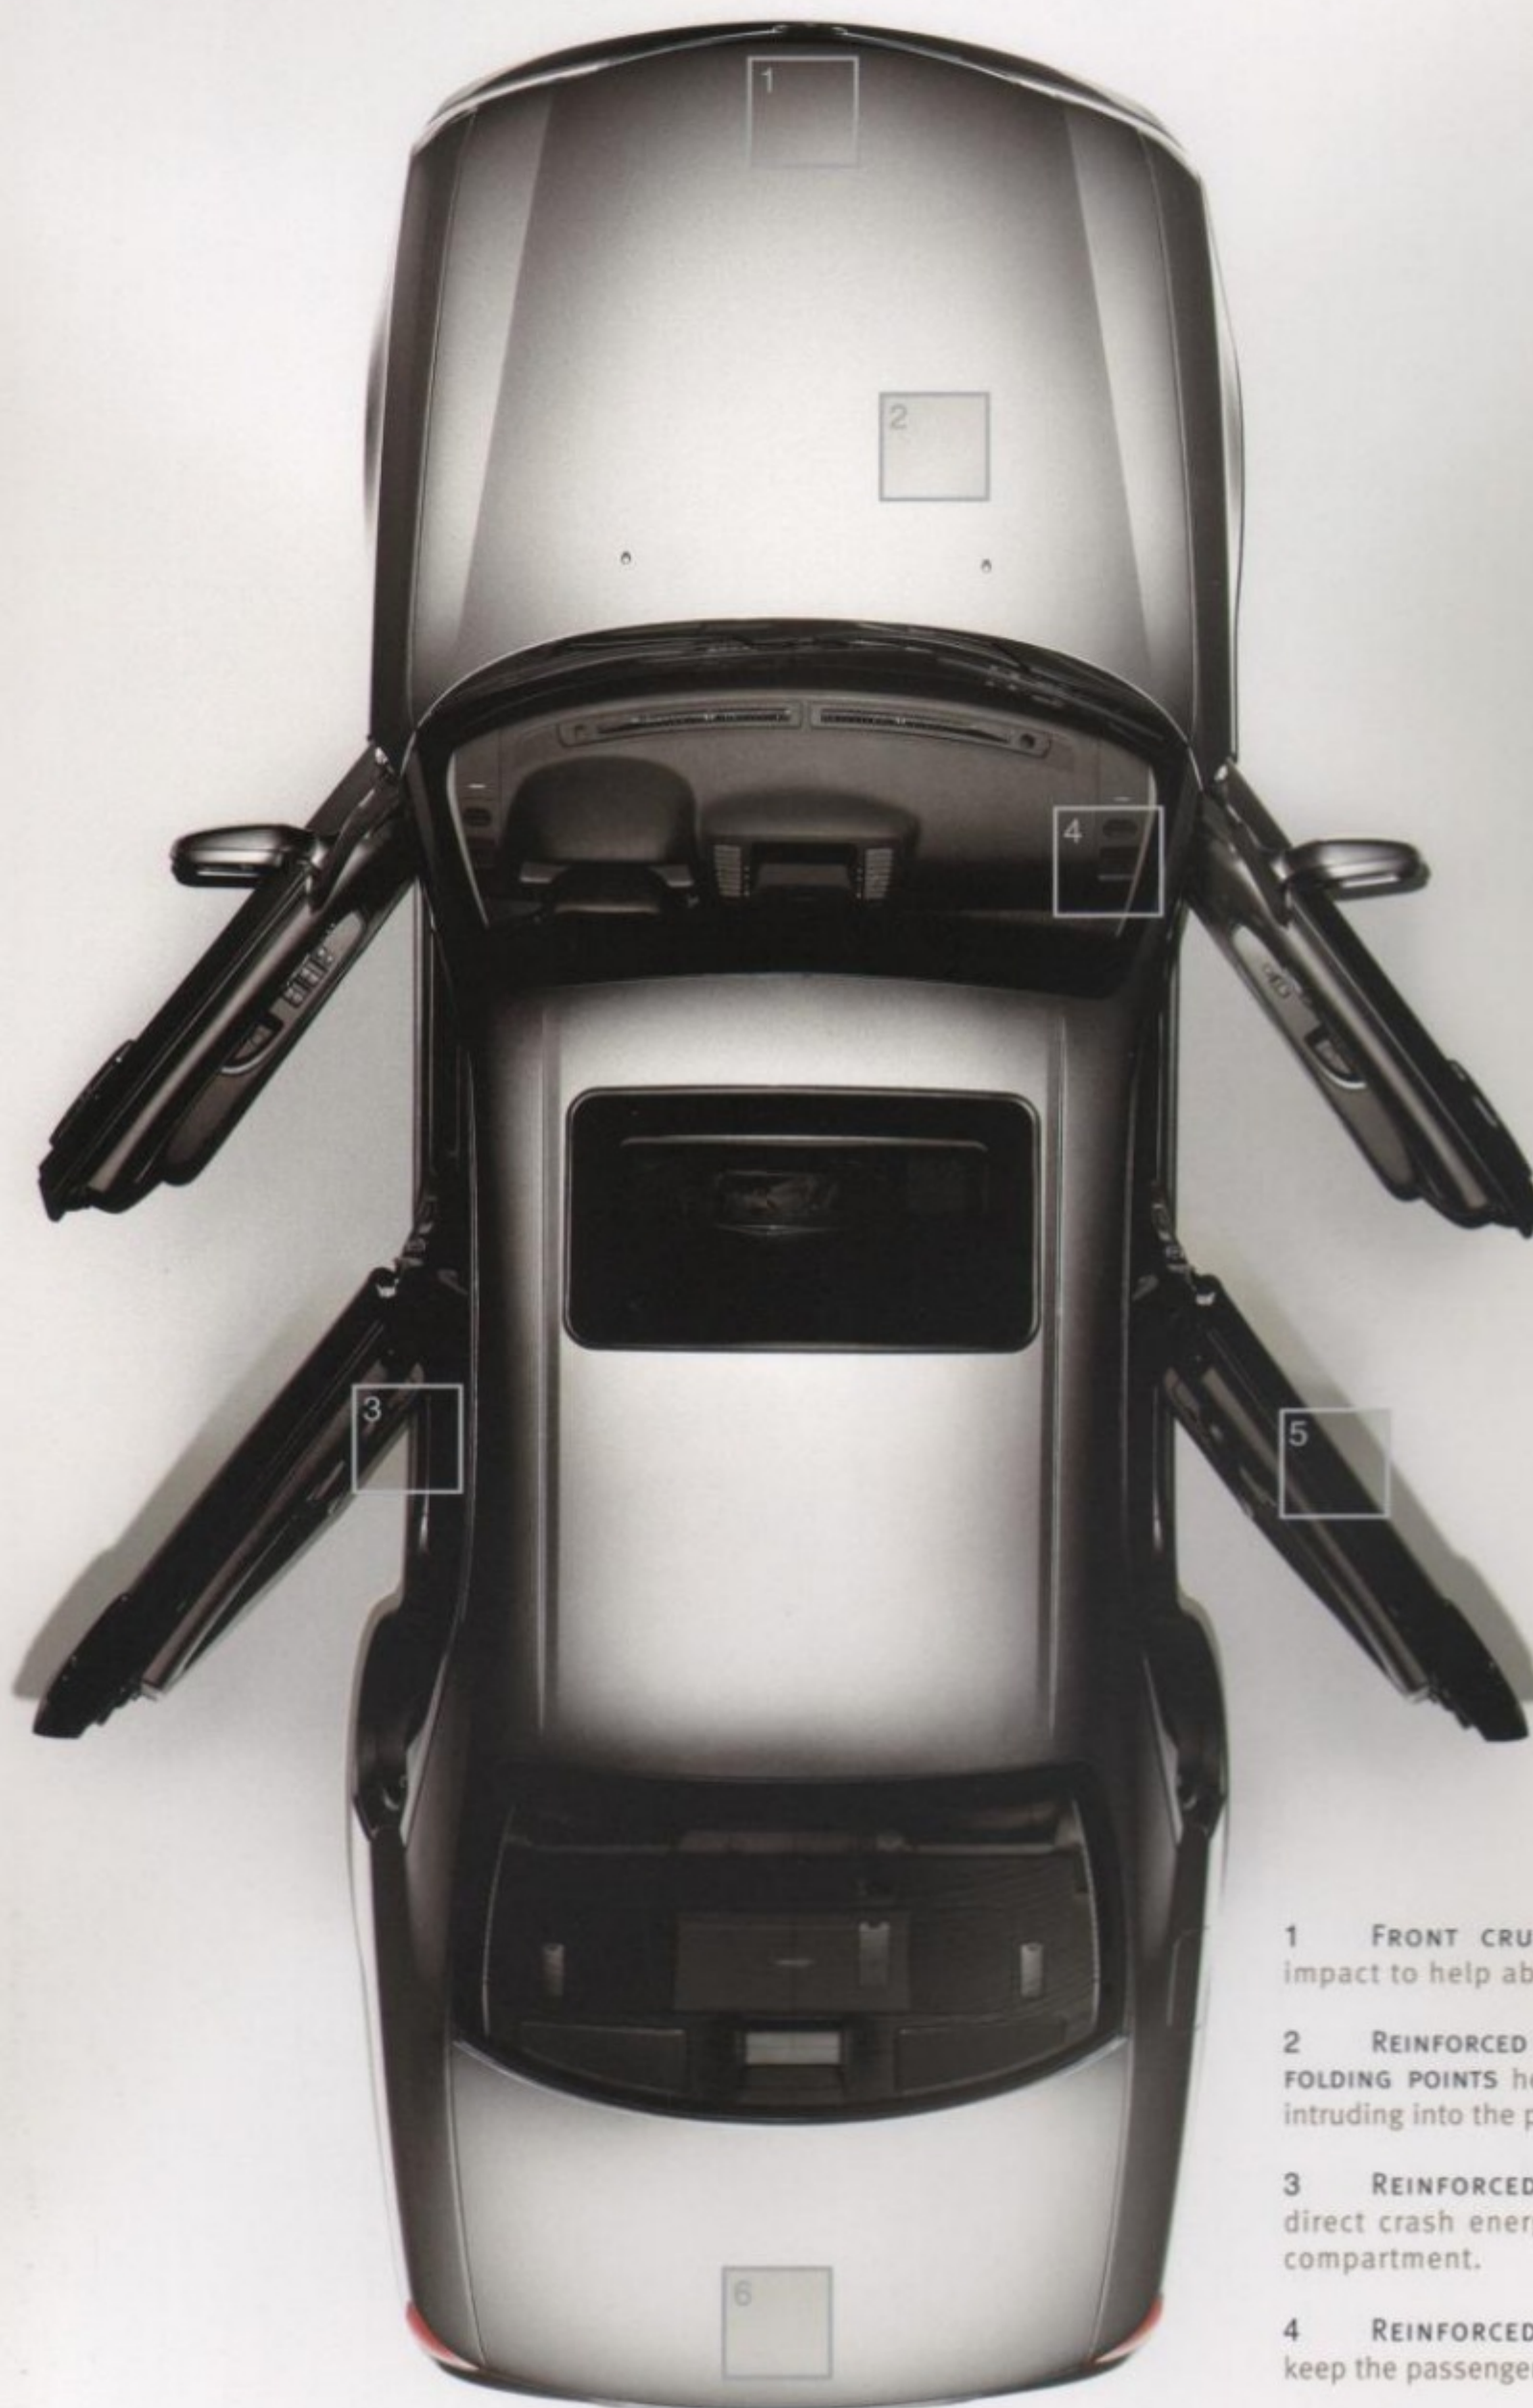

4 INFINITI VEHICLE DYNAMIC CONTROL (VDC)¹ Turning a corner is simple enough, but what if the pavement is slick? Thankfully, the M45's available VDC uses an array of sensors to help determine your intended path and keep you in control and out of harm's way. If the vehicle begins to understeer (plow forward) or oversteer (fishtail), VDC can apply appropriate brake pressure to individual wheels and/or reduce engine output to help you hold to the intended path.

5 TRACTION CONTROL SYSTEM Accelerating away from a corner, you encounter slippery railway tracks. M45's Traction Control System senses wheelspin and automatically reduces engine output to help give you a surer foothold under acceleration.

You can't always foresee the unexpected. Luckily, the M45 can help.

¹ VDC system is designed to help improve driving stability, but does not prevent accidents due to abrupt steering or by careless or dangerous driving techniques. Always drive safely.

PASSIVE SAFETY. At Infiniti, helping to protect you and your passengers in the event of a collision is a job we take very seriously. That's why the M45 incorporates energy-absorbing crumple zones and steering column. A reinforced body structure that helps transfer impact forces around the passenger compartment. Even front seat belt pretensioners that automatically help tighten the belts when the air bags deploy, yet give a little to help limit the load transferred to your body.

- 1 **FRONT CRUMPLE ZONE** deforms on impact to help absorb crash forces.
- 2 **REINFORCED STOPS AND PREDETERMINED FOLDING POINTS** help prevent the hood from intruding into the passenger compartment.
- 3 **REINFORCED BODY STRUCTURE** helps direct crash energy around the passenger compartment.
- 4 **REINFORCED PILLARS AND ROOF** help keep the passenger compartment intact.
- 5 **SIDE-DOOR GUARD BEAMS** help prevent intrusion into the passenger compartment.
- 6 **REAR CRUMPLE ZONE** deforms on impact to help absorb crash forces.

TESTING Each year, we perform over 1,600 crash simulations to predict and refine the safety of our vehicles. And we perform over 800 actual crash tests to evaluate and improve the safety performance of our vehicles. The protective safety features described on these pages are the end result of this exhaustive effort.

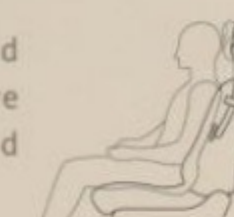

DUAL-STAGE AIR BAGS¹ Driver and front-passenger air bags deploy at different force levels, depending on crash severity and seat belt usage.

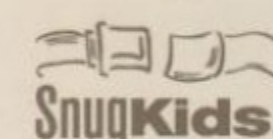

SEAT-MOUNTED SIDE-IMPACT AIR BAGS¹ Unlike some competitive designs, the M45's side-impact air bags are placed in the front seat side bolster. They help maintain optimal positioning as you adjust your seat.

ROOF-MOUNTED CURTAIN SIDE-IMPACT AIR BAGS¹ Deployed from the headliner above the side windows, roof-mounted curtain side-impact air bags help protect front and outboard rear occupants from head injury in certain side-impact collisions.

ACTIVE HEAD RESTRAINTS In certain rear-end collisions, active front seat head restraints move upward and forward to help cushion the head and assist in reducing whiplash-type injuries.

PROTECTIVE PIPE-STYLE STEEL SIDE-DOOR GUARD BEAMS High-strength tubular steel reinforcements in each door of the Infiniti M45 help to protect the passengers by helping to prevent passenger compartment intrusion in certain side impacts.

SNUG KIDS™ The first venture of its kind, Snug Kids is our on-line guide to selecting and correctly installing a child restraint seat for your Infiniti automobile. Our safety engineers evaluated over 50 different child restraint seats by installing them in every Infiniti car and SUV. Visit Infiniti.com to view or download the results and recommendations.

LATCH SYSTEM Stands for Lower Anchors and Tethers for Children. This system helps simplify proper installation of child restraint seats. The M45 is equipped with LATCH hardware for use with compatible child restraint seats.

ADVANCED BODY STRUCTURE M45's highly reinforced passenger compartment is designed to help protect occupants by helping to maintain the integrity of the occupant space on impact. For side impacts, an energy-transferring body structure helps direct energy around the passenger compartment.

CRUMPLE ZONES Designed to deform on impact, these help absorb energy before it reaches occupants. Even the hood is designed to deform at pre-determined points, helping to prevent intrusion into the passenger compartment.

¹ Please keep in mind that air bags are a supplemental restraint system and must always be used in conjunction with the seat belt. Also, a rear-facing child restraint must never be placed in the front-passenger's seat. In fact, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats or seat belts, according to their size. Driver and front-passenger side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags are designed to inflate in higher severity side collisions and inflate only on the side of the vehicle impacted. Please see your owner's manual for more details. Inflated air bags shown on this page are for illustration purposes only. Actual air bags deflate after deployment.

SPECS

SPECIFICATIONS

DRIVETRAIN

Engine	4.5-liter (4,494 cc) V8, aluminum-alloy block and heads. Low-friction molybdenum-coated pistons.
Valvetrain	DOHC, 4 valves per cylinder with microfinished camshafts. Titanium intake and exhaust valves. Continuously Variable Valve Timing Control System (CVTCS) for intake valves. Variable-flow induction system optimizes airflow for low- and high-speed operation.
Intake system	340 hp @ 6,400 rpm
Horsepower	333 lb-ft @ 4,000 rpm
Torque	Direct ignition system with platinum-tipped spark plugs.
Ignition	Electronically controlled variable-capacity muffler.
Exhaust	Electronically controlled 5-speed automatic. Driver-adaptive learning algorithm senses driving style and adjusts automatic shifting accordingly. Manual shift mode offers sequentially selected manual gearshifts.
Transmission	ITD improves vehicle response to throttle input and helps maintain vehicle speed while ascending hills by automatically modulating engine output and transmission shift response.
Infiniti Torque Demand (ITD)	17 mpg city/23 mpg highway
EPA estimated fuel economy ¹	

STEERING

Type	Vehicle-speed-sensing variable-assist power rack-and-pinion.
Turns	2.9 (lock-to-lock)
Turning circle	40.0 feet (curb-to-curb)

SUSPENSION

Front	Independent, Sport-tuned strut with forged aluminum lower control arm, strut-tower brace and stabilizer bar.
Rear	Independent, Sport-tuned multi-link with forged aluminum components, coil springs, outboard shock absorbers and stabilizer bar.

BRAKES

Front	11.4 x 1.1-inch ventilated discs.
Rear	11.5 x 0.6-inch ventilated discs.
Anti-lock Braking System	4-wheel, 4-channel ABS.
Brake Assist	Brake Assist senses emergency-braking situations via how the driver depresses the brake pedal. If emergency-braking is detected, Brake Assist applies maximum brake force until the brake pedal is released.
Electronic Brake force Distribution (EBD)	EBD varies front-to-rear brake proportioning based on vehicle load, for improved braking performance.

TRACTION AND DIRECTIONAL STABILITY

Traction Control System (TCS)	TCS senses wheelspin while accelerating, and automatically reduces engine output to help regain traction.
Infiniti Vehicle Dynamic Control (VDC) ²	VDC compares the driver's input to the vehicle's response while cornering. By selectively braking individual wheels and/or reducing engine output, VDC can help the driver maintain control of the vehicle.

WHEELS AND TIRES

Wheels	8-spoke, 7.5 x 18-inch aluminum alloy.
Tires	
Standard	235/45R18 W-rated performance.
Optional	235/45R18 V-rated all-season performance.
Spare tire	
Standard	Temporary use, 135/90D16.
Optional	Full-size, full-use 235/45R18 V-rated all-season or W-rated performance spare tire with matching aluminum-alloy wheel.

DIMENSIONS

Coefficient of drag	0.31
Overall length	197.2 inches
Wheelbase	110.2 inches
Overall width	69.7 inches
Tread width	59.4 inches/59.4 inches (front/rear)
Overall height	57.6 inches
Headroom	
without sunroof	39.8 inches/37.3 inches (front/rear)
with sunroof	37.8 inches/37.3 inches (front/rear)
Legroom	42.1 inches/32.5 inches (front/rear)
Shoulder room	54.7 inches/54.1 inches (front/rear)
Hip room	54.6 inches/52.7 inches (front/rear)

CAPACITIES AND WEIGHTS

Interior volume	91.0 cubic feet (87.9 cubic feet with sunroof)
Cargo volume	13.4 cubic feet (12.6 cubic feet with full-size spare tire)
Fuel capacity	21.1 gallons
Curb weight	3,851 pounds
Weight distribution	54/46 percent (front/rear)

STANDARD FEATURES

EXTERIOR

- High Intensity Discharge (HID) xenon low-beam headlights with auto-on/off and driver-selectable level control
- Front fog lights
- UV-cut tinted glass reduces transmission of radiant heat to vehicle's interior
- Power outside mirrors with integrated turn signals, linked to driver's seat memory (if equipped)
- Speed-sensing wipers increase intermittent wipes as vehicle speed increases
- Stainless steel door-sill plates
- Rear window defroster with timer
- Dual stainless exhaust tips

INTERIOR

- Dual-zone Automatic Temperature Control with microfiltration; sun sensor automatically selects ventilation outlets (windshield, dash and/or floor) based on sunlight intensity, cabin and outside temperature
- Rear console-mounted vents and rear-seat heater ducts under front seats
- Outside temperature display
- Power windows with illuminated switches and one-touch up/down with anti-pinch feature for front windows and sunroof (if equipped)
- Power door locks with selective unlocking (driver's door only or all doors plus fuel door)
- Power trunk and fuel-filler door releases
- Retained accessory power for windows and sunroof
- Illuminated entry/exit system with delayed fade-out
- Front double sun visors with extenders and illuminated vanity mirrors
- Overhead sunglasses storage
- Dual overhead front and rear map lights
- Front seatback map pockets
- Dual front and rear cup holders
- Front armrest with dual-level storage compartment and external 12-volt power outlet
- Fold-down rear-center armrest with storage compartment
- Front and rear carpeted floor mats
- Trunk cargo net

INSTRUMENTATION AND DRIVER CONTROLS

- Vehicle Information System with 5.8-inch color LCD screen; includes trip computer (elapsed time, distance and average speed), fuel economy information (instant, average and distance to empty), maintenance reminder
- Fine-vision electronic analog instrumentation with amber LED lighting
- Dual digital trip odometers
- Power tilt and telescoping steering wheel; linked to driver's seat memory (if equipped)
- Cruise control
- Steering-wheel-mounted controls for common audio functions, cruise control and Infiniti Voice Recognition activation (if equipped)
- Infiniti analog clock

SEATING AND TRIM

- Sport-bolstered front seats
- 10-way power driver's seat with power lumbar adjustment
- 4-way power passenger's seat
- Driver-selectable entry/exit assist slides driver's seat rearward and steering wheel upward when exiting vehicle; returns both after entering
- Leather-appointed interior with Sojourner leather
- Smoke-colored genuine bird's-eye maple interior trim
- Leather-trimmed steering wheel and shift knob

AUDIO

- Bose® premium 225-watt, 7-speaker audio system with AM/FM/cassette, 6-disc CD autochanger in glove compartment and Radio Data System (RDS). Includes two dash-mounted high-frequency speakers, four door-mounted speakers and one 10-inch woofer
- Bose AudioPilot™ noise-compensation technology monitors interior sound levels and automatically boosts frequencies affected by road noise, with no perceived change in volume
- Dual in-glass diversity antennas. The radio tuner compares the signal strength of both antennas, and automatically selects the strongest signal

SECURITY

- Electronic key with integrated keyfob; includes integrated backup mechanical key for unlocking purposes
- Remote keyless entry system with selective unlocking of driver's door or all doors plus fuel door
- Remote power-opening of windows; opening and closing via backup mechanical key in exterior door lock
- Trunk closing assist securely latches trunk lid when lowered
- Infiniti Vehicle Immobilizer System embeds an encoded transponder chip into the electronic key. The engine control computer will not allow the engine to start without the correct transponder signal
- Vehicle Security System sounds alarm if intrusion via doors, hood or trunk is detected
- Battery saver helps prevent accidental discharge if electrical accessories are left on

OCCUPANT SAFETY

- Dual-stage front supplemental air bags³ with seat belt sensors
- Driver and front-passenger side-impact supplemental air bags³
- Roof-mounted curtain side-impact supplemental air bags³ for front- and rear-seat occupant head protection
- Front and rear head restraints for outboard occupant positions. Active front head restraints move forward and upward in certain rear-impact collisions to help reduce whiplash-type injuries
- 3-point height-adjustable front seat belts with pretensioners and load limiters, driver's seat Emergency Locking Retractor (ELR) and passenger's seat ELR and Automatic Locking Retractor (ALR)
- 3-point rear seat belts with ELR and ALR
- LATCH System (Lower Anchors and Tethers for Children) helps simplify proper installation of compatible child restraint seats
- Emergency inside trunk release
- First-aid kit
- Snug Kids offers recommendations for choosing and installing child restraint seats. Please visit Infiniti.com for details.

OPTION PACKAGES

Comfort and Convenience Package

- Tire pressure monitor
- Full-size spare tire, with matching aluminum-alloy wheel
- Memory system for driver's seat, steering wheel and outside mirrors
- Dual heated power outside mirrors
- Automatic anti-glare inside and driver's outside mirrors with selectable right- or left-side reverse-gear tilt-down
- Electronic compass within inside mirror
- HomeLink® Universal Transceiver offers control for compatible garage doors and home security systems

Premium Package

- Climate-controlled front seats, with internal ventilation; provide cooling and heating functions
- Power sliding tinted glass sunroof with one-touch open/close, tilt feature and sliding sunshade
- Infiniti Voice Recognition, using Visteon Voice Technology,™ for audio, climate control and optional Infiniti Navigation System

Requires Comfort and Convenience Package.

Premium Package - Chrome Wheels

- Includes all Premium Package contents
- Chrome-finished 18-inch aluminum-alloy wheels

Requires Comfort and Convenience Package.

Technology Package

- Infiniti Navigation System⁴ with 7.0-inch color LCD screen, Birdview™ and DVD-ROM database
- Intelligent Cruise Control⁵ uses computerized laser sensors and a digital rangefinder to identify vehicles ahead while automatically maintaining the preset following distance

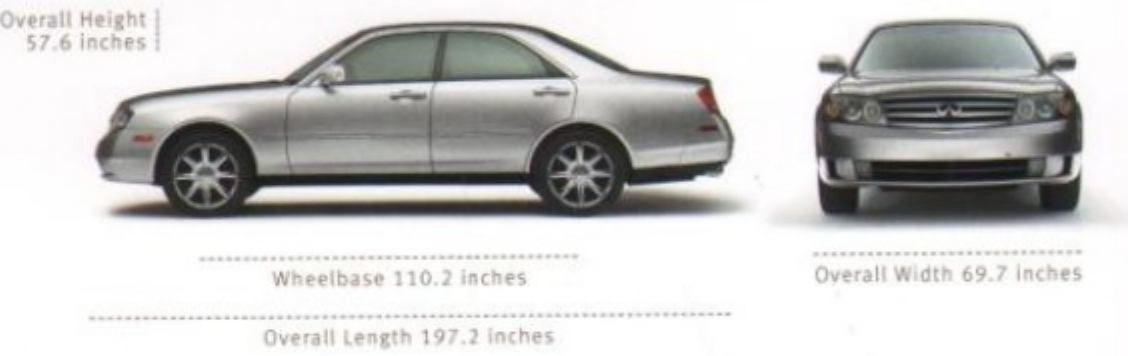

Requires Premium Package or Premium Package - Chrome Wheels.

INDIVIDUAL OPTIONS

- Power sliding tinted glass sunroof with one-touch open/close, tilt feature and sliding sunshade
- Included with Premium Package and Premium Package - Chrome Wheels.
- Natural-colored genuine bird's-eye maple interior trim; includes interior trim and shift knob
- 235/45R18 V-rated all-season performance tires
- Satellite radio (choice of XM or Sirius service providers)⁶
- Carpeted trunk mat
- Rear spoiler
- Splash guards

DEALER-INSTALLED ACCESSORIES

- Air bag anti-theft bolt ■ All-season rubber floor mats ■ Battery warmer ■ Carpeted trunk mat ■ Nose mask ■ Rear spoiler ■ Roadside Emergency Kit ■ Satellite radio (choice of XM or Sirius service providers)⁶ ■ Seat-belt extender ■ Splash guards ■ Sunroof wind deflector ■ Vehicle cover optional lock ■ Wheel locks

¹ 2003 EPA Fuel Economy Estimates. Actual mileage may vary with driving conditions. Use for comparison only.
² Infiniti VDC system is designed to help improve driving stability but does not prevent accidents due to abrupt steering or by careless or dangerous driving techniques. Always drive safely.
³ Please keep in mind that air bags are a supplemental restraint system and must always be used in conjunction with the seat belt. Also, a rear-facing child restraint must never be placed in the front-passenger's seat. In fact, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats or seat belts, according to their size. Driver and front-passenger side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags are designed to inflate in higher severity side collisions and inflate only on the side of the vehicle impacted. Please see your owner's manual for more details.
⁴ Factory-installed option. Never program while driving. Requires accurate GPS service to be available and operating for features to function properly. Mapping may not be detailed in all areas. Some Infiniti dealers may not appear on the current mapping areas. Periodic updates to the DVD will be available for an additional cost. See your Infiniti dealer for details.
⁵ Optional Intelligent Cruise Control is not a collision avoidance or warning device. For highway use only and not intended for congested areas or city driving. The system will not brake automatically to a stop. Failure to apply the brakes could result in an accident.
⁶ Includes activation fee and two months of service. Additional service subscription sold separately.

OWNERSHIP

INFINITI. THE TOTAL OWNERSHIP EXPERIENCE. A COMMITMENT THAT'S AS THOUGHTFUL AS THE M45.

PREMIUM AUTOMOTIVE MACHINERY IS ONLY PART OF A PREMIUM AUTOMOTIVE EXPERIENCE. And quality is much more than a collection of features on an automobile. It is a way of doing business. The understanding that when you purchase a car in this class, you should expect treatment and support of the same caliber. We built these beliefs before we built our first car. And you'll recognize their value the very moment you arrive at an Infiniti dealer, where courteous personnel and attentive service make shopping a pleasure. You'll notice it in the way we build our vehicles, and the way we support them for years to come. As an Infiniti driver, you'll enjoy our commitment with a host of premium services like 24-hour Roadside Assistance, a complimentary Infiniti Service Loan Car and Trip Interruption Benefits.¹ From the showroom to our web site and beyond, your ownership experience will be complete. Sound satisfying? Read on to discover how we do it.

1 COMMITMENT To offer a superior product representing excellent value, presented in a unique environment. To honor our guests and treat them with respect during the buying process. To give our customers outstanding service throughout their ownership, so that they may enjoy an ongoing relationship with knowledgeable people. To be completely committed to ensuring total satisfaction for our customers.

2 SERVICE LOAN CAR PROGRAM When you make an appointment and drop off your vehicle for warranty service at participating Dealers, a complimentary Infiniti Service Loan Car will be waiting.²

3 ROADSIDE ASSISTANCE PROGRAM 4-year/unlimited-mileage includes: Trip Interruption Benefits, 24-hour toll-free customer assistance number, battery boost, lock-outs, flat tires, out-of-gas and accident towing.³

4 MY INFINITI Our goal is to provide owners with a premium quality vehicle and an outstanding ownership experience that doesn't end when you drive away from the showroom. To that end, we've created the "My Infiniti" section of the infiniti.com web site, which further reflects our commitment to serving Infiniti owners' needs. There you can find easily accessible maintenance schedules and warranty information, as well as details on periodic events or benefits exclusively available to Infiniti owners. From our excellent products, to quality service, to our comprehensive 24-hour Roadside Assistance.⁴

5 STANDARD INFINITI LIMITED WARRANTIES 4-year/60,000-mile Basic coverage ■ 5-year/50,000-mile Emission Control coverage ■ 6-year/70,000-mile Powertrain coverage ■ 7-year/unlimited-mileage Corrosion coverage ■ 10-year/unlimited-mileage Seat Belt Warranty ■ Only Genuine Infiniti Accessories are covered by Infiniti's 4-year/60,000-mile Basic coverage when purchased at the time of vehicle sale. ■ An optional Infiniti Extended Protection Plan offers coverage up to 7 years/100,000 miles.

See your local Infiniti dealer for details and read the warranty booklet.

6 A FEW FINANCING OPTIONS TO CONSIDER Once you've decided to own an Infiniti, come directly to us at Infiniti Financial Services. With *SignatureFINANCING*,⁵ you can benefit from competitive rates for new and pre-owned vehicles, or take advantage of our tempting *SignatureLEASE*⁶ program. You may also alleviate the hassle of mailing a check every month with *SignatureDIRECTPAY*⁷. Payments will be automatically made from your checking or savings account. Through our *SignatureGRADUATE*⁸ program, we also offer special leasing and financing options for recent graduates of colleges, universities, and nursing or graduate schools. You can begin to enjoy the benefits of Infiniti Financial Services today by getting pre-approved on a new or pre-owned Infiniti through *SignatureINTERACTIVE*,⁹ our online credit approval system. Simply visit infiniti.com to apply.⁴ And since you'll be part of the Infiniti family, you'll be treated as such. With courtesy and respect.

¹ Roadside Assistance/Trip Interruption available during the first four years after initial new vehicle delivery.
² Subject to availability. Available only during the 4-year/60,000-mile Basic coverage. The customer must be 21 years of age or older with a valid U.S. driver's license. The customer must provide proof of primary insurance. Other restrictions apply to loan car, including mileage and day use limitations. This program is subject to change without notice at any time.
³ For most leases IFS acts as servicer for Nissan-Infiniti LT.
⁴ See your Infiniti dealer for Signature Program details.
